Explanation

The Code of Federal Regulations is a codification of the general and permanent rules published in the Federal Register by the Executive departments and agencies of the Federal Government. The Code is divided into 50 titles which represent broad areas subject to Federal regulation. Each title is divided into chapters which usually bear the name of the issuing agency. Each chapter is further subdivided into parts covering specific regulatory areas.

ISSUE DATES

Each volume of the Code is revised at least once each calendar year and issued on a quarterly basis approximately as follows:

Title 1 through Title 16 ..... as of January 1
Title 17 through Title 27 ..... as of April 1
Title 28 through Title 41 ..... as of July 1
Title 42 through Title 50 ..... as of October 1

The appropriate revision date is printed on the cover of each volume.

LEGAL STATUS

The contents of the Federal Register are required to be judicially noticed (44 U.S.C. 1507). The Code of Federal Regulations is prima facie evidence of the text of the original documents (44 U.S.C. 1510).

HOW TO USE THE CODE OF FEDERAL REGULATIONS

The Code of Federal Regulations is kept up to date by the individual issues of the Federal Register. These two publications must be used together to determine the latest version of any given rule.

To determine whether a Code volume has been amended since its revision date (in this case, July 1, 1981), consult the "List of CFR Sections Affected (LSA)," which is issued monthly, and the "Cumulative List of Parts Affected," which appears in the Reader Aids section of the daily Federal Register. These two lists will identify the Federal Register page number of the latest amendment of any given rule.

EFFECTIVE DATES

Each volume of the Code contains amendments published in the Federal Register since the last revision of that volume of the Code. Source citations for the regulations are referred to by volume number and page number of the Federal Register and date of publication. Publication dates and effective dates are usually not the same and care must be exercised by the user in determining the actual effective date. In instances where the effective date is beyond the cut-off date for the Code a note has been inserted to reflect the future effective date.

OBSOLETE PROVISIONS

Provisions that become obsolete before the revision date stated on the cover of each volume are not carried. Code users may find the text of provisions in effect on a given date in the past by using the appropriate numerical list of sections affected. For the period before January 1, 1973, consult either the List of CFR Sections Affected, 1949–1963, or 1964–1972, published in three separate volumes. For the period beginning January 1, 1973, a "List of CFR Sections Affected" is published at the end of each CFR volume.

CFR INDEXES AND TABULAR GUIDES

A subject index to the Code of Federal Regulations is contained in a separate volume, revised semiannually as of January 1 and July 1, entitled CFR INDEX AND FINDING AIDS. This volume contains the Parallel Table of Statutory Authorities and Agency Rules (Table I), and Acts Requiring Publication in the Federal Register (Table III). A list of CFR Titles, Chapters, and Parts and an alphabetical list of agencies publishing in the CFR are also included in this volume.

An index to the text of Presidential documents appears at the end of each compilation of Title 3, The President.

The Federal Register Index is issued monthly in cumulative form. This index is based on a consolidation of the "Contents" entries in the daily Federal Register.

A List of CFR Sections Affected (LSA) is published monthly, keyed to the revision dates of the 50 CFR titles.

It is also the purpose of this part to authorize Federal grants to States to assist them—

(b) The purpose of these regulations is to assist the States, local educational agencies, postsecondary institutions, and other institutions capable of carrying out vocational education programs, to administer the federally assisted State programs of vocational education under the Act.

(3) That the State will comply with any requests of the Secretary for making such reports as the Secretary may reasonably require to carry out his functions under this Act;

(4) That funds will be distributed to eligible recipients on the basis of annual applications which——

(A) Have been developed in consultation (i) with representatives of the educational and training resources available in the area to be served by the applicant and (ii) with the local advisory council required to be established by this Act to assist such recipients,

(B) (i) Describe the vocational education needs of potential students in the area or community served by the applicant and indicate how, and to what extent, the program proposed in the application will meet such needs, and (ii) describe how the findings of any evaluations of programs operated by such applicant during previous years, including those required by this Act, have been used to develop the program proposed in the application,

(C) Describe how the activities proposed in the application relate to manpower programs conducted in the area by a prime sponsor established under the Comprehensive Employment and Training Act of 1973, if any, to assure a coordinated approach to meeting the vocational education and training needs of the area or community, and

(D) Describe the relationship between vocational education programs proposed to be conducted with funds under this Act and other programs in the area or community which are supported by State and local funds;

and that any eligible recipient dissatisfied with final action with respect to any application for funds under this Act shall be given reasonable notice and opportunity for a hearing;

(5) (A) That the State shall, in considering the approval of such applications, give priority to those applicants which—

(i) Are located in economically depressed areas and areas with high rates of unemployment, and are unable to provide the resources necessary to meet the vocational education needs of those areas without Federal assistance, and

(B) That the State shall, in determining the amount of funds available under this Act which shall be made available to those applicants approved for funding, base such distribution on economic, social and demographic factors relating to the needs for vocational education among the various populations and the various areas of the State, except that—

(i) The State will use as the two most important factors in determining this distribution (I) in the case of local educational agencies, the relative financial ability of such agencies to provide the resources necessary to meet the need for vocational education in the areas they service and the relative number or concentration of low-income families or individuals within such agencies, and (II) in the case of other eligible recipients, the relative financial ability of such recipients to provide the resources necessary to initiate or maintain vocational education programs to meet the needs of their students and the relative number or concentration of students whom they serve whose education imposes higher than average costs, such as handicapped students, students from low-income families, and students from families in which English is not the dominant language; and

(ii) The State will not allocate such funds among eligible recipients within the State on the basis of per capita enrollment or through matching of local expenditures on a uniform percentage basis, or deny funds to any recipient which is making a reasonable tax effort solely because such recipient is unable to pay the non-Federal share of the cost of new programs;

(6) That Federal funds made available under this Act will be so used as to supplement, and to the extent practicable, increase the amount of State and local funds that would in the absence of such Federal funds be made available for the uses specified in the Act, and in no case supplant such State or local funds;

(7) That the State will make provision for such fiscal control and fund accounting procedures as may be necessary to secure proper disbursement of, and accounting for, Federal funds paid to the State (including such funds paid by the State to eligible recipients under this Act);

(8) That funds received under this Act will not be used for any program of vocational education (except personnel training programs under section 135, renovation programs under subpart 4 of part B, and homemaking programs under subpart 5 of this part) which cannot be demonstrated to prepare students for employment, be necessary to prepare individuals for successful completion of such a program, or be of significant assistance to individuals enrolled in making an informed and meaningful occupational choice as an integral part of a program of orientation and preparation;

(9) That the State has instituted policies and procedures to insure that copies of the State plan and annual program plan and accountability report and all statements of general policies, rules, regulations, and procedures issued by the State board and by any State agencies to which any responsibility is delegated by the State board concerning the administration of such plan and report will be made reasonably available to the public; and

(10) That the funds used for purposes of section 110(a) are consistent with the State plan submitted pursuant to section 613(a) of the Education of the Handicapped Act.

(Sec. 106(a); 20 U.S.C. 2306)

(11) The State board shall also assure that it will cooperate with the Administrator of

the National Center for Education Statistics, ED, in supplying information and complying in its reports with the information elements and definition requirements, as specified in section 161(a) of the Act.

(Implements sec. 161(a); 20 U.S.C. 2391)

(a)-(b) [Reserved]

(c) State and local funds that are applied to the maintenance of effort requirements of the Act are subject to the conditions and requirements of the Act, regulations, five-year State plan, and annual program plan.

(d) The Secretary accepts only actual expenditures of State and local funds as part of the State's matching and maintenance of effort requirements. This means that the State may not use in-kind contributions as part of its matching and maintenance of effort requirements.

[42 FR 53828, Oct. 3, 1977, as amended at 45 FR 22530, Apr. 3, 1980. Redesignated at 45 FR 77368, Nov. 21, 1980]

§ 400.302 Federal share of expenditures—annual program plan.

(a) The Secretary will pay to each State from the funds available under Section 102(a) an amount not to exceed 50 percent of the cost of carrying out its annual program plan.

(b) The State's matching share of expenditures under the annual program plan may be on a state-wide basis.

(c) Except for the fiscal requirements for the national priority programs described in § 400.303, State administration described in § 400.306, and local administration described in § 400.307, it is not necessary that Federal funds be matched by non-Federal funds for each purpose and program under the Act.

(Interprets sec. 111(a); 20 U.S.C. 2311)

§ 400.303 Federal share of expenditures—national priority programs.

(a) The Secretary will pay to each State an amount not to exceed 50 percent of the excess cost (i.e., costs of special educational and related services above the costs for non-handicapped students) of programs, services, and activities under the basic grant in Subpart 2 and program improvement and supportive services in Subpart 3 for handicapped persons.

(b) The Secretary will pay to each State an amount not to exceed 50 percent of:

(1) The excess cost (i.e., costs of special educational and related services above the costs for non-disadvantaged persons) of programs, services, and activities under the basic grant in Subpart 2 and program improvement and supportive services in Subpart 3 for disadvantaged persons (other than handicapped persons);

(2) The excess cost (i.e., costs of special education and related services above the costs for persons who are not classified as persons of "limited English-speaking ability") of programs, services, and activities under the basic grant in Subpart 2 and program improvement and supportive services in Subpart 3 for persons who have limited English-speaking ability; and

(3) Stipends for students entering or already enrolled in vocational education programs who have acute economic needs which cannot be met under work-study programs.

(c) The Secretary will pay to each State an amount not to exceed 50 percent of the cost of programs, services, and activities under the basic grant in Subpart 2 and program improvement and supportive services in Subpart 3 for:

(1) Postsecondary programs for: (i) Persons who have completed or left high school; (ii) who are enrolled in organized programs of study for which credit is given toward an associate or other degree; and (iii) who are not enrolled in programs designed as baccalaureate or higher degree programs; and

(2) Adult programs for: (i) Persons who have already entered the labor market; (ii) persons who are unemployed; or (iii) persons who have completed or left high school and who are enrolled in organized programs of study for which credit is not given toward an associate or other degree.

(Sec. 110; 20 U.S.C. 2310)

§ 400.304 Allowable expenditures for vocational education for national priority programs.

A State shall use the funds allotted for national priority programs under section 110 of the Act only for expenditures which are attributable to vocational education programs, services, and activities described in § 400.303.

(Section 110; 20 U.S.C. 2310; 45 CFR 100, App. B, Part II)

§ 400.305 Federal share of expenditures—100 percent payments.

(a) The Secretary will pay to each State an amount up to 100 percent of the cost of:

(1) Cooperative vocational education programs which include students enrolled in nonprofit private schools pursuant to secton 122(f) of the Act;

(2) Exemplary and innovative programs which include students enrolled in nonprofit private schools pursuant to section 132(b) of the Act; and

(3) Special programs for disadvantaged persons in areas of the State

which have high concentrations of youth unemployment or school dropouts under section 140 of the Act.

(b) The Secretary will pay to the Trust Territory of the Pacific Islands, the Northern Mariana Islands, Guam, the Virgin Islands, and American Samoa up to 100 percent of the cost of carrying out all programs listed in §§ 400.302 and 400.303.

(Sec. 111(a)(1); 20 U.S.C. 2311)

§ 400.306 Federal share of expenditures—State administration.

(a) The Secretary will pay, from the funds allotted pursuant to section 102(a) of the Act, up to 50 percent of the cost of administration of the five-year State plan and annual program plan, except as indicated in paragraphs (b) and (c) of this section.

(Sec. 111(a)(2)(B); 20 U.S.C. 2311)

(b) The Federal share of the cost of administration of the five-year State plan and annual program plan in fiscal year 1978 is up to 80 percent and in fiscal year 1979 is up to 60 percent.

(Sec. 111(a)(2)(B); 20 U.S.C. 2311)

(c) The Federal share of the cost of administration of the five-year State plan and annual program plan in fiscal year 1978 may be in excess of 80 percent under the following conditions:

(1) State and local expenditures for vocational education in a State for the latest fiscal year for which reliable data are available preceding fiscal year 1978 exceed the Federal expenditures for vocational education in that State by ten times. For example, if the Federal allocation in fiscal year 1977 is $2 million, the aggregate of State and local expenditures must be greater than $20 million; and

(2) The Secretary determines that the costs of administration of the five-year State plan and annual program plan in fiscal year 1977 were necessary for the proper and efficient performance of the State's duties under the Act; and

(3) The Secretary determines that the 80 percent ceiling on the Federal share of the cost of administration is insufficient to meet the needs of the State.

(d) The State shall use the following computation in determining its expenditure of Federal funds under paragraph (a) of this section, for administration of the five-year plan and annual program plan:

(1) Not more than 80 percent of the total amount used for State administration shall be made from the basic grant in Subpart 2;

(2) Not more than 20 percent of the total amount used for State administration shall be made from program improvement and supportive services in Subpart 3.

(e) The computation in paragraph (d) of this section does not require the State to use administrative funds in an 80/20 ratio between Subpart 2 and Subpart 3 activities. The State may use its administrative funds in whatever distribution best meets its needs.

(Interprets sec. 111(a)(2)(B); 20 U.S.C. 2311)

§ 400.307 Federal share of expenditures—local administration.

(a) The Secretary will pay, from the funds allotted pursuant to section 102(a) of the Act, a part of the costs of supervision and administration of vocational education programs carried out by an eligible recipient.

(b) The eligible recipient shall use either the method set forth in paragraph (b)(1) or (2) of this section in determining the payment of local administrative costs.

(1) The percentage of Federal funds used by an eligible recipient for the costs of supervision and administration of vocational education programs may be no greater than the percentage of Federal funds used to support the total vocational education program carried out by the eligible recipient. For example, the total cost of the vocational education program of the eligible recipient is $100,000 and the Federal contribution to this eligible recipient is $25,000, or 25 percent of the total. If local administrative costs are $10,000, then up to 25 percent of this amount, or $2,500, may be charged against the Federal funds.

(2) Up to 50 percent of the cost of supervision and administration of the vocational education program of the eligible recipient may be charged to

the Federal funds: *Provided,* That State funds match the Federal funds dollar for dollar. State funds used to match Federal funds shall be specifically made available for the purpose of local administration. For example, if the total cost of local administration is $10,000, then up to $5,000 may be charged to the Federal funds as long as the State contributes the same amount from a specific State appropriation.

(c) The State shall use the following computation in determining the amount of Federal funds available for the costs of local supervision and administration:

(1) Not more than 80 percent of the total amount used for supervision and administration by eligible recipients shall be made from the basic grant in Subpart 2.

(2) Not more than 20 percent of the total amount used for supervision and administration by eligible recipients shall be made from program improvement and supportive services in Subpart 3.

(d) The computation in paragraph (c) of this section does not require the State to use administrative funds in an 80/20 ratio between Subpart 2 and Subpart 3 activities. The State may use its administrative funds in whatever proportion best meets its needs.

(Interprets sec. 111(a); 20 U.S.C. 2311)

MINIMUM PERCENTAGES

§ 400.311 Percentage requirements with respect to State distribution of Federal funds.

The minimum percentages set forth in §§ 400.312, 400.313, and 400.314 are applicable to each State's allotment under section 102(a) of the Act.

(Interprets sec. 110(a); 20 U.S.C. 2310)

§ 400.312 Minimum percentage for the handicapped.

The State shall expend at least 10 percent of the allotment under section 102(a) of the Act for vocational education for handicapped persons as described in § 400.303(a). The State shall use these funds to the maximum extent possible to assist handicapped persons to participate in regular vocational education programs.

(Sec. 110(a); 20 U.S.C. 2310)

§ 400.313 Minimum percentage for the disadvantaged.

(a) The State shall expend at least 20 percent of the section 102(a) allotment, subject to the conditions of paragraph (b) of this section, for the following purposes:

(1) Vocational education for disadvantaged persons (other than handicapped persons) as described in § 400.303(b)(1);

(2) Vocational education for persons who have limited English-speaking ability as described in § 400.303(b)(2); and

(3) Stipends for students entering or already enrolled in vocational education programs who have acute economic needs which cannot be met under work-study programs.

(Sec. 110(b); 20 U.S.C. 2310)

(b) The State shall use, to the maximum extent possible, the funds expended for disadvantaged persons and persons of limited English-speaking ability to enable these persons to participate in regular vocational education programs.

(Sec. 110(d); 20 U.S.C. 2310)

(c) The State shall use the following formula in determining its expenditures of funds under paragraph (a) of this section for vocational education for persons who have limited English-speaking ability:

(1) First determine the amount of Federal funds reserved for the purposes of paragraph (a) of this section;

(2) Determine the population having limited English-speaking ability who are between the ages of 15 and 24 inclusively;

(3) Determine the total population of the State aged 15 to 24 inclusively;

(4) Divide step two by step three;

(5) Multiply the quotient from step four by the total amount reserved for paragraph (a) of this section as indicated in step one;

(6) Expend at least this amount for vocational education for persons having limited English-speaking abili-

ty. The amount expended for this purpose shall not exceed the total amount reserved for paragraph (a) of this section.

For example, a State reserves $500,000 for the purposes fo paragraph (a) of this section. The State determines its limited English-speaking population between the ages of 15 and 24 is 10,000. The total population of the State aged 15 to 24 is 200,000. 10,000 is divided by 200,000 and the quotient is .05. $500,000 is multiplied by .05 and the product is $25,000. Accordingly, the State expends at least $25,000 for vocational education for persons who have limited-English speaking ability, but no more than $500,000.

(Implements sec. 110(b)(2); 20 U.S.C. 2310)

§ 400.314 Minimum percentage for postsecondary and adult.

The State shall expend at least 15 percent of the section 102(a) allotment for vocational education for:

(a) Postsecondary programs for: (1) Persons who have completed or left high school;

(2) Who are enrolled in organized programs of study for which credit is given toward an associate or other degree; and

(3) Who are not enrolled in programs designed as baccalaureate or higher degree programs; and

(b) Adult programs for: (1) Persons who have already entered the labor market;

(2) Persons who are unemployed; or

(3) Persons who have completed or left high school and who are enrolled in organized programs of study for which credit is not given toward an associate or other degree.

(Sec. 110(c); 20 U.S.C. 2310)

§ 400.315 Expenditures for programs in secondary schools.

(a) The State shall expend from its allotment for the basic grant (Subpart 2) approximately the same amount of Federal funds for programs in secondary schools during fiscal years 1978 and 1979 as it had expended during fiscal years 1975 and 1976.

(b) The State shall set forth in the five-year State plan its justification for the need to shift funds in the event the projected Federal expenditures for programs in secondary schools, in either fiscal year 1978 or 1979 are not within 95 percent of the amount of Federal funds expended for programs in secondary schools during fiscal years 1975 and 1976.

(Interprets sec. 107(b)(3)(A); 20 U.S.C. 2307)

MAINTENANCE OF EFFORT

§ 400.321 Maintenance of fiscal effort at the State level.

A State shall maintain its fiscal effort on either a per student basis or on an aggregate basis for vocational education compared to the amount expended in the previous year.

(Sec. 111(b)(1); 20 U.S.C. 2311)

§ 400.322 Withholding of payments.

The Secretary will not make any payments to a State in a fiscal year unless the Secretary finds that the fiscal effort of the State or vocational education on a per student basis or on an aggregate basis in the previous fiscal year was not less than the fiscal effort of the State on a per student basis or on an aggregate basis in the second preceding fiscal year.

(Sec. 111(b)(1); 20 U.S.C. 2311)

§ 400.323 Five percent rule.

Total State fiscal effort for vocational education in the preceding fiscal year shall not be considered reduced from the fiscal year effort of the second preceding fiscal year unless the per student expenditure or aggregate expenditure in the preceding year is less than that in the second preceding fiscal year by more than five percent. For example, a State which expends an aggregate of $10 million for vocational education in one fiscal year and an aggregate of $9,600,000 in the succeeding fiscal year will not be considered to have reduced fiscal effort for the purposes of the Vocational Education Act.

(Interprets sec. 111(b)(1); 20 U.S.C. 2311)

§ 400.324 Unusual circumstance rule.

Any reduction in fiscal effort for any fiscal year by more than five percent will disqualify the State from receiv-

ing Federal funds unless the State is able to demonstrate to the satisfaction of the Secretary the following:

(a) In the preceding fiscal year, the reduction was occasioned by unusual circumstances that could not have been fully anticipated or reasonably compensated for by the State. Unusual circumstances may include unforeseen decreases in revenues due to the decline of the tax base;

(b) In the second preceding fiscal year, contributions of large sums of monies from outside sources were made; or

(c) In the second preceding fiscal year, large amounts of funds were expended for long-term purposes such as construction and acquisition of school facilities or the acquisition of capital equipment.

(Interprets sec. 111(b)(1); 20 U.S.C. 2311)

§ 400.325 Maintenance of fiscal effort at the local level.

A local educational agency shall maintain its fiscal effort on either a per student basis or on an aggregate basis for vocational education compared with the amount expended in the previous fiscal year.

(Sec. 111(b)(1); 20 U.S.C. 2311)

§ 400.326 Withholding of payments.

A State shall not make payment under this Act to a local educational agency unless the State finds that the combined fiscal effort of the State and local educational agency on a per student basis or on an aggregate basis of the local educational agency and the State, was not less than the combined fiscal effort in the second preceding fiscal year.

(Sec. 111(b)(1); 20 U.S.C. 2311)

§ 400.327 Exceptions.

The 5 percent rule applicable to the State in § 400.323 and the unusual circumstances rule in § 400.324 are also applicable to local educational agencies.

(Interprets sec. 111(b)(1); 20 U.S.C. 2311)

§ 400.328 Maintenance of fiscal effort by postsecondary educational institutions.

A postsecondary educational institution shall maintain its fiscal effort on either a per student basis or on an aggregate basis for vocational education compared with the amount expended in the previous fiscal year.

(Sec. 111(b)(2); 20 U.S.C. 2311)

§ 400.329 Withholding of payments.

A State shall not make any payment under this Act to a postsecondary educational institution unless the State finds that the fiscal effort on a per student basis or on an aggregate basis of that institution, with respect to the provision of vocational education, was not less than the fiscal effort of that institution in the second preceding fiscal year.

(Sec. 111(b)(2); 20 U.S.C. 2311)

§ 400.330 Exceptions.

The 5 percent rule applicable to the State in § 400.323 and the unusual circumstances rule in § 400.324 are also applicable to postsecondary educational institutions.

(Interprets sec. 111(b)(2); 20 U.S.C. 2311)

STATE EVALUATION

§ 400.401 Purpose.

The State evaluations are to be used to assist local educational agencies and other recipients of funds in operating the best possible programs of vocational education and to improve the State's programs of vocational education.

(Sec. 112(b)(1); 20 U.S.C. 2312)

§ 400.402 Evaluation by State board.

The State board shall, during the five-year period of the State plan, evaluate in quantitative terms the effectiveness of each formally organized program or project supported by Federal, State, and local funds. These evaluations shall be in terms of: (a) Planning and operational processes, such as:

(1) Quality and availability of instructional offerings;

(2) Guidance, counseling, and placement and follow-up services;

(3) Capacity and condition of facilities and equipment;

(4) Employer participation in cooperative programs of vocational education;

(5) Teacher/pupil ratios; and

(6) Teacher qualifications.

(b) Results of student achievement as measured, for example, by:

(1) Standard occupational proficiency measures;

(2) Criterion referenced tests; and

(3) Other examinations of students' skills, knowledge, attitudes, and readiness for entering employment successfully.

(c) Results of student employment success as measured, for example, by:

(1) Rates of employment and unemployment;

(2) Wage rates;

(3) Duration of employment; and

(4) Employer satisfaction with performance of vocational education students as compared with performance of persons who have not had vocational education.

(d) The results of additional services, as measured by the suggested criteria under paragraphs (a), (b), and (c) of this section, that the State provides under the Act to these special populations:

APPENDIX B

QUESTIONS AND ANSWERS

Many specific questions were raised by interested persons with respect to the implementation of the Act. Some of these issues raise important policy considerations and have legal significance. Recognizing that the goal of a uniform position on these issues can best be achieved through publication in the FEDERAL REGISTER, the Secretary has decided to issue the following questions and answers as supplementary information to the regulation.

Question No. 1: To what part of the Act does the section 106(a)(5) funding formula apply?

Answer: The section 106(a)(5) funding formula must be applied to all Federal funds distributed under sections 120, 134, 140 and 150. In addition, certain parts of the Act impose other special funding criteria, priorities, and conditions which must be considered. For example, both the work study program (section 121) and cooperative vocational education program (section 122) require that priority in funding be given to areas of high youth dropouts or youth unemployment.

Question No. 2: Is it permissible for the State education agency (SEA) to contract with another agency to fulfill the requirement of full-time personnel being assigned to work to eliminate sex discrimination and sex stereotyping?

Answer: The DEA may contract for personnel to assist the State board in this capacity, but the contract must specify that the personnel will work full-time to eliminate sex discrimination and sex stereotyping from vocational education programs by performing the functions listed in § 400.75. If the personnel are hired under contract, the State agency is as responsible for the performance of the personnel as it would be if the personnel were employed directly by the State board.

Question No. 3: What should the qualifications be of the full-time personnel to eliminate sex bias, sex discrimination, and sex sterotyping?

Answer: Section 400.72(b) requires the State to match the qualifications of the applicants with the responsibilities of the job. The responsibilities are set forth in § 400.75. In addition, the person selected should have a demonstrated commitment to the elimination of sex bias, sex discrimination, and sex stereotyping.

Question No. 4: How can a State department of education legally monitor the personnel practices of local educational agencies who are, for all practical purposes, autonomous?

Answer: Section 400(b)(1) of the Act requires that the full-time personnel to eliminate sex bias monitor the implementation of laws prohibiting sex discrimination. In a State were the local educational agencies have a great deal of autonomy and the State personnel have no authority to enforce changes, the LEA should have no objection to the full-time personnel visiting to observe their personnel practices, make suggestions, and report violations of Titles VI and IX.

Question No. 5: Does the certification contained in § 400.171(g) detract from the requirements in § 400.75(j) which require the full-time personnel to review and submit recommendations on the State plan?

Answer: No. The certification in § 400.171 (g) does not preclude inclusion of any comments the full-time personnel wish to make. Under § 400.75 (h) and (j), the full-time personnel must make information readily available to the State board and the Secretary and must review the State plan and submit recommendations on it. Comments on the State plan may be submited with the certification or at any other convenient time.

Question No. 6: May a vocational education student be appointed to the State advisory council pursuant to section 408(a)(20) of the Act even though the individual will no longer be a student after two years?

Answer: Yes. Since members of the advisory council must be appointed for terms of three years, an appointment held by a student who is involved in vocational education for a maximum of two years would become vacant after the individual's status as a student expired. The appointing body, therefore, would be required to fill the vacancy for the unexpired term (§ 400.92(c)(2)).

Question No. 7: Must the annual program plan provide information on the allocation of Federal funds to each eligible recipient?

Answer: Yes. Section 108(b)(1)(B)(ii) of the Act provides that the annual program plan must "set out explicitly the proposed distribution of such funds among eligible recipients."

Question No. 8: Are there any complaint procedures available to parents, students, and other individuals to the State education agency?

Answer: Although the Act does not require the State to adopt a formal grievance procedure for parents, students, and other individuals, the State may wish to develop procedures for resolving these complaints. These procedures might include specific time limits for investigation and resolution of complaints, an opportunity for the complainant to present evidence to the State educational agency, and the dissemination of information concerning these procedures. In addition, the complaint procedure for violations of Title IX are contained in 34 CFR 106.8(b).

Question No. 9: How must the State make the five-year plan and annual program plan reasonably available to the public in accordance with section 106(a)(9)?

Answer: The State should make the plans readily available in places such as libraries, community colleges, and local school districts. With regard to members of the general public requesting copies of the plans, the State may wish to follow the standards and fee schedule of the Department's regulations under the Federal Freedom of Information Act (Pub. L. 90-23, 34 CFR Part 5).

Question No. 10: At what stage must the State make the plans available to the public?

Answer: Since the public must have some familiarity with the content of the planning documents prior to the public hearing the State should make drafts of the plans available prior to the public hearings.

Question No. 11: When will the Secretary make the State plans available to the public?

Answer: Under the Department's Freedom of Information Regulations (34 CFR Part 5), "State plan material" is specifically listed in the Appendix as "Generally Available." This means that State plans sent or delivered to the Department, or letters relating thereto, will be available. Therefore, both the five-year State plan and annual program plan will be available to members of the public, on request for the document, as soon as the document is received by the Department in a regional office or the central office. The document will be available on receipt, before the Secretary's review or approval.

Question No. 12: If the State legislature supports the entire cost (other than tuition payments) of operation of postsecondary area vocational schools, how would the relative financial ability of the institution be established pursuant to section 106(a)(5)(B)(1) of the Act?

Answer: An institution with no local tax base for support would have to calculate its relative financial ability on the amount of funds the State legislature makes available to it.

80-113 O—82——6

Question No. 13: Two commenters questioned the appropriateness of participants (other than those representatives specified in section 107(a)(1)) being involved in the development of the peon.

Answer: While a State may involve other participants, only one member of each of the designated agencies, councils, and individuals specified in section 107(a)(1) of the Act may be involved in the development of the peon.

Question No. 14: May the State board design the membership of the section 107 planning group in such a way that the State educational agency's personnel constitute a a majority of the voting membership?

Answer: Membership on the planning group is limited to one official representative for each of the agencies, councils, and individual categories specified in section 107(a)(1) of the Act. One person may be the State agency's representative for more than one of the ten categories if that State agency has multi-responsibility. There is, however, no requirement for a vote by each representative.

Question No. 15: Should CETA be included "among the various institutions of the State" under section 107(b)(2)(a)?

Answer: No. CETA is not an institution for purposes of § 107(b)(2)(A). Through the coordination efforts in § 400.188 the State board will have data on programs conducted under CETA and will consider these data in its planning.

Question No. 16: What basis should the State use to determine if a shift in funding for programs in secondary schools has occurred in accordance with § 400.315?

Answer: The State should rely on the 601T forms submitted to the Department for fiscal years 1975 and 1976. These reports should specify the amounts spent at the secondary level. If projected Federal expenditures for programs in secondary schools in either fiscal year 1978 or 1979 are not within 95 percent of the figures reported for fiscal years 1975 or 1976, then a justification must be set forth in the five-year State plan.

Question No. 17: How may a State comply with the section 107(a)(2) and section 108(a)(2) requirement to provide sufficient public notice for public hearings on the five-year plan and annual program plans?

Answer: The State should mail invitations to organizations and individuals in the State having an interest in vocational education and civil rights, publish notices of the hearings in major newspapers, and place announcements on television and radio as appropriate throughout the State, beginning 30 days prior to the hearings.

Question No. 18: Must the section 110 minimum percentages for the national priority programs (handicapped, disadvantaged, postsecondary) be computed against the allotment under section 102(a) prior to the 80/20 split for subparts 2 and 3?

Answer: No. Regardless of whether the computation is made prior to or after the 80/20 division, the minimum percentages must be based on the total allocation, not just the 80 percent for subpart 2 or the 20 percent for subpart 3.

Question No. 19: Must the State pay exactly 50 percent, at least 50 percent, or up to 50 percent for the three national priority programs in section 110 of the Act?

Answer: The State must pay at least 50 percent of the cost of vocational education programs for the national priority programs in section 110 of the Act (§ 400.303).

Question No. 20: May a State use local funds earmarked for local administration as part of the State's matching share for State administration under section 111(a)(2)?

Answer: No. The State matching share must be earmarked for State administration, not local administration. The non-Federal source of funding for State administration, however, may be generated at either the State or local level.

Question No. 21: May a State use tuition fees to meet the statutory matching requirements?

Answer: No. In accordance with § 100b.58 of the General Education Provisions Regulations, tuition and fees collected may not be included as part of the Federal or non-Federal share of expenditures under any Federal program.

Question No. 22: Does the § 400.321 provision of maintenance of fiscal effort allow the State to use a per student basis one year and then change and use aggregated cost the next year?

Answer: Yes. The State may annually select either of the two bases. Local educational agencies and postsecondary institutions may also select either of the two bases.

Question No. 23: To determine maintenance of fiscal effort, will the Secretary compare the amount between the present and previous year or between the preceding and second preceding year?

Answer: In accordance with § 400.322, the Secretary will determine maintenance of effort by comparing the preceding year to the second preceding year.

Question No. 24: Are the evaluations of programs conducted by the State board available to the general public?

Answer: Yes. The annual accountability report, which is available to the public, must contain a summary of the evaluations of programs conducted by the State.

Question No. 25: What does the requirement in section 120(b)(2) of the Act that the State board make a specific finding in each instance of funding for stipends in section 120(b)(1)(G) of the Act pertain to?

Answer: Each eligible recipient in the State desiring to provide stipends to students shall include an assurance in its local application to the State board that students to receive stipends have acute economic needs which cannot be met due to inadequate funding in other programs (§ 400.573).

Question No. 26: Section 400.402 of the regulation gives the State board wide latitude and discretion in regard to the collection and reporting of data to evaluate the effectiveness of its programs. Will it be possible to aggregate across all States the data thus collected and meet the reporting requirements of section 112(b) of the Act?

Answer: Aggregation of the data on program completers and leavers required by section 112(b)(1)(B) of the Act will be assured by use of the uniform definitions and information elements and the instructions and standards required by §§ 400.404(d) and 400.405 of the regulation. As for the evaluation required by section 112(b)(1)(A) of the Act, it is the Secretary's preference that, in view of the increased burden of evaluation under the new Act and the as yet undetermined nature of the new national reporting and accounting system mandated by section 161 of the Act, the State board should be given considerable latitude. After a year of experience with the new Act, it may be found desirable to reconsider the reporting requirements.

Question No. 27: What programs are eligible for funding under the assurance which specifies "of significant assistance to individuals enrolled in making an informed and meaningful occupational choice as an integral part of a program of orientation and preparation"? At what grade level may these programs be offered?

Answer: Prevocational or exploratory programs which are designed to be of significant assistance to individuals enrolled in making an informed and meaningful occupational choice may be funded under the Act. Specifically, programs in industrial arts may be supported with funds under section 120 of the Act beginning at the secondary level (as defined by the State). Exemplary and innovative programs under section 132, consumer and homemaking programs under section 150, and vocational guidance under section 134 may be provided at all levels.

Question No. 28: May subpart 3 funds for program improvement and support services be used for the programs for the special populations described in section 120(b)(1)(L)?

Answer: No. The program outlined in section 120(b)(1)(L) is included among the purposes of the subpart 2 basic grant and, therefore, must be funded under subpart 2.

Question No. 29: May a State satisfy the requirement in § 400.502(b) by providing regular vocational education programs without special courses or instruction in how to seek employment for the special populations listed in § 400.621?

Answer: No. The State must provide these special populations with vocational education programs which offer special instruction in how to seek employment and placement services for graduates.

Question No. 30: Is a correctional institution of the State eligible to receive funds?

Answer: Yes. Under section 195(13) only LEA's or post-secondary institutions are "eligible recipients." The State or eligible recipient may, however, enter into an arrangement with the agency administering correctional institutions for the provision of vocational training.

Question No. 31: May funds available for establishing day care centers be used for the establishment of centers in schools? May these centers also be used as a laboratory for training students for employment in child care occupations?

Answer: Yes. The day care centers may be established in the schools and may serve as a learning laboratory for training students for employment in child care occupations.

Question No. 32: May a State use section 130 funds to support research activities in LEA's?

Answer: Yes. Section 130 authorizes the Secretary to allocate funds to the States for, among others, the purposes of section 131. Section 131(a) authorizes the State to support a research coordinating unit (RCU) for research by the RCU itself or for *contracts* by the RCU for research. Thus, the RCU may enter into a contract with the LEA for research.

Question No. 33: Does the Act require the State to match funds for research, or for exemplary projects, or curriculum development projects, on a program-by-program basis?

Answer: No. Section 111 of the Act does not require a program-by-program matching by the State in programs under sections 130, 131, 132, or 133. See § 400.302 of the regulation as to matching on a State-wide basis and the exceptions.

Question No. 34: May States use funds under § 400.772 to train and upgrade high school counselors to enable them to serve vocational education students better?

Answer: Yes. If the State chooses to use its funds for this purpose, it must incorporate this type of training in its approved five-year State plan and annual program plan for vocational education. Sections 400.772 and 400.773 of the regulations address this point.

Question No. 35: May a State use its vocational education personnel training funds to train interpreter-tutors to work with deaf students of vocational education?

Answer: This use of the funds would be allowable if it is set forth in the approved five-year State plan and annual program plan for vocational education.

Question No. 36: May an LEA use funds under subpart 4, Part B of the Act, "Emergency Assistance for Remodeling and Renovation of Vocational Education Facilities" for new construction?

Answer: No. Section 191 of the Act is clear that this new program is for "modernization of facilities and equipment and the conversion of academic facilities necessary to assure that such facilities will be able to offer vocational education programs which give reasonable promise of employment." The same section refers to "remodeling and renovation" of facilities. There is no authorization in subpart 4 for construction of new facilities. Use of funds for "construction of area vocational education facilities" is authorized in section 120(b)(1)(E).

Question No. 37: Are private, non-profit rehabilitation centers and workshops eligible for emergency remodeling funds under subpart 4?

Answer: No. Section 191 of the Act states, as eligible, only "local educational agencies in urban and rural areas."

Question No. 38: Are leased premises eligible for emergency assistance for remodeling under subpart 4?

Answer: Yes. The Act does not state whether leased premises are eligible for emergency remodeling assistance. Determinations will have to be made on a case-by-case basis. Facilities leased by an LEA under a 99-year lease should be treated as facilities owned by an LEA. Where facilities are leased on a short-term lease, the LEA might not score points under criterion 9 (§ 408.504(b)(9)), as use of funds to renovate premises on a short-term lease might not be economical.

(c) (1) The non-Federal share of expenditures under the State plan shall be the difference between the Federal

share and the total expenditures for the purposes for which the Federal share is paid.

(2) The non-Federal share of expenditures under the State plan may be computed on a statewide basis and may come from any source other than Federal assistance so long as these expenditures are made to further the purposes of the State plan approved under this part.

(Sec. 307; 20 U.S.C. 1206)

§ 426.62 What are the maintenance of effort requirements of the program?

(a) (1) To be eligible for Federal funds a State shall maintain its fiscal effort.

(2) A State shall expend for adult education from non-Federal sources an amount equal to the fiscal effort of the State in the preceding fiscal year.

(3) A State may determine its fiscal effort on a per student basis or on a total expenditure basis.

(b) The Secretary does not make any payment to a State in any fiscal year unless the Secretary finds that the fiscal effort of a State for adult education for the preceding fiscal year was not less than the fiscal effort expended for adult education purposes during the second preceding fiscal year.

(Sec. 307; 20 U.S.C. 1206)

§ 426.63 How is a maintenance of effort waiver granted?

(a) During the life of the Act, the Secretary may waive for *one* fiscal year only the maintenance of effort requirement in section 307(b) of the Act if the Secretary determines it would be equitable to do so in view of exceptional and unforeseen circumstances affecting the State.

(b) (1) If a State educational agency wishes to receive a waiver from the maintenance of effort requirement under § 426.62(a) of these regulations, the State educational agency shall submit a request for a waiver with its three-year State plan or as an amendment to the plan.

(2) A State educational agency shall include in the request for a waiver the reason for the request and any additional information the Secretary may require.

(Sec. 431A (GEPA); 20 U.S.C. 1232-1)

§ 426.64 What are exceptional and unforeseen circumstances?

(a) The Secretary considers exceptional and unforeseen circumstances to include situations in which the local educational agency or the State had no control of the events resulting in decreased expenditures but made a reasonable effort in a timely fashion to comply with the maintenance of effort requirement of the Act.

(b) Exceptional and unforeseen circumstances include, but are not limited to, the following situations:

(1) A sudden, substantial reduction in available revenue due to—

(i) A natural or man-made disaster;

(Sec. 431A (GEPA); 20 U.S.C. 1232-1)

§ 426.65 How is maintenance of effort computed in the event of a waiver?

(a) In any case in which the Secretary grants a waiver to a State under these regulations, the Secretary reduces the amount of the Federal payment to that State for the current fiscal year in the exact proportion to which the fiscal effort of the State was less than 100 percent of its fiscal effort for the second preceding fiscal year. For example, if a State, having received a waiver under this section, reduced its expenditures in the preceding fiscal year 20 percent below the second preceding fiscal year, the Secretary reduces the amount of the Fed-

80-113 O—82——7

eral payment for the current fiscal year by 20 percent.

(b) Fiscal effort for the year following the year for which a waiver is granted shall be based on the level of effort that existed prior to the waiver. For example, if in FY 1981 a State receives a waiver for its failure in FY 1980 to maintain fiscal effort at the level established in FY 1979, the State shall compute its fiscal effort for FY 1981 on the basis of the fiscal effort for FY 1979.

(Sec. 431A (GEPA); 20 U.S.C. 1232-1)

§ 426.66 What are the percentage requirements with respect to State distribution of Federal funds?

(a) The percentage requirements in this section are applicable to a State's grant under section 305 of the Act.

(b) A State educational agency may expend an amount not to exceed 20 percent of its grant for programs of equivalency for a certificate of graduation from a secondary school.

(c) A State educational agency shall expend an amount not less than 10 percent of its grant for special experimental demonstration projects and teacher training projects described in §§ 426.71 through 426.74.

(d) A State educational agency may expend an amount not more than 20 percent of its grant for the education of institutionalized adults.

(Sec. 310; 20 U.S.C. 1208)

(1) An LEA shall be involved directly and substantially in administering and operating the program.

(2) However, an LEA is not required to be solely responsible for administering and operating the program.

(2) *Scope of services and their relationship to regular instructional program.* To be a community center, the public facility shall offer educational, recreational, health care, cultural, and other related community and human services that—

(i) To the extent possible, are broad in their scope and nature. Program services may not be restricted to one or a limited number of program areas such as recreation or adult education, or to one or a limited number of groups of persons in the community;

(ii) To the extent possible, reinforce the regular instructional program of the elementary or secondary school(s) of the LEA involved in administering and operating the program; and

(iii) Extend the services offered by the public facility and the uses made of it by serving more groups or persons, lengthening the hours of service, and broadening the scope and nature of services.

(d) *Community needs.* The program shall include systematic and effective procedures—

(1) For identifying and documenting on a continuing basis the needs, interests, and concerns of the community served with respect to community education activities; and

(2) For responding to those needs, interests, and concerns.

(2) The program shall be designed to encourage cooperation among public and private agencies to—

(i) Make maximum use of existing talents and resources; and

(ii) Avoid, to the extent feasible, duplication of services.

(3) An LEA that plans, directs, or operates a program under this part shall show evidence of cooperation between

the LEA and any other public agency conducting a similar program or activity.

(f) *Program clients.* The program shall be designed to serve—

(1) All age groups in the community, including preschool children, children and youth, adults, and senior citizens; and

(1) Already meet all of the minimum elements specified in § 440.4; or

(2) Be able to meet all of these minimum elements with the assistance provided under the project.

(b) The minimum elements apply to each community education program assisted under the project rather than to the project as a whole. However, the overall local project designed to plan, establish, expand, or operate these programs may be administered in a central office of the LEA.

(Secs. 802, 803; 20 U.S.C. 3282, 3283)

(5) Sampling procedures have been identified, if applicable, and steps have been taken to ensure that sample results will be representative of the entire project population;

(6) Data collection and analysis procedures have been identified which will address evaluation questions and which are appropriate for use with the project data; and

(f) *Quality of personnel. (20 points)*

The Secretary considers—

(1) The quality of key personnel as evidenced by—

(c) Each LEA application must contain assurances that it will comply with the applicable provisions of GEPA.

(Section 205(a)(4) of the Act; 20 U.S.C. 1231d, 1232e)

Subpart E—How is a Subgrant Made to an LEA?

§ 537.16 Amount of a subgrant.

(a) *General.*

(1) The SEA shall allocate funds among LEAs in accordance with the provisions of paragraphs (b) and (c) of this section, which requires payments to be distributed in proportion to the costs of providing additional services for eligible children.

(2) In no event shall payments to LEAs exceed the actual expenditures described in § 537.18.

(b) *Formula Subgrants.* The SEA shall allocate at least 80 percent of its funds remaining after administration costs to LEAs according to the procedure in paragraphs (d) and (e) of this section. The procedure involves two categories of eligible children described in § 537.6(b)—

(1) *Category I.* Those who have enrolled in a school in this country prior to the 1979-1980 school year; or

(2) *Category II.* Those who have enrolled in a school in this country for the first time during the 1979-1980 school year.

(20 U.S.C. 1221e-3(a)(1))

(c) The SEA may reserve up to 20 percent of its funds remaining after administration costs for subgrants to

LEAs to meet unforeseen or unusual costs such as these occasioned by new concentrations of eligible children who enroll in an LEA after the formula subgrants in paragraph (b) of this section are distributed.

(d) *Procedure.* (1) The SEA determines the number of children in the State in each category ((c) (1) and (2)).

(2) The SEA—

(i) Multiplies the number of children in Category I by one (1); and

(ii) Multiplies the number of children in Category II by two (2).

(3) The SEA adds the products of paragraphs (d)(2) (i) and (ii) of this section to obtain the total weighted count.

(4) The SEA divides the total funds available for LEA formula subgrants (at least 80 percent of the total funds less administrative costs) by the weighted child count in paragraph (d)(3) of this section to determine the weighted child allocation.

(e) *Example.* (1) An LEA reports 10 Category I children and 10 Category II children. By applying the procedure in paragraph (d) of this section the total weighted child count equals 30:

(i) Ten multiplied by 1 in Category I equals 10; and

(ii) Ten multiplied by 2 in Category II equals 20.

(2) The LEA payment equals the product of the weighted total in paragraph (e)(1) of this section (which is 30) multiplied by the average weighted child allocation in paragraph (d)(4). If weighted child allocation equals $200 and the weighted child count total in paragraph (e)(1) of this section, is 30, the total LEA payment in this example would be $6,000.

(20 U.S.C. 1221e-3(a)(1))

(f) A State making a subgrant to an LEA in accordance with the provisions of paragraphs (b) and (c) of this section must adjust the amount of the subgrant if, upon the receipt of subsequent information, it is determined that the amount of the original subgrant does not conform to the limitations imposed by this section.

(1) Less than one year;

(2) One to two years;

(3) Two to three years; or

(4) Three to four years.

(b)(1) For each category in paragraph (a) of this section, the SEA shall count the number of children enrolled at the elementary school level and the number enrolled at the secondary school level.

(2) For the purpose of this count—

(i) Children who are "enrolled at the elementary school level" means children in grades K-6; and

(ii) Children who are "enrolled at the secondary school level" means children in grades 7-12.

(c) The SEA identifies for each category in paragraphs (a) and (b) of this section the number of Indochinese children and eligible children with another national origin.

(Sec. 412(d)(1) of the Immigration and Nationality Act, as amended, and 20 U.S.C. 3474(a))

(a)(1) The SEA shall provide opportunities for eligible children enrolled in nonprofit private schools to receive educational services under this program.

(2) The requirements which must be met by an SEA with respect to eligible children enrolled in nonprofit private schools are contained in EDGAR (34 CFR 76.651-76.662).

(1) Arranges through a subgrant, contract, or cooperative agreement with a public or nonprofit private agency, organization, or institution for the provision of services to those children; or

(2) Provides services directly to those children.

(c) If a State is prohibited by law from providing educational services to children enrolled in nonporofit private elementary and secondary schools, or if the Secretary determines that an SEA is unwilling or has substantially failed to provide educational services on an equitable basis to eligible children enrolled in nonprofit private schools, the Secretary may—

(1) Proportionally reduce the funds granted to the State; and

(2) Arrange for other means of providing services to those children.

(20 U.S.C. 3474(a))

§ 538.24 What documents must an applicant submit to an SEA to receive a subgrant?

To receive a subgrant, an applicant shall submit to the SEA an application containing the following information:

(a) A count of the number of eligible children in its jurisdiction, as required in § 538.21.

(b) A brief description of the educational services to be provided for the eligible children.

(c) The assurances required in EDGAR (34 CFR 76.301(c)).

(Sec. 412(a)(4) of the Immigration and Nationality Act, as amended and 20 U.S.C. 3474(a))

§ 538.25 When does an applicant submit its application?

An SEA establishes a deadline for receipt of applications for subgrants under this program.

Subpart D—How Are Grants and Subgrants Made to Applicants Under the State-Administered Program?

§ 538.30 How does the Secretary review an application submitted by an SEA?

The Secretary reviews and approves an application submitted by an SEA if the application complies with the requirements in this part.

(20 U.S.C. 3474(a))

§ 538.31 What formula will be used to distribute funds to SEAs with approved applications?

(a)(1) The most weight will be given to eligible children who have been admitted into the United States for less than one year on the date the child count was made.

(2) Eligible children in paragraph (a)(1) of this section enrolled in elementary and secondary grades will be weighted equally.

(b)(1) Less weight will be given for eligible children who have been admitted into the United States for more than one year on the date the child count was made.

(2) Eligible children in paragraph (b)(1) of this section enrolled in secondary schools will be given more weight than eligible children enrolled in elementary schools.

(c)(1) The Secretary uses the weighting factors in paragraph (d) of this section.

(2) The Secretary may increase or decrease any weighting factor by one or two points on an annual basis to respond to changing needs of eligible children.

(3) The Secretary announces the weighting factors each year through publication of a notice in the FEDERAL REGISTER.

(d) Weighting factors for the fund distribution formula are presented in the following table:

Recency of arrival in the United States (in years)	Weighting factors by school level	
	Elementary	Secondary
Less than 1	10	10
1 to 2	7	9
2 to 3	4	7
3 to 4	1	3
More than 4	0	0

(e) To determine the amount of a grant—

(1) The applicant's child count for each recency of arrival category is multiplied by the weighting factor for the category;

(2) The products for each category are added; and

(3) The sum of the products are multipiled by the weighted per pupil allocation.

EXAMPLE: The following table presents a computation for a hypothetical LEA based on the weighting factors in paragraph (d) of this section:

Recency of arrival in the United States (in years)	a	b	Weighted count (product of col. a times b)
	Number of eligible children	Sample weighting factor	
Enrolled in Elementary Grades			
0 to 1	10	10	100
1 to 2	10	7	70
2 to 3	5	4	20
3 to 4	0	1	0
More than 4	0	0	0

Recency of arrival in the United States (in years)	a Number of eligible children	b Sample weighting factor	Weighted count (product of col. a times b)
Enrolled in Secondary Grades			
0 to 1	10	10	100
1 to 2	10	9	90
2 to 3	5	7	35
3 to 4	0	3	0
More than 4	0	0	0
Total	50		415

(4) In the example above, if the weighted per pupil allocation is $50, the grant award would be $20,750. As an example of how much would be paid on behalf of an individual student, if the weighted per pupil allocation is $50, the payment for a student who has been in this country less than a year would be $500; for a secondary grade student who has been in this country between 3 and 4 years, the payment would be $150.

(Sec. 412(d) of the Immigration and Nationality Act, as amended, and 20 U.S.C. 347(a))

§ 538.32 How does the Secretary provide for a substantial and disproportionate increase in the enrollment of eligible children that many occur after a grant has been made?

(a)(1) If the Secretary determines that there has been a substantial and disproportionate increase in the enrollment of eligible children, the Secretary may provide SEAs an opportunity to submit evidence of the increase of the number of eligible children enrolled in schools in the State.

(2) Through a notice published in the FEDERAL REGISTER, the Secretary invites SEAs with increased enrollments of eligible children to submit a recount of the number of eligible children enrolled in schools in the State, according to the provisions in § 538.21.

(b) Where funds are available, the Secretary may provide additional assistance to SEA based on the increase in the number of eligible children in the State, provided that the SEA submits a plan outlining how the additional funds would be spent to provide services for those children.

(c) In distributing funds under paragraph (b) of this section, the Secretary uses the weighting factors in § 538.31.

(d) The Secretary does not decrease the amount of an award to SEA where there is a decrease in the enrollment of eligible children.

(Secs. 412(a)(1)(B); 412(a)(6)(B); 412(d)(1) of the Immigration and Nationality Act, as amended, and 20 U.S.C. 3474(a))

§ 538.33 How are the amounts available for eligible children in each LEA determined?

In determining the amounts available for eligible children in each LEA, the SEA—

(a) Subtracts from the SEA's award the costs budgeted for the administration of the SEA grant award and for technical assistance (These costs may not exceed one percent of the SEA award); and

(1) Applies the formula in § 538.31 to determine the amounts of funds available for eligible children in each LEA.

(Sec. 412(d)(1) of the Immigration and Nationality Act, as amended, and 20 U.S.C. 3474(a))

§ 538.34 [Reserved]

(a)(1) The most weight will be given to eligible children who have been admitted into the United States for less than one year on the date the child count was made.

(2) Eligible children in paragraph (a)(1) of this section enrolled in elementary and secondary grades will be weighted equally.

(b)(1) Less weight will be given for eligible children who have been admitted into the United States for more than one year on the date the child count was made.

(2) Eligible children in paragraph (b)(1) of this section enrolled in secondary schools will be given more weight than eligible children enrolled in elementary schools.

(c)(1) The Secretary uses the weighting factors in paragraph (d) of this section.

(2) The Secretary may increase or decrease any weighting factor by one or two points to respond to changing needs of eligible children.

(3) The Secretary announces the weighting factors through publication of a notice in the FEDERAL REGISTER.

	Elementary	Secondary
Less than 1	10	10
1 to 2	7	9
2 to 3	4	7
3 to 4	1	3
More than 4	0	0

(e) To determine the amount of a grant—

(1) The applicant's child count for each recency of arrival category is multiplied by the weighting factor for the category;

(2) The products for each category are added; and

(3) The sum of the products are multiplied by the weighted per pupil allocation.

Example: The following table presents a computation for a hypothetical LEA based on the weighting factors in paragraph (d) of this section:

Recency of arrival in the United States (in years)	(a) Number of eligible children	(b) Sample weighting factor	Weighted count (project of col. a times b)
Enrolled in Elementary Grades			
0 to 1	10	10	100
1 to 2	10	7	70
2 to 3	5	4	20
3 to 4	0	1	0
More than 4	0	0	0
Enrolled in Secondary Grades			
0 to 1	10	10	100
1 to 2	10	9	90
2 to 3	5	7	35
3 to 4	0	3	0
More than 4	0	0	0
Total	50		415

(4) In the example above, if the weighted per pupil allocation is $50, the grant award would be $20,750. As an example of how much would be paid on behalf of an individual student, if the weighted per pupil alloca-

tion is $50, the payment for a student who has been in this country less than a year would be $500; for a secondary grade student who has been in this country between 3 and 4 years, the payment would be $150.

(20 U.S.C. 2943 and 20 U.S.C. 3474(a))

§ 539.32 How does the Secretary provide for a substantial and disproportionate increase in the enrollment of eligible children that may occur after a grant has been made?

(a)(1) If the Secretary determines that there has been a substantial and disproportionate increase in the enrollment of eligible children, the Secretary may provide SEAs an opportunity to submit evidence of the increase of the number of eligible children enrolled in schools in the State.

(2) Through a notice published in the FEDERAL REGISTER, the Secretary invites SEAs with increased enrollments of eligible children to submit a recount of the number of eligible children enrolled in schools in the State, according to the provisions in § 539.21.

(b) Where funds are available, the Secretary may provide additional assistance to an SEA based on the increase in the number of eligible children in the State, provided that the SEA submits a plan outlining how the additional funds would be spent to provide services for those children.

(c) In distributing funds under paragraph (b) of this section, the Secretary uses the weighting factors in § 539.31.

(20 U.S.C. 2943 and 20 U.S.C. 3474(a))

§ 539.33 How are the amounts available for eligible children in each LEA determined?

SOURCE: 39 FR 30042, Aug. 20, 1974, unless otherwise noted. Redesignated at 45 FR 77369, Nov. 21, 1980.

§ 603.1 Scope.

Accreditation of institutions or programs of institutions by agencies or associations nationally recognized by the Secretary is a prerequisite to the eligibility for Federal financial assistance of institutions and of the students attending such institutions under a wide variety of federally supported programs. The recognition of such agencies is reflected in lists published by the Secretary in the FEDERAL REGISTER. Inclusion on such list is dependent upon the Secretary's finding that any such recognized agency or association is reliable authority as to the quality of training offered. The Secretary's recognition is granted and the agency or association is included on the list only when it meets the criteria established by the Secretary and set forth in § 603.6 of this part.

(20 U.S.C. 1141(a))

§ 603.2 Definitions.

"Accrediting" means the process whereby an agency or association grants public recognition to a school, institute, college, university, or specialized program of study which meets certain established qualifications and educational standards, as determined through initial and periodic evaluations. The essential purpose of the accreditation process is to provide a professional judgment as to the quality of the educational institution or program(s) offered, and to encourage continual improvement thereof;

"Adverse accrediting action" means denial of accreditation or preaccreditation status or the withdrawal of accreditation or preaccreditation status;

"Agency or association" means a corporation, association, or other legal entity or unit thereof which has the principal responsibility for carrying out the accrediting function;

"Institutional accreditation" applies to the total institution and signifies that the institution as a whole is achieving its educational objectives satisfactorily;

"Regional" means the conduct of institutional accreditation in three or more States;

"Representatives of the public" means representatives who are laymen in the sense that they are not educators in, or members of, the profession for which the students are being prepared, nor in any way are directly related to the institutions or programs being evaluated;

(20 U.S.C. 1141(a))

[39 FR 30042, Aug. 20, 1974, as amended at 45 FR 22536, Apr. 3, 1980. Redesignated at 45 FR 77369, Nov. 21, 1980]

§ 603.3 Publication of list.

Periodically the Secretary will publish a list in the FEDERAL REGISTER of the accrediting agencies and associations which he determines to be reliable authorities as to the quality of training offered by educational institutions or programs, either in a geographical area or in a specialized field. The general scope of the recognition

80-113 O—82——13

granted to each of the listed accrediting bodies will also be listed.

(20 U.S.C. 1141(a))

§ 603.4 Inclusion on list.

Any accrediting agency or association which desires to be listed by the Secretary as meeting the criteria set forth in § 603.6 should apply in writing to the Director, Division of Eligibility and Agency Evaluation, Office of Postsecondary Education, Department of Education, Washington, D.C. 20202.

(20 U.S.C. 1141(a))

[45 FR 86300, Dec. 30, 1980]

§ 603.5 Initial recognition, and renewal of recognition.

(a) For initial recognition and for renewal of recognition, the accrediting agency or association will furnish information establishing its compliance with the criteria set forth in § 603.6. This information may be supplemented by personal interviews or by review of the agency's facilities, records, personnel qualifications, and administrative management. Each agency listed will be reevaluated by the Secretary at his discretion, but at least once every four years. No adverse decision will become final without affording opportunity for a hearing.

(b) In view of the criteria set forth in § 603.6, it is unlikely that more than one association or agency will qualify for recognition (1) in a defined geographical area of jurisdiction or (2) in a defined field of program specialization within secondary or postsecondary education. If two or more separate organizations in a defined field do seek recognition, they will both be expected to demonstrate need for their activities and show that they collaborate closely so that their accrediting activities do not unduly disrupt the affected institution or program.

(20 U.S.C. 1141(a))

§ 603.6 Criteria.

In requesting designation by the Secretary as a nationally recognized accrediting agency or association, an accrediting agency or association must show:

(a) *Functional aspects.* Its functional aspects will be demonstrated by:

(1) Its scope of operations:

(v) The agency or association includes on each visiting evaluation team at least one person who is not a member of its policy or decision-making body or its administrative staff.

(iii) The agency or association requires, as an integral part of its ac-

crediting process, institutional or program self-analysis and an on-site review by a visiting team.

(B) The agency or association provides written and consultative guidance to the institution or program and to the visiting team.

(iv) The agency or association has written procedures for the review of complaints pertaining to institutional or program quality, as these relate to the agency's standards, and demonstrates that such procedures are adequate to provide timely treatments of such complaints in a manner that is fair and equitable to the complainant and to the institution or program.

(i) Affording initial evaluation of the institutions or programs only when the chief executive officer of the institution applies for accreditation of the institution or any of its programs;

[36 FR 24694, Dec. 22, 1971. Redesignated at 45 FR 77369, Nov. 21, 1980, and amended at 45 FR 86300, Dec. 30, 1980]

§ 614.2 General policy.

The objective of this program is to assist educational institutions in providing housing and other educational facilities for students and faculties through direct loans for the construction or purchase of such facilities, or through annual debt service grants to reduce the cost of borrowing from other sources for such purposes, where private financing is not available on terms and conditions equally as favorable as for a direct loan. Assistance is also provided to hospitals operating nursing schools beyond the high school level or approved for internships.

§ 614.3 Eligible projects.

Assistance in financing the construction or purchase of housing and other educational facilities may be provided under the following conditions:

(a) Construction must not be of elaborate or extravagant design or materials and must be undertaken in an economical manner.

(b) Construction must not have been completed at the time the application for assistance is made.

(c) A loan or grant-supported loan cannot be made solely for the purpose of refunding a long-term loan obtained prior to the filing of an application.

(d) Grant assistance will not accrue for any period prior to occupancy of the facilities.

(e) Site acquisition is limited to the amount of land reasonably necessary for the proposed housing or other educational facility.

(f) Projects to provide facilities for religious purposes or for theological seminaries or other schools providing training primarily for religious vocations are ineligible for assistance.

(g) Housing for the use of specific groups of students, such as fraternities or sororities, is eligible only if such housing is part of the overall housing plan of the college and if the housing will be operated under the direct responsibility and control of the college.

(h) An eligible service facility must provide an essential service in connection with the institution's housing plan.

§ 614.4 Applications.

(a) Applications will be received periodically and considered concurrently for both the direct loan and grant subsidy programs. In order to maintain flexibility in the allocation of available funds, ED reserves the option to approve either a direct loan or a grant to a particular applicant.

(b) Prior to approval of a direct loan or grant, the applicant educational institution must establish that it:

(1) Has the necessary legal authority to finance, construct, operate and maintain the proposed facilities, to apply for and receive the proposed assistance, and to provide such security as shall be required by the Secretary;

(2) Has the ability to comply with the terms and conditions governing receipt of assistance and operation of the project;

(3) Has or will have such interest in or title to the project site, including access thereto, as will assure undisturbed use, possession and operation

of the facilities during the period of assistance; and

(4) Will retain title to and all of its right, title, and interest in and to the project during the period of assistance, except as otherwise expressly approved by the Secretary.

[36 FR 24694, Dec. 22, 1971. Redesignated at 45 FR 77369, Nov. 21, 1980, and amended at 45 FR 86300, Dec. 30, 1980]

§ 614.5 Assistance terms.

(a) Direct loans for eligible development cost shall be for such period not to exceed 40 years (50 years for projects for which funds were reserved prior to July 1, 1968), bear interest at such rate not to exceed 3 percent per annum, and be so secured and subject to such terms and conditions, as shall be determined by the Secretary.

(b) Annual grants shall be made over a fixed period not exceeding 40 years, as determined by the Secretary, in an amount equal to the difference between the average annual debt service required to amortize the private market loan to cover eligible development cost and the average annual debt service which would be required to amortize a direct loan of like term. Fund limitations may require the setting of maximum limits for the grant.

§ 614.6 Assistance agreements.

Upon approval of a direct loan or grant, together with reservation of funds, the Secretary will prepare and forward a loan agreement or grant agreement for execution by the educational institution. The agreement will set forth the terms and conditions of the loan or grant and will also specify conditions which must be fulfilled precedent to making of the loan or grant. The fully executed agreement will constitute the contract between the educational institution and the Secretary during the life of the direct loan or grant, and in the case of a grant will guarantee continuation of the grant payments so long as the related private market bonds are outstanding.

§ 614.7 Grants to public educational institutions.

All public educational institutions approved for grant assistance must comply with the following requirements except as otherwise expressly approved by the Secretary:

(a) Submit a financing plan in form and substance acceptable to the private bond market and satisfying minimum standards established by the Secretary;

(b) Publicly advertise the bonds in a financial newspaper of general use by the bond market to which the bonds will be offered;

(c) Accept bids only for the entire issue; and

§ 614.8 Other requirements.

(a) All laborers and mechanics employed by contractors and subcontractors in the construction of housing and educational facilities assisted under the Act shall be paid wages at rates not less than those prevailing in the locality involved for the corresponding classes of laborers and mechanics employed on construction of a similar character as determined by the Secretary of Labor in accordance with the Davis-Bacon Act, as amended (40 U.S.C. 276a–276a–5), and shall receive overtime compensation in accordance with and subject to the provisions of the Contract Work Hours Standards Act (40 U.S.C. 327–332).

(b) All contracts for construction work paid for in whole or in part from assistance funds provided under the Act shall provide that the contractor shall comply with the Copeland ("Anti-Kickback") Act (40 U.S.C. 276c) and the regulations of the Secretary of Labor thereunder (29 CFR Part 3).

(c) The requirements of title VI of the Civil Rights Act (42 U.S.C. 2000d et seq.) that no person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, or be denied the benefits of, or be otherwise subjected to discrimination are applicable to educational institutions receiving assistance under the Act.

(d) All contracts for construction work paid for in whole or in part from

assistance funds provided under the Act are subject to Executive Order 11246 (30 FR 12319. Sept. 28, 1965), as amended by Executive Order 11375 (32 FR 14303, Oct. 17, 1967), providing for equal opportunity in employment, and the rules and regulations of the Department of Labor with respect thereto.

(e) The provisions of title VIII (Fair Housing) of the Civil Rights Act of 1968 (Pub. § 614.9 Waivers.

(a) *Basic Provision.* Upon determination of good cause, the Secretary may, subject to statutory limitations, waive any provision of this part. Each such waiver shall be supported by documentation of the pertinent fact and grounds.

(b) *Reservation of authority by the Secretary.* The authority under § 614.9(a) is reserved to the Secretary and no delegation of this waiver authority shall be effective unless executed subsequent to the effective date of this section.

AUTHORITY: Title IV of the Housing Act of 1950 (12 U.S.C. 1749 et seq.); sec. 7(d), Department of HUD Act (42 U.S.C. 3535(d)).

SOURCE: 42 FR 33886, July 1, 1977, unless otherwise noted. Redesignated at 45 FR 77369, Nov. 21, 1980.

NOMENCLATURE CHANGES: 45 FR 86300, Dec. 30, 1980.

§ 614.60 Definitions.

As used in this subpart, the terms defined in § 614.1 shall have the same meaning as in Subpart A of this part.

Bond resolution means the formal undertaking of a public body with respect to bond indebtedness.

Borrower means an educational institution as defined in section 404(b) of the Housing Act of 1950 which has obtained a College Housing Loan.

Default remedies means the remedial actions which the Government (or the Trustee on its behalf) is authorized to take under the Bond Resolution, Trust Indenture, or Note/Mortgage in the event the Borrower defaults in its obligations thereunder.

Deferment means a written undertaking by the Government with respect to any loan or loans made to a Borrower (or by the Trustee on its behalf) that it will not exercise its Default Remedies for a specified period of time notwithstanding the existence of specified financial defaults (e.g., non-payment of principal or interest, or failure to make reserve fund deposits), subject to specified conditions (e.g., payment of interest only, partial payment of principal, change in use). The granting of the Deferment will permit only those financial defaults specified therein to continue for the specified period limited to one year and the Borrower must comply in all other respects with the ED requirements under its loan or loans.

ED-assisted facility means any facility which is a part of a project assisted with a College Housing Loan and any other facilities the revenues of which are pledged to or otherwise secure repayment of the ED loan.

Loan agreement means the contract between ED and a Borrower setting forth the terms and conditions of the ED loan.

Loan requirement means any obligation of a Borrower under its Loan Agreement, Bond Resolution, Trust Indenture, and/or Note/Mortgage.

Note/mortgage means the formal undertakings of certain private college and nonprofit corporation Borrowers with respect to a College Housing Loan.

Trustee means a banking or other corporation legally authorized to exercise corporate trust powers which is designated as a Trustee under a Trust Indenture.

Trust indenture means the formal undertakings of most private colleges, some public colleges, and some nonprofit corporation Borrowers with respect to their College Housing Loans.

[42 FR 33886, July 1, 1977. Redesignated at 45 FR 77369, Nov. 21, 1980, and amended at 45 FR 86300, Dec. 30, 1980]

§ 614.61 Borrower's obligations.

(a) *Loan policy.* College Housing Loans are repayable over a 40-year period (in some cases 50 years). In making such loans ED requires that each loan shall be of sound value and so secured as to reasonably assure repayment. The basic security for each loan is a pledge of project revenues augmented to the extent necessary by the pledge of revenues or income from other facilities or sources or other assets. In the case of private colleges, a first mortgage is obtained on the ED-assisted facilities and any other facilities the revenues of which are pledged to secure repayment of a ED loan.

(b) *Flow of funds.* The Loan Agreement (and subsequently the Trust Indenture, Bond Resolution or Note/Mortgage) provides for a flow of funds. All pledged revenues are required to be deposited into the Revenue Fund Account, and may be disbursed only in accordance with the Loan Requirements. In the case of a net income pledge, current expenses of the pledged facilities are payable as a first charge; in the case of a gross income pledge, the required deposit into the Bond and Interest Sinking Fund (BISF) is a first charge. Semiannual payments in specified amounts are required to be made into the BISF (usually annual payments equivalent to 125 percent of average annual debt service) until the reserve is fully established, and thereafter sums sufficient for debt service requirements. Available revenues remaining after payment of current expenses and BISF deposits are deposited into a Repair and Replacement Reserve Account in a specified amount based on estimated repair and replacement requirements for the project. Provision is made for use of residual funds in the Revenue Fund Account which may be limited to accelerated retirement of the ED loan, may also include expenditures relating to the Borrower's housing system and may additionally include use for any lawful purpose. Provision may also be made for pledge of endowment funds or securities or for a Collateral Account.

(c) *Nonfinancial obligations.* In addition to the obligation to make the required payments and deposits a Borrower's obligations include undertakings deemed necessary to effectuate the statutory purposes, to safeguard the security for the loan, and to assure repayment. These obligations include:

(1) Maintenance of the Borrower's corporate existence and status as an eligible educational institution;

(2) Use of the ED-assisted facilities for the purposes for which the loan was made, unless another use is approved by ED;

(3) Adoption and enforcement of parietal rules, rental rates and charges for use of the ED-assisted facilities;

(4) Physical protection of the ED-assisted facilities including insurance coverage, repair and maintenance;

(5) Covenant not to encumber, lease or sell the ED-assisted facilities;

(6) Maintenance of proper books and records and submission of reports to ED.

§ 614.62 Requests for loan modification or deferment.

(a) *Financial relief.* A Borrower seeking a Deferment shall make a request therefor in writing to ED not less than 90 days prior to the date on which it anticipates that it will be unable to meet any payment or deposit requirement. A Borrower which has heretofore obtained a Deferment shall file such request at least 90 days prior to the expiration of its current Deferment. Each request for Deferment shall establish to the satisfaction of ED that the Borrower has satisfied the criteria for granting financial relief set forth in § 614.63(a) of this part.

(b) *Changed use.* A Borrower which proposes to make a change in the use of a ED-assisted facility either affecting the pledged revenues or involving an ineligible use under the College Housing Program shall make a request in writing to ED at least 90 days prior

to the date on which the changed use is proposed.

(c) *Other loan modifications.* A Borrower desiring a modification or waiver of the ED Loan Requirements other than those described in paragraphs (a) and (b) of this section shall make a request in writing to ED at least 60 days prior to the date on which the need for such modification or waiver will arise except that, where the non-compliance is the result of conditions beyond the control of the Borrower, such written request shall be made promptly upon such occurrence.

§ 614.63 Financial relief.

(a) *Criteria for granting financial relief.* Deferments with respect to Defaults in a Borrower's financial obligations under its Loan Requirements may be granted: *Provided.* That the following conditions are satisfied.

(1) The Borrower is operating as an eligible educational institution as defined in section 404(b) of the Housing Act of 1950: and in § 614.1(e);

(2) The Borrower is utilizing the ED-assisted facilities for an eligible purpose as defined in section 404 of the Housing Act of 1950 and in § 614.1, or other purpose approved by ED;

(3) The pledged revenues of the ED-assisted facilities, any pledged revenues from other facilities, and any pledged funds or securities are being properly accounted for and applied in accordance with the Loan Requirements;

(4) The Borrower is in full compliance with its Non-Financial Obligations under its Loan Requirements including specifically those set forth in § 614.61(c) of this part, except as otherwise approved by ED;

(5) The Borrower submits a plan of operation and financial data pursuant to which ED determines that it is making satisfactory progress towards remedying the conditions giving rise to the defaults and that financial stability will be obtained.

(b) *Relief granted.* A Deferment may be granted to a Borrower who has satisfied the criteria set forth in paragraph (a) of this section as follows:

(1) Deferment of interest, and/or principal payments and/or reserve fund deposit requirements may be granted for a period not to exceed one year;

(2) Deferment of such payments and/or deposit requirements may be granted only to the extent that the pledged revenues or other sources are insufficient to provide sufficient funds to meet these requirements. The order in which such available funds shall be applied is set forth in paragraph (e) of this section;

(3) Interest and/or principal payments may be deferred only to the extent that there are not sufficient funds or other assets in any reserve fund or collateral account established pursuant to the Loan Requirements for such payments;

(4) The Borrower must comply with all the conditions set forth in § 614.63(a) (1) through (4) (and all conditions or requirements set forth in the Deferment) during any period for which a Deferment is provided.

(c) *Prohibited relief.* Financial Relief shall not include:

(1) Use of pledged revenues for any purpose other than as provided under the Loan Requirements;

(2) Creation of a lien on the ED-assisted facilities prior to, on a parity with, or subordinate to the ED lien;

(3) Release of any security deemed reasonably necessary to assure repayment of the ED loan;

(4) Release of obligors, co-obligors, or guarantors on the ED loan; or

(5) Write-down or forgiveness of principal or interest;

(6) The term of a loan may not be extended, except as provided under § 614.64.

(d) *Source of funds.* Where insufficient funds are available in the BISF to make interest and principal payments on a loan, the following sources shall be utilized, generally in the order specified:

(1) Cash and/or investments in the Repair and Replacement Reserve Account;

(2) Investments in the BISF;

(3) Cash and/or investments in any Collateral Account established to provide a Debt Service Reserve;

(4) Pledged endowment funds or securities.

(e) *Application of funds.* Available funds shall be applied toward the indebtedness and other Loan Requirements in the following order:

(1) Available funds shall be applied first to interest payments on the unpaid balance of the debt;

(2) Any funds remaining after payment of interest shall be applied in the following order;

(i) To principal payments in direct order of maturity;

(ii) To reestablishment of the Debt Service Reserve and Collateral Account;

(iii) To reestablishment of the Repair and Replacement Reserve Account.

§ 614.64 Refinancing.

Normally, delinquent loans will not be refinanced but delinquencies will be paid from available funds as provided in § 614.63(c) of this part. In circumstances where a Borrower demonstrates that sufficient pledged funds or other sources will be available to meet the required payments and deposits under the refinanced loan, but it cannot pay off all accumulated delinquencies within a reasonable period, consideration will be given to refinancing the loan, if requested by a Borrower. The end maturity may be extended up to the 50-year statutory maximum loan term, if permissible under State law, but may not be extended beyond such 50-year term. Any such refinancing shall be based on substantially level annual debt service payments except in exceptional circumstances approved by the Government. A refinancing debt service schedule may not provide for ballooning a final payment which exceeds substantially the level of periodic payments required by the debt service schedule.

§ 614.65 Alternative use of facilities.

(a) *Alternative use.* Any use of a ED-assisted facility for other than an eligible use under the College Housing Program requires ED approval. ED will approve and may require an alternative use of a ED-assisted facility where this is deemed necessary to prevent a default in the ED loan. Such alternative uses may include use by the Borrower for an ineligible purpose, such as for classrooms, or leasing or sale to another entity, and should normally be of a temporary nature so that the facility may be returned to an eligible use when feasible.

(b) *Selection of alternative uses.* Upon making a determination that an alternative use is appropriate, ED will consider other feasible alternative uses as well as the one proposed by the Borrower. In deciding which alternative use to approve, ED will be guided by the following:

(1) Preference will be given to an alternative use by the Borrower if that use will generate sufficient pledged revenues for the requirements of the ED loan;

(2) Preference will be given to an alternative use not involving major alteration, long-term lease, or sale, which would prevent the facility from being returned to an eligible use;

(3) If an alternative use by the Borrower is not feasible, preference will be given to use by another eligible educational institution if that use will generate sufficient pledged revenues for the requirements of the ED loan.

(c) *Terms of alternative use*—(1) *Leasing.* If the ED-assisted facility is leased to another entity, all of the net proceeds of the leasee shall be applied to repayment of the ED loan. If the ED-assisted facility is leased to a leasee, other than a leasee which is an eligible educational institution under the Act, the lease shall provide for payment of a rental at rates not substantially below those which would be charged in the market area for comparable facilities financed at market rates of interest.

(2) *Sale.* If a ED-assisted facility is sold to another eligible educational institution, the purchaser will be permitted to assume the ED loan provided that the ED loan is reasonably assured of repayment. In the event of sale of a facility to a purchaser other than an eligible educational institution, the related ED loan shall be repaid in full except that, where full repayment is not financially feasible, the repayment requirements shall be in the Government's best financial interest.

§ 614.66 Closing of educational institution.

When an educational institution ceases to maintain its existence or accrediation and/or to conduct its normal and customary educational activities, either entirely or at one or more locations where ED facilities are situated, repayment in full of the ED loan shall be required, except as otherwise provided hereinafter. Assumption of the indebtedness by an eligible educational institution will be permissible where ED determines that the loan will be reasonably assured of repayment. Release of guarantors or coobligors in connection with such transfer will not be permissible except in exceptional circumstances approved by ED where such action is determined to be necessary to accomplish a transfer and is in ED's best financial interest. Assumption of the indebtedness by an entity other than an eligible education institution affiliated with the Borrower may be approved only as a means of avoiding financial loss to ED. The terms of any such assumption shall require elimination of the loan to the greatest extent possible, taking into consideration proposed use of the ED-assisted facilities and the financial resources and capability of the affiliated entity.

Subpart A—General Provisions

§ 617.1 Definitions.

"Academic facilities," as defined in section 782(1)(A) of the Act, are further defined and subdivided into the following categories:

(a) "Instructional and library facilities" means—

(1) All rooms or areas used regularly for instruction of students, for faculty offices, or for library purposes; and

(2) Service areas that adjoin and are used in connection with the rooms or areas referred to in paragraph (a)(1) of this section.

(b) "Instruction-related facilities" means—

(1) All rooms or areas—other than instructional and library facilities—used for purposes related to the instruction of students or for research or for the general administration of the educational or research programs of an institution of higher education; and

(2) Service areas that adjoin and are used in conjunction with the rooms or areas referred to in paragraph (b)(1) of this section.

(c) "Health-care facilities," as authorized under Titles VII A and C, means—

(1) Infirmaries and all other rooms or areas used for medical examination or treatment of students and institutional personnel; and

(2) Service areas that directly serve the rooms or areas referred to in paragraph (c)(1) of this section.

(d) "Related supporting facilities" means all other areas and facilities necessary for the use, operation, and maintenance of instructional and library facilities, instruction-related facilities, or health care facilities. This term includes building service and circulation areas and central maintenance and utility facilities that serve more than one building, to the degree that these central facilities are used to serve academic facilities eligible under Title VII of the Act.

(e) "Public health type facilities" means facilities as defined in section 782(1)(B)(v) of the Act (Definitions), if these facilities are owned, operated, and maintained by the institution of higher education requesting the approval of a Title VII E project and if—

(1) Funds available for the project are used solely for conversion or modernization to economize on the use of energy resources; and

(2) The project is not limited to facilities described in section 782(1)(B)(v) of the Act.

(20 U.S.C. 1132e-1(1)(B)(v))

"Act" means the Higher Education Act of 1965 (Pub. L. 89-329), as amended. Unless otherwise indicated, title references are to titles of the Act.

"Assignable areas"—

(a) Means square footage of floor space in facilities designed and available for assignment to specific functional purposes—such as instruction, research, and administration—and including purposes that are ineligible for assistance under Title VII—such as students' sleeping rooms, apartments, or chapel rooms.

(b) Does not mean—

(1) Areas used for general circulation within a building;

(2) Areas for public washrooms;

(3) Areas for building maintenance or custodial services; or

(4) Areas in central maintenance and utility facilities that exist only to support the operation and use of other structures on the campus and that are not available for assignment to specific functional purposes as illustrated in paragraph (a) of this section.

(20 U.S.C. 1132e-1 (1) and (2))

"Branch campus" means, within an institution of higher education, a unit that—

(a) Is separately organized;

(b) Is located apart from the parent institution; and

(c) Meets in its own right the definition of an institution of higher education as defined in the Act.

(20 U.S.C. 1132e-1(6))

"Capacity/enrollment ratio" means the ratio of (a) the square feet of assignable area of instructional and library facilities to (b) the total student clock-hour enrollment at the campus of an institution. For purposes of this definition, "student clock-hour enrollment" means the aggregate clock hours (sometimes called contact hours) per week in classes or supervised laboratory or shop work for which all resident students—i.e., students enrolled for credit courses on the campus—are enrolled as of a particular date. A campus having a formally established independent study program or programs may include systematically determined equivalents of class or laboratory hours.

(20 U.S.C. 1132a-4)

"Costs required by Section 504."

(a) This term refers to costs for determining eligibility for participation in the program of Federal assistance for the removal of architectural barriers to the handicapped. The term means the costs of reconstruction, renovation, or modification of facilities to remove architectural barriers or otherwise make facilities usable—in whole or in part—by persons with mobility impairments.

(b) However, the amount may not exceed costs necessary to meet the program accessibility standards of 34 CFR Part 104, the regulations implementing Section 504 of the Rehabilitation Act of 1973.

(c) These costs may include only those reconstruction, renovation, or modification costs ascribable to Section 504 that are necessary to make programs or activities accessible and that cannot be avoided through such means as reassignment of classes or other non-structural alternatives.

(d) These costs may also include—

(1) Costs already incurred prior to the filing of an application; and

(2) Costs that are related to facilities otherwise ineligible for Federal assistance under Title VII.

(e) However, these costs may not include—

(1) Costs incurred prior to, or under contract entered into prior to, June 3, 1977;

(2) Costs required in connection with facilities used for religious worship or for a school or department of divinity; or

(3) Costs—incurred or to be incurred—for which Federal grant or loan assistance has been provided or approved under any other Federal program regardless of the percentage of those costs covered by the Federal assistance.

Equipment is further subdivided into two categories—built-in equipment and initial equipment—defined as follows:

(a) "Built-in equipment" means equipment that is a permanent part of a structure.

(b) "Initial equipment" means equipment—other than built-in equipment—

(ii) One third of the number of part-time students enrolled in the programs referred to in paragraph (a)(1)(i) of this section;

(iii) Forty percent of the number of students enrolled in programs that are not chiefly transferable towards a bachelor's or higher degree; and

(iv) Twenty-eight percent of the remaining number of the students referred to in paragraph (a)(1)(iii) of this section.

(2) For the purpose of this computation, student enrollment figures for each fiscal year will be those in the most recent Department survey containing data on opening fall enrollments in higher education.

(20 U.S.C. 1132a-1, 1132a-2)

(b) (1) For purposes of reporting undergraduate enrollment trends and projections in connection with an application for financial assistance for an individual institution under Title VII A of the Act, the "full-time equivalent number of students" may be defined by each State commission through a specific provision in its State plan.

(2) If a State plan does not define the term, "full-time equivalent number of students"—for application purposes—means the total number of full-time students plus one-third of the number of part-time students.

(c) For the purpose of the definition of "full-time equivalent number of students," full-time students are those carrying at least 75 percent of a normal student-hour load.

(20 U.S.C. 1132a-4)

"Project" means all or a portion of one or more structures—

(a) That are eligible for grant or loan assistance under a particular part of Title VII;

(c) Determine and recommend for that project the Federal share of the costs eligible for Federal financial assistance.

(20 U.S.C. 1132a-3(a))

(20 U.S.C. 1132a-3(a))

§ 617.6 Determination of costs eligible for Federal assistance.

(a) In general, if an applicant submits an application for assistance under Title VII A, VII B, VII C, or VII E of the Act, the Secretary determines separately for each proposed project the costs eligible for Federal assistance. The Secretary bases the determination on the following:

(1) The date on which the applicant incurred or contracted for a given cost.

(2) Whether the cost is an allowable development cost, as defined in section 782(3) of the Act (Definitions).

(3) Whether the applicant has incurred that cost in accordance with these regulations.

(4) That portion of the facility that is eligible under the type of assistance for which the applicant has submitted the application.

(5) The amount of any other Federal financial assistance the applicant has obtained or is assured of obtaining for the project.

(b) If, under the Act, an applicant files for Federal assistance for a project for the first time on or after the effective date of these regulations, the Secretary excludes the following from eligible development costs:

(1) Any cost for land incurred more than two years before the applicant files the application.

(2) Any cost for land in connection with an application for reconstruction or renovation.

(3) Any cost for the acquisition of a structure incurred more than one year before the applicant files the application.

(4) Any cost for the acquisition of a structure in connection with an application for reconstruction or renovation.

(5) Any cost for initial equipment incurred before the date the applicant files the application.

(6) Any cost for construction, reconstruction, renovation, or built-in equipment if the contract was entered into—

(i) Before the date the applicant filed the application; and

(ii) Before the Secretary concurred in the awarding of the contract.

(c) In order to assume the eligibility of costs, a grantee must obtain approval of those costs—

(1) Before advertising for or soliciting bids; and

(2) Before awarding any contract for construction, reconstruction, or renovation under the Act.

(d) The Secretary approves costs only after the Secretary or the appropriate official of another Federal agency has approved Federal assistance for the construction, reconstruction, or renovation of the facility.

(e) (1) If an applicant submits an application for Federal assistance for a project proposed under section 771(a)(2)(A) of the Act, the Secretary bases the determination of costs eligible for assistance on—

(i) The provisions of paragraphs (a) through (d) of this section (§ 617.6); and

(ii) That portion of "costs required by section 504" which is—

(A) Otherwise eligible under this section (§ 617.6); and

(B) In excess of the minimum costs required for an applicant to qualify for assistance under the definition of "financial hardship" or the definition or "high absolute costs."

(2) In addition to costs excluded under paragraph (b) of this section, ineligible costs under paragraph (e)(1) of this section include—

(i) Any costs required under Section 504 to make accessible facilities that do not meet the definition of "academic facilities" as contained in Section 782(1) of the Higher Education Act of 1965. If a facility is a combination of academic facilities and nonacademic facilities, the primary use of the facility determines the overall eligibility of the costs involved in connection with the facility; and

(ii) Costs required by Section 504 in connection with any facility acquired by the applicant after June 3, 1977.

(20 U.S.C. 1132a-6(a)(2)(F), 1132e-1 (3) and (4) and 1132d-11(a)(2)(A))

§ 617.7 Urgency of need for projects of public institutions.

(a) This section does not apply to projects authorized under Title VII E.

(b) (1) In addition to other eligibility requirements in the Act and these regulations, an application from a public institution of higher education must meet the requirements of urgency as described in paragraph (b)(2) of this section.

(2) Unless the Secretary or the State commission, as appropriate, determines that the need for the project is urgent in terms of the capacity of other public institutions of higher education that enroll students from basically the same geographic areas as the applicant does—

(i) The Secretary—in the case of an application under Part B, C, or D of Title VII—does not approve the application; and

(ii) The commission—in the case of an application under Part A—may not approve the application.

(c) (1) The Secretary or the commission, as appropriate, also bases a determination of urgency of need under paragraph (b) of this section on whether—

(i) The applicant has a history of not serving persons of a particular race, color, or national origin; or

(ii) There are within the geographic area the applicant serves one or more other public institutions of higher education that have a history of not serving persons of a particular race, color, or national origin.

(2) If either condition described in paragraph (c)(1) of this section is present, the Secretary determines—or the commission, in the case of an application under Part A, shall determine—that urgency of need does not exist unless the applicant provides evidence satisfactory to the Secretary—or to the commission, in case of an application under Part A—that the proposed project and the proposed use of the facilities to be constructed, reconstructed, or renovated under the project will not—

(i) Establish or increases the identifiability of any of the institutions on the basis of race, color, or national origin; or

(ii) Impede the elimination of the identifiability of any of the institutions on the basis of race, color, or national origin.

§ 617.8 Grants and loans for reconstruction and renovation projects authorized under Title VII E of the Act.

An application for grant or loan assistance for a reconstruction or renovation project under Title VII is subject to the following provisions:

(a) The Secretary does not consider a project having a total eligible cost, as specified in paragraph (b) of this section of less than $10,000.

(b) (1) The Secretary bases the determination of costs eligible for Federal assistance on a review of each application.

(2) (i) The Secretary considers as eligible only those costs specifically related to one—or a combination—of the reconstruction or renovation purposes specified in the definition of "Reconstruction or renovation project under Title VII E of the Act" in § 617.1.

(ii) However, the Secretary may approve costs not specifically related to the purposes in that definition to an extent not to exceed 10 percent of costs that are specifically related, if the Secretary finds that the costs not specifically related are part of the project for which Federal assistance is requested.

(c) The Secretary does not approve an application unless it contains sufficient information to demonstrate that the applicant's proposed project meets the following requirements:

(1) For assistance for energy conservation, the applicant—

(i) Must have accomplished minimum energy conservation measures required by the Secretary; and

(ii) Must have demonstrated that the proposed project will result in significant savings in energy consumption or related costs.

(2) For assistance for the removal of architectural barriers for the handicapped, the project must—

(i) Be deemed necessary to provide program accessibility under Section 504; and

(ii) Meet the most recently published standards of the American National Standards Institute (ANSI Standards).

(20 U.S.C. 1132d-11(a)(2)(A); H. Rept. 96-244, page 85)

(3) For assistance in meeting environmental or health and safety requirements, the project must be required by local, State, or Federal law.

(4) (i) An application involving a combination of the purposes in paragraphs (c)(1), (2), or (3) of this section must satisfy each of the specified requirements.

(ii) Any portion of an application not meeting the applicable requirements is ineligible for assistance, except as permitted under paragraph (b)(2)(ii) of this section.

(d) The Secretary awards a grant or loan on condition that the recipient award the contract or begin on-site work within 18 months from the date of loan approval or the date of grant approval or—in the case of a recipient having both a grant and a loan—the earlier of the date of loan approval or the date of grant approval.

(e) If, during the period of Federal interest, as defined in § 617.1, the recipient of a grant or loan ceases to use the reconstructed or renovated facilities as academic facilities, the recipient—or its successor in title or possession—shall—

(1) Immediately repay any outstanding loan balance plus interest accrued to the date of repayment; and

(2) Repay any grant in an amount whose ratio to the depreciated value of the improvement is the same as the ratio of the original grant to the original cost of the improvement. For this purpose the Secretary computes the depreciated value of the improvement by using the straight-line method at a rate of 10 percent a year from the date of the completion of the reconstruction or renovation.

(20 U.S.C. 1132d-11)

(20 U.S.C. 1132a-3)

§ 617.14 Criteria for determining relative priorities of eligible projects.

The following requirements govern the standards and methods for determining priorities in ranking projects under a State plan:

(a) A State shall specify separately in its plan criteria and methods for determining the relative priorities of eligible projects for the construction, reconstruction, or renovation of academic facilities for—

(1) Public community colleges and public technical institutes; and

80-113 O—82——15

(2) Other institutions of higher education.

(b) (1) The State commission shall assign points to each criterion according to an objective method contained in the State plan.

(2) In determining relative priorites for institutions and branch campuses, the commission shall apply each criterion uniformly.

(c) The State shall develop its critiera and methods for determining relative priorities on the basis of—

(1) Information to be included by the applicant in the application form that the Secretary prescribes;

(2) Supplemental information requested from all applicants by the State commission; and

(3) Data on file with the State commission, including public reports or publications.

(d) The State shall specify in its plan criteria and methods for determining priority between or among applications receiving identical scores.

(e) Among its criteria for determining relative priorities for institutions and branch campuses, the State shall include the following:

(1) *Increase in enrollment.* (i) One or more criteria shall deal with the extent of the estimated numerical or percentage increase, or both, in full-time equivalent undergraduate student enrollment at the campus at which the construction, reconstruction, or renovation is to take place.

(ii) This estimated increase shall cover five fall terms separately, starting with the fall term preceding the closing date for which the application is being considered and each of the next four fall terms after that closing date.

(iii) The State commission shall assign at least five percent of the total possible point score to this criterion.

(iv) The provisions of paragraphs (e)(1)(i), (ii), and (iii) of this section shall not apply to an application under Title VII E.

(2) *Increase in capacity.* (i) One or more criteria shall deal with the amount or percentage, or both, by which the proposed project will increase the assignable area in instructional, library, and health care facilities at that campus.

(ii) The commission shall assign at least 10 percent of the total possible point score to this criterion.

(iii) The provisions of paragraphs (e)(2)(i) and (ii) of this section shall not apply to an application under Title VII E.

(3) *Use of existing facilities.* (i) One or more criteria shall deal with the effective use of existing academic facilities.

(ii) The commission shall assign at least five percent of the total possible point score to this criterion.

(4) *Enrollment of low-income students.* (i) A criterion shall deal with the extent of the applicant's commitment to the enrollment of a substantial number of students from low-income families.

(ii) The commission shall assign at least five percent of the total possible point score to this criterion.

(5) *Enrollment of disabled veterans.* (i) A criterion shall deal with the extent of the applicant's commitment to the enrollment of a substantial number of disabled veterans returning to civilian life.

(ii) The commission shall assign at least five percent of the total possible point score to this criterion.

(f) The State plan may include additional objective criteria for determining relative priorities as long as none of those criteria is inconsistent with the criteria specified in paragraph (e) of this section.

(g) The State plan may not consider adverse to the ranking of an application an institution's readiness to admit out-of-State students.

(h) The State plan may not consider any of the following as a priority either in favor of or adverse to the ranking of an application:

(1) The type of control or sponsorship of the applicant institution.

(2) The fact that the project had commenced before the date of the application.

(3) The fact that part of the cost of the project had been incurred prior to, or under a contract entered into before, the date of the application.

(i) The commission shall insure that all potential applicants are informed about the forms, definitions, and sup-

plementary data sources that the commission uses—

(1) In applying the required and optional criteria in the State plan; and

(2) In determining relative priorities.

(20 U.S.C. 1132a-5(a))

(j) For projects authorized under section 771(a)(2)(A) of the Act—for the removal of architectural barriers for purposes of Section 504 accessibility—the State plan shall, in addition to the criteria in paragraphs (e) (3), (4), and (5) of this section, include at least the following criteria:

(1) *Amount of assignable square feet of academic facilities to be made accessible by the proposed project.* (i) One or more criteria shall deal with the extent to which eligible academic facilities will be made accessible by the proposed project.

(ii) The commission shall assign at least 10 percent of the total possible point score to this criterion.

(2) *Percent of assignable square feet of academic facilities to be made accessible by the proposed project.* (i) One or more criteria shall deal with the percentage of assignable square feet of eligible academic facilities that will be made accessible on that campus by the proposed project.

(ii) The commission shall assign at least 10 percent of the total possible point score to this criterion.

(3) *Percent of "costs required by Section 504" incurred by the applicant as of the application filing date.* (i) One or more criteria shall give recognition to the extent to which an institution undertook compliance with Section 504 without Federal financial assistance.

(ii) The commission shall assign at least 10 percent of the total possible point score to this criterion.

(4) *Age of buildings.* (i) One or more criteria shall deal with the percentage of gross square feet of structural space—on the applicant's campus—constructed before January 1, 1960 or some other uniformly applicable date that the State commission considers more appropriate.

(ii) The commission shall assign at least 10 percent of the total possible point score to this criterion.

(5) *"Costs required by Section 504" per full-time equivalent student enrollment.* (i) One or more criteria shall deal with the extent of the Section 504 compliance cost per full-time equivalent student enrolled at the applicant institution.

(ii) The commission shall assign at least 15 percent of the total possible point score to this criterion.

(6) *"Costs required by Section 504" per square foot of total assignable areas.* (i) One or more criteria shall deal with the extent of the Section 504 compliance costs per square foot of total assignable areas at the institution or branch campus for which application for assistance has been submitted.

(ii) The commission shall assign at least 15 percent of the total possible point score to this criterion.

(7) *Optional.* The State commission may assign in the State plan 15 percent of the total possible point score to other criteria the commission determines appropriate, provided those criteria are approved by the Secretary.

§ 617.15 Conditions for grant approval.

(a) With the exception of paragraphs (e) and (f) of this section, this section does not apply to an application for a project authorized under Title VII E.

(b) The Secretary approves an application under Title VII A—other than an application under Title VII E—only if the Secretary is satisfied, on the basis of information submitted with the application, that—

(1) The facilities included in the proposed project are intended predominantly for—

(i) Programs of undergraduate instruction or programs of extension and continuing education;

(ii) Health care to students or personnel of the institution; or

(iii) Both;

(2) The applicant meets the requirement of section 705 (Eligibility for Grants) of the Act; and

(3) The application meets all requirements of section 707(a) submis-

sion and contents of applications of the Act.

(c) (1) In order to determine that an institution of higher education is eligible for a grant in accordance with section 705 of the Act, a State commission must determine that—

(i) The project proposed by the institution will provide a substantial expansion of student enrollment capacity, health came capacity, or extension and continuing education capacity; and

(ii) A substantial expansion or creation of capacity is urgently needed.

(2) (i) To establish that a proposed project will provide a substantial expansion of student enrollment capacity, health care capacity, or extension and continuing education capacity, the State commission must determine that—

(A) The increase in any one of the three types of capacities will exceed 10 percent of current capacity; or

(B) In the case of enrollment capacity, the increase will be not less than 10,000 square feet of instructional and library space.

(ii) For purposes of paragraphs (b)(1)(i) and (b)(2)(i) of this section—

(A) "Student enrollment capacity" means instructional and library facilities;

(B) "Health care capacity" means infirmaries and all other rooms or areas designed to be used for medical examination or treatment of students and institutional personnel; and

(C) "Extension and continuing education capacity" means academic facilities used principally for extension and continuing education programs of the institution.

(3) To establish that substantial expansion or creation of capacity is urgently needed, the State commission must consider the following:

(i) The planned enrollment growth of the institution. This growth must be at least 10 percent over four years.

(ii) The use of existing space—as indicated by a low capacity/enrollment ratio or another measure of use—at the campus the applicant has proposed for expansion; and

(iii) Whether there are serious deficiencies in the quality of the applicant's programs due to inadequacies of space.

(4) As used in section 705 of the Act, "other construction, reconstruction, or renovation to be undertaken within a reasonable time" means construction, reconstruction, or renovation approved to start within one year of the date of the application.

(d) In determining whether an institution of higher education would experience a decrease in enrollement capacity if an urgently needed facility were not constructed, reconstructed, or renovated, the Secretary gives consideration to—

(1) The age and condition of instructional and library facilities to be withdrawn from use; and

(2) Any other factors that will cause facilities to be functionally inadequate for instructional or library purposes.

(20 U.S.C. 1132a-6)

(e) The Secretary approved an application under Title VII E only if the Secretary is satisfied, on the basis of information submitted with the application, that—

(1) The application meets the basic provisions of paragraphs (a) and (c) of § 617.8; and

(2) The application is recommended by the State commission according to the priority system established in the State plan.

(20 U.S.C. 1132d-11(a))

(f) In the case of applications for assistance under section 771(a)(2)(A) of the Act, the State commission, prior to ranking those applications, shall review the applications to determine that—

(1) Costs claimed as qualifying for "financial hardship" or "high absolute cost" are or were "costs required by Section 504"; and

(2) The proposed projects are required for compliance with Section 504.

(20 U.S.C. 1132d-11(a)(2)(A); H. Rept. 96-244, page 85)

§ 617.16 Application closing dates.

(a) A State shall establish in its State plan closing dates for submission of applications for funds allotted

under sections 702 and 703 of the Act, including projects authorized by Title VII E.

(b) The State plan shall provide at least two closing dates during a Federal fiscal year for each category of institution under § 617.11.

(c) All closing dates established in the State plan shall be between October 31 and May 15.

(d) If the Secretary permits, after determining the presence of unusual circumstances—

(1) (i) The State commission may waive a closing date if the commission gives reasonable prior notice of waiver to the institutions that may be affected by that date.

(ii) In that case an applicant may file an application before the next closing date established by the State commission for that fiscal year;

(2) The State plan may provide for a closing date after May 15; or

(3) Both paragraphs (d)(1) and (d)(2) of this section.

(20 U.S.C. 1132a-3)

§ 617.17 Submission of application to State commission.

(a) An applicant shall submit directly to its State commission—

(1) Its application; and

(2) Any supplemental information the commission may require.

(b) The commission shall officially record the date of receipt of the application.

(c) An applicant may not invite bids for construction, reconstruction or renovation under the project before submitting its initial application to the commission.

(d) (1) However, paragraph (c) of this section does not apply if an agency of the United States has already approved assistance for the project under Title VII or some other Federal construction program.

(2) In that case the commission shall consider the application at only those closing dates that occur no later than 12 months after the applicant has begun the construction, reconstruction, or renovation.

(20 U.S.C. 1132a-6(a)(2)(C))

§ 617.18 Verification of application data and institutional and project eligibility.

(a) Before determining the relative priority or Federal share for any application under Title VII A, the State commission shall determine that—

(1) The data in the application are valid; and

(2) The institution and the project meet basic eligibility requirements of the Act and the regulations governing the administration of the Act.

(b) (1) If, in the opinion of the commission, the eligibility of an institution is questionable, the commission shall promptly forward a copy of the application to the Secretary for a clarification of that eligibility.

(2) In that case the commission shall—

(i) Continue to process and rank the application as if that application were eligible; and

(ii) Delay final action on that application until the Secretary notifies the commission regarding the applicant's eligibility.

(20 U.S.C. 1132a-6(a)(2)(C))

§ 617.19 Determination of relative priorities and Federal shares.

A State commission shall—

(a) Consider each eligible application received by each specified closing date together with all other applications in the same category of eligible applicants (§ 617.11); and

(b) Assign to that application, in accordance with the provisions of the State plan, its—

(1) Relative priority; and

(2) Recommended Federal share.

(20 U.S.C. 1132a-6(a)(2)(D) and (E))

§ 617.20 Procedures if funds are insufficient.

(a) (1) If, under a State's allotment, funds are insufficient to cover all eligible applications that the State commission considers in a particular category as of a particular closing date, the commission shall follow the procedures in paragraph (a)(2) of this section.

(2) The commission shall determine—according to the State plan—the full Federal share for each pro-

ject, in order of relative priority, until the remaining funds are insufficient to provide the full Federal share for the next project in order of priority.

(b) (1) The State plan may provide for apportionment of the State's allotment among closing dates during the same fiscal year.

(2) In that case the plan may also provide for the commission to make available immediately—from funds apportioned to later closing dates, if any, in the same fiscal year—funds sufficient to provide a full Federal share, as initially calculated, for the first project for which only part of the Federal share would otherwise have been available.

(c) If the State plan contains the provisions described in both paragraphs (b)(1) and (b)(2) of this section, the commission shall—

(1) Make available immediately funds sufficient to provide a full Federal share, as initially calculated, for the first project for which only part of the Federal share would otherwise have been available; and

(2) Carry over to any subsequent closing dates in the same fiscal year all other eligible but unfunded applications in that category without requiring the applicants to submit new applications for those projects for that fiscal year.

(d) If the State plan contains the provision described in paragraph (b)(1) of this section but does not contain the provision described in paragraph (b)(2) of this section, the commission—

(1) Shall carry over to any subsequent closing dates in the same fiscal year all eligible applications for which a full Federal share is not available; and

(2) Is prohibited from requiring those applicants to submit new applications for those projects for the same fiscal year.

(e) (1) If the State plan does not apportion the State's allotment among closing dates or if the closing date is the last closing date in a fiscal year, the commission shall offer the remaining Federal funds as a partial Federal share for the first project—in order of relative priority—for which less than the full Federal share, as calculated, is available.

(2) The commission or the applicant may not regard the offer and acceptance of a lesser Federal share as diminishing the scope of the project for which the partial share is accepted.

(3) The commission shall give the applicant that agrees to accept a partial Federal share the option to submit a supplemental application, as provided in § 617.27.

(4) If an applicant declines to accept the commission's offer of a partial Federal share, the commission shall carry over to the next closing date, if any, in the same fiscal year—

(i) The remaining funds; and

(ii) The application for which an applicant declined the partial Federal share.

(20 U.S.C. 1132a-5(b))

§ 617.21 Recommendations by State commission.

On completing its consideration of applications for each closing date, but no later than 45 days after each closing date, a State commission shall forward the following to the Secretary:

(a) A current application summary report, in a form prescribed by the Secretary, for each category of applicants. The commission shall list in its report—

(1) Each application received for that closing date, including those carried over from the previous closing date;

(2) Each application returned to an applicant and the reason for the return of that application; and

(3) The priority and Federal share—determined according to the State plan—for each project recommended for Federal assistance.

(20 U.S.C. 1132a-3(a)(6))

(b) For each project to which the commission has assigned a priority high enough to enable that project to qualify for a Federal grant within the amount of funds available in the allotment for the State, the application form and exhibits in the number of copies the Secretary requests.

(20 U.S.C. 1132a-3(a)(4)(B))

§ 617.22 Notification to applicants.

A State commission shall—

(a) Promptly notify an applicant of the results of all determinations regarding its application as of each closing date; and

(b) On request and according to procedures that the commission has established, give an applicant access to the records of official proceedings on the basis of which the commission determined relative priorities and Federal shares of all applications.

(20 U.S.C. 1132a-3(a)(2), (4), and (5))

§ 617.23 Disposition of applications not recommended for grants.

(a) A State commission shall notify unsuccessful applicants when funds are no longer available in the State allotments for that fiscal year.

(b) The commission may retain an application that it does not recommend for a grant within the fiscal year in which the applicant filed that application.

(c) The commission may reconsider for the following fiscal year an application that it has not recommended for a grant if the applicant requests the commission, in writing, to reconsider its application in that subsequent year.

(d) If the commission carries over an application from one closing date to the next, the applicant shall amend those portions of the application requiring data on enrollments and available instructional and library or health care facilities or both—as appropriate—to reflect most recent opening fall term data.

(20 U.S.C. 1132a-6(a)(1))

§ 617.24 Grant award.

For a project application that meets all eligibility requirements for an award of funds under Title VII A and has been recommended by the State commission, the Secretary—

(a) Approves the application;

(b) Reserves Federal funds from the appropriate State allotment; and

(c) Prepares and sends to the applicant a grant award that contains the pertinent terms and conditions of the grant.

(20 U.S.C. 1132a-6(a) and (c))

§ 617.25 Amendments.

(a) Any time prior to a closing date for which an applicant asks its State commission to consider its application, the applicant may make changes in the application by informing the commission, in writing, of those changes.

(b) After the closing date the commission may not permit changes in the application except for corrections or the submission of additional data the commission requests.

(20 U.S.C. 1132a-6(a)(1))

§ 617.26 Project changes.

After a State commission has forwarded a recommended project to the Secretary, the Secretary does not approve any substantial changes in the nature or scope of the project until the Secretary determines that those changes would not have affected the commission's original recommendation of the project for a grant.

(20 U.S.C. 1132a-6(a)(2)(C))

§ 617.27 Supplemental applications.

(a) If an applicant has received approval of a Title VII A grant but has not received the maximum Federal share allowable under the Act or the applicable State plan, the applicant may file a supplemental application.

(b) A supplemental application—

(1) Must be in the form of a written request to the State commission; and

(2) Must contain all amended application data necessary to enable the commission to assign a priority to the application and to calculate a revised eligible development cost of the project, if applicable.

(c) However, the commission may not consider a supplemental application for—

(1) A closing date that is more than 12 months after the applicant has started construction, reconstruction, or renovation; or

(2) A closing date that is after the date the applicant has substantially completed the project.

(20 U.S.C. 1132a-6(b))

§ 617.28 Standards for determining Federal share of eligible projects.

(a) A State plan must—

(1) Specify as a uniform percentage the Federal share of the costs eligible for Federal financial assistance; or

(2) Prescribe the standards or methods by which the State commission determines the Federal share of the costs.

(b) The Federal share of project costs may not exceed the percentage of the eligible development cost as specified in section 706(b)(2) of the Act.

(c) Standards and methods for determining the Federal share of eligible costs must—

(1) Be objective and simple to apply;

(2) Be based on the data that applicants are required to include in their applications; and

(3) Be consistent with the standards in the State plan for determining relative priorities.

(20 U.S.C. 1132a-5(b))

(d) For projects for the removal of architectural barriers authorized under Title VII E, the Federal share may—

(1) Not exceed 50 percent of the eligible project cost if the applicant qualified for assistance on the basis of "financial hardship"; or

(2) Not exceed 25 percent of the eligible project cost if the applicant qualified for assistance on the basis of "high absolute cost."

(20 U.S.C. 1132a-5(b)(2); 1132d-11(a)(2)(A))

§ 617.29 Adjustments in the amount of Federal share.

(a) If the Secretary finds that the costs eligible for Federal assistance in a project are less than those provided for in the grant award, the Secretary redetermines the amount of the Federal share.

(b) The Secretary bases the amount of the revised grant on—

(1) The lesser eligible costs, using the State plan provisions that were in effect at the time the State commission recommended the project for a grant; and

(2) The assumption that sufficient funds were available in the State allotment at that time to provide the maximum Federal share.

(c) (1) If the Secretary finds that the redetermined share is less than the maximum amount authorized by the grant, the Secretary reduces the grant accordingly.

(2) If the Secretary finds that there has been an overpayment of Federal funds, the grantee shall immediately remit that overpayment to the Secretary.

(3) If the Secretary finds that the redetermined Federal share is equal to or greater than the maximum amount authorized by the grant, the amount of the grant shall be the Federal share.

(1) The establishment or development of a graduate school or cooperative graduate center of excellence; or

(e) (1) Satisfactory assurance that the applicant will not, without the consent of the Secretary, mortgage to others during the life of the loan the facility constructed, reconstructed, or renovated with the aid of the loan.

(2) However, a borrower does not require the Secretary's consent to mortgage facilities reconstructed or renovated under Title VII E unless the Secretary has a mortgage on the facilities as securitiy for a loan under this subpart.

(20 U.S.C. 1132c-2(b)(1))

(f) (1) Satisfactory assurance that the applicant will finance not less than 20 percent of the development cost of the facility from non-Federal sources.

Subpart B—Criteria for Designation as a Developing Institution

§ 624.11 General rules.

(a) To be considered for funding under title III an institution of higher education must be designated by the Secretary as a "developing institution."

(b) An institution that is not designated as a developing institution may reapply for designation as a developing institution in a subsequent year.

(c) An institution shall submit a request for designation as a developing institution prior to or at the time of submission of an application for funding under title III.

(d) Designation of an institution as developing does not guarantee that the Secretary funds the institution's application. The Secretary decides whether to fund a developing institution's application for title III assistance on the basis of procedures set out in Subpart F, "Grantee Selection."

(e) The Secretary reviews the status of an institution as a developing institution before awarding any title III funds to the institution and notifies the institution of the determination.

(f) If the Secretary determines that the institution is not a developing institution based on the criteria in the subpart, the Secretary notifies the institution of the basis for the determination.

(20 U.S.C. 1051, 1052)

§ 624.12 Designation as a developing institution.

The Secretary designates an institution as a developing institution if it meets each of the following criteria, with the exceptions stated in §§ 624.17(f) and 624.18(e):

(a) First, an institution must—

(1) Be an eligible institution of higher education (§ 624.13);

(2) Provide an educational program authorized by the State in which it is located (§ 624.14);

(3) Have achieved appropriate accreditation status (§ 624.15); and

(4) Have met the requirements of paragraphs (a)(2) and (3) of this section for five consecutive years, including the year in which the institution seeks designation as a developing institution. However, the Secretary may waive this requirement in order to increase higher educational opportunities for Indians or Spanish-speaking people (§ 624.16).

(b) Second, an institution must document that—for financial or other reasons—it is struggling for survival, and it must show that it has taken corrective steps over the past three years to strengthen its fiscal status (§ 624.17).

(c) Third, an institution must demonstrate that it is out of the main currents of academic life by reason of serving a student body with a particularly high percentage of students who are economically deprived (§ 624.17).

(d) Fourth, an institution must have the desire and potential to make a substantial and distinctive contribution to the higher education resources of the Nation. The institution's mission and goals must clearly reflect that desire. The institution must also be making a reasonable effort to meet its mission and accomplish its goals through activities carried out over the past three years (§ 624.18).

(20 U.S.C. 1051, 1052)

§ 624.13 Eligible institutions of higher education.

(a) To be designated as a developing institution, an institution must be an institution of higher education that—

(1) Awards a bachelor's degree; or

(2) Is a junior or community college, as defined in section 302 of the Act.

(b) To be designated as a developing institution, a branch campus of a university or college must be a separate institution of higher education and be independent from the main campus. The branch campus must have accreditation status, budget control, and hiring authority all separate from the main campus.

(20 U.S.C. 1052(a)(1))

§ 624.14 Legal authorization for educational program.

To be designated as a developing institution, an institution must provide an educational program that is legally authorized by the State in which it is located.

(20 U.S.C. 1052(a)(1))

§ 624.15 Accreditation status.

(a) To be designated as a developing institution, an institution must be either—

(1) Accredited as a bachelor's degree-granting institution or as a junior or community college by a nationally-recognized accrediting agency or association; or

(2) Determined by the appropriate accrediting agency or association to be making reasonable progress toward accreditation.

(b) If an institution that is a junior or community college has changed to or merged with a bachelor's degree-granting institution, the institution must be accredited or be making reasonable progress towards accreditation in its new status.

(20 U.S.C. 1052(a)(1))

§ 624.16 Five-year requirement.

(a) To be designated as a developing institution, an institution must have met the requirements of §§ 624.14 and 624.15, except as provided in paragraph (b), for five consecutive academic years, including the academic year in which the institution seeks designation as a developing institution.

(20 U.S.C. 1052(a)(1)(C))

(b) The Secretary may waive all or part of the five-year requirement of paragraph (a) of this section in the following circumstances:

(1) If the Secretary determines that the granting of a waiver for an institution will increase higher educational opportunities for Indians, the Secretary may waive the five-year requirement for an institution that is located on or near an Indian reservation or near a substantial population of Indians.

(2) If the Secretary determines that the granting of a waiver for an institution will substantially increase higher educational opportunities for Spanish-speaking people, the Secretary may waive three years of the five-year requirement.

(c) To apply for a waiver under either paragraph (b)(1) or (b)(2) of this section, an institution shall request and justify the granting of the waiver.

(20 U.S.C. 1052(a)(2))

§ 624.17 Struggling for survival and isolated from the main currents of academic life.

(a) The Secretary groups institutions applying for designation as developing institutions as follows: (1) Public bachelor's degree-granting, (2) public junior or community colleges, (3) private bachelor's degree-granting, and (4) private junior or community colleges.

(b) To be designated as a developing institution, the institution must be struggling for survival for financial or other reasons and be isolated from the main currents of academic life. In addition, the institution must be making a constructive effort to ensure that it will continue to survive.

(c) To assist in determining whether an institution is, in fact, struggling and isolated, except as provided in paragraph (f) of this section, the Secretary awards points to the institution for its average educational and general (E&G) expenditures per full-time equivalent (FTE) student and for its average Basic Educational Opportunity Grant (BEOG) award per FTE undergraduate student.

(1) The Secretary assigns points to the institution—on a scale of 0–100—on the basis of its average E&G expenditure per FTE student. The points awarded reflect the institution's position on the percentile scale when compared to the student expendidtures of all other similar institutions. For example, an institution that is estimated to be in the 98th percentile (a high per student expenditure) when compared to other colleges receives two points, while an institution estimated to be in the second percentile (a low per student expenditure) receives 98 points.

(See the illustrative chart in paragraph (c)(3) of this section.)

(2) The Secretary also assigns points to the institution on a scale of 0-200—on the basis of the average BEOG award per FTE undergraduate student. The points awarded are based on the institution's percentile ranking when compared to all other similar institutions. For example, an institution that is estimated to be in the 97th percentile (a large BEOG award per student) when compared to other colleges receives 194 points, while an institution estimated to be in the third percentile (a small BEOG award per student) receives six points. (See the chart in paragraph (c)(3) of this section.)

(3) The following chart illustrates how the Secretary assigns points for these factors:

POINT SYSTEM FOR INSTITUTIONAL CHARACTERISTICS POINTS

Percentile rank	Average E&G expenditures per FTE student	Average BEOG award for FTE undergraduate student
99.5	0	200
99	1	198
98	2	196
—	—	—
—	—	—
—	—	—
—	—	—
2	98	4
1	99	2
0.5	100	0

(4) To determine the percentile rankings in these two categories, the Secretary uses data from the second year preceding the one in which the institution seeks designation as a developing institution. (For example, an institution seeking designation as a developing institution in fiscal year 1980 would submit data based on the 1977-1978 academic year.)

(d) (1) A total of 174 points—the combined total of the points earned in the per student expenditure and basic grant calculation—meets the quantitative requirements of this section.

(2) An institution that receives fewer than 174 points may submit a written statement explaining why these indicators do not sufficiently reflect its status as a struggling institution and one isolated from the main currents of academic life.

(3) After reviewing the institution's submission, the Secretary may determine that the institution, in fact, is struggling for survival and is isolated from the main currents of academic life.

(20 U.S.C. 1052)

(e) In addition, if any of the following conditions apply, the institution shall explain to the Secretary in a written narrative why such a condition exists and what has been done to improve the situation:

(1) A decrease in full-time equivalent student enrollment of five percent or more for the three-year period preceding the year in which the institution seeks designation as a developing institution.

(2) A decrease in total current funds revenues during any of the three years preceding the year in which the institution seeks designation as a developing institution.

(3) An excess of expenditures plus mandatory transfers over revenues in the unrestricted current funds during any two of the three years preceding the year in which the institution seeks designation as a developing institution. In this section the term "current funds" means the funds available for use in meeting current operations.

(f) The Secretary considers an institution to be struggling and isolated for purposes of paragraph (b) of this section if the institution—

(1) Received a grant under this part in the fiscal year ending September 30, 1978; or

(2) Received a grant under the Advanced Institutional Development Program in a prior fiscal year for an award period with an original expiration date on or after June 30, 1979.

(20 U.S.C. 1052(a)(1)(D)(ii))

§ 624.18 Desire, potential, and reasonable effort.

(a) To be designated as a developing institution, an institution must possess the desire and potential to make a substantial and distinctive contribution to the higher education resources of the Nation. Such a contribution might, for

example, be to provide access to a particular group of students who would not otherwise have access to an institution of higher education; or the institution may offer a particular set of academic programs that are not otherwise available to the types of students who comprise its student body.

(b) In addition, the institution must have taken concrete steps to improve its overall academic and administrative capacity over the past three years and, specifically, have made a reasonable effort to improve the quality of its administrative and instructional staffs and its student services.

(c) Except as provided in paragraph (e) of this section, the institution shall submit to the Secretary, as part of its request for designation as a developing institution, a narrative describing—

(1) The mission and goals of the institution; and

(2) The tangible progress that the institution has made over the past three years to reach its specific goals, with special emphasis on activities carried out in the improvement of—

(i) Instructional staff;

(ii) Administrative staff; and

(iii) Student services.

(d) On the basis of the narrative, the Secretary determines whether the institution meets the criteria of having the desire and potential of making a significant contribution to the higher educational resources of the Nation and has been making a reasonable effort to improve its instructional program, its administrative capacity, and its student services.

(e) The Secretary considers any institution to have satisfied the requirements of this section if the institution—

(1) Received a grant under this part in the fiscal year ending September 30, 1978; or

(2) Received a grant under the Advanced Institutional Development Program in a prior fiscal year for an award period with an original expiration date on or after June 30, 1979.

(a) Cooperative arrangement grants.

(b) National Teaching Fellowships.

(c) Professor Emeritus Grants.

Each award is made from a single fiscal year's appropriation for Title III.

(20 U.S.C. 1054(b))

§ 624.22 Cooperative arrangements.

(a) A cooperative arrangement is one or more working relationships between a developing institution and other institutions of higher education, agencies, organizations, or business entities to assist the developing institution in implementing activities under a title III grant.

(b) There are two kinds of cooperative arrangements:

(1) *Bilateral arrangements.* Under a bilateral arrangement the developing institution draws upon the assistance and services of another higher educational institution, agency, organization, or business entity to strengthen its academic quality, or administrative, management, and financial capacity.

(2) *Consortium arrangements.* (i) Under a consortium arrangement two or more developing institutions agree to work with each other to strengthen themselves in the areas indicated or enter into an arrangement with an institution of higher education, agency, organization, or business entity to help a cluster of developing institutions carry out allowable activities.

(ii)—(iii) [Reserved]

(iv) Every participating institution receiving services from a consortium arrangement shall be a developing institution and shall receive services in proportion to its share of the grant.

(v) The size of a consortium arrangement is limited to the number of institutions that can be effectively and efficiently served.

(b) The Secretary awards a National Teaching Fellowship of one or two years' duration through a developing institution to—

(1) Junior faculty members from institutions other than the applicant institution; and

(2) Highly qualified graduate students—from institutions other than the applicant institution—who have at least a master's degree or related professional experience.

(c) A developing institution may have a National Teaching Fellow—

(1) Teach in an understaffed or new academic program; or

(20 U.S.C. 1054)

§ 624.24 Professor Emeritus Grant.

(a) A Professor Emeritus Grant is the third type of award made by the Secretary under title III. A developing institution may request a Professor Emeritus Grant either—

(1) As part of a cooperative arrangement; or

(2) Independent of any other type of award.

(b) The Secretary awards a Professor Emeritus Grant through a developing institution to a professor who has retired from active service at an institution of higher education other than the grantee institution.

(c) A developing institution may have a Professor Emeritus—

(1) Teach in an understaffed or new academic program;

(2) Substitute for a faculty member released for further training or advanced study; or

(3) Conduct research to aid the development of the institution.

(d) A Professor Emeritus Grant includes a stipend for each academic year of teaching or research at the developing institution through which the award is made. The stipend may not exceed the salary of a comparable staff member of the developing institution. A developing institution at which a Professor Emeritus Grant recipient serves may supplement the stipend with funds from sources other than title III.

(e) The period of a Professor Emeritus Grant may not exceed two academic years. However, if approved by the Secretary upon the advice of the Title III Advisory Council—one additional two-year period may be funded to complete the program objectives of the original award.

(b) The Secretary awards grants of one year's duration to refine institutional mission and goals and to develop long-range plans for achieving an institution's academic goals or strengthening its management or both. The Secretary may award an institution, during its participation in the program, a maximum of three grants for these purposes.

(c) The Secretary awards grants of up to three years' duration to support the development and short-term implementation of other activities in any allowable areas.

(d) The Secretary awards grants of up to five years' duration to support implementation of long-term programs to improve an institution financially and to strengthen its management.

(e) An institution receiving assistance under this part during any fiscal year may not apply for further assistance during that year unless—

(1) The assistance applied for is to be provided through a consortium arrangement; or

(2) The award period for the assistance currently being received will terminate by the following December 31.

(1) Long- and short-range goals;

(2) Planned activities;

(3) Criteria for measuring progress;

(4) Time schedules;

(5) Resources needed; and

(6) Procedures to be used to monitor progress of the proposed Title III activities against the plan. However, an applicant need not submit a long-range plan if the applicant is seeking funding for planning activities only.

§ 629.1 Definitions.

As used in this part:

"Academic year" means a period beginning on July 1 and ending on the following June 30.

"Cost-of-instruction payment," or "payment," means an amount calculated with respect to an institution of higher education for an academic year on the basis of undergraduate veteran student enrollment.

"Institution of higher education," or "institution," means an educational institution in any State which: (a) Admits as regular students only persons having a certificate of graduation from a school providing secondary education, or the recognized equivalent of such a certificate, (b) is legally authorized within such State to provide a program of education beyond secondary education, (c) provides an educational program for which it awards a bachelor's degree or provides not less than a 2-year program which is acceptable for full credit toward such a degree, (d) is a public or other nonprofit institution, and (e) is accredited by a nationally recognized accrediting agency or association as determined by the Secretary or, if not so accredited, (1) is an institution with respect to which the Secretary has determined that there is satisfactory assurance, considering the resources available to the institution, the period of time, if any, during which it has operated, the effort it is making to meet accreditation standards, and the purpose for which this determination is being made, that the institution will meet the accreditation standards of such an agency or association within a reasonable time, or (2) is an institution whose credits are accepted, on transfer, by not less than three institutions which are so accredited, for credit on the same basis as if transferred from an institution so accredited, or (3) is an institution which has been approved by a State agency recognized by the Secretary pursuant to section 438(b) of the Higher Education Act of 1965, as amended. Such term also includes any school which provides not less than a 1-year program of training to prepare students for gainful employment in a recognized occupation and which meets the provisions of clauses (a), (b), (d), and (e) of this definition.

"Instructional expenses in academically related programs" means the expenditures of instructional departments of an institution of higher education for salaries, office expenses, equipment, and research.

"School or department of divinity" means an institution or a department or a branch of an institution the program of instruction of which is designed for the education of students (a) to prepare them to become ministers of religion or to enter upon some other religious vocation (or to provide continuing training for any such vocation), or (b) to prepare them to teach theological subjects.

"Student" means a person in attendance as at least a half-time student at an institution of higher education. The term is further defined as follows:

(a) "Full-time student" means a student who (1) is enrolled for the equivalent of at least 14 semester hours or (2) is enrolled for the equivalent of not less than 12 semester hours and is being charged on the basis of the institution's normal full-time fee schedule.

"Undergraduate" refers to a student who (a) has not earned his first bachelor's degree or professional degree, and (b) (1) is pursuing a program of studies leading to a certificate or diploma or (2) is receiving or has received educational assistance under subchapter V or subchapter VI of chapter 34 of title 38, United States Code. A student who has not earned his first bachelor's or professional degree and who is enrolled in a program of study at the

postsecondary level which is designed to extend for more than four academic years shall not be considered as an undergraduate student in that portion of the program that involves study beyond the fourth academic year unless that program leads to a first degree and is designed to extend for a period of five academic years.

(a) Whether a request for fellowships is for continuation of support for qualified students who are maintaining satisfactory proficiency as determined by the institution and who were awarded fellowships under this program in a previous year (such a request to have priority over request for new fellowships);

(b) Whether funding the application will assist in attaining a wide geographical distribution of graduate and professional study programs throughout the United States;

(c) The extent to which the application for an allocation of fellowships ranks high, based on the maximum point scores as shown, on the following criteria:

(1) The institution presents persuasive evidence documenting the strength of its previous or current commitment to meet the needs of students it proposes to serve from minority groups which have been traditionally underrepresented in colleges or universites and academic and professional career fields (25);

(2) The institution's plan to designate a coordinator of the fellowship program who is responsible for the overall administration of the program (as distinct from departmental or other officials), and who has ample time, clear responsibilities, and sufficient authority to coordinate the appropriate institutional or departmental supportive services required to assist the fellows in overcoming personal, academic, financial, and similar barriers to completing their courses of study (15);

(3) The institution describes a recruitment plan which includes:

(i) An active and aggressive effort to identify and attract qualified individuals,

(ii) Consideration to the need to prepare a larger number of individuals from minority groups, especially from among such groups which have been traditionally underrepresented in colleges and universities and academic and professional career fields, and

(iii) Opportunities for persons who have demonstrated their competence outside of higher education for at least two years subsequent to the completion of their undergraduate studies and for those individuals who have varied backgrounds and experiences in other than academic settings (33);

(4) The institution proposes adequate arrangements to assign the fellowships to the approved graduate or professional study areas which will result in a net increase of students in a given area and will not result in a decrease in the amount of the institution's own financial support available for other such students in such programs (15);

(5) The institution outlines its plans to measure the effectiveness of the fellowship program, distinguishing between the evaluation of the overall efforts made by the institution (as delineated in the above four criteria), and the more specific efforts made by each of the departments or professional areas of study that receive fellowships in accordance with the five criteria listed below in paragraph (d) of this section (12);

(d) The extent to which the institution has one or more, up to maximum of five, approved graduate or professional study areas each of which is described and ranks high based on the maximum point scores as shown on the following criteria:

(1) Evidence is provided which demonstrates that one or more minority

groups which the institution proposes to serve have been traditionally underrepresented in the proposed graduate or professional study area (20);

(2) Evidence is provided which demonstrates that there is a need for more highly trained individuals in the proposed graduate or professional study area (15);

(3) Satisfactory assurances are given for each proposed study area that—

(i) Special orientations and practical experiences designed to prepare fellowship recipients for academic careers or for other professional careers of importance to the national interest will be provided (12),

(c) The Secretary may award a fellowship for an additional 12 month period beyond the initial 36 months in special circumstances when the Secretary determines that the extension would serve the purposes of the fellowship program.

(20 U.S.C. 1134e)

§ 648.46 Eligibility for fellowships.

A recipient of a fellowship under this part must:

(a) Have been accepted or enrolled for post-baccalaureate study leading to an advanced degree of doctor of philosophy, doctor of arts, or an equivalent degree, or a post-baccalaureate professional degree necessary for professional practice in a given field, at an institution of higher education that has received an allocation of fellowship;

(a) In order to apply for a grant under this part, an institution of higher education must submit an application that responds to the appropriate criteria in §§ 649.12, 649.13, and 649.14.

(b) The application must describe how the institution of higher education will select eligible individuals to receive fellowships. This description must include evidence that the selected individual—

(1) Will achieve the academic goals of the fellowship; and

(2) Can demonstrate a level of financial need based on the institution's method or methods which the Secretary approves for determining financial need. An institution may—

(i) Use its own financial need analysis system, which may or may not incorporate or adapt a more general system such as that provided by the College Scholarship Service (CSS), the American College Testing Service (ACT), or the Graduate and Professional School Financial Aid Service (GAPSFAS); or

(ii) Use exclusively one of the systems referred to in paragraph (b)(2)(i) of this section; and

an individual's prior receipt of fellowship assistance under this program.

(20 U.S.C. 1134f(a))

§ 649.11 How does the Secretary evaluate an application?

(a) *Funding reservations.*

(1) The Secretary reserves funds for Graduate and Professional Opportunity Fellowships, Public Service Education Fellowships, and Domestic Mining and Mineral and Mineral Fuel Conservation Fellowships in accordance with section 922(e) of the Act (referring to the amount the Secretary is required to expend for each category of fellowships) and applicable appropriation statutes.

(20 U.S.C. 1134e(e))

(2) Before considering applications that include support for new fellowships, the Secretary provides funds to continue support for qualified students—

(i) Who were awarded fellowships under this program in a previous year; and

(ii) Who are maintaining satisfactory progress as determined by the institution.

(20 U.S.C. 1134f(b))

(3) From the sums appropriated under this program for any fiscal year, the Secretary does not make to a single institution of higher education a grant less than $75,000, except to the extent that payments are made for continuation fellowships only—without any new fellowship—and the total sum equals less than $75,000.

(20 U.S.C. 1134e(b))

(b) *Selection criteria.*

Subject to the funding reservations, the Secretary—in determining whether to select an institution of higher education for a grant and how many fellowships to authorize under the grant—assesses an application on the basis of the criteria in § 649.12 for Graduate and Professional Opportunity Fellowships; the criteria in § 649.13 for Public Service Education Fellowships; and the criteria in § 649.14 for Domestic Mining and Mineral and Mineral Fuel Conservation Fellowships.

(1)(i) In assessing applications for Graduate and Professional Opportunity Fellowships, the Secretary ranks each academic area in which an applicant proposes to award fellowships. The Secretary ranks each academic area according to the combined scores for institution-wide criteria and criteria for that area.

(ii) The Secretary awards up to 56 possible points for the institution-wide criteria (§ 649.12 (a)–(e)), and up to an additional 44 possible points for the criteria specific to the academic area submitted (§ 649.12 (f)–(k)).

(2) In assessing an application for Public Service Fellowships, the Secretary awards up to 100 possible points.

(3) In assessing an application for Domestic Mining and Mineral and Mineral Fuel Conservation Fellowships, the Secretary awards up to 100 possible points.

(4) The maximum possible score for each criterion is indicated in parentheses following the heading for that criterion.

(5) In evaluating an application from an institution that previously received a grant under this program, the Secretary assesses the extent to which the previously funded grant achieved its objectives.

(20 U.S.C. 1134e(d) (1) and (2))

(c) *Other considerations.*

For applications of substantially equal quality, the Secretary gives priority to applications that will contribute to achieving the following:

(1) An equitable geographic distribution of grants.

(2) An equitable distribution of awards among eligible public and independent institutions of higher education.

(20 U.S.C. 1134e(b)(1))

(3) An appropriate balance of fellowships with regard to academic areas, taking account of present and projected needs for highly trained individuals in all academic careers beyond the high school level and in other than academic career fields of high national priority.

(c)(1) Depending on the availability of funds and under special circumstances, the Secretary may provide for a fellowship extension of not more than 12 months in addition to the 36

months of support a fellow receives under this program. Generally, special circumstances would be the need for additional months to complete the doctorate or equivalent degree.

(2) A fellow who wishes to request an extension must make that request to the institution of higher education well in advance of the application closing date for the subsequent academic year.

(3) The institution of higher education must request approval for the additional support in its application and must request appropriate sums in the proposed budget.

(20 U.S.C. 1134f)

§ 649.41 Vacated fellowships.

(a)(1) If a fellow vacates a fellowship prior to the end of the first year of the award, the institution of higher education to which the fellowship is allocated may reaward the fellowship to another individual.

(2) This individual must meet the eligibility requirements stated in § 649.30 and be chosen in accordance with the institution's fellowship award procedures.

(b) A fellow awarded a vacated fellowship may apply for renewal of the fellowship for up to 36 months.

(c)(1) Second and third year continuation fellowships must be for the same individual who held the fellowship at the end of the first academic year.

(2) If a continuation fellowship is vacated after the first year, it may not be awarded to another individual. The fellowship terminates at that time.

(d) If a fellow graduates at any time during tenure of the fellowship, the fellowship terminates at that time.

(20 U.S.C. 1134f(b))

§ 649.42 Fellowship conditions.

In order to continue to receive payments under a fellowship, a fellow must:

(a) Maintain satisfactory progress as determined by the institution of higher education;

(b) Devote essentially full time to study or research in the field in which the fellowship was awarded; and

(c) Not engage in gainful employment during the period of the fellowship, except on a part-time basis in teaching, research, or similar activities approved by the Secretary.

(20 U.S.C. 1134f(b))

Subpart F—What Are the Administrative Responsibilities of the Institution?

§ 649.50 Amount of a fellowship.

(a) The maximum stipend that an institution may award to any fellow is $4,500 for a twelve-month year. A fellow who is enrolled in the program for an entire academic year that includes summer sessions will be considered to be enrolled in the program for the full 12 months.

(b) A fellow who is enrolled in the program for fewer than 12 months shall receive a pro rata share of the stipend.

(20 U.S.C. 1134f(a))

§ 649.51 Institutional allowance.

(a) In accordance with section 922(f) of the Act, the Secretary pays an institutional allowance to an institution of higher education in the amount of $3,900 per 12-month period for each fellowship allocated to that institution.

(b) If the fellow is enrolled for fewer than 12 months, the Secretary pays the institution of higher education a pro rata share of this amount.

(c) If the institution of higher education charges a fellow for tuition or nonrefundable fees that are required by the institution as a part of the fellow's instructional program, the Secretary deducts that amount from the institutional allowance.

(d) The institutional allowance is in lieu of any administrative or other costs for an institution of higher education. The allowance is not subject to restrictions on allowable costs.

(20 U.S.C. 1134e(f))

§ 649.52 Payment procedures.

(a)(1) The Secretary pays to the institution of higher education the fellowship stipends and institutional allowances.

(2) The institution of higher education is responsible for disbursing stipends to the fellows.

(b) The institution of higher education determines the frequency with which payments of the stipend will be made to fellows, except that the institution shall make no fewer than two payments a year.

(c) If a fellow, for any reason, fails to complete the period of study for which any payment under the fellowship has been made, the institution of higher education is responsible for recovery of excess payments.

(d) If the institution of higher education does not award a vacated fellowship to another qualified student, the institution must refund to the Federal government the remaining pro rata share of the institutional allowance and the stipends.

(e) If an institution of higher education is unable to use all of the amounts available to it under this program, the Secretary will—on such dates each fiscal year as determined by the Secretary—reallot the amounts not needed to institutions of higher education which can use the grants authorized under this program.

(20 U.S.C. 1134p(b))

§ 650.10 Criteria for allocating fellowships to institutions of higher education.

The allocation of fellowships among institutions of higher education which apply for participation in this program and which offer a graduate program leading to an advanced or professional degree in the field of domestic mining or mineral and mineral fuel conservation will be based on the following criteria:

(a) Highest priority will be given to allocate fellowships to institutions of higher education where the fellowships will be used to support fellows who are currently receiving assistance under this part or who are returning from an approved leave of absence (see § 650.4(c)) if there is evidence that these individuals have made satisfactory progress toward completing their course of study during the time when they are (or were) enrolled at the institution.

(b) The remaining fellowships will be allocated among institutions of higher education based on the degree (calculated according to the maximum point scores as shown) to which there is demonstrated evidence that the educational program at that institution:

(1) Is designed to address one or both of the following national needs (25 points):

(i) The need for trained individuals to improve the technologies for the efficient extraction and processing of nonrenewable mineral and mineral fuels including the development of improved systems of underground, underwater, and surface mining techniques, improved methods to protect the health and safety of people working in extraction and processing operations, and improved methods to protect and restore the environment in extraction and processing operations;

(ii) The need for training individuals to develop ways to ensure the availability of non-renewable minerals and mineral fuels through improved exploration or discovery techniques, optimum recovery of existing mineral and mineral fuel reserves, improved utilization of processed minerals and mineral fuels through recycling technology, and improved understanding of mineral economics;

(2) Is of high quality in terms of course offerings (20 points);

(3) Leads to immediate career opportunities in domestic mining and mineral and mineral fuels industries, includ-

ing careers in teaching in those subject areas at institutions of higher education (5 points);

(4) Offers an opportunity for relevant supervised practicum, internship, or field experience (5 points);

(5) Has a program director and teaching staff which have the education, background, research interests, and experience to plan and implement a successful program of domestic mining and mineral and mineral fuel conservation education (20 points);

(6) Has the necessary institutional resources (facilities, equipment, library, etc.) to meet program objectives (20 points); and

(7) Has developed procedures to measure the effectiveness of the program (5 points).

(20 U.S.C. 1134n(c))

§ 650.11 Reaward of vacated fellowships.

If a fellowship is vacated prior to the end of a period for which it was awarded, the institution to which the fellowship is allocated may recommend to the Secretary another individual to receive the fellowship. This individual must meet all the eligibility requirements set forth in § 650.5. The duration of a reawarded fellowship shall be for a period of graduate or professional work or research not in excess of the remainder of the period for which the fellowship it replaces was awarded.

(20 U.S.C. 1134n(b)(2))

§ 650.12 Payment procedures.

(a) The Secretary will pay to the approved institution of higher education the stipend and institutional allowance (calculated pursuant to §§ 650.7 and 650.9) for each fellowship allocated to that institution. The institution of higher education is responsible for disbursing all funds due the recipient.

(b) The timing of payments to fellows will be left to the discretion of each institution of higher education, although no fewer than two payments a year shall be made. Institutions are responsible for recovery of excess payments made to students who, for any reason, fail to complete the academic year for which they are registered.

(20 U.S.C. 1134p)

§ 650.13 Criteria for determining financial need.

In determining whether a student has financial need for the purposes of this fellowship program, the institution must consider the student's projected costs for the year including tuition, fees, books, materials, and supplies, plus other reasonable costs that a student might have for room and board in comparison with the student's resources (including available income and contribution from available assets).

(20 U.S.C. 1134n(a))

§ 650.14 Records and reports.

Each institution of higher education which receives an allocation of fellowships under this part, and each individual who is awarded a fellowship shall keep such records and submit such reports as are required by the Secretary. Such reports shall include a certificate from an appropriate official at the institution of higher education, library, achive, or other research center approved by the Secretary, stating that the fellow is making satisfactory progress in and is devoting essentially full time to the program for which the fellowship was awarded.

§ 1.1 *Scope of guidelines.*

(a) The guidelines contained in this document are recommendations and suggestions for meeting the legal requirements which apply to assistance under the Mutual Educational and Cultural Exchange Act of 1961, section 102(b)(6). The legal requirements include the Act itself (22 U.S.C. 2451-58) and the regulations (34 CFR 662). The guidelines are not to be construed as requirements. However, where the guidelines set forth permissible means of meeting a legal requirement, the guidelines may be relied upon.

(22 U.S.C. 2451; 113 Cong. Rec. 5936, 5939 (daily ed. May 23, 1967); *United States* v. *Jefferson County Board of Education*, 372 F. 2d 836, 857 (5th Cir., 1966))

(b) Where a guideline is issued in connection with or affecting a provision of the regulations, the pertinent regulation will be cited after the citation of the legal authority for the guideline in the parentheses following the guideline. For example, if the legal authority for the guideline is section 102(b)(6) of the Act (22 U.S.C. 2452(b)(6)), and the guideline affects § 662.33 of the regulations (34 CFR 662.33), the following citation will be placed on the line immediately following the guideline: (22 U.S.C. 2452(b)(6); 34 CFR 662.33). If no particular section of the regulations is affected, no citation to the Code of Federal Regulations (CFR) will be made (20 U.S.C. 1232(a))

CHAPTER II—DOCTORAL DISSERTATION RESEARCH ABROAD AND FACULTY RESEARCH ABROAD

PART 2—INSTITUTIONAL PROGRAM ADMINISTRATION

§ 2.1 *Designation of institution representative.*

(a) The initial step for an eligible institution which intends to apply for Doctoral Dissertation Research Abroad or Faculty Research Abroad fellowships should be the designation by the institution of an official to serve as institution representative.

(b) The representative should be the dean of the graduate school or a faculty member who possesses a broad knowledge of the fields of modern foreign languages or area studies.

(22 U.S.C. 2452(b)(6); 34 CFR 662.12, 662.16, 662.22, 662.26)

§ 2.2 *Responsibilities of the institution representative.*

The institution representative should assume responsibility for:

(1) requesting individual application packets from the Division of International Education, Department, Washington, D.C. 20202.

(2) informing potentially eligible students and faculty members about the programs;

(3) distributing application packets to potentially eligible students and faculty members;

(4) setting a campus deadline for receipt of individual applications;

(5) screening the applications in accordance with program eligibility requirements as well as technical and academic standards set by the institution;

(6) signing all recommended applications on behalf of the institution;

(7) submitting recommended applications to the Department;

(8) administering the grant after the award is made.

(22 U.S.C. 2452(b)(6); 34 CFR 662.12, 662.16, 662.22, 662.26)

PART 3—APPLICATIONS

§ 3.1 *Application procedures.*

(a) Individual applications should be prepared according to materials available from the Division of International Education. No overall institutional proposal is required.

(c) To facilitate negotiations between the institution and the Secretary, each individual application should contain the (22 U.S.C. 2452(b)(6); 34 CFR 662.12, 662.22) name, address, and telephone number of the institution representative and of the contracting official of the institution.

(22 U.S.C. 2452(b)(6); 34 CFR 662.12, 662.22)

PART 4—PROJECT REVIEW

§ 4.1 *Sensitive topics.*

Awards are not made for research topics which are determined to be politically sensitive in the host country. If an individual candidate anticipates any problem with the political acceptability of the proposed project or of the techniques required to carry it out, at least one alternative project outline should be submitted with the original application. If a candidate presents only one topic which is subsequently determined to be politically sensitive, time may not permit the development of an acceptable substitute.

(22 U.S.C. 2452(b)(6); 34 CFR 662.14, 662.15, 662.24, 662.25)

These standards concern the conduct of audits, the maintenance of records, financial responsibility, administrative capability, and the distribution of institutional refunds.

(c) Noncompliance with these provisions may subject an institution to proceedings under Subpart G. These proceedures may lead to a fine or a limitation, suspension, or termination of the institution's eligibility to participate in any or all of the title IV student assistance programs.

(d) *Institutional participation agreement.* (1) An eligible institution must enter into a written agreement with the Secretary, on a form approved by the Secretary, in order to participate in any of the title IV student assistance programs other than the State Student Incentive Grant Program.

(b)(1) Any individual who conducts an audit must be sufficiently independent of those authorizing the expenditure of Federal funds to produce unbiased opinions, conclusions, or judgments. The independence of this individual shall be judged by the criteria set forth in part III, chapter 3 of the U.S. General Accounting Office publication *Standards for Audit of Governmental Organizations, Programs, Activities, and Functions.* Additionally, auditors other than employees of a State or local government shall meet the qualifications criteria set forth in appendix I of the GAO document. (20 U.S.C. 1094)

§ 668.13 Audit exceptions and repayments.

(a)(1) If—as a result of its own audit or an audit performed at the direction of the institution—the Education Department's Inspector General questions an expenditure or the institution's compliance with an applicable requirement, the Inspector General notifies the Secretary and the institu-

tion of the questioned expenditure or procedure.

(2) If the institution believes that the questioned expenditure or procedure was proper, it shall notify the Secretary in writing of its position and the reasons for its position.

(3) The institution's response must be received by the Secretary within 35 days of the date of the audit agency's notification to the institution.

(b)(1) Based on the audit finding and the institution's response, the Secretary determines the amount of funds improperly spent, if any, and instructs the institution as to the manner or repayment.

(20 U.S.C. 1094)

§ 668.14 Financial aid transcript.

(a)(1) *Disbursing money only after receiving a transcript—general rule.* If informed by a student that he or she attended another eligible institution on at least a half-time basis, the institution the student is currently attending shall not disburse any title IV funds (other than Guaranteed Student Loan and Parent Loans for Undergraduate Students checks where the institution is not the lender) to that student before obtaining a properly signed financial aid transcript from the institution or institutions the student previously attended, unless the other institution or institutions each indicate, in writing that they are not required to provide a transcript under the provisions of paragraph (b) or paragraph (c)(2) or (c)(3) of this section. The student's current institution may disburse title IV funds on the basis of such a written notice or notices.

(2) *Limited exception to the general rule.* The institution the student is currently attending may disburse title IV funds to a student for one payment period if it does not receive in a timely manner the requested transcript or a written notice that the transcript will not be forthcoming as provided in paragraph (d) of this section.

(b) *Providing a transcript—general rule.* (1) Upon request, an institution shall provide to another institution a financial aid transcript for a current or former student who received, while attending the institution—

(i) A Pell Grant during the award period in which the request for the transcript is made;

(ii) A Supplemental Grant; or

(iii) A National Direct Student Loan.

(2) The institution shall honor a request for a transcript from a student or the institution the student is attending or planning to attend.

(3) The institution shall provide the transcript in a timely manner.

(4) The transcript must be signed by an official authorized by the institution to sign such transcripts.

(c) *Exceptions to the general rule in paragraph (b) of this section.* An institution does not have to provide the requested transcript if—

(1) The subject student—

(i) Is in default on any title IV loan made or received for attendance at that institution; or

(ii) Owes a refund on any title IV grant received for attendance at that institution;

(2) The transcript would only include information based on records that the institution is no longer required to keep under the record retention regulations referred to under § 668.12(a); or

(3) The institution participates in the Pell Grant Program under the Alternate Disbursement System and does not also participate in the Supplemental Grant or National Direct Student Loan program in the award period in which the request for the transcript is received.

(d) *Notifying the student's new institution in a timely manner that the transcript is not forthcoming.* If an institution has been requested to provide a transcript but is not required to do so according to paragraph (b) or paragraph (c) of this section, it must notify the student's new institution in writing in a timely manner that the transcript will not be forthcoming and specify the reason for the refusal.

(e) *Information included in a student's financial aid transcript.* A student's financial aid transcript shall in-

clude, with respect to any year for which the institution is required to keep that student's financial aid records, at least the following information—

(6) Whether the student owes a refund on—

(i) A Pell or Supplemental Grant for attendance at the institution, or

(ii) A State Student Incentive Grant received for attendance at the institution, if the institution is aware that the student owes the refund.

(20 U.S.C. 1091, 1094)

§ 668.15 Factors of financial responsibility.

(a) An institution is financially responsible if it is able to—

(1) Provide the educational services stated in its official publications and statements;

(2) Provide the administrative resources necessary to comply with the requirements of this subpart; and

(3) Meet all its financial obligations including refunds.

(b) The Secretary considers that an institution is not financially responsible if—

(1) Under a cash or accrual system of accounting, it—

(i) Has a history of operating losses, or

(ii) Had, for its latest fiscal year, a deficit net worth. A deficit net worth occurs when the institution's liabilities exceed its assets; or

(2) Under an accrual system of accounting, it had at the end of its latest fiscal year, a ratio of current assets to current liabilities of less than 1:1; or

(3) Under a fund accounting system its unrestricted current or operating fund reflects a history of sustained material deficits.

(c) The Secretary determines that an institution is financially responsible under paragraphs (a) and (b) of this section by evaluating documents submitted by the institution. Upon request of the Secretary, the institution must submit for its *latest* complete fiscal year—

(1) A statement of profit and loss and a balance sheet, or for fund accounting, a fund statement; or

(2) An audit prepared by a State or local audit agency for a public institution; or

(3) A certified audit prepared by a certified or licensed public accountant for a non-public institution.

(d) The Secretary may determine that an institution is financially responsible even though it does not appear so under paragraphs (a), (b) and (c) of this section. To enable the Secretary to make this determination, the Secretary may request the institution to submit for its *current* fiscal year—

(1) (i) A statement of profit and loss and a balance sheet, or for fund accounting, a fund statement, or

(ii) An audit prepared by a State or local audit agency for a public institution; or

(iii) A certified audit prepared by a certified or licensed public accountant for a non-public institution; and

(2) Other appropriate documents that will demonstrate to the Secretary that it has sufficient financial responsibility and capability to continue to participate in the title IV programs in spite of its inability to meet the requirements of paragraphs (a), (b), and (c) of this section.

(e)(1) The Secretary may require that the statement of profit and loss, balance sheet and fund statement referred to in paragraphs (c)(1) and

(d)(1) of this section be audited and certified by a certified public accountant.

(2) If the Secretary requires an institution to submit under paragraphs (c) and (d) of this section a statement of profit and loss a balance sheet, a fund statement or an audit, the Secretary may also require the institution to submit the accountant's notes for that work which must be audited and certified by a certified public accountant.

(f)(1)(i) An otherwise eligible institution shall obtain and keep current adequate fidelity bond coverage in order to protect the Government's interest in the title IV funds it receives as a trustee.

(ii) However, a public institution that is bonded by the State against the type of losses described in paragraph (f)(2) of this section does not have to obtain additional fidelity bond coverage.

(2) A fidelity bond indemnifies the holder against losses resulting from fraud of lack of integrity, honesty, or fidelity of one or more of its employees or officers.

(3) Any bond required under this paragraph shall be obtained from companies holding certificates of authority as acceptable sureties (31 CFR Part 223). A list of these companies is published annually by the Department of the Treasury in its Circular 570.

(20 U.S.C. 1094)

§ 668.16 Standards of administrative capability.

To participate in a title IV student financial aid program, an institution must be able to adequately administer those programs. The Secretary considers an institution to have that capability if it establishes and maintains required student and financial records and if it—

(a) Designates a capable individual to be responsible for—

(1) Administering all the title IV student assistance programs in which it participates, and

(2) Coordinating the title IV programs with the institution's other Federal and non-Federal programs of student financial assistance;

(b) Communicates to the individual designated to be responsible for administering title IV programs, all the information received by any institutional office that bears on a student's title IV eligibility.

(c) Uses an adequate number of qualified persons to administer those programs. In determining whether an institution uses an adequate number of qualified persons, the Secretary considers the number of students aided, the number and types of programs in which the institution participates, the number of applications evaluated, the amount of funds administered, and the financial aid delivery system used by the institution;

(d)(1) Administers title IV programs with adequate checks and balances in its system of internal controls, and

(2) Divides the functions of authorizing payments and disbursing funds so that no office has responsibility for both functions with respect to any particular student aided under the programs;

(e) Establishes, publishes, and applies, reasonable standards for measuring whether a student receiving aid under any title IV program is maintaining satisfactory progress in his or her course of study;

(f) Develops an adequate system to verify the consistency of the information it receives from different sources with respect to a student's application for financial aid under title IV programs. In determining whether the institution has an adequate verification system, the Secretary considers whether the institution reviews—

(1) All student aid applications, need analysis documents, statements of educational purpose, and eligibility notification documents presented by or on behalf of each applicant,

(2) Any documents, including any copies of State and Federal Income Tax returns, that are normally collected by the institution to validate information received from other sources, and

(3) Any other information normally available to the institution regarding a student's citizenship, previous educational experience or other factors relating to the student's eligibility for title IV funds; and

(g) Provides adequate financial aid counseling to eligible students who

apply for title IV aid. In determining whether an institution provides adequate counseling, the Secretary considers whether its counseling includes information regarding—

(1) The source and amount of each type of aid offered.

(2) The method by which aid is determined and disbursed or applied to a student's account, and

(3) The rights and responsibilities of the student with respect to enrollment at the institution and receipt of financial aid. This information includes the institution's refund policy, its standards of satisfactory progress, and other conditions that may alter the student's aid package.

(20 U.S.C. 1094)

§ 668.17 Additional factors for evaluating administrative capability and financial responsibility.

(a) The Secretary considers that loan default and withdrawal rates may impair an institution's capability of properly administering student financial aid programs authorized under title IV if—

(1) The default rate on Guaranteed Student Loans, Parent Loans for Undergraduate Students or National Direct Student Loans made to students for attendance at that institution exceeds 20 percent of the principal of all those loans that have reached the repayment period; or

(2) For an institution that has a common academic year for a majority of its students, more than 33 percent of the regular students who are enrolled at the beginning of an academic year withdraw from enrollment at that institution during that academic year; or

(3) For an institution which does not have a common academic year for a majority of its students, more than 33 percent of the regular students enrolled at the beginning of any 8-month period withdraw during that period.

(b)(1) If the default or withdrawal rates for an institution are as high as or higher than the rates set forth in paragraph (a), of this section and the Secretary believes that these rates impair the institution's administrative capability, the Secretary may require the institution to submit for its *latest complete* fiscal year a profit and loss statement, balance sheet or audit.

(2) An audit must be—

(i) Prepared by a State or local audit agency for a public institution, or

(ii) Prepared by a certified public accountant or licensed public accountant for a nonpublic institution;

(3) The date of the statement's preparation shall be within 12 months of the date of the Secretary's request.

(c) The Secretary may require that the profit and loss statement and balance sheet referred to in paragraph (b)(1) of this section be audited and certified by a certified public accountant.

(d)(1) If the Secretary determines that the loan default or withdrawal rates for an institution impairs its capability to administer any financial aid program authorized under title IV, the Secretary requires the institution to take reasonable and appropriate measures to alleviate those conditions as a requirement for its continued participation in those programs.

(2) Before initiating that action, the Secretary informs the institution of the findings and provides it at least 35 days to respond.

(3) The institution may respond by—

(i) Demonstrating that the conditions do not have an adverse effect on the administration of the programs, or

(ii) Submitting a plan of the action it will take to alleviate those conditions.

(20 U.S.C. 1094)

§ 668.18 Change in ownership or control.

(a) An eligible institution, or a previously eligible institution that participated in any title IV student assistance program, that changes ownership resulting in a change in control is not considered by the Secretary to be the same institution unless—

(1) The new owner agrees to be liable, or the old and new owners agree to be jointly and severally liable, for all improperly spent title IV funds provided to the institution before the effective date of the change;

(2) The new owner agrees—

(i) To abide by the institution's refund policy in effect before the effective date of the change for students

who were enrolled before the effective date, and

(ii) To honor all student enrollment contracts that were signed by the institution before the effective date of the change; and

(3) The institution submits individual statements for both new and former owners listing their assets, liabilities, and net worth, and either—

(i) A profit and loss statement and balance sheet for the institution's latest complete fiscal year, or

(ii) An audit for the institution's latest complete fiscal year prepared by a certified or licensed public accountant; and

(4) The institution submits additional financial documents if requested by the Secretary because the financial information provided in subparagraph (3) of this paragraph is insufficient.

(b) The Secretary may require that the statements provided in paragraphs (a)(3)(i) and (a)(3)(ii) of this section be audited and certified by a certified public accountant.

(c) For purposes of this subpart, "change in ownership that results in a change in control," means any action by which a person or corporation obtains authority to control the actions of an institution. These actions may include, but are not limited to—

(1) The transfer of the controlling interest of stock of an institution to its parent corporation;

(2) The merger of two or more institutions;

(3) The division of one institution into two or more institutions;

(4) The transfer of the assets of an institution to its parent corporation; or

(5) The transfer of the liabilities of an institution to its parent corporation.

(20 U.S.C. 1094)

§ 668.19 Contracting for educational programs or courses.

(a) An institution may, without losing its eligibility to participate in any title IV student assistance program, enter into a written contract or agreement to have a portion of its educational programs provided by another institution, school, or organization if the written contract or agreement satisfies the requirements of paragraphs (b) and (c) of this section.

(b) The otherwise eligible institution must give credit to students in the contracted portion portion of the program on the same basis as if it provided the portion of the program itself.

(c) The otherwise eligible institution must enter into a contract with—

(1) Another eligible institution; or

(2) An ineligible institution, school or organization if:

(i) The contracted portion of the program does not exceed 25 percent of the student's total program of study; or

(ii) The otherwise eligible institution's accrediting agency, or State agency for the approval of public postsecondary vocational education, determines that its contractual arrangement meets the agency's standards for contracting for educational services.

(20 U.S.C. 1094)

§ 668.20 Institutions stop providing educational instruction—loss of eligibility.

(a) When an institution stops providing educational instruction or loses eligibility it shall—

(1) Notify the Secretary of that fact;

(2) Refund to the Federal government, or otherwise dispose of by instructions from the Secretary, any unobligated title IV funds it has received, except—

(i) Those funds it has committed but not yet paid to students in that payment period, and

(ii) Its administrative allowance, if applicable;

(3) Submit to the Secretary within 45 days after the effective date of closing or loss of eligibility—

(i) All financial, performance, and other reports required by each appropriate title IV program regulation, and

(ii) An audit of all title IV funds it received;

(4) Inform the Secretary of the arrangements it has made for the proper retention and storage of all records concerning the administration of title IV programs. These records must be retained for a minimum of five years;

(5) Inform the Secretary of how it will provide for the collection of any outstanding title IV student loans; and

(6) Make refunds of unearned tuition and fees according to § 668.21 of this subpart.

(20 U.S.C. 1094)

§ 668.21 Distribution formula for institutional refunds and repayments of cash disbursements made directly to the student.

(a) *Institutional refunds to title IV programs.* (1) If a refund is due to a student under the institution's refund policy and the student received financial aid under any title IV student financial aid program other than the College Work-Study Program, a portion of the refund shall be returned to the title IV student assistance program(s).

(2) Except as provided in paragraph (a)(3) of this section the institution shall multiply the institutional refund by the following fraction to determine the portion of the refund to be returned to the title IV program(s):

total amount of title IV aid (exclusive of work earnings) awarded for the payment period

---

total amount of aid (exclusive of work earnings) awarded for the payment period

(3) If a student has received Pell Grant funds at the institution under the Alternate Disbursement System,

(i) The institution shall use the following fraction in lieu of the fraction in paragraph (a)(2) of this section to determine the portion of the refund to be returned to the title IV programs (other than the Pell Grant program.)

total amount of title IV aid (exclusive of work earnings and Pell Grant funds) awarded for the payment period

---

total amount of aid (exclusive of work earnings and Pell Grant funds) awarded for the payment period

(ii) The institution shall notify the Secretary of the amount of money that it is returning to the title IV program according to paragraph (a)(3)(i) of this section.

(b) *Distribution among the title IV programs.* (1) The institution shall develop written policies allocating the title IV portion of the refund to the various title IV programs from which the student received aid. These policies shall be applied on a consistent basis to all students receiving title IV funds.

(2) The portion of a refund allocated to a program may not exceed the amount a student received from that program.

(3) As provided in 34 CFR 682.610 of the Guaranteed Student Loan Program regulations and 34 CFR 683.85 of the Parent Loans for Undergraduate Students Program regulations, the institution shall return to the student's lender any portion of a refund which is allocable to a loan made under the Guaranteed Student Loan Program or the Parent Loans for Undergraduate Students Program.

(c) *Distribution of repayments of cash disbursements made directly to the student for non-institutional costs.* (1) Any cash that an institution disbursed to a student for a payment period under any title IV program other than the College Work-Study, Guaranteed Student Loan or Parent Loans for Undergraduate Students Program becomes an overpayment if before the first day of classes of that payment period the student officially withdraws, drops out, or is expelled.

(2) An institution shall determine, under paragraph (c)(3) of this section, whether any cash it disbursed to a student for a payment period under any title IV program other than the College Work-Study, Guaranteed Student Loan or Parent Loans for Undergraduate Students program amounts to an overpayment if the student withdraws, drops out, or is expelled on or after the first day of classes of that payment period.

(3) In determining whether a student received an overpayment for purposes of paragraph (c)(2) of this section, and the amount of that overpayment, the institution shall subtract from the cash disbursed to the student for non-institutional costs, the non-institutional costs that were to be paid by the disbursement for the portion of the payment period during which the

student was enrolled. Non-institutional educational costs may include, but are not limited to, room and board (if not contracted for with the institution), books and supplies, transportation and miscellaneous expenses.

(4) If a student drops out, the institution shall use the last recorded day of class attendance by the student as the end of the student's enrollment. However, if it is unable to document the student's last day of attendance, any cash it disbursed to that student for that payment period is an overpayment.

(5) The institution shall multiply the overpayment by the following fraction to determine the portion of the overpayment to be returned to the title IV program(s):

total amount of title IV aid (exclusive of work earnings and GSL and PLUS loans) awarded for the payment period—

---

total amount of aid (exclusive of work earnings and GSL and PLUS loans) awarded for the payment period

(d) *Distribution among the title IV programs.* (1) The institution shall develop written policies allocating the title IV portion of the overpayment owed by the student to the various title IV programs from which the student received aid. These policies shall be applied on a consistent basis to all students receiving title IV aid.

(20 U.S.C. 1094)

§ 668.22 Federal interest in title IV student assistance program funds.

(1) The Pell Grant Program (Regular Disbursement System),

(2) The Supplemental Educational Opportunity Grant Program,

(3) The College Work-Study Program, and

(4) The National Direct Student Loan Program, are held in trust for the intended student beneficiaries. The institution, as a trustee of Federal funds, may not use or hypothecate (i.e., use as collateral) title IV funds for any other purpose.

(b) An institution's administrative cost allowance is established for the Pell Grant Program, the Supplemental Educational Opportunity Grant Program, the College Work-Study Program, and the National Direct Student Loan Program by section 489 of the Higher Education Act of 1965.

(2) If the institution designates one person, that person shall be available, upon reasonable notice, to any current or prospective students throughout the normal working hours of that institution,

(3) If more than one person is designated, their combined work schedules shall be arranged so that at least one of them is available, upon reasonable notice, throughout the normal administrative working hours of that institution.

(b) *Waiver.* (1) The Secretary may waive the requirement that the employee or group of employees designated under paragraph (a) of this section be available on a full-time basis if the institution's total enrollment, or the portion of the enrollment participating in any title IV student assistance program, is too small to necessitate an employee or group of employees being available on a full-time basis.

(2) In determining whether an institution's total enrollment or the number of title IV recipients is too small, the Secretary will consider whether there will be an insufficient demand for information dissemination services among its current students or prospective students to necessitate the full-time availability of an employee or group of employees.

(3) To receive a waiver, the institution must apply to the Secretary at the time and in the manner prescribed by the Secretary.

(c) The granting of a waiver under paragraph (b) of this section does not exempt an institution from designating a specific employee or group of employees to carry out on a part-time basis the information dissemination requirements.

Subparts D–E—[Reserved]

Subpart F—Misrepresentation

§ 668.61 Scope

(20 U.S.C. 1094)

§ 668.62 Special definitions.

"Misrepresentation" means any false, erroneous, or misleading statement an otherwise eligible institution makes to a student enrolled at the institution, to any prospective student, to the family of an enrolled or prospective student, or to the Secretary.

"Prospective student" means any individual who has contacted an otherwise eligible institution for the purpose of requesting information about enrolling at the institution or who has been contacted directly by the institution—or indirectly through general advertising—about enrolling at the institution.

"Substantial misrepresentation" means any misrepresentation on which the person to whom it was made could reasonably be expected to rely, or has reasonably relied, to that person's detriment.

(20 U.S.C. 1094)

§ 668.63 Nature of educational program.

(d) Whether its courses are recommended—

(b) Whether a particular charge is the customary charge at the institution for a course.

(20 U.S.C. 1094)

§ 668.65 Employability of graduates.

(a) On receipt of a written allegation or complaint from a student, prospective student, the family of a student or prospective student, or a governmental official, the designated ED official, as defined in Subpart G, reviews the allegation or complaint to determine its factual base and seriousness.

(b) If the misrepresentation is minor and can be readily corrected, the designated ED official informs the institution and endeavors to obtain an informal, voluntary correction.

(c) If the designated ED official finds that the complaint or allegation is a substantial misrepresentation as to the nature of the educational programs, the financial charges of the institution, or the employability of its graduates, the official—

(1) Initiates action to fine or to limit, suspend, or terminate the institution's eligibility according to the procedure set forth in subpart G, or

(2) Takes other appropriate action.

(20 U.S.C. 1094)

Subpart G—Fine, Limitation, Suspension and Termination Proceedings

§ 668.71 Scope.

(20 U.S.C. 1094)

§ 668.73 Informal compliance procedures.

(a) If the Secretary receives a complaint, or has other information which the Secretary believes to be reliable, indicating that an institution is, or may be, in violation of applicable laws, regulations, special arrangements, agreements, or limitations, the Secretary may call the matter to the attention of the institution and may give it a reasonable opportunity—

(1) To respond to the complaint or other information;

(2) To show that the matter has been corrected; or

(3) To submit an acceptable plan to correct the violation and prevent its recurrence.

(b) The procedures provided in this subpart for a fine or for a suspension, limitation, or termination need not be delayed during the informal compliance procedure if the Secretary believes—

(1) The delay would have an adverse effect on any or all title IV student assistance programs covered under this subpart, or

(2) The informal compliance procedure will not result in a correction of the alleged violation.

(20 U.S.C. 1094)

§ 668.74 Emergency action.

(a) The Secretary through a designated ED official, may take emergency action to withhold funds from an institution or its students and to withdraw the authority of an institution to obligate funds under the HEAL program or any or all title IV student assistance programs covered under this subpart if the designated ED official—

(1) Receives information which the official believes to be reliable that an institution is in violation of applicable laws, regulations, special arrangements, agreements, or limitations,

(2) Determines that such action is necessary to prevent the likelihood of substantial loss of funds to the Federal Government or to the students at the institution, and

(3) Determines that the likelihood of loss outweighs the importance of following the procedures set forth in this subpart for suspension, limitation, or termination.

(b) The designated ED official begins an emergency action by notifying the institution, by certified mail with return receipt requested, of the action and the basis on which it is taken. The effective date of the action is the date on which the notice is received by the institution.

(c) An emergency action shall not exceed 30 days unless a suspension, limitation, or termination proceeding is begun under this subpart before the expiration of that period. In such case, the period may be extended until the completion of that proceeding, including any appeal to the Secretary.

(d) If a suspension, limitation, or termination proceeding is begun, the Secretary will provide the institution, if it so requests an opportunity to show cause that the emergency action is unwarranted, pending the outcome of that proceeding.

(20 U.S.C. 1094)

§ 668.75 Fine proceedings.

(a) *Scope and consequences.* The Secretary may impose a fine of up to $25,000 on an institution that

(1) Violates any provision of title IV of the Higher Education Act or any regulation or agreement implementing that title; or

(2) Substantially misrepresents the nature of its educational program, its finance charges, and the employability of its graduates.

(b) *Procedures.* The designated ED official begins a fine proceeding, whether or not a suspension, limitation or termination proceeding has begun under § 668.76 or § 668.77 by sending the institution a notice, by certified mail with return receipt requested. This notice must—

(i) Inform the institution of the Secretary's intent to fine the institution and the amount of the fine, cite the consequences of that action, and identify the alleged violations which constitute the basis for th action;

(ii) Specify the proposed effective date of the fine, which shall be at least 20 days from mailing of the notice of intent;

(iii) Inform the institution that the fine will not be effective on the date specified in the notice if the designated ED official receives, at least five days before that date, a written request for a hearing or written material indicating why the fine should not be imposed.

(2) If the institution does not request a hearing but submits written material, the designated ED official, after considering that material, notifies the institution that—

(i) The fine will not be imposed; or

(ii) The fine is imposed as of a specified date, and in a specified amount.

(3) If the institution requests a hearing by the time specified in paragraph (b)(1)(iii) of this section, the designated ED official sets the date and the place. The date is at least 15 days after the designated ED official receives the request.

(4) A presiding officer conducts a hearing on the record.

(5) At the hearing the presiding officer shall consider any written material presented to him or her before the hearing, or any written material or other evidence presented during the course of the hearing.

(6) If the presiding officer concludes that the fine is warranted, he or she issues an initial decision confirming the imposition of a fine against the institution and the amount of the fine.

(c) *Expedited hearings.* With the approval of the presiding officer and the consent of the designated ED official and the institution, any time schedule specified in this section may be shortened.

(20 U.S.C. 1094)

§ 668.76 Suspension proceeding.

(a) *Scope and consequences.* From its effective date, a suspension removes an institution's eligibility for any or all of the title IV student assistance programs covered under this subpart for a period of time not exceeding 60 days unless—

(1) The institution and the designated ED official agree to an extension where the institution has not requested a hearing, or

(2) The designated ED official begins a limitation or termination proceeding under § 668.77.

(b) *Procedures.* (1) The designated ED official begins a suspension proceeding by sending a notice to an institution by certified mail with return receipt requested. The notice must—

(i) Inform the institution of the intent of the Secretary to suspend the institution's eligibility, cite the consequences of that action, and identify the alleged violations which constitute the basis for the action;

(ii) Specify the proposed effective date of the suspension, which shall be at least 20 days after the date of mailing of the notice of intent; and

(iii) Inform the institution that the suspension will not be effective on the date specified in the notice if the designated ED official receives, at least 5 days before that date, a request for a hearing or written material indicating why the suspension should not take place.

(2) If the institution does not request a hearing, but submits written material, the designated ED official, after considering that material, notifies the institution that—

(i) The proposed suspension is dismissed, or

(ii) The suspension is effective as of a specified date.

(3) If the institution on a timely basis requests a hearing, the designated ED official sets a date and place for it. The date will be at least 15 days after the designated ED official receives the request. No suspension takes place until a hearing is held.

(4) A presiding officer conducts a hearing on the record.

(5) At the hearing, the presiding officer shall consider any written material presented to him before the hearing or any material or other evidence presented to him during the course of the hearing.

(6) If, after considering the evidence, the presiding officer concludes that

the suspension is warranted, the presiding officer will issue an initial decision that may suspend the eligibility of all or part of the institution.

(7) The Secretary will review the initial decision of the presiding officer and will issue a final decision adopting the initial decision, unless the initial decision is clearly unsupported by the evidence.

(c) Notice of the suspension will be promptly mailed to the institution. The suspension takes effect either upon the date on which the notice is received by the institution or the original proposed effective date stated in the notice of intent, whichever is later.

(d) A suspension shall not exceed 60 days unless a limitation or termination proceeding is begun under this subpart before the expiration of that period. In such case, the period may be extended until the completion of that proceeding, including any appeal to the Secretary.

(20 U.S.C. 1094)

§ 668.77 Limitation or termination proceedings.

(a) *Scope and consequences.* From its effective date, a limitation or termination shall either—

(1) Result in limitations on an institution's eligibility, or

(2) End the eligibility of an institution to participate in any or all title IV student assistance programs covered under this subpart.

(b) *Procedures.* The designated ED official begins a limitation or termination proceeding whether or not a fine or suspension proceeding has begun under § 668.75 or § 668.76, by sending an institution a notice, by certified mail with return receipt requested. This notice must—

(i) Inform the institution of the intent of the Secretary to limit or terminate the institution's eligibility, cite the consequences of that action, and identify the alleged violations which constitute the basis for the action, and in the case of a limitation proceeding, state the limits to be imposed;

(ii) Specify the proposed effective date of the limitation or termination, which shall be at least 20 days after the date of mailing of the notice of intent; and

(iii) Inform the institution that the limitation or termination will not be effective on the date specified in the notice if the designated ED official receives, at least 5 days before that date, a request for a hearing or written material indicating why the limitation or termination should not take place.

(2) If the institution does not request a hearing but submits written material, the designated ED official, after considering that material, notifies the institution that:

(i) The proposed action is dismissed,

(ii) Limitations are effective as of a specified date, or

(iii) The termination is effective as of a specified date.

(3) If the institution on a timely basis requests a hearing, the designated ED official sets a date and a place for it. The date will be at least 15 days after the designated ED official receives the request. No proposed limitation or termination takes place until after a hearing is held.

(4) A presiding officer conducts the hearing on the record.

(5) At the hearing the presiding officer shall consider any written material presented to him before the hearing, or any material or other evidence presented to him during the course of the hearing.

(6) If, after considering the evidence, the presiding officer concludes that limitation or termination is warranted, the presiding officer will issue an initial decision that may limit or terminate the institution's eligibility in whole or in part. If a termination action is brought against an institution, the presiding officer may issue a decision to impose one or more limitations on an institution rather than terminating its eligibility, if the presiding officer believes the limitation to be more appropriate.

(c) *Expedited hearing.* With the approval of the presiding officer and the mutual consent of the parties, any time schedule specified in this section may be shortened.

(20 U.S.C. 1094)

§ 668.78 Initial and final decisions—Appeals.

(a)(1) The presiding officer shall issue a written initial decision within 30 days after

(i) The last brief is filed, or

(ii) The last day of the hearing, if the presiding officer does not request the parties to submit briefs.

(2) The presiding officer shall promptly deliver his or her decision to the institution and the designated ED official.

(3) The presiding officer shall base findings of fact only on evidence considered at the hearing and on matters given official notice. If a hearing is conducted by written submissions, findings of fact shall be based on the facts stipulated by the parties.

(b) In a suspension proceeding, the Secretary reviews the presiding officer's initial decision and issues a final decision within 20 days after the initial decision. The Secretary adopts the initial decision unless it is clearly unsupported by the evidence presented at the hearing.

(c) In a fine, limitation or termination proceeding, the presiding officer's initial decision automatically becomes the Secretary's final decision 20 days after it is issued unless, within that 20 day period, the institution or the designated ED official appeals the decision to the Secretary.

(d)(1) Within a period specified by the Secretary, the party that appeals shall submit a brief or written materials to the Secretary explaining why the initial decision of the presiding officer should be overturned or modified.

(2) The appealing party may submit proposed findings of fact or conclusions of law. However, the proposed findings of fact must be supported by:

(i) The evidence introduced into the record at hearing,

(ii) Stipulations of the parties if the hearing consisted of written submissions, or

(iii) Matters that may be judicially noticed.

(3) The opposing party shall respond within the time period specified by the Secretary.

(4) Neither party may introduce new evidence on appeal.

(5) Each party shall provide a copy of its brief to the other party.

(e) The initial decision of the presiding officer imposing a fine or limiting or terminating the eligibility of the institution does not take effect pending the appeal unless the Secretary determines that a stay would provide a serious and adverse effect upon the programs involved.

(f)(1) The Secretary renders a final decision.

(2) In rendering that decision, the Secretary shall consider only evidence introduced into the record at the hearing, stipulations of facts if the hearing consisted of only written submissions, and matters that may be judicially noticed.

(3) The Secretary's decision may affirm, modify or reverse the presiding officer's initial decision, and shall include a statement of the reasons for the decision.

(20 U.S.C. 1094)

§ 668.79 Verification of mailing and receipt dates.

(a) Verification of the Department of Education's mailing dates and receipt dates referred to in this subpart is evidenced by the original receipt from the U.S. Postal Service.

(b) If an institution refuses to accept a notice mailed under this subpart, the Secretary considers the notice as being received on the date that the institution refuses to accept the notice.

(20 U.S.C. 1094)

§ 668.80 Fines.

(a) In determining the amount of a fine, the designated ED official, presiding officer and Secretary shall take into account—

(1)(i) The gravity of the institution's violation or failure to carry out the relevant statute, regulation or agreement, or

(ii) The gravity of its misrepresentations, and

(2) The size of the institution.

(b) Upon the request of the institution, the Secretary may compromise the fine.

(20 U.S.C. 1094)

§ 668.81 Limitation.

A limitation may include, as appropriate to the program in question—

(a) A limit on the number or percentage of students enrolled in an institution who may receive title IV student assistance funds covered under this subpart;

(b) A limit, for a stated period of time, on the percentage of an institution's total receipts from tuition and fees derived from title IV student assistance funds covered under this subpart;

(c) A requirement that an institution obtain a bond, in a specified amount, to assure its ability to meet its financial obligations to students who receive title IV student assistance funds covered under this subpart; or

(d) Such other conditions as may be determined to be reasonable and appropriate.

(20 U.S.C. 1094)

§ 668.82 Termination.

(a) *Effect.* Except as provided in paragraph (b) of this section, a termination—(1) Ends an institution's eligibility for any or all of the title IV student assistance programs;

(2) Prohibits an institution or the Secretary from making or increasing financial aid awards;

(3) Prohibits an institution from making any other new obligations against title IV student assistance funds covered under this subpart; and

(4) Prohibits further commitments of Federal insurance by the Secretary under the GSL or PLUS programs for loans to students to attend that institution, and prohibits further disbursements by an institution which is a lender under the GSL or PLUS programs (whether or not insurance commitments have been issued by the Secretary or a guarantee agency for such disbursements).

(b) *Payment period.* (1) If an institution is terminated during a payment period, any student at that school who has received an award or to whom a commitment has been made before the effective date of the termination may receive payment for that payment period.

(2) For the purposes of this section, the payment period is a semester, trimester, or quarter for institutions using these academic periods. For all other institutions, the payment period is the period from the beginning to the midpoint of the academic year, or from the midpoint to the end of the academic year.

(c) *Commitment.* For the purposes of this section (1) a commitment under the Pell Grant program occurs after a student is enrolled and attending the institution and has submitted a valid student eligibility report to the institution, or to the Secretary if the student is attending an institution which is under the alternate disbursement system, (2) a commitment under the Supplemental Grant, College Work-Study, or National Direct Student Loan Programs occurs when the student is enrolled and attending the institution and has received an award letter from the institution, and (3) a commitment under the GSL or PLUS Programs occurs when the Secretary or a guarantee agency advises the lender that the loan will be insured.

(20 U.S.C. 1094)

§ 668.83 Reimbursements, refunds, and offsets.

(a) The designated ED official, presiding officer, or Secretary may require an institution to take reasonable and appropriate corrective action to remedy a violation of applicable laws, regulations, special arrangements, agreements, or limitations.

(b) The corrective action may include payment of any funds, to the Secretary or to designated recipients, which the institution improperly received, withheld, disbursed, or caused to be disbursed. Corrective action may, for example, relate to (1) with respect to the GSL or PLUS programs—(i) ineligible interest benefits, special allowances or other claims paid by the Secretary, and (ii) discounts, premiums, or excess interest paid in violation of part 682 or 683 of title 34 of the Code of Federal Regulations; and (2) with respect to all title IV student assistance programs covered under this subpart—(i) refunds due to students under the regulations, and (ii) any

grants, work-study assistance, or loans made in violation of program regulations.

(c) If any final decision requires an institution to reimburse or make any other payment to the Secretary the Secretary may offset these claims against any benefits or claims due to the institution.

(20 U.S.C. 1094)

§ 668.84 Reinstatement after termination.

(a) An institution whose eligibility for any or all title IV student assistance programs covered under this subpart has been terminated may not file a request for reinstatement of its eligibility before the expiration of 18 months from the effective date of its termination.

(b) After the minimum termination period, the institution may request reinstatement of its eligibility. The request must be in writing and must show that the institution has corrected the violations on which the termination was based and that it meets all qualifications for eligibility.

(c) Not later than 60 days after receipt of the request for reinstatement, the Secretary shall respond to the institution—

(i) Granting its request;

(ii) Denying its request; or

(iii) Granting the request subject to limitations.

(d)(1) If the Secretary denies the institution's request, or allows reinstatement subject to limitation(s), the institution, upon request, will be granted an opportunity to show cause why it should be fully reinstated.

(2) In the event the Secretary's response allows reinstatement subject to limitation, the institution, by requesting a show cause meeting, shall not be deemed to waive its rights to participate in the HEAL program or any or all title IV programs covered under this subpart if it complies with the reinstatement limitations pending the outcome of the meeting.

(20 U.S.C. 1094)

§ 668.85 Removal of limitation.

(a) An institution whose eligibility for any or all title IV student assistance programs covered under this subpart has been limited may not apply for removal of the limitation of its eligibility before the expiration of 12 months from the effective date of the limitation.

(b) After the minimum limitation period, the institution may request removal of the limitation. The request must be in writing and show that the institution has corrected the violations on which the limitation was based.

(c) No later than 60 days after the receipt of the request, the Secretary shall respond to the institution—

(i) Granting its request;

(ii) Denying its request; or

(iii) Granting the request subject to other limitations.

(d) If the Secretary denies the request, or establishes other limitations, the institution upon request will be granted an opportunity to show cause why its eligibility should be fully reinstated.

(e) The institution's request for a show cause meeting shall not be deemed to waive its right to participate in any or all title IV student assistance programs covered under this subpart if it complies with such continuing limitations pending the outcome of the meeting.

(20 U.S.C. 1094)

APPENDIX A—[RESERVED]

APPENDIX B—STANDARDS FOR AUDIT OF GOVERNMENTAL ORGANIZATIONS, PROGRAMS, ACTIVITIES, AND FUNCTIONS (GAO)

Part III Chapter 3—Independence

(a) The Third general standard for governmental auditing is: In matters relating to the audit work, the audit organization and the individual auditors shall maintain an independent attitude.

(b) This standard places upon the auditor and the audit organization the responsibility for maintaining sufficient independence so that their opinions, conclusions, judgments, and recommendations will be impartial. If the auditor is not sufficiently independent to produce unbiased opinions, conclusions, and judgments, he should state in a prominent place in the audit

report his relationship with the organization or officials being audited.[1]

(c) The auditor should consider not only whether his or her own attitude and beliefs permit him or her to be independent but also whether there is anything about his or her situation which would lead others to question his or her independence. Both situations deserve consideration since it is important not only that the auditor be, in fact, independent and impartial but also that other persons will consider him or her so.

(d) There are three general classes of impairments that the auditor needs to consider; these are personal, external, and organizational impairments. If one or more of these are of such significance as to affect the auditor's ability to perform his or her work and report its results impartially, he or she should decline to perform the audit or indicate in the report that he or she was not fully independent.

Personal Impairments

There are some circumstances in which an auditor cannot be impartial because of his or her views or his or her personal situation. These circumstances might include:

1. Relationships of an official, professional, and/or personal nature that might cause the auditor to limit the extent or character of the inquiry, to limit disclosure, or to weaken his or her findings in any way.

2. Preconceived ideas about the objectives or quality of a particular operation or personal likes or dislikes of individuals, groups, or objectives of a particular program.

3. Previous involvement in a decisionmaking or management capacity in the operations of the governmental entity or program being audited.

4. Biases and prejudices, including those induced by political or social convictions, which result from employment in or loyalty to a particular group, entity, or level of government.

5. Actual or potential restrictive influence when the auditor performs preaudit work and subsequently performs a post audit.

6. Financial interest, direct or indirect, in an organization or facility which is benefiting from the audited programs.

External Impairments

External factors can restrict the audit or impinge on the auditor's ability to form independent and objective opinions and conclusions. For example, under the following conditions either the audit itself could be adversely affected or the auditor would not have complete freedom to make an independent judgment.[2]

1. Interference or other influence that improperly or imprudently eliminates, restricts, or modifies the scope or character of the audit.

2. Interference with the selection or application of audit procedures of the selection of activities to be examined.

3. Denial of access to such sources of information as books, records, and supporting documents or denial or opportunity to obtain explanations by officials and employees of the governmental organization, program, or activity under audit.

4. Interference in the assignment of personnel to the audit task.

5. Retaliatory restrictions placed on funds or other resources dedicated to the audit operation.

6. Activity to overrule or significantly influence the auditors judgment as to the appropriate content of the audit report.

7. Influences that place the auditor's continued employment in jeopardy for reasons other than competency or the need for audit services.

8. Unreasonable restriction on the time allowed to competently complete an audit assignment.

Organizational Impairments

(a) The auditor's independence can be affected by his or her place within

[1] If the auditor is not fully indpendent because he or she is an employee of the audited entity, it will be adequate disclosure to so indicate. If the auditor is a practicing certified public accountant, his or her conduct should be governed by the AICPA "Statements on Auditing Procedure."

[2] Some of these situations may constitute justifiable limitations on the scope of the work. In such cases the limitation should be identified in the auditor's report.

the organizational structure of governments. Auditors employed by Federal, State, or local government units may be subject to policy direction from superiors who are involved either directly or indirectly in the government management process. To achieve maximum independence such auditors and the audit organization itself not only should report to the highest practicable echelon within their government but should be organizationally located outside the line-management function of the entity under audit.

(b) These auditors should also be sufficiently removed from political pressures to ensure that they can conduct their auditing objectively and can report their conclusions completely without fear of censure. Whenever feasible they should be under a system which will place decisions on compensation, training, job tenure, and advancement on a merit basis.

(c) When independent public accountants or other independent professionals are engaged to perform work that includes inquiries into compliance with applicable laws and regulations, efficiency and economy of operations, or achievement of program results, they should be engaged by someone other than the officials responsible for the direction of the effort being audited. This practice removes the pressure that may result if the auditor must criticize the performance of those by whom he or she was engaged. To remove this obstacle to independence, governments should arrange to have auditors engaged by officials not directly involved in operations to be audited.

APPENDIX C—APPENDIX I. STANDARDS FOR AUDIT OF GOVERNMENTAL ORGANIZATIONS, PROGRAMS, ACTIVITIES, AND FUNCTIONS (GAO)

Qualifications of Independent Auditors Engaged by Governmental Organizations

(a) When outside auditors are engaged for assignments requiring the expression of an opinion on financial reports of governmental organizations, only fully qualified public accountants should be employed. The type of qualifications, as stated by the Comptroller General, deemed necessary for financial audits of governmental organizations and programs is quoted below:

"Such audits shall be conducted * * * by independent certified public accountants or by independent licensed public accountants, licensed on or before December 31, 1970, who are certified or licensed by a regulatory authority of a State or other political subdivision of the United States: Except that independent public accountants licensed to practice by such regulatory authority after December 31, 1970, and persons who althrough not so certified or licensed, meet, in the opinion of the Secretary, standards of education and experience representative of the highest prescribed by the licensing authorities of the several States which provide for the continuing licensing of public accountants and which are prescribed by the Secretary in appropriate regulations may perform such audits until December 31, 1975; Provided, That if the Secretary deems it necessary in the public interest, he may prescribe by regulations higher standard than those required for the practice of public accountancy by the regulatory authorities of the States."[1]

(b) The standards for examination and evaluation require consideration of applicable laws and regulations in the auditor's examination. The standards for reporting require a statement in the auditor's report regarding any significant instances of noncompliance disclosed by his or her examination and evaluation work. What is to be included in this statement requires judgment. Significant instances of noncompliance, even those not resulting in legal liability to the audited entity, should be included. Minor procedural noncompliance need not be disclosed.

(c) Although the reporting standard is generally on an exception basis—that only noncompliance need be reported—it should be recognized that governmental entities often want posi-

tive statements regarding whether or not the auditor's tests disclosed instances of noncompliance. This is particularly true in grant programs where authorizing agencies frequently want assurance in the auditor's report that this matter has been considered. For such audits, auditors should obtain an understanding with the authorizing agency as to the extent to which such positive comments on compliance are desired. When coordinated audits are involved, the audit program should specify the extent of comments that the auditor is to make regarding compliance.

(d) When noncompliance is reported, the auditor should place the findings in proper perspective. The extent of instances of noncompliance should be related to the number of cases examined to provide the reader with a basis for judging the prevalence of noncompliance.

[46 FR 5241, Jan. 19, 1981, as amended at 46 FR 6324, Jan. 21, 1981]

§ 674.3 Apportionment and reapportionment of Federal capital contributions to States.

(a) *Apportionment.* (1) The Secretary apportions 90% of appropriated funds for Federal capital contributions according to section 462(a)(1) of the Act. (This section requires the Secretary to apportion additional amounts to each State to make that State's apportionment equal to its allotment for fiscal year 1972. The 1972 allotments are shown in Appendix A.)

(2) The Secretary apportions the remaining funds so that each institution in each State receives the Federal capital contribution computed under §§ 674.6, 674.6a or 674.7.

(b) *Reapportionment.* (1) The Secretary reapportions the amount of a State's apportionment that exceeds the amount of approved requests of institutions in that State.

(2) The Secretary reapportions those funds among the remaining States according to institutional need for Federal capital contributions as computed under §§ 674.6, 674.6a or 674.7.

(20 U.S.C. 1087bb)

§ 674.4 Allocation, reallocation, and payment to institutions.

(a) *Allocation.* (1) The Secretary distributes Federal capital contributions authorized by section 461 of the Act according to §§ 674.6, 674.6a, and 674.7.

80-113 O—82——25

(b) *Reallocation.* (1)(i) If an institution anticipates not lending all its allocated funds by the end of an award year, it must specify the anticipated unused amount to the Secretary, who reduces the institution's allocation accordingly.

(ii) Other institutions may apply for those funds on the form and at the time specified by the Secretary.

(iii) The Secretary distributes those funds to applicant institutions in accordance with paragraph (b)(2) of this section.

(2)(i) If the funds that become available under paragraph (b)(1) of this section come from the State's initial allotment under § 674.3(a)(1), the Secretary reallocates those funds proportionately to other institutions in that State. The Secretary reapportions those funds that are not needed to maintain the State's initial allotment, and any funds that do not come from that initial allotment, in accordance with paragraphs (b)(2) (ii), (iii) and (iv) of this section.

(ii) The Secretary increases awards to institutions whose students have suffered financial hardships as a result of natural disasters within the preceding 12 months.

(iii) If any funds remain, the Secretary then increases the Federal capital contribution to institutions whose current level of expenditure (LED) is less than their national fair shares determined under § 674.6. The Secretary calculates each applicant's increase as follows:

Institution's remaining LED shortfall/remaining LED shortfall of all applicants for reallocation × remaining FCC available for reallocation

(An institution's remaining level of expenditure shortfall is the difference between its national fair share (see § 674.6(g)(4)) and its approved level of expenditure calculated in § 674.6 and this section through paragraph (b)(2)(ii).)

(iv) If any funds still remain, the Secretary reallocates the funds in a manner that best carries out the purposes of this part.

(c) *Payments to institutions.* The Secretary allocates new Federal capital contributions for a specific period of time. The Secretary pays funds to an institution in advance or by reimbursement. The Secretary bases the amount to be paid on periodic fiscal reports.

(20 U.S.C. 1087bb)

§ 674.5 Application.

(a) To participate in the NDSL program, an institution must file an application with the Secretary for an approved level of expenditure before an annually established closing date. In the application the institution may request—

(1) A Federal capital contribution;

(2) Authority to spend the income of its Fund (that income includes repayments made by borrowers and interest earned on Fund cash); or

(3) Both (1) and (2).

(b) The application must be on a form approved by the Secretary and contain information needed to determine the institution's—

(1) Level of expenditure; and

(2) Federal capital contribution.

(20 U.S.C. 1087bb)

§ 674.6 Funding procedure.

(a) *General.* (1) Each institution applying for NDSL funds receives an approved level of expenditure in the following three stages—

(i) A "conditional guarantee";

(ii) A State increase based on its "fair share" of the State apportionment; and

(iii) A national increase based on its "fair share" of the national appropriation.

(2) The terms "conditional guarantee" and "fair share" refer only to the level of expenditure. The Secretary computes the Federal capital contribution (FCC) according to § 674.6a.

(3) Definitions—As used in this section—

(i) "Base year" means the 12-month period ending on the June 30 preceding the closing date for filing an NDSL application for a level of expenditure;

(ii) "Base year level of expenditure" means the amount of loans made in the base year plus the amount the institution claimed for administrative expenses in that year.

(iii) "Current year" means the 12-month period ending on the June 30 immediately following the closing date for filing the application; and

(iv) "Utilization rate" means:

an institution's base year level of expenditure/its NDSL funds available in the base year

NDSL funds available in the base year include—

(A) FCC awards in the base year;

(B) The matching institutional capital contribution;

(C) Loan repayments received in the base year;

(D) Reimbursements for Direct loan cancellations; and

(E) Cash on hand as of June 30 of the year preceding the base year.

(b) *Conditional guarantee.* The Secretary computes a conditional guarantee of the level of expenditure in the following way:

(1) An institution that participated in the NDSL program in the base year receives a conditional guarantee equal to the greater of 90 percent of its—

(i) Base year level of expenditure; or

(ii) Current year funding level multiplied by its utilization rate.

(2) An institution's "current year funding level" includes—

(i) The FCC awarded for the current year;

(ii) The matching institutional capital contributions;

(iii) 110 percent of base year loan repayments;

(iv) Reimbursements for Direct loan cancellations; and

(v) Cash on hand as of June 30 of the base year.

(3) An institution applying to participate in the NDSL program for the first time receives a conditional guarantee equal to the greater of—

(i) $5,000; or

(ii) 90 percent of the average NDSL base year expenditure per student in eligible institutions offering comparable programs of instruction, multiplied by the applicant institution's base year enrollment.

(4) An institution applying to participate in the NDSL program for the second time receives a conditional guarantee equal to the greatest of—

(i) $5,000;

(ii) 90 percent of the average NDSL base year expenditure per student in eligible institutions offering comparable programs of instruction, multiplied by the applicant institution's base year enrollment; or

(iii) 90 percent of its current year funding level.

(c) *Self-help need of an institution.* (1) The Secretary allocates additional funds to an institution on the basis of calculations made under paragraph (f) (State increase) and paragraph (g) (National increase). These calculations are based in part on the institution's self-help need. Self-help need is the need for funds from work and loan sources. The institution's self-help need is the sum of the self-help need of its eligible graduate students and the self-help need of its eligible undergraduate students.

(2) The Secretary calculates the self-help need of an institution's eligible graduate students in accordance with paragraph (d) and the self-help need of its eligible undergraduate students in accordance with paragraph (e).

(3) As used in paragraphs (d) and (e):

(i) *Average cost of attendance* means the attendance costs for undergraduate and graduate students. These costs include tuition, fees, standard living expenses, books, and supplies. (The institution reports its total tuition and fee revenues, and the Secretary uses this amount to determine the average cost of attendance.)

(ii) *Eligible students* means for award year 1981-82 students who—

(A) Were enrolled as regular students in good standing on at least a half-time basis in an eligible program during the base year;

(B) Met program regulation requirements for citizenship or residency in the United States for the base year; and

(C) Applied for financial assistance for the base year, and for whom the institution has on file taxable and non-taxable income data and all the other information necessary to perform a needs analysis using a methodology approved by the Secretary.

(d) *Self-help need of eligible graduate students.* To determine the self-help

need of an institution's eligible graduate students, the Secretary—

(1) Establishes various income categories for dependent and independent graduate students;

(2) Establishes an expected family contribution (EFC) for each income category of dependent and independent graduate students, using a need analysis method approved under § 674.13;

(3) Determines the average cost of attendance for all graduate students;

(4) Subtracts from the average cost of attendance for all graduate students, the computed EFC for each income category of dependent students and each income category of independent students. However, the average cost of attendance minus the EFC for any income category may not be less than zero;

(5) Multiplies those amounts by the number of eligible students in each category;

(6) Adds the amounts obtained for each income category of dependent students and each income category of independent students; and

(7) Totals those two amounts.

(e) *Self-help need of eligible undergraduate students.* To determine the self-help need of an institution's eligible undergraduate students, the Secretary—

(1) Establishes various income categories for dependent and independent undergraduate students;

(2) Establishes an EFC for each income category of dependent and independent undergraduate students, using a need analysis method approved under § 674.13;

(3) Computes 25 percent of the average cost of attendance for all undergraduate students;

(4) Multiplies the number of eligible dependent students in each income category by the lesser of—

(i) 25 percent of the average cost of education for all undergraduate students; or

(ii) The average cost of attendance for all undergraduate students minus the EFC determined under paragraph (e)(2) of this section for that income category. However, the average cost of attendance minus the EFC may not be less than zero;

(5) Adds the amounts obtained for each income category of dependent students;

(6) Multiplies the number of eligible independent students in each income category by the lesser of—

(i) 25 percent of the average cost of attendance of all undergraduate students; or

(ii) The average cost of attendance for all undergraduate students minus the EFC determined under paragraph (e)(2) of this section for that income category. However, the average cost of attendance minus the EFC may not be less than zero;

(7) Adds the amounts obtained for each income category of independent students; and

(8) Adds the amounts obtained under paragraphs (e)(5) and (7) of this section.

(f) *State increase.* (1) In any year the Secretary increases the level of expenditure of institutions in a State ("State increase"), thereby increasing the FCC going to those institutions, if the combined FCC's resulting from conditional guarantees of all institutions in that State are less than the State apportionment under § 674.3(a)(1). However, no institution receives a State increase if it does not qualify for FCC under § 674.6a.

(2) The Secretary calculates an institution's State increase according to the following formula:

Institution's State increase = its State shortfall/State shortfalls of all institutions in the State × FCC available for State shortfall × 1.11

(3) As used in the formula in subparagraph (2)—

(i) "FCC available for State shortfall" means the State apportionment minus the FCC used for conditional guarantees.

(ii) "Institution's State shortfall" means the difference between an institution's conditional guarantee and its State fair share determined in paragraph (f)(4) of this section.

(4) The Secretary determines an institution's State fair share according to the following formula:

Institution's State fair share = its self-help need/self-help need of all institutions in

the State applying for NDSL funds × total State NDSL funds

(5) As used in the formula in paragraph (f)(4) of this section "total State NDSL funds" means the sum of—

(i) The State apportionment of FCC and the matching institutional capital contribution;

(ii) 121 percent of loan repayments in the base year received by institutions in the State; and

(iii) Reimbursement for Direct loan cancellations in the base year received by institutions in the State.

(g) *National increase.* (1) For any year the Secretary will further increase the level of expenditure of institutions ("national increase"), thereby increasing the FCC going to those institutions, if the sum of the conditional guarantees and State increases awarded to institutions is less than the total NDSL funds for that year (see paragraph (g)(5) of this section). However, no institution receives a national increase if it does not qualify for FCC under § 674.6a.

(2) The Secretary calculates an institution's national increase according to the following formula—

Institution's national increase = its national shortfall/national shortfall of all institutions × NDSL funds available for national shortfall

(3) As used in the formula in paragraph (g)(2) of this section—

(i) "NDSL funds available for national shortfall" is calculated by—

(A) Adding the conditional guarantees and State increases for all institutions; and

(B) Subtracting that sum from total NDSL funds; and

(ii) An institution's "national shortfall" is calculated by subtracting from its "national fair share" its conditional guarantee and State increase.

(4) The Secretary calculates an institution's "national fair share" according to the following formula—

Institution's national fair share = its self-help need/self-help need of all institutions applying for NDSL funds × total NDSL funds

(5) As used in paragraphs (g) (1), (3), and (4) of this section "total NDSL funds" is calculated by adding—

(i) The appropriation for FCC plus the matching institutional capital contribution;

(ii) 121 percent of loan repayments in the base year; and

(iii) Reimbursements for Direct loan cancellations in the base year.

(h) No institution may receive a higher level of expenditure than it requests.

§ 674.6a Funding procedure—Federal capital contributions (FCC).

(a) For any year, an institution receives Federal capital contribution if its default rate—

(1) Is 10 percent or less;

(2) Is more than 10 percent, but has declined by at least 25 percent during the base year; or

(3) Is more than 10 percent but the institution demonstrates that it exercised due diligence according to the provisions of Subpart C during the base year and is currently exercising due diligence.

(b) To determine an institution's FCC the Secretary—

(1) Adds the institution's conditional guarantee, State increase, and national increase;

(2) Subtracts from the sum obtained in paragraph (b)(1) of this section, loan repayments and reimbursements for Direct loan cancellations received in the base year; and

(3) Multiplies the remainder obtained in paragraph (b)(2) of this section by 90 percent.

(c) For purposes of paragraph (b)(2) of this section, loan repayments equal 121 percent of the amount collected in the base year.

(d) The definition of default rate is set forth in § 674.2. However, for purposes of this section, the Secretary excludes—

(1) Notes referred or assigned to the Secretary on or before September 15, 1979 if the institution received either a notification of acceptance or a receipt from the Department;

(2) Notes assigned to the United States in the base year and accepted by the United States; and

(3) Notes that have been in default but on which borrowers have made satisfactory arrangements to resume payment.

(e) No institution may receive more Federal capital contribution than it requested.

(20 U.S.C. 1087bb)

§ 674.7 Application review—approval of request.

(a) An institution may request a review of its computed level of expenditure or its Federal capital contribution.

(b) A National Review Panel appointed by the Secretary reviews each institution's request. The panel consists of student financial aid administrators and Education Department personnel.

(c) In establishing an institution's level of expenditure and Federal capital contribution, the Secretary considers the panel's recommendations and its reasons for the recommendations.

(d) The Secretary establishes an approved level of expenditure and Federal capital contribution based on procedures in § 674.6 and the review panel's recommendations.

(20 U.S.C. 1087bb)

§ 674.8 Institutional agreement.

To participate in the NDSL program, an institution must enter into an agreement with the Secretary. The agreement provides that the institution will use the funds it receives solely for the purposes specified in this part and will administer the program in accordance with the Act, this part and the Student Assistance General Provisions, 34 CFR Part 668. The agreement further provides that—

(a) The institution will establish and maintain a Student Loan Fund (Fund).

It must deposit into the Fund—

(1) Federal capital contributions appropriated under section 461 of the Act;

(2) Institutional capital contributions equal to at least one-ninth of the Federal contributions described in paragraph (a)(1) of this section;

(3) Funds provided by the Secretary under section 468 of the Act;

(4) Principal and interest collected on student loans made from the Fund, except those amounts collected on loans made with funds described in paragraph (a)(3) of this section;

(5) Payments to the institution as the result of direct loan cancellations under section 465(b) of the Act;

(6) Penalty charges collected under § 674.32(f);

(7) Any other Fund earnings including interest earned on those funds; and

(8) Any short term, no interest loans it makes to the fund in anticipation of collections.

(b) The institution must use the money in the Fund only for—

(1) Making National Direct Student Loans to students;

(2) Administrative expenses as provided for in § 674.18(b)

(3) Capital distributions provided for in section 468 of the Act;

(4) Capital distributions provided for in section 469 of the Act;

(5) Litigation costs;

(6) Other collection costs, agreed to by the Secretary in connection with the collection of principal, interest, and penalty charges on a loan made from the Fund (see "Other collection costs" § 674.47); and

(7) Repayment of the short term, no interest loans made to the Fund by the institution in anticipation of collections;

(c)(1) If the institution services and collects loans made to students from funds provided under section 468 of the Act, it shall turn over to the Secretary any repayments of principal and interest it receives along with the penalty charges it collects.

(2) The institution may subtract from the amount it turns over to the Secretary any litigation costs and any "other collection costs" permitted under § 674.47.

(d) If the institution does not service and collect loans made with the funds provided for in section 468 of the Act, the institution will assign the loans made with such funds to the Secretary.

(e) Where a promissory note has been in default at least 2 years despite due diligence, the institution may assign its rights to the United States without recompense, and any amount collected on the loan will be deposited in the general fund of the Treasury;

(f) The institution must submit a report to the Secretary at least twice a year that shows the total number of loans made from its Fund that are in default—

(1) 120 days for loans repayable in monthly installments; or

(2) 180 days for loans repayable in less frequent installments; and

(g) The Secretary will provide to the institution any information with respect to the names and addresses of borrowers or other relevant information which is available to the Secretary.

(20 U.S.C. 1087cc, 1087dd, 1094)

§ 674.9 Student eligibility.

(a) *Eligibility.* A student is eligible to receive an NDSL at an institution of higher education if the student—

*(1) Is a regular student;

(2) Is enrolled or accepted for enrollment in an eligible program as an undergraduate, graduate or professional student at that institution;

*(3) (i) Is a U.S. citizen or National;

(ii) Is a permanent resident of the U.S.;

(iii) Provides evidence from the Immigration and Naturalization Service that he or she is in the United States for other than a temporary purpose with the intention of becoming a citizen or permanent resident; or

(iv) Is a permanent resident of the Trust Territory of the Pacific Islands or the Northern Mariana Islands;

*(4) Has financial need;

*(5) Is maintaining satisfactory progress in the course of study he or she is pursuing according to the standards and practices of that institution;

(6) Does not owe a refund on a Pell Grant, Supplemental Grant, or State Student Incentive Grant received to meet the cost of attending that institution; and

*(7) Is not in default on any National Defense/Direct Student Loan, Guaranteed Student Loan, or Parent Loans for Undergraduate Students (PLUS), received to meet the cost of attending that institution.

*(b) *Member of a religious order—financial need.* The Secretary considers that a member of a religious order (an order, community, society, agency, or organization) who is pursuing a course of study at an institution of higher education has no financial need if that religious order—

(1) Has as its primary objective the promotion of ideals and beliefs regarding a Supreme Being;

(2) Requires its members to forego monetary or other support substantially beyond the support it provides; and

(3) (i) Directs the member to pursue the course of study; or

(ii) Provides subsistence support to its members.

(c) *Selection.* (1) An institution must make NDSLs reasonably available (to the extent of available funds) to all eligible students who demonstrate financial need.

(2) The institution's selection procedures must be—

(i) Uniformly applied;

(ii) In writing; and

(iii) Maintained in the files of the student financial assistance office.

(3) The institution must maintain on file all NDSL applications for the period specified in § 674.19(c)(2).

(4) The institution may not make a loan under NDSL to a student who is unwilling to repay that loan. Default on a previous loan is evidence of that unwillingness.

*(d) *Determination of satisfactory progress.* (1) If an institution determines at the beginning of a payment period that a student is not maintaining satisfactory progress, but reverses itself BEFORE the end of the payment period, the institution may make an NDSL advance to the student for the entire payment period.

(2) If an institution determines at the beginning of a payment period that a student is not maintaining satisfactory progress, but reverses itself

AFTER the end of the payment period, the institution may NOT advance any funds to the student for that payment period OR make adjustments in subsequent financial aid payments to compensate for the loss of aid for that period.

*(e) *Overpayment of grants.* Conditions under which an institution may make an NDSL payment to a student who is overpaid a grant:

(1) *Overpayment of a Pell Grant.* If an institution makes an overpayment of a Pell Grant to a student, it may continue to disburse an NDSL to that student if—

(i) The student is otherwise eligible; and

(ii) It can eliminate the overpayment in the award year in which it occurred by adjusting the subsequent Pell Grant payments for that award year.

(2) *Overpayment of a Pell Grant due to institutional error.* If the institution makes an overpayment of a Pell Grant as a result of its own error and can not correct it as specified in subparagraph (1), it may continue to make payments to that student if the student—

(i) Is otherwise eligible; and

(ii) Acknowledges in writing the amount of overpayment and agrees to repay it in a reasonable period of time.

(3) *Overpayment of an SEOG.* An institution may continue to disburse an NDSL to a student who receives an overpayment on an SEOG if—

(i) The student is otherwise eligible; and

(ii) It can eliminate the overpayment by adjusting financial aid payments (other than Pell Grants) in the same award year in which the overpayment occurred.

(4) *Definition.* Overpayment of a grant means that a student's grant payments are greater than the amount he or she is entitled to receive.

*(f) *Default on loans.* Conditions under which an institution may make an NDSL to a student who is in default on loans made for attendance at that institution:

(1) *Guaranteed loan and Parent Loans for Undergraduate Students (PLUS).* An institution may make an NDSL or continue to advance NDSL funds to a student who is in default on a Guaranteed Student Loan or a PLUS if the Secretary (for a Federally insured loan) or a guarantee agency (for a loan insured by that guarantee agency) determines that the student has made satisfactory arrangements to repay the defaulted loan.

(2) *National Defense/Direct Student Loan.* An institution may make an NDSL or continue to advance NDSL funds to a student who is in default on a National Defense/Direct Student Loan made at that institution if the student has made arrangements, satisfactory to the institution, to repay the loan.

*(g) *Bankruptcy.* The Secretary does not consider a loan made under the National Defense Student Loan, National Direct Student Loan, Guaranteed Student Loan, or Parent Loans for Undergraduate Students Program that is discharged in bankruptcy to be in default for purposes of this section.

*(h) *GSL/PLUS—Reliance on student's statement.* An institution, in determining whether a student is in default on a loan made under the Guaranteed Student Loan Program or the PLUS program, may rely upon the student's written statement that he or she is not in default unless the institution has information to the contrary.

§ 674.10 Special sessions.

A student enrolled at an institution in a special session (e.g., summer school) is eligible for an NDSL if he or she—

(a) Is otherwise eligible (see § 674.9);

(b) (1) Is registered as at least a half-time student at that institution for that session; or

(2) Is taking all of the courses required to complete his or her certificate or degree; and

(c) (1) Was attending that institution as at least a half-time student during the preceding term; or

(2) Has been accepted as at least a half-time student for the subsequent term.

(20 U.S.C. 1087aa-ii)

§ 674.11 Allowable costs of attendance.

(a) *General.* (1) Except as provided in paragraphs (d) and (e) of this section, a student's cost of attendance means—

(i) The tuition and fees charged to a full-time student for an academic year by the institution he or she is attending as determined under paragraph (b) of this section;

(ii) An allowance for room and board expenses for an academic year, as determined under paragraph (c) of this section;

(iii) A reasonable allowance determined by the institution for books and supplies for an academic year;

(iv) A reasonable allowance determined by the institution for transportation for an academic year. This allowance may include—

(A) The cost of travel between the student's residence and the institution; and

(B) The cost of travel required for completion of a course of study;

(v) A reasonable allowance determined by the institution for miscellaneous personal expenses for an academic year;

(vi) A reasonable allowance determined by the institution for an academic year for expenses related to study abroad for students enrolled in an academic program which normally includes a formal program of study outside the United States;

(vii) A reasonable allowance determined by the institution for expenses for an academic year related to child care for a student's dependent children; and

(viii) A reasonable allowance determined by the institution for a handicapped student's expenses for an academic year related to his or her handicap, if these expenses are not provided for by any other assisting agency or program. This allowance may include expenses related to special services, transportation, equipment and supplies.

(2) If another agency or program provides assistance for any expenses related to a student's handicap, thereby reducing the student's costs, the institution shall document such assistance as part of the student's financial aid record.

(3) For purposes of this section, a handicapped student is a student who meets the definition contained in section 602(1) of the Education of the Handicapped Act. Accordingly, a handicapped student is a student who is mentally retarded, hard of hearing, deaf, speech impaired, visually handicapped, seriously emotionally disturbed, or orthopedically impaired, or is otherwise health impaired or has specific learning disabilities which require special education and related services.

(4) The institution shall take into account when determining a student's cost of attendance—

(i) The period for which financial assistance is awarded; and

(ii) Whether the student is enrolled on a full-time or less than full-time basis.

(20 U.S.C. 1089)

(b) *Tuition and fees.* (1) An institution shall determine the tuition and fees charged a full-time student by calculating—

(i) The actual amount charged the full-time student for tuition and fees for an academic year; or

(ii) The average amount it charges full-time students for tuition and fees for an academic year. If the institution selects this option, it must determine an average cost for each of the following categories of students:

(A) Undergraduate students;

(B) Graduate students; and

(C) Professional students.

(2) If an institution establishes its tuition and fee charges on a residency requirement basis (e.g. In-State and Out-of-State) and elects to calculated an average tuition and fee charge, it shall establish a separate average charge for each different residency based classification.

(3) An institution may determine a separate average charge for any other distinct classification upon which it bases tuition and fee charges.

(4) An institution shall determine the tuition and fees charged a less than full-time student by—

(i) Calculating the actual amount it charges the student for tuition and fees for an academic year; or

(ii) Reducing the amount it calculated under paragraphs (b) (1), (2), or (3) of this section to reflect the less than full-time enrollment of that student.

(20 U.S.C. 1089)

(c) *Room and board.* (1) The institution shall calculate a student's room and board allowance as follows—

(i) For a student who has no dependents and lives with his or her parent(s), an allowance of $1,100;

(ii) For a student who has no dependents and lives in institutionally owned or operated housing—

(A) The actual amount charged the student for room and board for an academic year; or

(B) A standard allowance based on the average amount it charges most of its student residents for room and board for an academic year;

(iii) For a student who has no dependents and does not live with his or her parent(s) or in institutionally owned or operated housing, a standard allowance determined by the institution for room and board for an academic year; or

(iv) For a student who has dependents, an allowance determined by the institution for room and board for an academic year based upon expenses incurred by the student and his or her dependent(s).

(2) For purposes of this section, a spouse is considered a dependent.

(20 U.S.C. 1089)

(d) *Attendance costs for students in correspondence study programs.* The cost of attendance for a student enrolled in a correspondence study program means—

(1) Actual tuition and fees charged to the student for an academic year;

(2) A reasonable allowance determined by the institution for books and supplies for an academic year, if required for the completion of the program; and

(3) If incurred in fulfilling a required period of residential training, expenses for—

(i) Room and board; and

(ii) Travel between the student's residence and the institution.

(20 U.S.C. 1089)

(e) *Attendance costs for students whose program length exceeds the academic year at institutions using clock hours.* The cost of attendance for a student enrolled in an institution measuring progress in clock hours who is charged tuition and fees for a program whose length exceeds the length of the academic year at the institution, is determined by adding—

(1) Tuition and fees × clock hours in the academic year ÷ clock hours in the program plus

(2) Room and board and other applicable allowances determined under paragraphs (a) and (c) of this section.

(f) *Adjustments.* The institution may, in individual cases, adjust a student's cost of attendance if the cost of attendance calculated under paragraphs (a) through (e) of this section is not a reasonable approximation of the student's actual costs.

(20 U.S.C. 1089(e))

(g) *Required documentation.* An institution must be able to justify and document the cost of attendance figures established under this section.

(20 U.S.C. 1089)

***§ 674.12 Expected family contribution.**

(a) *Dependent students.* In determining the amount a dependent student and his or her spouse and parents are expected to contribute to the student's cost of attendance the financial aid administrator must consider—

(1) Any serious illness in the family. (Family members include the student, the student's parents and spouse, and any other persons the parents may claim as exemptions under the Internal Revenue Code);

(2) The number of the parents' dependent children;

(3) The number of the parents' dependent children attending institutions of higher education;

(4) Tuition costs of dependent children attending elementary and secondary schools; and

(5) Any other circumstances that could affect the ability of the student, the student's spouse, and the student's parents to contribute to his or her cost of attendance.

(b) *Independent students.* In determining the amount an independent student and spouse are expected to contribute to the student's cost of attendance, the financial aid administrator must consider—

(1) Any serious illness in the family. (Family members include the student, his or her spouse, and any other persons the student or spouse may claim as exemptions under the Internal Revenue Code);

(2) The number of the student's dependent children;

(3) The number of the student's dependent children attending institutions of higher education;

(4) Tuition costs of dependent children attending elementary and secondary schools; and

(5) Any other circumstances that could affect the ability of the student or spouse to contribute to the student's cost of attendance.

(c) *Special determination of dependent student-parent relationship.* (1) The student financial aid administrator must determine whether the relationship between a student and his or her parents makes it unreasonable to expect the parents to contribute to the student's cost of attendance, regardless of their ability to do so, if requested by a student who does not—

(i) Live with his or her parents;

(ii) Visit his or her parents for periods longer than typical for other adult family members; or

(iii) Receive gifts from his or her parents more valuable than those typically given to other adult nondependent offspring.

(2) Before determining that it is unreasonable for a parent of a dependent student to contribute to the student's attendance costs, the financial aid administrator must determine whether the student's parents are, in fact, willing to contribute toward those costs.

(3) The student financial aid administrator must make that determination part of the institution's written record.

(d) *Native American students.* To determine a Native American's expected family contribution, an institution may not consider the following as income or assets of the student or his or her family:

(1) Awards made under the Distribution of Judgment Funds Act (25 U.S.C. 1401 et seq.) or the Alaska Native Claims Settlement Act (43 U.S.C. 1601 et seq.).

(2) Property that may not be sold or encumbered without the consent of the Secretary of the Interior.

(3) Any other property held in trust for the student or his or her family by the U.S. Government.

(e) *Annual determinations.* An institution must determine a student's need at least annually.

(20 U.S.C. 1087dd)

***§ 674.13 Approved need analysis systems.**

(a) An institution must use a Secretary approved need analysis system or calculation method in complying with the requirements in § 674.12 (expected family contribution).

(b) *Preapproved systems for dependent students.* The Secretary has approved the following systems for dependent students:

(1) The method of computing an expected family contribution used in the Pell Grant program (34 CFR Part 690).

(2) The income tax system if adjusted to reflect the number of the parents' dependent children who are attending institutions of higher education. The expected family contribution produced under this system is the sum of—

(i) The money the student is reasonably able to contribute;

(ii) The amount of Federal income tax paid by the student's parents;

(iii) 5% of the parents' net assets in excess of $17,000 if there are no farm or business assets; or

(iv) 5% of the parents' net assets in excess of $50,000 if there are farm and business assets. However, no more than $17,000 may be deducted for assets other than farm and business assets.

(c) *Criteria for other systems for dependent students.* (1) The Secretary approves other need analysis systems for dependent students that are properly submitted (see paragraph (e)), if the system produces expected family contribution figures that—

(i) Increase incrementally as the parents' financial strength, measured in constant dollars, increases;

(ii) Are equal for families of equal financial strength; and

(iii) Are within $50 of the expected family contribution figures in 75% of the sample cases supplied by the Secretary.

(2) The Secretary computes the sample cases by:

(i) Deducting from the sum of the parents' adjusted gross income and nontaxable income—

(A) The amount of Federal income taxes and social security taxes;

(B) An 8% allowance on total income for State and local taxes; and

(C) A family maintenance allowance (excluding the student during the academic year) using Department of Labor estimates at a low standard of living;

(ii) Adding to this remainder, 12% of the net market value of the parents' assets, after deducting a standard asset reserve; and

(iii) Applying a rate schedule that the Secretary will publish annually with the sample cases.

(3) (i) In developing sample cases, the Secretary selects cases where the main wage earner is 45 years of age.

(ii) The Secretary does not select cases that involve medical and dental expenses, casualty and theft loses, housekeeping allowances, farm or business assets, more than one family member attending a postsecondary institution as an undergraduate, social security or veteran's benefits, or any unusual circumstances.

(4) In comparing figures from systems submitted for approval with figures from sample cases, the Secretary treats an expected parental contribution of less than zero as zero.

(5) In order to insure measurement in constant dollars, the Secretary revises sample case figures for inflation annually by adjusting—

(i) Deductions for family maintenance;

(ii) The standard deduction from assets; and

(iii) The rate of contribution from income and assets.

(d) *Systems for independent students.* The Secretary approves the following systems for independent students:

(1) The method of computing an expected family contribution used in the Pell Grant program (34 CFR Part 690).

(2) The systems of need analysis for independent students published by those organizations approved for dependent students under paragraph (c).

(e) *Application procedures for system approval.* (1) An organization or individual wishing to have a system for dependent students approved must also submit a system for independent students. Both systems must be submitted to the Secretary by June 30.

(2) The Secretary lists approved systems in the FEDERAL REGISTER by the following September 1.

(3) Applications for approval must include—

(i) Information the Secretary needs to determine whether or not the system meets the requirements of paragraph (c); and

(ii) The expected family contribution amounts produced by that system for sample cases.

(f) *Duration of approval.* (1) There is no specified expiration date for need analysis systems for dependent students approved under paragraph (b).

(2) An institution may use the need analysis systems for dependent and independent students approved under paragraphs (c) and (d) to determine student eligibility and amount of assistance under Campus Based Programs for an academic year that begins—

(i) No earlier than the following June 1; or

(ii) No later than 12 months after that June 1 date.

(g) *Adjustments.* The institution, in individual cases, may further adjust expected family contributions computed according to one of the approved systems if—

(1) The student financial aid administrator believes the expected family contribution does not accurately reflect the student's (or parents') ability to contribute; and

(2) The institution documents all adjustments in writing with an accompanying explanation and makes them part of the institution's records.

(20 U.S.C. 1087dd)

***§ 674.14 Coordination of student financial aid programs, loan amount, and overaward.**

(a) *Coordinating official.* An institution must appoint a coordinating official for its NDSL and other Federal and non-Federal student financial aid programs.

(b) *Overaward prohibited, general rule.* (1) An institution may not award an NDSL to a student if the NDSL, when combined with all other resources, exceeds the student's financial need. The institution, however, does NOT violate this rule if—

(i) The student receives additional funds after the institution awards aid, and total resources exceed his or her financial need by $200 or less by the end of the academic year; or

(ii) The student earns more money from employment than the institution anticipated when it awarded the NDSL, and it treats the earnings in accordance with paragraph (c) (prevention of overaward).

(2) A student's financial need may not exceed his or her cost of attendance.

(3) If a student's resources exceed his or her need by more than $200, and the excess is not from employment, the overaward is the amount that exceeds the $200.

(c) *Prevention of overaward by treatment of earnings.* An institution must take the following steps when it learns that a borrrower has earned, or will earn, more than $200 over his or her financial need:

(1) It must decide whether the student needs the money to pay for necessary additional educational costs, unanticipated when it awarded financial aid to the student. If the student does, no further action is necessary.

(2) If the student's earnings still exceed need by $200 or more after the institution subtracts any additional costs, it must cancel any unpaid loan or grant (other than Pell Grants) to avoid exceeding need by more than $200.

(3) If the student's earnings still exceed his or her need by more than $200 after the institution takes the steps required in the two preceding subparagraphs, and the student is enrolled for the next academic year, the institution must use the amount that exceeds $200 as—

(i) A resource to help pay the student's cost of attendance in the following year; or

(ii) A substitute for the student's expected family contribution for the current year unless a GSL or PLUS is used for that purpose.

(4) If the student's earnings still exceed his or her need by more than $200 after the institution takes the steps required in paragraphs (c)(1) and (2) of this paragraph, and the student is NOT enrolled for the next academic year, no further action is necessary.

(d) *Resources.* The Secretary considers that "resources" include, but are not limited to, any—

(1) Funds the student is entitled to receive from a Pell Grant, regardless of whether the student applies for it;

(2) Waiver of tuition and fees;

(3) Scholarship or grant, including an SEOG or athletic scholarship;

(4) Fellowship or assistantship;

(5) Insurance programs for the student's education, including any social security educational benefits not included in computing EFC;

(6) GSL, or PLUS as indicated under paragraph (e);

(7) Long-term loans, excluding GSL and PLUS, made by the institution;

(8) Net earnings from employment, including any part of an independent student's net earnings not included as part of the student's EFC. ("Net earnings" means gross earnings minus taxes and job related costs); and

(9) Veterans benefits (except that part included as part of the student's EFC).

(e) *Treatment of Guaranteed Student Loans (GSL) and Parent Loans for Undergraduate Students (PLUS).* (1) A student may use a GSL or a PLUS as a substitute for his or her expected family contribution.

(2) However, if the loan amounts under one or both of these programs exceeds the student's expected family contribution, the Secretary considers the excess to be a resource.

(f) *Administrative responsibility.* (1) An institution is responsible ONLY for the resources it—

(i) Makes available to its students;

(ii) Knows about; or

(iii) Can reasonably anticipate at the time it awards NDSL funds to the student.

(2) An institution must take reasonable steps to stay informed about the earnings of a student employed outside the institution.

(g) The provisions of paragraph (b) of this section are retroactive to October 12, 1976.

(20 U.S.C. 1087dd)

§ 674.15 Coordination with BIA grants.

*(a) To determine the amount of an NDSL for a student who is also eligible for a Bureau of Indian Affairs (BIA) education grant, an institution must prepare a package of student aid—

(1) From resources other than the BIA education grant the student has received or is expected to receive; and

(2) That is consistent in type and amount with packages prepared for students in similar circumstances who are not eligible for a BIA education grant.

*(b)(1) The BIA education grant, whether received by the student before or after the preparation of the student aid package, supplements that package.

(2) No adjustment may be made to the student aid package as long as the total of the package and the BIA education grant is less than the institution's determination of that student's financial need.

*(c)(1) If the BIA education grant, when combined with other aid in the package, exceeds the student's need, the excess must be deducted and may be deducted only from the other assistance, not the BIA education grant.

(2) The institution must deduct the excess in the following sequence: loans, work-study awards, and grants other than Pell Grants. However, the institution may change the sequence if requested by a student and the institution believes the change benefits the student.

*(d) To determine the financial need of a BIA-eligible student, a financial aid administrator is encouraged to consult with area officials in charge of BIA postsecondary financial aid.

(20 U.S.C. 1087dd)

§ 674.16 Making and disbursing loans.

(a) Before an institution makes its first advance to a student, it must—

(1) Inform the borrower of his or her obligations to—

(i) Repay the loan; and

(ii) Apply the proceeds only to educational expenses.

(2) Provide the borrower with the following information—

(i) The yearly and cumulative maximum loan amounts that may be borrowed;

(ii) The repayment terms;

(iii) The maximum number of years in which the loan must be repaid;

(iv) The interest rate and the minimum monthly payment;

(v) Other entitlements the borrower may have for deferral, cancellation, repayment, consolidation or other refinancing of the loan;

(vi) A definition of default and the consequences to the borrower if he or she defaults, including a description of any arrangements made with credit bureau organizations.

(vii) The effects of accepting the loan on the eligibility of the borrower for other forms of student assistance.

(b) An institution may satisfy the requirements of paragraph (a) of this section by mailing the information to the student.

(c)(1) An institution using a semester, trimester, or quarter system must advance each payment period a portion of a loan awarded for a full academic year.

(2) The institution determines the amount advanced each payment period by the following fraction:

$$\frac{\text{NDSL}}{\text{N}}$$

Where NDSL = total NDSL award
and N = the number of semesters, trimesters, or quarters in that year.

(3) If the total NDSL award is to a student attending less than a full academic year, the institution determines the amount of each advance by the following fraction:

$$\frac{NDSL}{R}$$

Where NDSL = total NDSL award
and R = the number of semesters, trimesters, or quarters remaining in the academic year.

(d) Notwithstanding paragraph (c), if a student incurs uneven costs during an academic year and needs additional funds in a particular payment period, the institution may advance NDSL funds to the student for that purpose.

(e)(1) An institution NOT using a semester, trimester, or quarter system must advance funds to the student at least twice during an academic year.

(2) The institution must make one advance at the beginning and another at the midpoint of the academic year.

(3) The institution may not advance more than half the loan before the midpoint.

(f)(1) Within each payment period, an institution may advance funds to the student at such time and in such amounts as it determines best meets the student's needs.

(2) It may pay the borrower directly by check or by crediting his or her account with the institution.

(3) However, if it credits the account, the institution must give the borrower a receipt.

(4) In either case, the borrower must sign for the funds in the Schedule of Advances part of the note.

(g) Only one advance is necessary if the total amount the institution awards a student under the Campus Based Programs is less than $301.

(h) A 6 month training program that prepares students for gainful employment in a recognized occupation equals a full academic year for purposes of disbursement.

(i) A correspondence student must submit his or her first completed lesson before receiving an advance.

(j)(1) An institution may not disburse loan funds to a student unless the student files a statement of educational purpose in which the student declares that he or she will use the loan solely for educational expenses in connection with attendance at the institution.

(2) The Secretary considers the following as satifying this requirement: Statement of Educational Purpose I declare that I will use any funds I receive under the NDSL program for expenses connected with attendance at (Name of institution)——————— (Date)———(Signature)———.

(k) If an institution computes a student's need using estimated data submitted before January 1 of the previous award year, the institution may not pay the student unless it verifies that information.

(20 U.S.C. 424, 1087cc, 1087cc-1 and 1094)

§ 674.17 Federal interest in allocated funds—Transfer of loan fund.

(a) Except for funds received for the administrative cost allowance (see § 674.18(b)), funds received by an institution under the NDSL program are held in trust for the intended student beneficiaries. Funds may not be used or hypothecated (i.e., serve as collateral) for any other purpose.

(b) (1) If an institution responsible for an NDSL Fund closes or no longer wants to participate in the program, the Secretary will take the following steps to protect the outstanding loans and the Federal interest in that Fund:

(i) The undertaking of a capital distribution of the liquid assets of the Fund according to section 466(c) of the Act;

(ii) The transfer of the outstanding loans to another institution in the same State; or

(iii) The transfer of the outstanding loans to the Department of Education if no institution in that State wishes to receive them.

(2) The Secretary considers the cost of collecting the transferred outstanding loans to be equal to the institutional share of those loans.

(3) If the Secretary transfers the outstanding loans to a second institution, the second institution may deposit the collections on those loans in its own Fund. The Secretary considers the first institution's share of those collections to be the second institution's institutional capital contribution.

(4) If the Secretary transfers the outstanding loans to the Department

80-113 O—82——26

of Education, the Secretary may use the institutional share of those collections to pay collection costs.

(c) If more than one institution in the State offers to collect the outstanding loans, the Secretary will transfer the loans to one or more of the competing institutions on the basis of—

(1) Primarily, the institution's demonstrated loan collection capability; and

(2) Secondarily, the number of students of the first institution expected to enroll in the second institution.

(d) No audit exception will be taken against the second institution on account of actions or omissions of the first institution in the administration of its Fund. The second institution must segregate the transferred Fund account until an audit satisfactory to the Secretary is performed on the operation of the first institution's program.

(20 U.S.C. 1087aa-1087ii; 1087cc)

§ 674.18 Use of funds.

(a) *General.* An institution must deposit the funds it receives under the NDSL program into its Student Loan Fund. It may use these funds only for making loans and the other activities specified in § 674.8(b).

(b) *Administrative cost allowance.* An institution participating in the NDSL program is entitled to an administrative cost allowance.

(1) The amount of the allowance equals—

(i) Five (5) percent of the first $2,750,000 of the institution's expenditures in an award year under CWS, SEOG and NDSL programs; plus

(ii) Four (4) percent of its expenditures which are greater than $2,750,000 but less than $5,500,000; plus

(iii) Three (3) percent of its expenditures in excess of $5,500,000.

(2) However, for the purpose of calculating the allowance in paragraph (b)(1) of this section, CWS expenditures made under the Community Service Learning Program (§ 675.28) or NDSL loans that are assigned to the Secretary under Section 463(a)(6)(B) of the Higher Education Act are not included.

(3) An institution must use its administrative cost allowance to offset its costs of administering the Pell Grant, CWS, SEOG and NDSL programs. Administrative costs also include the expenses incurred for carrying out the student consumer information services requirements of Subpart C of the Student Assistance General Provisions, 34 CFR Part 668.

(4) An institution may not charge any administrative expenses against its NDSL Fund for an award year unless it advances funds to students for that year.

(20 U.S.C. 1087cc, 1087dd, and 1096)

§ 674.19 Fiscal procedures and records.

•(a) *Fiscal procedures.* (1) In administering its NDSL program, an institution must establish and maintain an internal control system of checks and balances that insures that no office can both authorize payments and disburse funds to students.

(2) A separate bank account for Federal funds is not required, except as provided in paragraph (b). However, an institution must notify any bank in which it deposits Federal funds of all accounts in that bank in which it deposits Federal funds. The institution may give this notice by either—

(i) Including in the name of the account the fact that Federal funds are deposited; or

(ii) Notifying the bank in writing of the accounts in which it deposits Federal funds. The institution must retain a copy of this notice in its files.

(b) *Account for NDSL Fund.* (1) An institution must maintain all the cash of its NDSL Fund in a separate bank account that contains no other funds if the Secretary determines that the institution's accounting system and internal controls do not—

(i) Meet the requirements of paragraph (c), paragraph (d), or both;

(ii) Identify the cash balance of the NDSL Fund as readily as if the Fund were maintained in a separate bank account; or

(iii) Adequately identify the earnings of the Fund.

(2) The Secretary makes that determination on the basis of an audit ex-

amination or as a result of a program review.

(3) That separate bank account must be identified as the institution's NDSL Fund account and must contain all the cash of the institution's NDSL Fund. That cash includes Federal capital contributions, institutional capital contributions, repayments made by borrowers, Direct loan cancellation payments, and any earnings of the Fund including interest.

(c) *Records and reporting.* (1) An institution must establish and maintain on a current basis financial records that reflect all program transactions. The institution must establish and maintain general ledger control accounts and related subsidiary accounts that identify each program transaction and separate those transactions from all other institutional financial activity.

(2) The institution must also establish and maintain program and fiscal records that—

(i) Are reconciled at least monthly;

(ii) Identify each student's account and status;

(iii) Show the eligibility of each student aided under the program;

(iv) Show the amount of need and how the need was met for each student; and

(v) Identify the administrator who determined the need.

(3) Each year an institution must submit a Fiscal-Operations Report plus other information the Secretary requires. The institution must comply with requirements to insure the information reported is accurate and must submit it on the form and at the time specified by the Secretary.

(d) *Retention of records*—(1) *Records.* Each institution must keep intact and accessible records of the receipt and expenditure of Federal funds, including all accounting records and original and supporting documents necessary to document how the funds are spent.

*(2) *Period of retention.* Except for loan records and audit questions, an institution must keep records for an award year for five years after it submits its Fiscal-Operations Report for that year.

(3) *Loan records.* (i) An institution must maintain a repayment history for each borrower. This repayment history must show the date and amount of each repayment over the life of the loan. It must also indicate the amount of each repayment credited to principal and interest respectively.

(ii) This history must also show the date, nature, and result of each contact with the borrower or proper endorser in the collection of an overdue loan. The institution must include in the repayment history copies of all correspondence to or from the borrower and endorser, except routine bills, routine overdue notices, and routine form letters.

(iii) An institution must retain repayment records, including cancellation and deferment requests, for at least 5 years from the date of the loan's assignment or final repayment or cancellation.

*(4) *Microfilm copies.* An institution may substitute microfilm copies for original records in meeting the requirements of this section.

*(5) *Audit questions.* An institution must keep records in any claim or expenditure questioned by Federal audit until resolution of any audit questions. However, the institution does not have to retain records beyond 5 years if the actions taken by the United States to recover funds are barred by the Federal statute of limitation in 28 U.S.C. 2415(b).

(e) *Audits-Federal.* An institution must give the Secretary, the Comptroller General of the United States, or their duly authorized representatives access to the records specified in paragraphs (d) (1), (2), and (3) and to any other pertinent books, documents, papers, and records.

(f) *Separate records.* An institution need not maintain separate records for National Defense Student Loans and National Direct Student Loans except for loan cancellation records.

*(g) *Audits—Non-Federal.* (1) An institution must audit, or have audited under its direction, NDSL transactions to determine at a minimum—

(i) The fiscal integrity of financial transactions and reports; and

(ii) If those transactions are in compliance with the applicable laws and regulations.

(2) The audits must be performed in accordance with the Education Department's "Audit Guide" for student financial aid programs.

(3) The institution must have an audit performed at least once every two years unless the Secretary approves a longer interval.

(4) Each audit must cover the entire period of time since the last audit.

*(h) *Audit reports.* The institution must submit audit reports to its local regional office of the Education Department's Office of Inspector General Audit Agency. It must give the Secretary and the Inspector General access to records or other documents necessary to the audit's review.

(i) *Safekeeping.* An institution must keep promissory notes and student loan ledgers in good order in a locked, fire proof container. Only authorized personnel may have access to these documents.

(20 U.S.C. 424, 1087cc, 1232c)

§ 674.20 Compliance with truth in lending and equal credit opportunity requirements.

In making an NDSL, an institution must comply with the truth in lending requirements of Regulation Z (12 CFR Part 226) and with the equal credit opportunity requirements of Regulation B (12 CFR Part 202). With regard to Regulation B, the Secretary considers the NDSL program to be a credit assistance program authorized by Federal law for the benefit of an economically disadvantaged class of persons within the meaning of 12 CFR 202.8(a)(1). Therefore the institution may request a loan applicant to disclose his or her marital status, income from alimony, child support, and spouse's income and signature. (12 CFR 202.8(d)).

(20 U.S.C. 1087aa-1087ii)

§ 674.21 Deposit of institutional capital contributions into Fund.

When an institution deposits any Federal capital contribution to its Fund it must deposit its institutional capital contribution at the same time.

(20 U.S.C. 1087cc)

Subpart B—Terms of Loans

§ 674.31 Defense and direct loan maximums for students.

(a) The maximum amount of Defense and Direct loans an eligible student may borrow is—

(1) $3,000 for a student who has not completed 2 academic years of study toward a bachelor's degree. The $3,000 includes Defense and Direct loans.

(2) $6,000 for a student who has completed 2 academic years of study toward a bachelor's degree and has achieved third-year status but has NOT received the degree. The $6,000 includes Defense and Direct loans the student borrowed before completing the 2 years of study toward a bachelor's degree; and

(3) $12,000 for study toward professional or graduate degrees. The $12,000 includes Defense and Direct loans a student borrowed for undergraduate study.

(20 U.S.C. 1087dd)

§ 674.32 Promissory note—loan repayment.

(a) *Promissory note.* (1) To receive a loan a student must sign a promissory note before the institution makes any advance.

(2) The Secretary must approve the promissory note used by the lending institution.

(3) The note in Appendix B is acceptable. The institution must not change the meaning of this note without the Secretary's approval.

(4) The lending institution must give a copy of the signed note to the borrower at or before the exit interview.

(b) *Interest rate.* The promissory note must state that—

(1)(i) For loans made before July 1, 1981, the rate of interest on the loan is 3 percent per annum on the unpaid balance; and

(ii) For loans made on or after July 1, 1981, the rate of interest on the loans is 4 percent per annum on the unpaid balance; and

(2) No interest may be charged before the repayment period begins or

during a deferment period authorized under § 674.34a (a), (b), and (d).

(3) No repayment of principal or interest will be required until six months after the completion of any deferment period as set forth in § 674.34a (a), (b), and (d).

(c) *Repayment.* (1) The promissory note must state that the repayment period—

(i) Begins 6 months after the borrower ceases to be a least a half-time student at an institution of higher education or a comparable institution outside the U.S. approved for this purpose by the Secretary, and normally ends 10 years later;

(ii) May begin earlier if the borrower requests it; and

(iii) May vary because of minimum monthly repayments (see § 674.33) or deferments (see §§ 674.34 and 674.34a).

(iv) May be extended for up to ten years if, during the repayment period, the institution determines that the borrower is or will be a low-income individual (as defined in § 674.34a(h)(8)) during the repayment period; and

(v) May be adjusted to reflect the income of the borrower if the institution determines the borrower to be a low-income individual.

(2) The promissory note must state that the borrower must repay the loan—

(i) In equal quarterly, bimonthly, or monthly amounts, as the institution chooses; or

(ii) In graduated installments if the borrower requests a graduated repayment schedule, the institution submits the schedule to the Secretary for approval, and the Secretary approves it.

(3) A repayment plan must be established before the student ceases to be at least a half-time student.

(4) The institution must give the borrower a copy of the promissory note with a copy of the repayment plan attached.

(5) If the last repayment is $10 or less the institution may add it the next-to-last repayment.

(6) A loan repayment must first be applied to interest due on the loan, with the remainder applied to principal.

(d) *Minimum rates of repayment—deferments.* (1) The promissory note may, at the option of the institution, state that the monthly repayments may vary according to the minimum monthly repayment provision (see § 674.33).

(2) The promissory note must include the deferment provisions set forth in § 674.34a.

(e) *Prepayment.* (1) The promissory note must state that the borrower may prepay all or part of the loan at any time without penalty.

(2) Amounts repaid during the academic year in which the loan was made will be used to reduce the original loan amount and will not be considered prepayments.

(3) If a borrower repays more than the amount due for any repayment period, the excess must be used to prepay the principal unless the borrower designates it as an advance payment of the next regular installment.

(f) *Penalty charge.* (1) An institution may state in the promissory note that a penalty will be charged if the borrower does not—

(i) Repay all or part of a scheduled repayment when due;

(ii) File a timely request for cancellation or deferment with the institution. This request must include sufficient evidence to enable the institution to determine whether the borrower is entitled to a cancellation or deferment.

(2) The institution may include the following penalty charges in the promissory note. If the loan is repayable—

(i) Monthly, the maximum monthly charge is $1 for the first month and $2 for each additional month, for each overdue payment;

(ii) Bimonthly, the maximum bimonthly charge is $3 for each overdue payment; and

(iii) Quarterly, the maximum charge per quarter is $6 for each overdue payment.

(3) *Applying penalty charges.* The institution may—

(i) Add the penalty charge to the principal the day after the scheduled repayment was due; or

(ii) Include it with the next scheduled repayment after the borrower receives notice of the penalty charge.

(g) *Security and endorsement.* The promissory note must state that the

loan must be made without security and endorsement unless—

(1) The borrower is a minor; and

(2) Under applicable State law, a note signed by a minor would not create a binding obligation.

(h) *Assignment.* The promissory note must state that a note may only be assigned to—

(1) The United States or an institution approved by the Secretary; or

(2) An institution the borrower has transferred to, if that institution—

(i) Is participating in the NDSL program; or

(ii) Is not participating, but has been approved by the Secretary; to receive the notes.

(i) *Acceleration.* The promissory note must state that an institution may demand immediate repayment of the entire loan, including any penalty charges and accrued interest, if the borrower does not—

(1) Make a scheduled repayment on time; or

(2) File cancellation or deferment form(s) with the institution on time.

(j) *Cost of collection.* The promissory note may state that the borrower must pay all attorney's fees and other loan collection costs and charges.

(k) *Disclosure of information.* The promissory note shall state that if the borrower defaults on the loan and the loan is referred to the Secretary, the Secretary may disclose to a credit bureau organization—

(1) That the borrower has defaulted on the loan; and

(2) Any other relevant information.

(20 U.S.C. 425 and 1087dd)

§ 674.33 Minimum repayment rates.

In this section monthly repayment amounts also apply to bimonthly or quarterly equivalents.

(a)(1) *Defense loan.* An institution may require a borrower to pay a $15 minimum monthly repayment if—

(i) The monthly repayment of principal and interest for a 10 year repayment period is less than $15 a month; and

(ii) The promissory note includes a $15 minimum monthly repayment provision.

(2) *Direct loan.* The institution may require a borrower to pay a $30 minimum monthly repayment if—

(i) The monthly repayment of principal and interest for a 10 year repayment period is less than $30 a month; and

(ii) The promissory note includes a $30 minimum monthly repayment provision.

(b) *Minimum repayment of loans from more than one institution*—(1) *Defense loan.* If a borrower has received loans from more than one institution and—

(i) Only one institution exercises the $15 option when the repayment is less than $15, that institution will receive the difference between $15 and the repayment owed to the other institution; or

(ii) Each institution exercises the $15 minimum option, the minimum repayment must be divided among the institutions in proportion to the amount of principal advanced by each institution.

(2) *Direct loan.* If a borrower has received loans from more than one institution and—

(i) Only one institution exercises the $30 option when the repayment is less than $30, that institution will receive the difference between $30 and the repayment owed to the other institution; or

(ii) Each institution exercises the $30 minimum option, the minimum repayment must be divided among the institutions in proportion to the amount of principal advanced by each institution.

(c) *Minimum repayment of both Direct and Defense loans from one or more institutions.* If a borrower has received both a Direct and a Defense loan, the following rules apply. In all cases the repayment includes principal and interest.

(1) If the total monthly repayment is at least $30 for both a Defense and a Direct loan, no institution may exercise a minimum repayment option, even if the Defense loan repayment is less than $15 or the Direct loan repayment is less than $30.

(2) If the total monthly repayment is less than $30 for both the Defense and Direct loans, an institution may

exercise either minimum repayment option. The maximum monthly repayment, however, may not exceed $30 a month.

(3) If—

(i) The total monthly repayment is less than $30; and

(ii) The amount owed on a Defense loan is less than $15, the amount attributed to the Defense loan may not exceed $15 a month. However, $15 may be attributed to the Defense loan ONLY if the institution exercises the minimum option on the Defense loan.

(d) *Minimum repayment of Direct loans with different interest rates, or with different provisions, from one or more institutions.*

(1) If a borrower has received a Direct loan at 3 percent and a Direct loan at 4 percent from the same institution, and the total monthly repayment is at least $30 for both the Direct loan at 3 percent and the Direct loan at 4 percent, the institution may not exercise the minimum monthly payment on either loan.

(2) If the borrower has received a Direct loan at 3 percent and a Direct loan at 4 percent at the same institution and the total monthly repayment is less than $30, the institution may exercise the $30 minimum payment option, providing it is in the promissory notes, and the institution divides the repayment between the accounts in proportion to the amount of principal advanced under each loan.

(3) If a borrower has received a Direct loan at 3 percent from one institution and a Direct loan at 4 percent from another institution, each institution shall follow the procedures outlined in paragraph (b)(2) of this section.

(4) If a borrower has received Direct loans prior to October 1, 1980 and a Direct loan between October 1, 1980 and June 30, 1981 the institution shall follow the procedures outlined in paragraphs (d)(1) and (b)(2) of this section.

§ 674.34 Defense or Direct loans made on or before September 30, 1980.

(a) Principal need not be repaid and interest will not accrue during a period when a borrower is at least a half-time student at an institution of higher education or a comparable institution outside the U.S. approved by the Secretary for this purpose.

(b) Principal need not be repaid and interest will not accrue for a period of up to 3 years during which time the borrower is—

(1) A member of the U.S. Armed Forces (see § 174.56);

(2) A Peace Corps volunteer; or

(3) A volunteer under the Domestic Volunteer Service Act of 1973.

(c) The institution must not include the deferment periods described in paragraphs (a) and (b) when determining the 10 year repayment period.

(d)(1) The institution may defer repayments under extraordinary circumstances. Interest, however, (unlike in paragraphs (a) and (b)) continues to accrue during this deferment period.

(2) If a borrower is unable to make a scheduled repayment due to extraordinary circumstances such as a prolonged illness or unemployment, he or she may ask the institution to change the repayment schedule within the 10 year repayment period.

(3)(i) If a change in the repayment schedule of a Defense loan would extend the repayment period beyond 10 years, the institution must notify the Secretary of the change.

(ii) If a change in the repayment schedule of a Direct loan would extend the repayment period beyond 10 years, the institution must notify the Secretary of the change and receive the Secretary's approval before making it.

(e)(1) The institution may defer a borrower's Direct loan repayments or revise his or her repayment schedule for up to 1 year if—

(i) The institution exercised the minimum monthly repayment rate;

(ii) The borrower is unable, due to extraordinary circumstances, to make repayment when due; and

(iii) The borrower has applied for deferment or a revised repayment schedule.

(2) If, at the end of the 1 year period, the borrower is still unable to repay at the minimum monthly rate because of extraordinary circumstances, the institution may defer repayment or revise repayments for up to another year.

(3) If the institution defers repayment on a loan or revises a repayment schedule under paragraph (e) of this section, (4), or (5) of this paragraph, interest continues to accrue.

(4) The institution may not defer a loan or revise a repayment schedule under paragraphs (e) (1) and (2) of this section if the revision or deferment results in a repayment period of more than 10 years.

(f) (1) The institution may defer Defense loan repayments up to 3 years for a less than half-time student borrower taking courses that are creditable toward a degree.

(2) Interest accrues during this deferment period.

(3) The institution may exclude these deferment periods in computing the 10 year repayment period.

(20 U.S.C. 425 and 1087dd)

§ 674.34a Deferment of repayment. Direct loans made on or after October 1, 1980.

(a) Principal need not be repaid and interest will not accrue during a period when a borrower is at least a half-time student at an institution of higher education or a comparable institution outside the U.S. approved by the Secretary for this purpose.

(b) Principal need not be repaid and interest will not accrue for a period of up to 3 years during which time the borrower is—

(1) A member of the U.S. Armed Forces or an officer in the Commissioned Corps of the U.S. Public Health Service; (see § 674.56);

(2) A Peace Corps volunteer; or

(3) A volunteer under the Domestic Volunteer Service Act of 1973;

(4) A full-time volunteer in service which the Secretary has determined is comparable to service in the Peace Corps or under the Domestic Volunteer Service Act of 1973 (ACTION programs). The Secretary considers that a borrower is providing comparable service if he or she satisfies the following five criteria:

(i) The borrower serves in an organization which is exempt from taxation under Section 501(c)(3) of the Internal Revenue Code of 1954;

(ii) The borrower provides service to low-income persons and their communities to assist them in eliminating poverty and poverty-related human, social, and environmental conditions;

(iii) The borrower's compensation does not exceed the compensation received by a full-time volunteer in the Peace Corps or in a program administered by the ACTION agency. Compensation includes an allowance for subsistence, necessary travel expenses, and stipends;

(iv) The borrower, as part of his or her duties, does not give religious instruction, conduct worship service, engage in religious proselytizing, or engage in fundraising to support religious activities.

(v) The borrower has agreed to serve on a full-time basis for a term of at least one year.

(5) Temporarily totally disabled, as established by an affidavit of a qualified physician, or unable to secure employment because the borrower is providing care such as continuous nursing or other similar services required by a spouse who is so disabled.

(c)(1) "Temporarily totally disabled" for purposes of paragraph (b) of this section with regard to the borrower means an injury or illness which prevents an individual from attending an eligible institution or to be gainfully employed for an extended period of time.

(2) "Temporarily totally disabled" with regard to the borrower's spouse means an injury or illness, established by an affidavit of a qualified physician, that requires the borrower to provide care such as continuous nursing or other similar services thus preventing the borrower from obtaining gainful employment.

(d)(1) Principal need not be paid and interest will not accrue for a period not to exceed two years during which time the borrower is serving an eligible internship after obtaining a bachelor's or professional degree.

(2) An eligible internship is an internship which a person is required to undergo to receive professional recognition required to begin professional practice or service. Medical residency is an example of such an internship.

(e) The institution must not include the deferment periods described in paragraphs (a), (b), (d) and the grace period described in paragraph (f)

when determining the 10-year repayment period.

(f) No repayment of principal or interest will be required to begin until six months after the completion of any period during which the borrower is in deferment under paragraph (a), (b), and (d).

(g)(1) The institution may defer repayments under extraordinary circumstances.

(2) If a borrower is unable to make a scheduled repayment due to extraordinary circumstances such as a prolonged illness or unemployment, he or she may ask the institution to change the repayment schedule within the 10 year repayment period.

(3) If a change in the repayment schedule of a Defense loan would extend the repayment period beyond 10 years, the institution must notify the Secretary of the change. If a change in the repayment schedule of a Direct loan would extend the repayment period beyond 10 years, the institution must notify the Secretary of the change and receive the Secretary's approval before making it.

(h)(1) The institution may defer a borrower's Direct loan repayments or revise his or her repayment schedule for up to 1 year if—

(i) The institution exercised the minimum monthly repayment rate;

(ii) The borrower is unable, due to extraordinary circumstances, to make repayment when due; and

(iii) The borrower has applied for deferment or a revised repayment schedule.

(2) If, at the end of the 1 year period, the borrower is still unable to repay at the minimum monthly rate because of extraordinary circumstances, the institution may defer repayment or revise repayments for up to another year.

(3) If the institution defers repayment on a loan or revises a repayment schedule under paragraph (g) of this section, interest continues to accrue.

(4) The institution may not defer a loan or revise a repayment schedule under paragraphs (g) (1) and (2) of this section if the revision or deferment results in a repayment period of more than 10 years.

(i) The institution may—

(1) Extend the repayment period up to ten years for any student borrower who during the repayment period is a low-income individual if that individual is expected to remain a low-income individual during that repayment period. The term "low-income individual" means an individual from a family whose taxable income for the preceding year did not exceed 150 percent of an amount equal to the poverty level determined by using criteria of poverty established by the Bureau of the Census.

(2) Adjust the repayment schedule to reflect the income of that individual.

(1) Teaches or provides other services eligible for loan cancellation; and

(2) Submits a statement signed by a responsible official in the military, agency, or school employing the borrower, specifying that the borrower is so employed. The statement must describe the borrower's job, list the period of employment, and state whether the job is full- or part-time.

(b) If a borrower has received both Defense and Direct loans and is eligible for cancellation benefits on only one, the institution may postpone only repayments on the loan for which cancellation is available.

(20 U.S.C. 425 and 1087dd-ee)

§ 674.36 Treatment of loan repayments where cancellation, loan repayments, and minimum monthly repayments apply.

(a) An institution may not exercise the minimum monthly repayment provisions on a note when the borrower has received a partial cancellation for the period covered by a postponement.

(b) If a borrower has received both Defense and Direct loans and only one can be cancelled, the amount due on the uncancelled loan is the amount established in § 674.32(c), loan repay-

ment terms or § 674.33(a), minimum repayment rates.

(20 U.S.C. 425 and 1087dd-ee)

Subpart C—Due Diligence

§ 674.41 [Reserved]

§ 674.42 Due diligence.

Each institution must be diligent and forceful in collecting loans. In exercising this responsibility it must—

(a) Inform each borrower before he or she signs the note that he or she must repay the loan and apply the proceeds only to educational expenses;

(b) Conduct an exit interview with each borrower (described in § 674.43) before he or she leaves the institution and, again, explain his or her obligation to repay the loan;

(c) In or before the exit interview—

(1) Give a copy of the signed promissory note and the repayment schedule to the borrower; and

(2) Have the borrower sign the schedule. A repayment schedule shows the borrower the total amount of his or her loan and states the repayment amount and the date each repayment is due;

(d) Keep a signed copy of the repayment schedule in the institution's files;

(e) Mail a copy of the note and two copies of the repayment schedule to a borrower who leaves the institution without notice, requesting that the borrower sign and return one of the schedules to the institution;

(f) Keep the borrower informed, on a timely basis, of all changes in the program that affect his or her rights or responsibilities; and

(g) Respond promptly to all inquiries from the borrower or any endorser.

(20 U.S.C. 1087cc)

§ 674.43 Contact with the borrower prior to repayment period.

(a) *Information coordination.* An institution must coordinate information among its offices, e.g. the registrar, student financial aid, business and alumni offices. Doing so will enable it to determine—

(1) When a borrower will graduate so an exit interview may be scheduled; or

(2) Whether a borrower has left the institution without notice so that required information may be mailed to him or her.

(b) *Exit interview.* An institution must, if possible, conduct an exit interview with each borrower before he or she leaves the institution. If an individual interview is not feasible, a group interview is permitted. During the interview the institution must tell the borrower again, as it did when the loan was made, that the borrower received a loan and the loan must be repaid in accordance with the repayment schedule. Furthermore, the institution must explain, in detail, the borrower's rights and obligations under the loan including the following:

(1) The borrower must inform the institution immediately of any address change.

(2) The full amount of the loan and the interest rate.

(3) The first repayment amount and when it is due.

(4) The borrower must contact the institution before the due date of any repayment he or she cannot make.

(5) His or her deferment, cancellation or postponement rights and the procedures for filing for these benefits.

(6) The right to prepay without penalty.

(7) The loan note's optional features such as minimum monthly repayment, penalty and collection charges.

(c) *The institution's contact with the borrower.* (1) For loans made on or before September 30, 1980, an institution must contact a borrower at least 3 times before the first repayment is due as follows:

(i) 90 days into the grace period, the institution must send to the borrower the information in paragraph (b) plus other information necessary to satisfy Truth in Lending Act regulations.

(ii) 180 days into the grace period, the institution must notify the borrower of the date his or her grace period ends.

(iii) Approximately 30 days before the first repayment is due, the institution must notify the borrower of that

repayment date and the amount due. (see § 674.44(a)(1).)

(2) For loans made on or after October 1, 1980, an institution must contact a borrower at least 2 times before the first repayment is due as follows:

(i) 90 days into the grace period, the institution must send to the borrower the information in paragraph (b) plus other information necessary to satisfy Truth in Lending Act regulations.

(ii) Approximately 30 days before the first repayment is due, the institution must notify the borrower of that repayment date and the amount due. (see § 674.44(a)(1).)

(d) *Address search.* If an institution discovers that a borrower's address has changed, it must conduct the search required under § 674.44(a)(6) to find the correct address.

(20 U.S.C. 425 and 1087cc)

§ 674.44 Billing procedures.

(a) An institution must establish and maintain the following billing and follow-up procedures until all loans are repaid:

(1) Unless a coupon system is established, the institution must send to each borrower—

(i) A letter of notice and a statement of account at least 30 days before the first payment is due; and

(ii) A statement of account 10 days before the due date of each repayment after the first.

(2) An institution must contact a borrower and demand repayment if it has not received from the borrower within 15 days of a due date—

(i) A repayment;

(ii) A request for a deferment; or

(iii) A cancellation request form.

(3) An institution must demand repayment as follows:

(i) Within 15 days of a missed due date, the institution must contact the borrower by telephone or in writing to demand repayment (first overdue notice).

(ii) Within 30 days of the first overdue notice, it must contact the borrower again, by telephone or in writing, if there is no satisfactory response to the first notice (second overdue notice).

(iii) Within 15 days of the second overdue notice, if there is no satisfactory response, it must contact the borrower again—

(A) By telephone; or

(B) By mailgram or similar written communication that demonstrates a response rate higher than that for routine mail (third overdue notice).

(iv) Within 15 days of the third overdue notice, it must send the borrower the final demand letter if there is no satisfactory response to the third overdue notice. In this letter the institution must inform the borrower that the loan will be referred for collection or litigation if repayment, or a proper form, is not received within 30 days of the letter's date.

(v) If an institution accelerates a loan (makes the entire unpaid amount, including accrued interest and penalty charges, payable immediately), it must give the borrower advance, written notice. The notice may be given separately or in the final demand letter.

(4) An institution may omit any or all the overdue notices before the final demand letter if—

(i) The borrower's repayment history has been unsatisfactory, e.g., the borrower has often failed to repay or file proper forms on time or has previously received a final demand letter; or

(ii) The institution believes the borrower does not intend to repay the loan or file the proper form.

(5) The institution must maintain a list of borrowers with overdue payments, updated monthly.

(6) If mail is returned, an institution must conduct a thorough search to locate the borrower's address, including—

(i) Checking records in all appropriate institutional offices;

(ii) Checking telephone directories or information operators in the location of the borrower's last known address;

(iii) Telephoning the borrower if a number is found; and

(iv) Using the Department of Education's free skip-tracing service.

(b)(1) The Secretary considers billing and follow-up collection procedure costs (as required in paragraph (a)) to be routine administrative expenses that are NOT chargeable to the Fund.

(2) However, the costs of phone calls to the borrower are considered other collection costs that MAY be charged to the Fund.

(20 U.S.C. 424 and 1087cc)

§ 674.45 Address searches.

(a) An institution, unable to locate a borrower in spite of its efforts under § 674.44(a)(6), must either—

(1) Hire a commercial skip-tracing organization; or

(2) Attempt to locate the borrower with its own personnel.

(b) If the institution locates the borrower, it must first try to collect the overdue amount before referring the loan for collection or litigation.

(20 U.S.C. 424 and 1087cc)

§ 674.46 Collection and litigation procedures.

(a) If an institution is still unable to collect a payment after following the procedures under §§ 674.44 and 674.45, it must telephone or personally contact the borrower to determine why the borrower has not paid. If this final contact fails to obtain payment, the institution must—

(1) Hire a collection agency;

(2) Sue the borrower; or

(3) Use its own personnel to collect the amount due.

(b) If the institution uses a collection agency, the agency must—

(1) Be bonded in an amount covering the part of the Fund under its control at any particular time; or

(2) Deposit the collection funds, immediately upon receipt, in a bank account in the institution's name—a "lock-box" deposit.

(c) If the institution is unable to collect a payment after following the procedures in §§ 674.42–674.45 and paragraphs (a) and (b) of this section, it may refer the NDSL to the Secretary for collection.

(d) (1) An institution must sue a borrower or any proper endorser if collection efforts have failed and it determines that the borrower or endorser—

(i) Has assets that may cover all or most of the outstanding debts;

(ii) Has no known defense;

(iii) Can be located and easily served; and

(iv) Owes more than $500.

(2) The institution may sue the borrower even if the conditions of paragraph (c)(1) are not met.

(e) If the principal and interest outstanding on a loan are $10 or less, an institution may write it off.

(20 U.S.C. 424, 1087cc and 1087gg)

§ 674.47 Other collection and litigation costs.

(a) The Secretary considers the reasonable costs of carrying out §§ 674.45(a) and 674.46 and telephone costs in §§ 674.44(a), 674.45(b), and 674.48(b) to be "other collection costs" chargeable to the Fund. Collection costs paid by the borrower are NOT chargeable to the Fund.

(b)(1) For audit purposes, an institution must support "other collection costs" with financial statements, e.g., phone and collection agency bills.

(2) A collection agency's statement must list specific amounts collected and the amount it retains.

(c)(1) If an institution performs its own collections, the Secretary considers the institution's actual collection costs, including salaries of its personnel, to be "other collection costs";

(2) However, these costs may not exceed the costs that would be permitted if the institution used a collection agency.

(d) An institution's reasonable litigation costs, incurred in carrying out this subpart, may be charged to the Fund.

(20 U.S.C. 424 and 1087cc)

§ 674.48 Use of fiscal agent.

(2) A fiscal agent may perform only ministerial acts.

(b) A billing service used by an institution to carry out billing procedures under § 674.44—

(1) May not deduct its fees from the amount it receives from borrowers;

(2) May telephone and perform skip-tracing activities to prevent a borrower from defaulting on a loan; and

(3) Must provide the institution with at least a monthly documentation of its charges for skip-tracing activities and telephone calls.

(20 U.S.C. 424 and 1087cc)

§ 674.49 Commonly owned billing service and collection agency.

If an institution uses a billing service to carry out § 674.44 (billing procedures), it may not use a collection agency that—

(a) Owns or controls the billing service;

(b) Is owned or controlled by the billing service; or

(c) Is owned or controlled by the same corporation, partnership, association, or individual that owns or controls the billing service.

(20 U.S.C. 1087cc)

§ 674.50 Bankruptcy of borrower.

(a) An institution must refrain from carrying out this subpart on a loan which has been discharged in bankruptcy.

(b) An institution may not write off a loan until it has received an official notice of the bankruptcy discharge and must keep the notice in the borrower's file to support its writeoff entry.

(c) If an institution receives a repayment from a borrower after a loan has been discharged, it must deposit that payment in its Fund.

APPENDIX B—PROMISSORY NOTE

National Direct Student Loan Program

(Bracketed clause may be included at option of institution)

I, ———————— ————————, promise to pay to ————————, (hereinafter called the Lending Institution) located at ————————, the sum of the amounts that are advanced to me and endorsed in the Schedule of Advances set forth below [together with all attorney's fees and other costs and charges necessary for the collection of any amount not paid when due].

I further understand and agree that:

General

I. All sums advanced under this note are drawn from a fund created under Part E of Title IV of the Higher Education Act of 1965, hereinafter called the Act and are subject to the Act and the Federal Regulations issued under the Act. The terms of this note must be interpreted in accordance with the Act and Federal Regulations, copies of which are to be kept by the Lending Institution.

Repayment

II. (1) Interest shall accrue from the beginning of the repayment period and shall be at the ANNUAL PERCENTAGE RATE OF THREE PERCENT (3%)* on the unpaid balance except that no interest shall accrue during any period described in paragraph III (3). (A), (B) and (C).

(Bracketed clause must be included if the institution uses paragraph II(4))

(2) [Except as provided in paragraph II (4)] I promise to repay the principal, and the interest which accrues on it, over a period beginning 6 months after the date I cease to be at least a half-time student at an institution of higher education or at a comparable institution outside the United States approved for this purpose by the United States Secretary of Education (hereinafter called the Secretary), and ending, unless paragraph II(3) or III (3) (deferment) applies, 10 years later.

I may, however, request that the repayment period start on an earlier date.

I promise to repay the principal and interest over the course of the repayment period in EQUAL monthly, bimonthly or quarterly installments, as determined by the Lending Institution. However, if I request, repayments may be made in GRADUATED INSTALLMENTS determined in accordance with schedules approved by the Lending Institution and the Secretary. In either case, a schedule of repayment shall be attached to and made part of this note.

(3) Notwithstanding paragraph II(2), if I qualify as a low-income individual during the repayment period, the lending institution may, at my request, extend the repayment period for up to an additional 10 years or adjust any repayment schedule to reflect my income, or both.

(Bracketed paragraphs may be included at option of institution)

*For loans made after June 30, 1981, the annual percentage rate increases to four percent (4%).

80-113 O—82——27

[(4) If the repayment schedule established under paragraph II(2) provides for repayment of principal and interest at a rate of less than $30 per month, I shall repay the total amount of this loan plus the interest thereon at the rate of $30 per month, which shall include repayment of principal and interest.

If I receive or have received National Direct or Defense Student Loans from other lending institutions, I shall repay this note at a monthly rate equal to not less than the amount by which $30 exceeds the total monthly rate of principal and interest repaid on the other loans.

A schedule of repayment will be attached to and made part of this note.

The Lending Institution may permit me to pay less than the rate of $30 per month for a period of not more than one year where necessary to avoid hardship to me unless that action would extend the repayment period in paragraph 2 of this article.]

III. This note is also subject to the following conditions:

Prepayment

(1) I may at my option and without penalty prepay all or any part of the principal, plus the accrued interest thereon, at any time. Amounts I repay in the academic year in which the loan was made will be used to reduce the amount of the loan and will not be considered a prepayment. If I repay more than the amount due for any repayment period, the excess will be used to prepay principal unless I designate it as an advance payment of the next regular installment.

Default

(2)(A) If I fail to meet a scheduled repayment of any installment, the entire unpaid indebtedness including interest due and accrued thereon, plus any applicable penalty charges, will, at the option of the Lending Institution, become immediately due and payable.

(B) Further, I understand that if I default on my loan repayments and the loan is referred to the Secretary for collection, the Secretary may disclose that I have defaulted, along with other relevant information, to credit bureau organizations.

Deferment

(3) Interest will not accrue, and installments need not be paid—

(A) while I am enrolled and in attendance as at least a half-time student at an institution of higher education or at a comparable institution outside the United States approved for this purpose by the Secretary or

(B) for a period not in excess of 3 years during which time I am—

(i) on full-time active duty as a member of the Armed Forces of the United States (Army, Navy, Air Force, Marine Corps, or Coast Guard),

(ii) in service as a Volunteer under the Peace Corps Act, or

(iii) a VISTA volunteer under Title I—Part A of the Domestic Volunteer Service Act,

(iv) a full-time volunteer in a tax-exempt organization performing service comparable to the service performed by Peace Corps or ACTION agency volunteers,

(v) temporarily totally disabled as established by an affidavit of a qualified physician,

(vi) unable to secure employment because I am providing care required by my spouse who is so disabled, or

(vii) an officer on full-time active duty in the Commissioned Corps of the U.S. Public Health Service.

(C) for a period not in excess of two years during which time I am serving in an internship which is required in order that I may receive professional recognition required to begin my professional practice or service.

(D) The Lending Institution may, upon my application, defer or reduce any scheduled repayments if, in its opinion, extraordinary circumstances, such as prolonged illness or unemployment, prevent me from making such repayments. However, interest will continue to accrue.

Cancellation for Teaching

(4) I am entitled to have the entire amount of this loan plus the interest thereon cancelled if I undertake service.

(A) as a full-time teacher in a public or other non-profit elementary or secondary school which is in a school district of a local educational agency which is eligible for funds under Title I of the Elementary and Secondary Education Act of 1965 and which has been designated by the Secretary in accordance with the provisions of Section 465(a)(2) of the Higher Education Act as a school with a high enrollment of students from low-income families, or

(B) as a full-time teacher of handicapped children (including mentally retarded, hard of hearing, deaf, speech impaired, visually handicapped, seriously emotionally disturbed, orthopedically impaired, children with specific learning disabilities, or other health impaired children who by reason thereof require special education and related services) in public or other nonprofit elementary or secondary school system.

This loan will be cancelled at the following rates: 15 percent of the total principal amount of the loan plus interest on the unpaid balance will be cancelled for the first and second complete academic years of that teaching service; 20 percent of the total principal amount plus interest on the unpaid balance for the third and fourth

complete academic years of that teaching service; and 30 percent of the total principal amount plus interest on the unpaid balance for the fifth complete academic year of that teaching service.

Head Start Cancellation

(5) I am entitled to have the entire amount of this loan plus the interest thereon cancelled if I undertake service as a full-time staff member in a Head Start program if

(A) that Head Start program is operated for a period which is comparable to a full school year in the locality, and

(B) my salary is not more than the salary of a comparable employee of the local educational agency.

Cancellation will be at the rate of 15 percent of the total principal amount plus the interest on the unpaid balance for each complete school year or the equivalent of service in a Head Start program.

Head Start is a preschool program carried out under section 222(a)(1) of the Economic Opportunity Act of 1964.

Military Cancellation

(6) If I serve as a member of the Armed Forces of the United States, up to 50 percent of the principal amount of this loan plus the interest thereon will be cancelled at the rate of 12½ percent of the total principal amount plus interest on the unpaid balance for each complete year of service in an area of hostilities that qualifies for special pay under section 310 of title 37 of the United States Code.

Death and Disability Cancellation

(7) If I should die or become permanently and totally disabled, the entire amount of this loan plus the interest thereon shall be cancelled.

Address Change

(8) I am responsible for informing the Lending Institution of any change or changes in my address.

Penalty Charge

(Bracketed paragraphs may be included at option of institution)

[(9) If I fail to make timely payment of all or any part of a scheduled installment, or if I am eligible for deferment or cancellation under paragraphs III (3), (4), (5), or (6), but fail to submit the appropriate request on time, I promise to pay the charge assessed against me by the Lending Institution.

No charge may exceed (1) where the loan is repayable in monthly installments, $1 for the first month or part of a month by which the installment or evidence is late, and $2 for each month or part of a month thereafter; or (2) in the case of a loan which is repayable in bimonthly or quarterly installments, $3 and $6, respectively, for each installment interval or part thereof by which the installment or evidence is late.

If the Lending Institution elects to add the assessed charge to the outstanding principal of the loan, it must so inform me before the due date of the next installment.]

Assignment

IV. This note may be assigned by the Lending Institution only (A) to another institution upon my transfer to that institution if that institution is participating in this program (or, if not so participating, is eligible to do so and is approved by the Secretary for that purpose) or (B) to the United States or to an institution approved by the Secretary. The provisions of this note that relate to the Lending Institution shall, where appropriate, relate to an assignee.

(42 U.S.C. 2752)

§ 675.4 Allocation, reallocation, and payment to institutions.

(a) *Definition.* As used in this section and in section 675.6, "current year" means the 12-month period ending on the June 30 immediately following the closing date for filing a CWS application.

(b) *Allocation.* The Secretary distributes CWS funds according to §§ 675.6 and 675.7.

(c) *Reallocation.* (1)(i) If an institution anticipates not using all its allocated funds by the end of an award year and if it does not wish to carry those funds forward into the next award year, it must specify the anticipated unused amount to the Secretary, who reduces the institution's allocation accordingly.

(ii) Other institutions may apply for those funds on the form and at the time specified by the Secretary.

(iii) The Secretary distributes those funds to applicant institutions in accordance with paragraph (c)(2) of this section.

(2)(i) If the funds that become available under paragraph (c)(1) of this section come from the State's initial allotment under § 675.3(b)(1), the Secretary reallocates those funds equitably to other institutions in that State. The Secretary reallots those funds that are not needed to maintain the State's initial allotment, and any funds that do not come from that initial allotment, in accordance with paragraphs (c)(2) (ii), (iii), (iv), and (v) of this section.

(ii) The Secretary reallocates fifty (50) percent of any remaining funds to eligible applicant institutions to initiate, improve, or expand cooperative education programs conducted in accordance with title VIII of the HEA.

The Secretary distributes these funds to eligible applicant institutions according to the following formula:

An eligible applicant institution's share = The number of students assisted under the cooperative education program authorized by title VIII for the fiscal year enrolled in the eligible institution which applied for reallocated funds./The number of such students for such year enrolled in all eligible institutions which applied for reallocated funds. × Funds available for distribution.

(iii) The Secretary reallocates the remaining fifty (50) percent to institutions whose students have suffered financial hardships as a result of natural disasters within the preceding 12 months.

(iv) If any funds remain, the Secretary then increases awards to institu-

tions whose awards are less than their national fair share determined under § 675.6. The Secretary calculates each applicant's increase as follows:

Institution's remaining shortfall/remaining shortfall of all applicants for reallocation × remaining amount available for reallocation

(An institution's remaining shortfall is the difference between its national fair share (see § 675.6(g)(4)) and its award calculated in § 675.6 and this section through paragraph (c)(2)(iii).)

(v) If any funds still remain, the Secretary reallocates the funds in a manner that best carries out the purposes of this part.

(d) *Payments to institutions.* The Secretary allocates funds for a specific period of time. The Secretary pays funds to an institution in advance or by reimbursement. The Secretary bases the amount to be paid on periodic fiscal reports.

(42 U.S.C. 2752 and 2756)

§ 675.5 Application.

(a) To participate in the CWS program, an institution must file an application with the Secretary before an annually established closing date.

(b) The application must be on a form approved by the Secretary and contain information needed to determine the institution's allocation under § 675.6 and 675.7.

(c) The application must contain the information needed to determine whether the institution is complying with the maintenance of effort requirements under § 675.20.

(42 U.S.C. 2756)

§ 675.6 Funding procedure.

(a) *General.* (1) Each institution applying for CWS funds receives an amount computed in the following three stages:

(i) A "conditional guarantee";

(ii) A State increase based on its "fair share" of the State apportionment; and

(iii) A national increase based on its "fair share" of the national appropriation.

(2) Definitions—As used in this section—

(i) "Base year" means the 12-month period ending on the June 30 preceding the closing date for filing a CWS application;

(ii) "Current year" is defined in § 675.4.

(b) *Conditional guarantee.* The Secretary computes a conditional guarantee in the following way:

(1) An institution that participated in the CWS program in the base year receives a conditional guarantee equal to its 1979–80 award year expenditures unless it suffers a substantial decline in enrollment.

(2) An institution applying to participate in the CWS program for the first time receives a conditional guarantee equal to the greater of—

(i) $5,000; or

(ii) 90 percent of the average CWS base year expenditure per student in eligible institutions offering comparable programs of instruction, multiplied by the applicant institution's base year enrollment.

(3) An institution applying to participate in the CWS program for the second time receives a conditional guarantee equal to the greatest of—

(i) $5,000;

(ii) 90 percent of the average CWS base year expenditure per student in eligible institutions offering comparable programs of instruction, multiplied by the applicant institution's base year enrollment; or

(iii) 90 percent of its current year allocation.

(c) *Self-help need of an institution.* (1) The Secretary allocates additional funds to an institution under paragraph (f) (State increase) and paragraph (g) (National increase) based in part on the institution's self-help need. Self-help need is the need for funds from work and loan sources. The institution's self-help need is the sum of the self-help need of its eligible graduate students and the self-help need of its eligible undergraduate students.

(2) The Secretary calculates the self-help need of an institution's eligible graduate students in accordance with paragraph (d) of this section and the self-help need of its eligible under-

graduate students in accordance with paragraph (e) of this section.

(3) As used in paragraphs (d) and (e) of this section:

(i) *Average cost of attendance* means the attendance costs for undergraduate and graduate students. These costs include tuition, fees, standard living expenses, books, and supplies. (The institution reports its total tuition and fee revenues, and the Secretary uses this amount to determine the average cost of attendance.)

(ii) *Eligible students* means for award year 1981–82 students who—

(A) Were enrolled as regular students in good standing on at least a half-time basis in an eligible program during the base year;

(B) Met program regulation requirements for citizenship or residency in the United States for the base year; and

(C) Applied for financial assistance for the base year, and for whom the institution has on file taxable and non-taxable income data and all the other information necessary to perform a needs analysis using a methodology approved by the Secretary.

(d) *Self-help need of eligible graduate students.* To determine the self-help need of an institution's eligible graduate students, the Secretary—

(1) Establishes various income categories for dependent and independent graduate students;

(2) Establishes an expected family contribution (EFC) for each income category of dependent and independent graduate students, using a need analysis method approved under § 675.13;

(3) Determines the average cost of attendance for all graduate students;

(4) Subtracts from the average cost of attendance for all graduate students, the computed EFC for each income category of dependent students and each income category of independent students. However, the average cost of attendance minus the EFC for any income category may not be less than zero;

(5) Multiplies those amounts by the number of eligible students in each category;

(6) Adds the amounts obtained for each income category of dependent students and each income category of independent students; and

(7) Totals those two amounts.

(e) *Self-help need of eligible undergraduate students.* To determine the self-help need of an institution's eligible undergraduate students, the Secretary—

(1) Establishes various income categories for dependent and independent undergraduate students;

(2) Establishes an EFC for each income category of dependent and independent undergraduate students, using a need analysis method approved under § 675.13;

(3) Computes 25 percent of the average cost of attendance for all undergraduate students;

(4) Multiplies the number of eligible dependent students in each income category by the lesser of—

(i) 25 percent of the average cost of attendance for all undergraduate students; or

(ii) The average cost of attendance for all undergraduate students minus the EFC determined under paragraph (e)(2) of this section for that income category. However, the average cost of attendance minus the EFC may not be less than zero;

(5) Adds the amounts obtained for each income category of dependent students;

(6) Multiplies the number of eligible independent students in each income category by the lesser of—

(i) 25 percent of the average cost of attendance of all undergraduate students; or

(ii) The average cost of attendance for all undergraduate students minus the EFC determined under paragraph (e)(2) of this section for that income category. However, the average cost of attendance minus the EFC may not be less than zero;

(7) Adds the amounts obtained for each income category of independent students; and

(8) Adds the amounts obtained under paragraphs (e) (5) and (7) of this section.

(f) *State increase.* (1) For any year the Secretary increases awards to institutions in a State ("State increase") if the combined conditional guarantees of all institutions in that State

are less than the State's allotment under § 675.3.

(2) The Secretary calculates an institution's State increase according to the following formula—

Institution's State increase=its State shortfall/State shortfalls of all institutions in State×CWS funds available for State shortfall

(3) As used in the formula in paragraph (f)(2) of this section—

(i) "CWS funds available for State shortfall" is calculated by subtracting from the State allotment, the conditional guarantees of all institutions in the State.

(ii) An institution's "State shortfall" is calculated by subtracting from an institution's State fair share its conditional guarantee.

(iii) An institution's "State fair share" is calculated as follows—

Institution's State fair share=its self-help need/self-help need of all institutions in the State applying for CWS funds×State allotment for CWS

(g) *National increase.* (1) For any year the Secretary will further increase awards to institutions ("national increase") if the sum of the conditional guarantees and State increases awarded to institutions is less than the CWS appropriation for that year.

(2) The Secretary calculates an institution's national increase according to the following formula—

Institution's national increase=its national shortfall/national shortfall of all institutions×CWS funds available for national shortfall

(3) As used in the formula in paragraph (g)(2) of this section—

(i) "CWS funds available for national shortfall" is calculated by subtracting from the CWS appropriation the conditional guarantees and State increases of all institutions.

(ii) An institution's national shortfall is calculated by subtracting from its "national fair share", its conditional guarantee and State increase.

(4) An institution's "national fair share" is calculated as follows—

Institution's national fair share=its self-help need/self-help need of all institutions applying for CWS×CWS appropriation

(h) No institution may receive more CWS funds than it requests.

§ 675.7 Application review—approval of request.

(a) An institution may request a review of the amount it is scheduled to receive under § 675.6.

(b) A National Review Panel appointed by the Secretary reviews each institution's request. The panel consists of student financial aid administrators and Education Department personnel.

(c) In setting an award amount, the Secretary considers the panel's recommendations and its reasons for the recommendations.

(d) The Secretary sets an award amount based on procedures in § 675.6 and the review panel's recommendations.

(42 U.S.C. 2756)

§ 675.8 Institutional agreement.

To participate in the CWS program, an institution of higher education must enter into an agreement with the Secretary. The agreement provides that the institution will—

(a) Use the funds it receives solely for the purposes specified in this part;

(b) Administer the CWS program in accordance with The Act, the provisions of this part and the Student Assistance General Provisions, 34 CFR Part 668;

(c) Make non-CWS institutional jobs reasonably available to the extent of available funds to all students in the institution who want to work; and

(d) Award CWS employment, to the maximum extent practicable, which will complement and reinforce each recipient's educational program or career goals.

(42 U.S.C. 2753 and 20 U.S.C. 1094)

§ 675.9 Student eligibility.

(a) *Eligibility.* A student at an institution of higher education is eligible for part-time employment under CWS if the student—

*(1) Is a regular student;

(2) Is enrolled or accepted for enrollment in an eligible program as a graduate or undergraduate student at that institution;

*(3) (i) Is a U.S. citizen or National;

(ii) Is a permanent resident of the U.S.;

(iii) Provides evidence from the Immigration and Naturalization Service that he or she is in the United States for other than a temporary purpose with the intention of becoming a citizen or permanent resident; or

(iv) Is a permanent resident of the Trust Territory of the Pacific Islands or the Northern Mariana Islands;

*(4) Has financial need;

*(5) Is maintaining satisfactory progress in the course of study he or she is pursuing according to the standards and practices of that institution;

*(6) Does not owe a refund on a Pell Grant, Supplemental Grant, or State Student Incentive Grant received to meet the cost of attending that institution; and

*(7) Is not in default on any National Defense/Direct Student Loan, Guaranteed Student Loan, or Parent Loans for Undergraduate Students received to meet the cost of attending that institution.

*(b) *Member of a religious order—financial need.* The Secretary considers that a member of a religious order (an order, community, society, agency, or organization) who is pursuing a course of study at an institution of higher education has no financial need if that religious order—

(1) Has as its primary objective the promotion of ideals and beliefs regarding a Supreme Being;

(2) Requires its members to forego monetary or other support substantially beyond the support it provides; and

(3) (i) Directs the member to pursue the course of study; or

(ii) Provides subsistence support to its members.

(c) *Institutional responsibility for determining eligibility.* The institution is responsible for determining the eligibility of the students participating in its program whether the students work on- or off-campus.

(d) *Selection.* (1) An institution may use not more than 10 percent of its allocation to pay the compensation of eligible students who are enrolled as less than half-time students.

(2) An institution must make employment under CWS reasonably available (to the extent of available funds) to all eligible students who demonstrate need.

(3) The institution's selection procedures must be—

(i) Uniformly applied;

(ii) In writing; and

(iii) Maintained in the files of the student financial assistance office.

(4) The institution must maintain on file all CWS employment applications for the period specified in § 675.19(c)(2).

(e) *Determination of satisfactory progress.* (1) If an institution determines at the beginning of a payment period that a student is not maintaining satisfactory progress, but reverses itself BEFORE the end of the payment period, the institution may give a CWS job to the student for the entire period.

(2) If an institution determines at the beginning of a payment period that a student is not maintaining satisfactory progress, but reverses itself AFTER the end of the payment period, the institution may NOT provide the student employment for that period OR make adjustments in subsequent financial aid payments to com-

pensate for the loss of aid for that period.

(f) *Overpayment of grants.* Conditions under which an institution may allow a student who is overpaid a grant to continue his or her CWS job:

(1) *Overpayment of a Pell Grant.* If an institution makes an overpayment of a Pell Grant to a student, it may continue to employ that student if—

(i) The student is otherwise eligible; and

(ii) It can eliminate the overpayment in the award year in which it occurred by adjusting the subsequent Pell Grant payments for that award year.

(2) *Overpayment of a Pell Grant due to institutional error.* If the institution makes an overpayment of a Pell Grant as a result of its own error and cannot correct it as specified in subparagraph (1), it may continue to make payments to that student if the student—

(i) Is otherwise eligible; and

(ii) Acknowledges in writing the amount of overpayment and agrees to repay it in a reasonable period of time.

(3) *Overpayment of an SEOG.* An institution may continue to employ a student who receives an overpayment on an SEOG if—

(i) The student is otherwise eligible; and

(ii) It can eliminate the overpayment by adjusting financial aid payments (other than Pell Grants) in the same award year in which the overpayment occurred.

(4) *Definition.* Overpayment of a grant means that a student's grant payments are greater than the amount he or she is entitled to receive.

*(g) *Bankruptcy.* The Secretary does not consider a loan made under the National Defense Student Loan, National Direct Student Loan, Guaranteed Student Loan, or Parent Loans for Undergraduate Students Program that is discharged in bankruptcy to be in default for purposes of this section.

(1) *Guaranteed loan and Parent Loans for Undergraduate Students (PLUS).* An institution may provide CWS employment to a student who is in default on a Guaranteed Student Loan or a PLUS if the Secretary (for a Federally insured loan) or a guarantee agency (for a loan insured by that guarantee agency) determines that the student has made satisfactory arrangements to repay the defaulted loan.

(2) *National Defense/Direct Student Loan.* An institution may provide CWS employment to a student who is in default on a National Defense/Direct Student Loan made at that institution if the student has made arrangements, satisfactory to the institution, to repay the loan.

(h) *Bankruptcy.* The Secretary considers a National Defense Student Loan, a National Direct Student Loan, a Guaranteed Student loan, or a PLUS that is discharged in bankruptcy to be in default for purposes of this section.

(i) *GSL/PLUS—Reliance on student's statement.* An institution, in determining whether a student is in default on a loan made under the Guaranteed Student Loan Program, or the PLUS Program, may rely upon the student's written statement that he or she is not in default unless the institution has information to the contrary.

(a) During a special session (e.g., summer school) or during a full-time work period of a cooperative education program, a student is eligible for employment under CWS if he or she—

(1) Is otherwise eligible (see § 675.9); and

(2)(i) Was enrolled at that institution during the preceding term and will complete his or her course of study during the special session; or

(ii) Has been accepted for the subsequent term.

(b) The Secretary considers a student to be accepted for the subsequent term if the student will be studying in an eligible program of study abroad.

(c)(1) If an institution provides CWS employment to a student during a special session when the student was not enrolled during the preceding term, it must maintain a written record demonstrating—

(i) That it accepts the student for the subsequent term; and

(ii) That the student accepts its offer.

(2) The institution may not provide CWS employment to a student if it believes the student does not intend to enroll in the subsequent term.

(3) The institution must immediately terminate a student's employment if it becomes aware after employment begins that the student does not intend to enroll in the subsequent term.

(42 U.S.C. 2753)

§ 675.11 Allowable costs of attendance.

(a) *General.* (1) Except as provided in paragraphs (d) and (e) of this section, a student's cost of attendance means—

(i) The tuition and fees charged to a full-time student for an academic year by the institution he or she is attending as determined under paragraph (b) of this section;

(ii) An allowance for room and board expenses for an academic year, as determined under paragraph (c) of this section;

(iii) A reasonable allowance determined by the institution for books and supplies for an academic year;

(iv) A reasonable allowance determined by the institution for transportation for an academic year. This allowance may include—

(A) The cost of travel between the student's residence and the institution; and

(B) The cost of travel required for completion of a course of study;

(v) A reasonable allowance determined by the institution for miscellaneous personal expenses for an academic year;

(vi) A reasonable allowance determined by the institution for an academic year for expenses related to study abroad for students enrolled in an academic program which normally includes a formal program of study outside the United States;

(vii) A reasonable allowance determined by the institution for expenses for an academic year related to child care for a student's dependent children; and

(viii) A reasonable allowance determined by the institution for a handicapped student's expenses for an academic year related to his or her handicap, if these expenses are not provided for by any other assisting agency or program. This allowance may include expenses related to special services, transportation, equipment and supplies.

(2) If another agency or program provides assistance for any expenses related to a student's handicap, thereby reducing the student's costs, the institution shall document such assistance as part of the student's financial aid record.

(3) For purposes of this section, a handicapped student is a student who meets the definition contained in section 602(1) of the Education of the Handicapped Act. Accordingly, a handicapped student is a student who is mentally retarded, hard of hearing, deaf, speech impaired, visually handicapped, seriously emotionally disturbed, or orthopedically impaired, or is otherwise health impaired or has specific learning disabilities which require special education and related services.

(ii) Whether the student is enrolled on a full-time or less than full-time basis.

(20 U.S.C. 1089)

(b) *Tuition and fees.* (1) An institution shall determine the tuition and fees charged a full-time student by calculating—

(i) The actual amount charged the full-time student for tuition and fees for an academic year; or

(ii) The average amount it charges full-time students for tuition and fees for an academic year. If the institution selects this option, it must determine an average cost for each of the following categories of students:

(A) Undergraduate students;

(B) Graduate student; and

(C) Professional students.

(2) If an institution establishes its tuition and fee charges on a residency requirement basis (e.g. In-State and Out-of-State) and elects to calculate an average tuition and fee charge, it shall establish a separate average

charge for each different residency based classification.

(3) An institution may determine a separate average charge for any other distinct classification upon which it bases tuition and fee charges.

(4) An institution shall determine the tuition and fees charged a less than full-time student by—

(i) Calculating the actual amount it charges the student for tuition and fees for an academic year; or

(ii) Reducing the amount it calculated under paragraphs (b)(1), (2), or (3) of this section to reflect the less than full-time enrollment of that student.

(20 U.S.C. 1089)

(c) *Room and board.* (1) The institution shall calculate a student's room and board allowance as follows—

(i) For a student who has no dependents and lives with his or her parent(s), an allowance of $1,100;

(ii) For a student who has no dependents and lives in institutionally owned or operated housing—

(A) The actual amount charged the student for room and board for an academic year; or

(B) A standard allowance based on the average amount it charges most of its student residents for room and board for an academic year;

(iii) For a student who has no dependents and does not live with his or her parent(s) or in institutionally owned or operated housing, a standard allowance determined by the institution for room and board for an academic year; or

(iv) For a student who has dependents, an allowance determined by the institution for room and board for an academic year based upon expenses incurred by the student and his or her dependent(s).

(2) For purposes of this section, a spouse is considered a dependent.

(20 U.S.C. 1089)

(d) *Attendance costs for students in correspondence study programs.* The cost of attendance for a student enrolled in a correspondence study program means—

(1) Actual tuition and fees charged to the student for an academic year;

(2) A reasonable allowance determined by the institution for books and supplies for an academic year, if required for the completion of the program; and

(3) If incurred in fulfilling a required period of residential training, expenses for—

(i) Room and board; and

(ii) Travel between the student's residence and the institution.

(20 U.S.C. 1089)

(e) *Attendance costs for students whose program length exceeds the academic year at institutions using clock hours.* The cost of attendance for a student enrolled in an institution measuring progress in clock hours who is charged tuition and fees for a program whose length exceeds the length of the academic year at the institution, is determined by adding—

(1) Tuition and fees×clock hours in the academic year÷clock hours in the program plus

(2) Room and board and other applicable allowances determined under paragraphs (a) and (c) of this section.

(f) *Adjustments.* The institution may, in individual cases, adjust a student's cost of attendance if the cost of attendance calculated under paragraphs (a) through (e) of this section is not a reasonable approximation of the student's actual costs.

(20 U.S.C. 1089(e))

(g) *Required documentation.* An institution must be able to justify and document the cost of attendance figures established under this section.

(20 U.S.C. 1089)

***§ 675.12 Expected family contribution.**

(a) *Dependent students.* In determining the amount a dependent student and his or her spouse and parents are expected to contribute to the student's cost of attendance, the financial aid adminstrator must consider—

(1) Any serious illness in the family. (Family members include the student, the student's parents and spouse, and any other persons the parents may claim as exemptions under the Internal Revenue Code);

(2) The number of the parents' dependent children;

80-113 O—82——28

(3) The number of the parents' dependent children attending institutions of higher education;

(4) Tuition costs of dependent children attending elementary and secondary schools; and

(5) Any other circumstances that could affect the ability of the student, the student's spouse, and the student's parents to contribute to his or her cost of attendance.

(b) *Independent students.* In determining the amount an independent student and spouse are expected to contribute to the student's cost of attendance, the financial aid administrator must consider—

(1) Any serious illness in the family. (Family members include the student, his or her spouse, and any other persons the student or spouse may claim as exemptions under the Internal Revenue Code);

(2) The number of the student's dependent children;

(3) The number of the student's dependent children attending institutions of higher education;

(4) Tuition costs of dependent children attending elementary and secondary schools; and

(5) Any other circumstances that could affect the ability of the student or spouse to contribute to the student's cost of attendance.

(c) *Special determination of dependent student-parent relationship.* (1) The student financial aid administrator must determine whether the relationship between a student and his or her parents makes it unreasonable to expect the parents to contribute to the student's cost of attendance, regardless of their ability to do so, if requested by a student who does not—

(i) Live with his or her parents;

(ii) Visit his or her parents for periods longer than typical for other adult family members; or

(iii) Receive gifts from his or her parents more valuable than those typically given to other adult nondependent offspring.

(2) Before determining that it is unreasonable for a parent of a dependent student to contribute to the student's attendance costs, the financial aid administrator must determine whether the student's parents are, in fact, willing to contribute toward those costs.

(3) The student financial aid administrator must make that determination part of the institution's written record.

(d) *Native American students.* To determine a Native American's expected family contribution, an institution may not consider the following as income or assets of the student or his or her family:

(1) Awards made under the Distribution of Judgment Funds Act (25 U.S.C. 1401 et seq.) or the Alaska Native Claims Settlement Act (43 U.S.C. 1601 et seq.).

(2) Property that may not be sold or encumbered without the consent of the Secretary of the Interior.

(3) Any other property held in trust for the student or his or her family by the U.S. Government.

(e) *Annual determinations.* An institution must determine a student's need at least annually.

(42 U.S.C. 2753)

***§ 675.13 Approved need analysis systems.**

(a) An institution must use a Secretary approved need analysis system or calculation method in complying with the requirements in § 675.12 (expected family contribution).

(b) *Preapproved systems for dependent students.* The Secretary has approved the following systems for dependent students:

(1) The method of computing an expected family contribution used in the Pell Grant program (34 CFR Part 690).

(2) The income tax system if adjusted to reflect the number of the parents' dependent children who are attending institutions of higher education. The expected family contribution produced under this system is the sum of—

(i) The money the student is reasonably able to contribute;

(ii) The amount of Federal income tax paid by the student's parents;

(iii) 5% of the parents' net assets in excess of $17,000 if there are no farm or business assets; or

(iv) 5% of the parents' net assets in excess of $50,000 if there are farm and

business assets. However, no more than $17,000 may be deducted for assets other than farm and business assets.

(c) *Criteria for other systems for dependent students.* (1) The Secretary approves other need analysis systems for dependent students that are properly submitted (see paragraph (e)), if the system produces expected family contribution figures that—

(i) Increase incrementally as the parents' financial strength, measured in constant dollars, increases;

(ii) Are equal for families of equal financial strength; and

(iii) Are within $50 of the expected family contribution figures in 75% of the sample cases supplied by the Secretary.

(2) The Secretary computes the sample cases by:

(i) Deducting from the sum of the parents' adjusted gross income and nontaxable income—

(A) The amount of Federal income taxes and social security taxes;

(B) An 8% allowance on total income for State and local taxes; and

(C) A family maintenance allowance (excluding the student during the academic year) using Department of Labor estimates at a low standard of living;

(ii) Adding to this remainder, 12% of the net market value of the parents' assets, after deducting a standard asset reserve; and

(iii) Applying a rate schedule that the Secretary will publish annually with the sample cases.

(3)(i) In developing sample cases, the Secretary selects cases where the main wage earner is 45 years of age.

(ii) The Secretary does not select cases that involve medical and dental expenses, casualty and theft losses, housekeeping allowances, farm or business assets, more than one family member attending a postsecondary institution as an undergraduate, social security or veteran's benefits, or any unusual circumstances.

(4) In comparing figures from systems submitted for approval with figures from sample cases, the Secretary treats an expected parental contribution of less than zero as zero.

(5) In order to insure measurement in constant dollars, the Secretary revises sample case figures for inflation annually by adjusting—

(i) Deductions for family maintenance;

(ii) The standard deduction from assets; and

(iii) The rate of contribution from income and assets.

(d) *Systems for independent students.* The Secretary approves the following systems for independent students:

(1) The method of computing an expected family contribution used in the Pell Grant program (34 CFR Part 690).

(2) The systems of need analysis for independent students published by those organizations approved for dependent students under paragraph (c).

(e) *Application procedures for system approval.* (1) An organization or individual wishing to have a system for dependent students approved must also submit a system for independent students. Both systems must be submitted to the Secretary by June 30.

(2) The Secretary lists approved systems in the FEDERAL REGISTER by the following September 1.

(3) Applications for approval must include—

(i) Information the Secretary needs to determine whether or not the system meets the requirements of paragraph (c); and

(ii) The expected family contribution amounts produced by that system for the sample cases.

(f) *Duration of approval.* (1) There is no specified expiration date for need analysis systems for dependent students approved under paragraph (b).

(2) An institution may use the need analysis systems for dependent and independent students approved under paragraphs (c) and (d) to determine student eligibility and amount of assistance under Campus Based Programs for an academic year that begins—

(i) No earlier than the following June 1; or

(ii) No later than 12 months after that June 1 date.

(g) *Adjustments.* The institution, in individual cases, may further adjust

expected family contributions computed according to one of the approved systems if—

(1) The student financial aid administrator believes the expected family contribution does not accurately reflect the student's (or parent's) ability to contribute; and

(2) The institution documents all adjustments in writing with an accompanying explanation and makes them part of the institution's records.

(42 U.S.C. 2753)

***§ 675.14 Coordination of student financial aid programs, award amount, and overaward.**

(a) *Coordinating official.* An institution must appoint a coordinating official for its CWS and other Federal and non-Federal student financial aid programs.

(b) *Overaward prohibited, general rule.* (1) An institution may not award CWS assistance to a student if the CWS, when combined with all other resources, exceeds the student's financial need. The institution, however, does NOT violate this rule if—

(i) The student receives additional funds after the institution awards aid, and total resources exceed his or her financial need by $200 or less by the end of the academic year; or

(ii) The student earns more money from employment than the institution anticipated when it awarded the CWS, and it treats the earnings in accordance with paragraph (c) (prevention of overaward).

(2) A student's financial need may not exceed his or her cost of education.

(3) If a student's resources exceed his or her need by more than $200, and the excess is not from employment, the overaward is the amount that exceeds the $200.

(c) *Prevention of overaward by treatment of earnings.* An institution must take the following steps when it learns that a CWS recipient has earned, or will earn, more than $200 over his or her financial need:

(1) It must decide whether the student needs the money to pay for necessary additional attendance costs, unanticipated when it awarded financial aid to the student. If the student does, no further action is necessary.

(2) If the student's earnings still exceed need by $200 or more after the institution subtracts any additional costs, it must cancel any unpaid loan or grant (other than Pell Grants) to avoid exceeding need by more than $200.

(3) If the student's earnings still exceed his or her need by more than $200 after the institution takes the steps required in the two preceding subparagraphs, and the student is enrolled for the next academic year, the institution must use the amount that exceeds $200 as—

(i) A resource to help pay the student's cost of attendance in the following year; or

(ii) A substitute for the student's expected family contribution for the current year unless a GSL or PLUS is used for that purpose.

(4) If the student's earnings still exceed his or her need by more than $200 after the institution takes the steps required in subparagraphs (1) and (2), and the student is NOT enrolled for the next academic year, no further action is necessary.

(d) *Resources.* The Secretary considers that "resources" include, but are not limited to, any—

(1) Funds the student is entitled to receive from a Pell Grant, regardless of whether the student applies for it;

(2) Waiver of tuition and fees;

(3) Scholarship or grant, including a SEOG or athletic scholarship;

(4) Fellowship or assistantship;

(5) Insurance programs for the student's education, including any social security educational benefits not included in computing EFC;

(6) GSL or PLUS as indicated under paragraph (e);

(7) Long-term loans, including NDSL but excluding GSL, and PLUS, made by the institution;

(8) Net earnings from employment, including any part of an independent student's net earnings not included as part of the student's EFC. ("Net earnings" means gross earnings minus taxes and job related costs); and

(9) Veterans benefits (except that part included as part of the student's EFC).

(e) *Treatment of Guaranteed Student Loans (GSL) and Parent Loans for Undergraduate Students (PLUS).* (1) A student may use a GSL or a PLUS as a substitute for his or her expected family contribution.

(2) However, if the loan amounts under one or both of these programs exceeds the student's expected family contribution, the Secretary considers the excess to be a resource.

(f) *Administrative responsibility.* (1) An institution is responsible ONLY for the resources it—

(i) Makes available to its students;

(ii) Knows about; or

(iii) Can reasonably anticipate at the time it awards CWS assistance to the student.

(2) An institution must take reasonable steps to stay informed about the earnings of a student employed outside the institution.

(g) The provisions of paragraph (b) of this section are retroactive to October 12, 1976.

(42 U.S.C. 2753)

§ 675.15 Coordination with BIA grants.

*(a) To determine the amount of CWS compensation for a student who is also eligible for a Bureau of Indian Affairs (BIA) education grant, an institution must prepare a package of student aid—

(1) From resources other than the BIA education grant the student has received or is expected to receive; and

(2) That is consistent in type and amount with packages prepared for students in similar circumstances who are not eligible for a BIA education grant.

*(b)(1) The BIA education grant, whether received by the student before or after the preparation of the student aid package, supplements that package.

(2) No adjustment may be made to the student aid package as long as the total of the package and the BIA education grant is less than the institution's determination of that student's financial need.

*(c)(1) If the BIA education grant, when combined with other aid in the package, exceeds the student's need, the excess must be deducted and may be deducted only from the other assistance, not the BIA education grant.

(2) The institution must deduct the excess in the following sequence: loans, work-study awards, and grants other than Pell Grants. However, the institution may change the sequence if requested by a student and the institution believes the change benefits the student.

*(d) To determine the financial need of a BIA-eligible student, a financial aid administrator is encouraged to consult with area officials in charge of BIA postsecondary financial aid.

(42 U.S.C. 2753)

§ 675.16 Payment to students.

(a)(1)(i) An institution must pay a student at least once a month. The Federal share of each payment must be paid to the student by check, or similar instrument, that the student can cash on his or her own endorsement.

(ii) The institution may not directly transfer the Federal share of any payment to the student's account at the institution or elsewhere to pay expenses or bills.

(2) Regardless of who employs the student, the institution is responsible for ensuring that the student is paid for work performed during the previous payroll period.

(3) A student's CWS wages are obligated when the student performs the work.

(b)(1) If an institution pays a student its share of his of her CWS wages by check, it must pay the student at the same time it pays the Federal share.

(2) If an institution pays a student its CWS share for an award period in the form of tuition, fees, services, or equipment, it must pay that share before the student's final payroll period.

(3) If an institution pays its CWS share in the form of prepaid tuition, fees, services, or equipment for a forthcoming academic period, it must give the student a statement before the close of his or her final payroll period listing the amount of tuition, fees, services, or equipment earned.

(c) Before an institution employs a student under CWS, it must—

(1) Get a written employment acceptance statement from the student; and

(2) Give the student a statement listing—

(i) The amount of the student's CWS award;

(ii) All other student financial aid it made available to the student; and

(iii) The condition that continued CWS employment depends upon the student's maintaining satisfactory academic progress as an eligible student during the academic year.

(d)(1) An institution may not pay a student College Work-Study wages unless the student files a statement of educational purpose with the institution in which the student declares that he or she will use those wages solely for educational expenses in connection with attendance at the institution.

(2) The Secretary considers the following statement as satisfying this requirement.

STATEMENT OF EDUCATIONAL PURPOSE

I declare that I will use the wages or salary I receive under the College Work-Study program solely for expenses connected with attendance at ———— (name of institution).

(20 U.S.C. 1068g; 28 U.S.C. 1746)

(e) *Correspondence study.* A correspondence student must submit his or her first completed lesson before receiving a payment.

(f) If an institution computes a student's need using estimated data submitted before January 1 of the previous award year, the institution may not pay the student unless it verifies that information.

(42 U.S.C. 2753; 20 U.S.C. 1091)

***§ 675.17 Federal interest In allocated funds.**

Except for funds received for the administrative cost allowance (see § 675.18(b)), funds received by an institution under the CWS program are held in trust for the intended student beneficiaries. Funds may not be used or hypothecated (i.e., serve as collateral) for any other purpose.

(42 U.S.C. 2751-56)

§ 675.18 Use of funds.

(a) *General.* Funds allocated to an institution under the CWS program may only be used to—

(1) Pay the Federal share of CWS wages;

(2) Transfer to the institution's SEOG program (see § 675.21);

(3) Carry out the activities described in paragraph (b); and

(4) Meet the cost of a job location and development program under Subpart B.

(b) *Administrative cost allowance.* An institution participating in the CWS program is entitled to an administrative cost allowance.

(1) The amount of the allowance equals—

(i) Five (5) percent of the first $2,750,000 of the institution's expenditures in an award year under the CWS, SEOG, and NDSL programs; plus

(ii) Four (4) percent of its expenditures which are greater than $2,750,000 but less than $5,500,000; plus

(iii) Three (3) percent of its expenditures in excess of $5,500,000.

(2) However, for the purpose of calculating the allowance in paragraph (b)(1) this section, CWS expenditures made under the Community Service Learning program (§ 675.28) or NDSL loans that are assigned to the Secretary under section 463(a)(6)(B) of the Higher Education Act are not included.

(3) An institution must use its administrative cost allowance to offset its costs of administering the Pell Grant, CWS, SEOG, and NDSL programs. Administrative costs also include the expenses incurred for carrying out the student consumer information services requirements of Subpart C of the Student Assistance General Provisions, 34 CFR Part 668.

(4)(i) In addition to the amount calculated in paragraph (b)(1) of this section, an institution's administrative cost allowance includes ten (10) per-

cent of its expenditures under the Community Service Learning program set forth in § 675.28.

(ii) This portion of its administrative cost allowance must be taken from the institution's CWS allocation.

(iii) The institution may use this portion of its administrative cost allowance to offset the costs of administering the Pell Grant, CWS, SEOG, and NDSL programs and to pay the administrative costs of conducting its Community Service Learning program. These latter costs may include the costs of—

(A) Developing mechanisms to assure the academic quality of the student experience;

(B) Assuring student access to educational resources, expertise, and supervision necessary to achieve community service objectives; and

(C) Collaborating with public and private nonprofit agencies in the planning and administering of these programs.

(c) An institution may carry forward and expend in the next award year up to ten (10) percent of its current award year CWS allocation.

(d) An institution may spend up to ten (10) percent of its current award year CWS allocation in and for expenses incurred in the previous award year. However, the Secretary must approve the amount of funds that may be spent in this manner.

(e) An institution may not charge any administrative expenses against its CWS allocation for an award year unless it provides CWS employment to its students for that year.

(20 U.S.C. 1096; 42 U.S.C. 2753, 2756, and 2756b)

§ 675.19 Fiscal procedures and records.

*(a) *Fiscal procedures.* (1) In administering its CWS program, an institution must establish and maintain an internal control system of checks and balances that insures that no office can both authorize payments and disburse funds to students.

(2) If an institution uses a fiscal agent, that agent may perform only ministerial acts.

(3) A separate bank account for CWS funds is not required. However an institution must notify any bank in which it deposits CWS funds of all accounts in that bank in which it deposits Federal funds. The institution may give this notice by either—

(i) Including in the name of the account the fact that Federal funds are deposited; or

(ii) Notifying the bank in writing of the accounts in which it deposits Federal funds. The institution must retain a copy of this notice in its files.

(b) *Records and reporting.* (1) An institution must establish and maintain on a current basis financial records that reflect all program transactions. The institution must establish and maintain general ledger control accounts and related subsidiary accounts that identify each program transaction and separate those transactions from all other institutional financial activity.

(2) The institution must also establish and maintain program and fiscal records that--

(i) Include a certification that each student has worked and earned the amount being paid. The student's supervisor, an official of the institution or off-campus agency, must sign the certification. The certification must include—

(A) For students paid on an hourly basis, a time record showing the hours each student worked; and

(B) For all students, a statement of whether the work was performed in a satisfactory manner.

(ii) Include a payroll voucher containing sufficient information to support all payroll disbursements;

(iii) Include a noncash contribution record to document any payment of the institution's share of the student's earnings in the form of services and equipment (see § 675.27(a));

(iv) Identify each student's account and status;

(v) Show the eligibility of each student aided under the program;

(vi) Show the amount of need and how the need was met for each student;

(vii) Identify the administrator who determined the need; and

(viii) Are reconciled at least monthly.

(3) Each year an institution must submit a Fiscal-Operations Report

plus other information the Secretary requires. The institution must comply with requirements to insure the information reported is accurate and must submit it on the form and at the time specified by the Secretary.

(c) *Retention of records.* (1) *Records.* Each institution must keep intact and accessible records of the receipt and expenditure of Federal funds, including all accounting records and original and supporting documents necessary to document how the funds are spent.

*(2) *Period of retention.* Except for audit questions, an institution must keep records for an award year for five years after it submits its Fiscal-Operations Reports for that year.

*(3) *Microfilm copies.* An institution may substitute microfilm copies for original records in meeting the requirements of this section.

*(4) *Audit questions.* An institution must keep records in any claim or expenditure questioned by Federal audit until resolution of any audit questions. However, the institution does not have to retain records beyond 5 years if the actions taken by the United States to recover funds are barred by the Federal statute of limitation in 28 U.S.C. 2415(b).

*(d) *Audits-Federal.* An institution must give the Secretary, the Comptroller General of the United States, or their duly authorized representatives access to the records specified in paragraphs (c) (1) and (2) and to any other pertinent books, documents, papers, and records.

*(e) *Audits—Non-Federal.* (1) An institution must audit, or have audited under its direction, CWS transactions to determine at a minimum—

(i) The fiscal integrity of financial transactions and reports; and

(ii) If those transactions are in compliance with the applicable laws and regulations.

(2) The audits must be performed in accordance with the Education Department's "Audit Guide" for student financial aid programs.

(3) The institution must have an audit performed at least once every two years unless the Secretary approves a longer interval.

(4) Each audit must cover the entire period of time since the last audit.

*(f) *Audit reports.* The institution must submit audit reports to its local regional office of the Education Department's Office of Inspector General Audit Agency. It must give the Secretary and the Inspector General access to records or other documents necessary to the audit's review.

(42 U.S.C. 2753; 20 U.S.C. 1232c)

§ 675.20 Maintenance of effort.

(a) For each award year it receives a CWS allocation, an institution must spend from its own scholarship and student financial aid program at least one-third its aid program expenditures for the 3 award years preceding the latest of the following:

(1) The effective date of any agreement required by section 443 of the College Work-Study Program (42 U.S.C. 2753) or section 407 of the Educational Opportunity Grants Program (20 U.S.C. 1067) that was in effect on June 30, 1973.

(2) The award year the institution received its first CWS allocation.

(3) The award year the institution received its first Educational Opportunity Grant Program allocation (20 U.S.C. 1061–1067, 1069).

(4) The award year the institution received its first SEOG allocation (20 U.S.C. 1070b–1070b–3) if it did not participate in the Educational Opportunity Grant Program during the 1972–1973 award year.

(b) The Secretary may waive the maintenance of effort requirements for an award year because of the following special circumstances:

(1) Fund withdrawals from outside sources (Public appropriations are not considered outside sources for public institutions).

(2) An enrollment decline if the institution continues to spend from its own scholarship and student financial aid program the average amount it spent per student during the 3-year base period.

(3) Voluntary withdrawal as a GSL lender. The Secretary waives that portion of the failure that equals one-third the amount of loans the institution made as a lender during the 3-year base period. However, to have this portion waived, the institution

must arrange alternate sources of financing for its students at least equal to the amount the Secretary waives.

(4) Termination as a GSL lender by the Secretary.

(i) The Secretary waives, for the year the institution is terminated as a lender, the portion of the failure that equals one-third the amount of loans the institution made as a lender during the 3-year base period.

(ii) The Secretary also waives, for succeeding years, the portion of the failure that equals one-third of the amount of loans the institution made as a lender during the 3-year base period if the institution arranges alternate sources of assistance for its students at least equal to the amount the Secretary waives.

(5) The Secretary considers that an institution has provided alternate sources of assistance for its students if it provides the assistance under a written agreement between the funding source and the institution.

(c) An institution, to obtain a waiver, must submit to the Secretary—

(1) A request for a waiver; and

(2) A description of circumstances justifying the waiver.

(d) An institution's "own scholarship and student financial aid program" includes—

(1) Any expenditures of its own funds for scholarships, grants, loans, tuition waivers, fee waivers, and fee remissions;

(2) The institution's employment of its graduate and undergraduate students, whether or not they are eligible for the SEOG or CWS programs; and

(3) Any funds donated to the institution for student financial aid if the institution chooses the recipients and the award amounts. However, the institution may not claim funds from Federal sources as part of its "own scholarship and student financial aid program."

(e) (1) According to an institution's stated practices, scholarships and other student financial aid given to faculty members' dependents or to institution employees may be considered as either—

(i) Student financial aid; or

(ii) Employee benefits.

(2) Fellowships and assistantships count as financial aid unless it is the institution's stated practice to consider the holders faculty members.

(3) Alternatives in subparagraphs (1) and (2) apply to both the base year period and current expenditures. Any change must have the Secretary's written approval.

(20 U.S.C. 1094)

§ 675.21 Transfer of funds.

(a) An institution may transfer up to 10% of its allocation for an award year from its CWS program to its SEOG program and vice versa. The institution must use the funds, when transferred, according to the requirements of the program to which they were transferred.

(b) An institution may use CWS funds transferred to the SEOG program for initial or continuing grants, as the institution sees fit.

(c) An institution must report any funds transferred on the Fiscal-Operations Report required under § 675.19(b).

(d) An institution shall transfer back to the SEOG program any funds unexpended at the end of the award year that it transferred to the CWS program from the SEOG program.

(20 U.S.C. 1095)

§ 675.22 Project eligibility.

(a)(1) College Work-Study employment, except for students attending a proprietary institution, may involve work—

(i) For the institution itself, i.e., the institution is the employer; or

(ii) In the public interest for a Federal, State, or local public agency or a private nonprofit organization.

(2) *Proprietary institution eligibility.* (i) CWS employment for students attending a proprietary institution may involve only work in the public interest for a Federal, State, or local public agency or for a private nonprofit organization.

(ii) A proprietary institution of higher education, for the purposes of this paragraph, also includes any nonprofit organization owned or controlled by the proprietary institution

or by a corporation, association, partnership, or individual that owns or controls the proprietary institution.

(b) Work for the institution itself also includes work in those operations the institution typically performs directly for its students but sometimes contracts for if—

(1) The work contracted for is in food service, cleaning, maintenance, or security; and

(2) The contract specifies—

(i) The number of students to be employed; and

(ii) That the institution selects the students to be employed and determines each student's pay rate.

(c) *CWS employment in the public interest.* The Secretary considers work in the public interest to be work performed for the national or community welfare rather than work performed to benefit a particular interest or group. Work is NOT in the public interest if—

(1) It primarily benefits the members of a limited membership organization such as a credit union, a fraternal or religious order, or a cooperative;

(2) A student works for an elected official outside the regular administration of Federal, State, or local government; or

(3) A student's political support or party affiliation is taken into account in hiring him or her.

(d) *Non-related profitmaking activities of institutions.* (1) Employment connected with an institution's non-related profitmaking activities does not qualify as "work for the institution" or "work in the public interest." Activities conducted as part of the institution's own educational, cultural, or athletic programs are not considered "non-related."

(2) Non-related profitmaking activities include the operation or rental of athletic fields, auditoriums, theaters, and parking lots.

(3) This restriction also applies to administrative functions at the institution connected with the non-related profitmaking activities.

(e) *CWS employment limitations and conditions.* (1) CWS employment must be governed by employment conditions, including pay, that are appropriate and reasonable in terms of—

(i) Type of work;

(ii) Geographical region;

(iii) Employee proficiency; and

(iv) Any applicable Federal, State, or local law.

(2) CWS employment may not—

(i) Impair existing service contracts;

(ii) Displace employees;

(iii) Fill jobs that are vacant because the employer's regular employees are on strike;

(iv) Involve the construction, operation, or maintenance of any part of a facility used or to be used for religious worship or sectarian instruction;

(v) Involve any partisan or nonpartisan political activity associated with a faction in an election for public or party office;

(vi) Involve lobbying on the Federal level; or

(vii) Include employment for the Department of Education.

(f) *Agreement between an institution and an organization.* (1) The institution must enter into a written agreement with a Federal, State, or local public agency or with a nonprofit organization that employs its students. The agreement must set forth the CWS work conditions (see Appendix B for a sample agreement).

(2) The institution may enter into an agreement ONLY with a reliable agency or organization that has professional direction and staff.

(3) The institution is responsible for insuring that—

(i) Payment for work performed under each agreement is properly documented; and

(ii) Each student's work is properly supervised in accordance with CWS requirements.

(42 U.S.C. 2753)

§ 675.23 Eligible jobs.

(a) *General.* (1) A CWS eligible job is a job that an employer normally has paid other persons to do outside the CWS program.

(2) If no other person has held that job for that employer, it must be a job for which other employers would normally pay.

(b) *Work for academic credit.* Work that is otherwise eligible is not ineligi-

ble because it satisfies a requirement for a degree or certificate.

(42 U.S.C. 2753)

§ 675.24 Establishment of wage rates under CWS.

(a) *Wage rate.* (1) Except as provided in subparagraph (2) of this paragraph, CWS compensation must be computed on an hourly wage basis for actual time on the job. Fringe benefits may not be counted as part of the wage rate. An institution may not pay a student a salary, commission, or fee.

(2) An institution may pay a graduate student it employs a salary or on an hourly wage basis, in accordance with its usual practices.

(b) *Minimum wage rate.* The minimum wage rate for a student employee under the CWS program is the current minimum wage rate required under section 6(a) of the Fair Labor Standards Act of 1938.

(42 U.S.C. 2753)

§ 675.25 Earnings applied to cost of attendance.

(a) *Attribution.* (1) The institution determines the amount of earnings from a CWS job to be applied to a student's cost of attendance (attributed earnings) by subtracting taxes and job related costs from the student's gross earnings.

(2) If a student is employed under CWS during a vacation or other period when he or she is not attending classes, the institution applies the attributed earnings to the cost of attendance for the next period of enrollment except as specified in paragraph (c).

(b) *Job related costs.* (1) Job related costs are costs the student incurs because of his or her job. Examples are uniforms and transportation to and from work. Another example is room and board during vacation periods, except as provided in paragraph (c).

(2) If a student is on an academic year budget, job related costs, including room and board during a vacation period, are the lesser of—

(i) $300; or

(ii) 20% of net earnings.

(3) If all reasonably available jobs during the vacation period require the student to exceed the job related limits in subparagraph (2), the institution may allow a higher limit up to the lesser of—

(i) $600; or

(ii) 40% of net earnings.

(c) *12-month budget.* An institution may compute a student's budget for an academic year or for 12 months. If the institution uses a 12 month budget—

(1) The student's room and board costs for the entire 12 months are a cost of attendance rather than job related costs; and

(2) The institution must compute the student's expected family contribution on a 12-month basis.

(42 U.S.C. 2753)

§ 675.26 CWS Federal share limitations.

(a)(1) The Federal share of CWS compensation paid to a student may not exceed 80%, unless the Secretary approves a higher share (see paragraph (e)).

(2) An institution may not use CWS funds to pay a student after he or she has earned $200 over his or her financial need.

(b) The institution may NOT include the following when determining the Federal share:

(1) Fringe benefits such as paid sick days, paid vacations, or paid holidays.

(2) The employer's share of social security, workmen's compensation, retirement, or any other welfare or insurance program that the employer must pay on account of the student employee.

(c) Either the institution or the student's employer may pay a student employed off-campus. The employment agreement between the institution and the employing agency or organization may require the employer to pay—

(1) The non-Federal share of the student earnings;

(2) Required employer costs such as the employer's share of social security or workmen's compensation; and

(3) The institution's administrative costs not already paid from the institution's administrative cost allowance.

(d) If an institution receives more money under an employment agreement from an off-campus employer

than required employer costs, its non-Federal share, and its CWS administrative costs, excess funds must be—

(1) Used to reduce the Federal share on a dollar-for-dollar basis;

(2) Held in trust for off-campus student employment next year; or

(3) Refunded to the off-campus employer.

(e)(1) The Secretary may approve a Federal share greater than 80% of CWS compensation if the institution—

(i) Is designated a "developing institution of higher education" under 34 CFR Part 624; or

(ii) Proves that at least 50% of its students who are at least half-time students have parents whose annual adjusted gross income is less than $7,500 a year.

(2) The Secretary pays a 100% Federal share for that part of CWS compensation that exceeds—

(i) The amount of CWS compensation paid to students during the 1975–1976 award years; or

(ii) An amount the Secretary specifies for institutions not participating in the CWS program during the 1975–1976 award year.

(3) An institution, in order to receive a Federal share of more than 80% for an award year, must indicate its intent to request the additional funds as part of its regular funding application for that year.

(42 U.S.C. 2753 and 20 U.S.C. 1055)

§ 675.27 Nature and source of institutional share.

(a)(1) An institution may use any resource available to it, except funds allocated under the CWS program, to pay the institutional share of CWS compensation to its students. The institutional share may be paid in the form of services and equipment, e.g., tuition, room, board, and books.

(2) The institution must document all amounts claimed as non-cash contributions.

(3) Non-cash compensation may not include forgiveness of a charge assessed solely because of a student's employment under the CWS program.

(b) A school may not solicit or accept fees, commissions, contributions, or gifts as a condition for CWS employment, nor permit any organization with which it has an employment agreement to do so.

(42 U.S.C. 2753)

§ 675.28 Community Service Learning Program.

(a)(1) From its allocation under the CWS program, an institution may employ its students in a Community Service Learning Program designed to develop, improve or expand services for low-income individuals and families, or to solve particular problems related to the needs of low-income individuals.

(2) All the provisions of this part governing the employment of students are applicable to the Community Service Learning Program.

(b) A Community Service Learning Program is a program of student work that—

(1) Provides tangible community services for or on behalf of low-income individuals; and

(2) Provides students with work-learning opportunities related to their educational or vocational programs or goals.

(c) As used in this section—

(1) Low-income individual means an individual from a family whose taxable income for the preceding year did not exceed 150 percent of an amount equal to the poverty level determined by using criteria of poverty established by the Bureau of the Census.

(2) Community services means direct service, or planning or applied research activities, designed to—

(i) Improve the quality of life for community residents, particularly low-income individuals, or

(ii) Solve particular problems relating to the needs of low-income individuals.

(3) Community services may include activities related to such fields as health care, education, welfare, social services, public safety, crime prevention and control, transportation, recreation, housing and neighborhood improvement, rural development and community improvement.

(42 U.S.C. 2756a)

§ 675.32 Federal contribution allowed.

To create a job location and development project or expand an existing one, an institution may use, from its CWS allocation for each award year, the lesser of—

(a) 10%; or

(b) $25,000.

(42 U.S.C. 2756a)

§ 675.33 Allowable costs.

(a) Costs reasonably related to carrying out a CWS job location and development project are allowable.

(42 U.S.C. 2756a)

§ 675.35 Institutional share.

(b) An institution participating in CWS may, separately or in combination with other participating institutions, arrange for a nonprofit organization to establish and operate a job location and development project for the institution's students. The nonprofit organization, however, must have professional direction and staff.

(c) Each institution must sign a written agreement with all other institutions in the cooperative arrangement or with the nonprofit organization acting on its behalf. The agreement must—

(1) Designate the administrator of the job location and development project;

(2) Specify the terms, conditions, and performance standards of the project; and

(3) Provide for an audit, as required in paragraph (d) of this section.

(e) Each institution retains responsibility for the proper disbursement of its Federal funds administered through a cooperative arrangement or by a nonprofit organization.

(42 U.S.C. 2756a)

(42 U.S.C. 2756a)

(a) A CWS-participating institution, to establish or expand a job location and development project, must enter into an agreement with the Secretary.

(b) The agreement must provide—

(1) That the Federal share of the project's cost not exceed 80%;

(2) That the institution submit to the Secretary an annual report on the use of the funds and an evaluation of the project's effectiveness in benefiting the institution's students; and

(3) Satisfactory assurances that—

(i) The institution will not use project funds to develop jobs at the institution;

(ii) The institution will continue to spend in its own job location and development project (from sources other than CWS funds) in each award year at least ⅓ of its expenditures for locating jobs for its students during the 3 most recent fiscal years preceding the date of the agreement;

(iii) The institution will use project funds to locate and develop jobs for students during and between periods of attendance at the institution, NOT upon graduation;

(iv) The project will not displace employees or impair existing service contracts;

(v) Project funds can realistically be expected to generate total student wages exceeding the total amount of the Federal funds spent under this subpart; and

(vi) If the institution uses Federal funds to contract with another organization, suitable performance standards will be part of that contract.

(42 U.S.C. 2756a)

§ 675.39 Maintenance of effort.

(b) An institution's "own job location and development project" includes any expenditures of institutional funds to create off-campus jobs for enrolled students. This includes costs for staff salaries, travel, printing and mailing, telephone calls, and project equipment furnished by the institution.

(42 U.S.C. 2756a)

APPENDIX B—MODEL OFF-CAMPUS AGREEMENT

(The paragraphs below are suggested as models for the development of a written agreement between an institution of higher education and a Federal, State, or local public agency or private nonprofit organization which employs students participating in the college work-study program. Institutions and agencies or organizations may devise additional or substitute paragraphs which are not inconsistent with the statute or regulations.)

This agreement is entered into between ——————, hereinafter known as the "Institution," and ——————, hereinafter known as the "Organization," a (Federal, State, or local public agency), (private nonprofit organization), (strike one), for the purpose of providing work to students eligible for the College Work-Study Program (CWS).

Schedules to be attached to this agreement from time to time must be signed by an authorized official of the institution and the organization and must set forth—

(1) brief descriptions of the work to be performed by students under this agreement;

(2) the total number of students to be employed;

(3) the hourly rates of pay; and

(4) the average number of hours per week each student will be used.

These schedules will also state the total length of time the project is expected to run, the total percent, if any, of student compensation that the organization will pay to the institution, and the total percent, if any, of the cost of employers' payroll contribution to be borne by the organization. The institution will inform the organization of the maximum number of hours per week a student may work.

Students will be made available to the organization by the institution to perform specific work assignments. Students may be removed from work on a particular assignment or from the organization by the institution, either on its own initiative or at the request of the organization. The organization agrees that no student will be denied work or subjected to different treatment under this agreement on the grounds of race, color, national origin, or sex. It further agrees that it will comply with the provisions of the Civil Rights Act of 1964 (Pub. L. 88-352; 78 Stat. 252) and Title IX of the Education Amendments of 1972 (Pub. L. 92-318) and the Regulations of the Department of Education which implement those Acts.

(Where appropriate any of the following 3 paragraphs or other provisions may be included.)

(1) Transportation for students to and from their work assignments will be provided by the organization at its own expense and in a manner acceptable to the institution.

(2) Transportation for students to and from their work assignments will be provided by the institution at its own expense.

(3) Transportation for students to and from their work assignments will not be provided by either the institution or the organization.

(Whether the institution or the organization will be considered the employer of the students covered under the agreement depends upon the specific arrangement as to the type of supervision exercised by the organization. It is advisable to include some provision to indicate the intent of the parties as to who is considered the employer. As appropriate, one of the following two paragraphs may be included.)[1]

[1] It should be noted that although the following paragraphs attempt to fix the identity of the employer, they will not necessarily be determinative if the actual facts indicate otherwise. Additional wording which specifies the employer's responsibility in case of injury on the job may also be advisable, since Federal funds are not available to pay for hospital expenses or claims in case of injury on the job. In this connection it may be of interest that one or more insurance firms in at least one State have in the past been willing to write a workmen's compensation insurance policy which covers a student's injury on the job regardless of whether it is the institution or the organization which is ultimately determined to have been the student's employer when he or she was injured.

(1) The institution is considered the employer for purposes of this agreement. It has the ultimate right to control and direct the services of the student for the organization. It also has the responsibility to determine that the students meet the eligibility requirements for employment under the college work-study program, to assign students to work for the organization, and to determine that the students do perform their work in fact. The organization's right is limited to direction of the details and means by which the result is to be accomplished.

(2) The organization is considered the employer for purposes of this agreement. It has the right to control and direct the services of the student, not only as to the result to be accomplished, but also as to the means by which the result is to be accomplished. The institution is limited to determining that the students meet the eligibility requirements for employment under the college work-study program, to assigning students to work for the organization, and to determining that the students do perform their work in fact.

(Wording of the following nature may be included, as appropriate, to locate responsibility for payroll disbursements and payment of employers' payroll contributions.)

Compensation of students for work performed on a project under this agreement will be disbursed—and all payments due as an employer's contribution under State or local workmen's compensation laws, under Federal or State social security laws, or under other applicable laws, will be made—by the (organization) (institution) (strike one).

(Where appropriate any of the following paragraphs may be included.)

(1) At times agreed upon in writing, the organization will pay to the institution an amount calculated to cover the organization's share of the compensation of students employed under this agreement.

(2) In addition to the payment specified in paragraph (1) above, at times agreed upon in writing, the organization will pay, by way of reimbursement to the institution, or in advance, an amount equal to any and all payments required to be made by the institution under State or local workmen's compensation laws, or under Federal or State social security laws, or under any other applicable laws, on account of students participating in projects under this agreement.

(3) At times agreed upon in writing, the institution will pay to the organization an amount calculated to cover the Federal share of the compensation of students employed under this agreement and paid by the organization. Under this arrangement the organization will furnish to the institution for each payroll period the following records for review and retention:

(a) Time reports indicating the total hours worked each week and containing the supervisor's certification as to the accuracy of the hours reported and of satisfactory performance on the part of the students;

(b) A payroll form identifying the period of work, the name of each student, each student's hourly wage rate, the number of hours each student worked, each student's gross pay, all deductions and net earnings, and the total Federal share applicable to each payroll; [2] and

(c) Documentary evidence that students received payment for their work, such as photographic copies of cancelled checks.

§ 676.3 Apportionment and reapportionment.

(a) *Apportionment—Initial grants.* The Secretary apportions—

(1) 90% of appropriated funds for initial grants according to 413D(a) of the Act. If necessary, the Secretary apportions additional amounts to each State to make that State's apportionment equal to its allotment for fiscal year 1972. The 1972 allotments are shown in Appendix A; and

(2) The remaining funds so that each institution in each State receives the amount for initial grants computed under § 676.6 or § 676.7.

(b) *Apportionment—Continuing grants.* The Secretary apportions funds appropriated for continuing grants so that each institution receives the amount computed under § 676.6 or § 676.7.

(c) *Reapportionment—Initial grants.* (1) The Secretary reapportions the amount of a State's apportionment that exceeds the approved requests for initial grants of institutions in the State.

(2) The Secretary reapportions those funds among the remaining States according to institutional need for initial year funds as computed under § 676.6 or § 676.7.

(20 U.S.C. 1070b-3)

§ 676.4 Allocation, reallocation, and payment to institutions.

(a) *Definition.* As used in this section and in § 676.6, "current year" means the 12-month period ending on the June 30 immediately following the closing date for filing a SEOG application.

(b) *Allocation.* The Secretary distributes SEOG funds according to § 676.6 or § 676.7

(c) *Reallocation.* (1)(i) If an institution anticipates not using all its allocation for initial and continuing grants by the end of an award period, it must specify the anticipated unused amount to the Secretary, who reduces the institution's allocation accordingly.

(ii) Other institutions may apply for those funds on the form and at the time specified by the Secretary.

(iii) The Secretary distributes those funds to applicant institutions in accordance with paragraph (c)(2) of this section.

(2)(i) If the funds that become available under paragraph (c)(1) of this section come from the State's initial allotment under § 676.3(a)(1), the Secretary reallocates those funds equitably to other institutions in that State. The Secretary reapportions those funds that are not needed to maintain the State's initial allotment, and any funds that do not come from that initial allotment, in accordance with paragraphs (c)(2) (ii), (iii), and (iv) of this section.

(ii) The Secretary increases awards to institutions whose students have suffered financial hardships as a result of natural disasters within the preceding 12 months.

(iii) If any funds remain, the Secretary then increases awards to institutions whose awards are less than their national fair shares determined under § 676.6. The Secretary calculates each applicant's increase as follows:

Institution's remaining shortfall/remaining shortfall of all applicants for reallocation × remaining amount available for reallocation

(An institution's remaining shortfall is the difference between its national fair share (see § 676.6 (f)(4) and (g)(4) and its award calculated in § 676.6 and this section through paragraph (c)(2)(ii))).

(iv) If any funds still remain, the Secretary reallocates the funds in a manner that best carries out the purposes of this part.

(d) *Payment to institutions.* The Secretary allocates funds for initial and continuing year grants for a specific period of time. The Secretary pays funds to an institution in advance or by reimbursement. The Secretary bases the amount to be paid on periodic fiscal reports.

(20 U.S.C. 1070b-3)

§ 676.5 Application.

(a) To participate in the SEOG program, an institution must file an application with the Secretary before an annually established closing date.

(b) The application must be on a form approved by the Secretary and contain information needed to determine the institution's allocation under §§ 676.6 and 676.7.

(c) The application must contain the information needed to determine whether the institution is complying with maintenance of effort requirements under § 676.20.

(20 U.S.C. 1070b-3)

§ 676.6 Funding procedure.

(a) *General.* (1) Each institution applying for SEOG initial year (IY) or continuing year (CY) funds receives an amount computed in the following stages:

(i) A "conditional guarantee";

(ii) An IY State increase based on its "fair share" of the State's IY apportionment;

(iii) An IY national increase based on its "fair share" of the national IY portion of the SEOG appropriation; and

(iv) A CY national increase based on its "fair share" of the national CY portion of the SEOG appropriation.

(2) Definition—As used in this section—

(i) "Base year" means the 12-month period ending on the June 30 preceding the closing date for filing an SEOG application;

(ii) "Current year" is defined in § 676.4.

(b) *Conditional guarantee.* The Secretary provides each institution a conditional guarantee computed in the following way:

(1) An institution that participated in the SEOG program in the base year receives an SEOG conditional guarantee equal to the sum of its award year 1979-80 IY and CY expenditures.

(2) An institution applying to participate in the SEOG program for the first time receives a conditional guarantee equal to the greater of—

(i) $5,000; or

(ii) (A) 90 percent of the average IY base year expenditure per student in eligible institutions offering comparable programs of instructions, multiplied by the applicant institution's base year enrollment; and

(B) The average CY base year expenditure per student in eligible institutions offering comparable programs of instruction, multiplied by the applicant institution's base year enrollment.

(3) An institution applying to participate in the SEOG program for the second time receives a conditional guarantee equal to the greatest of—

(i) $5,000;

(ii) (A) 90 percent of the average IY base year expenditure per student in eligible institutions offering comparable programs of instruction, multiplied by the applicant institution's base year enrollment; and

(B) The average CY base year expenditure per student in eligible institutions offering comparable programs of instructions, multiplied by the applicant institution's base year enrollment; or

(iii) 90 percent of its current year IY allocation and 100 percent of its current year CY allocation.

(4) The Secretary divides each institution's conditional guarantee between IY and CY funds based on the percentage that the institution's request for each type of grant bears to its total request.

(c) *SEOG need of an institution.* (1) The Secretary allocates additional funds to an institution under paragraph (e) (IY State increase), paragraph (f) (IY national increase), and paragraph (g) (CY national increase) based in part on the institution's need for SEOG funds.

(2) The Secretary computes an institution's need for IY and CY SEOG funds by the following formula: SEOG need=75% of cost of attendance—(Total expected family contribution + Pell Grants—State Student Incentive Grants—25% of institutional grants for undergraduate students).

(3) As used in paragraph (d) of this section:

(i) *Average cost of attendance* means the attendance costs for undergraduate students. These costs include tuition, fees, standard living expenses, books, and supplies. (The institution

reports its total tuition and fee revenues, and the Secretary uses this amount to determine the average cost of attendance.)

(ii) *Eligible students* means for award year 1981-82 students who—

(A) Were enrolled as regular students in good standing on at least a half-time basis in an eligible program during the base year;

(B) Met program regulation requirements for citizenship or residency in the United States for the base year; and

(C) Applied for financial assistance for the base year, and for whom the institution has on file taxable and non-taxable income data and all the other information necessary to perform a needs analysis using a methodology approved by the Secretary.

(iii) State Student Incentive Grants (SSIG) means:

$$\frac{\text{State's total SSIG for the 1977-78 } \textit{award year (Federal plus match)}}{\text{Total undergraduate State grants for the 1977-78 award year (including the Federal SSIG allotment).}} \times \text{institution's total undergraduate State grants for the 1977-78 award year.}$$

(For purposes of this formula, "State" means the State in which the institution is located.)

(iv) *Institutional grants* means the sum of undergraduate gift aid included in determining the maintenance of effort amount under § 676.20 during the award year 1977-78. Institutional grants shall not include student financial assistance that an institution is required by State law to provide from its own funds and is not free under any law in effect on January 1, 1979 to select the recipients or adjust the criteria by which the recipients are selected. Institutional grants shall also not include any student financial assistance that an institution contributed on behalf of the State for the SSIG Program.

(d) *SEOG need of eligible undergraduate students.* To determine the need for SEOG funds of an institution's eligible undergraduate students, the Secretary—

(1) Establishes various income categories for dependent and independent undergraduate students;

(2) Establishes an EFC for each income category of dependent and independent undergraduate students, using a need analysis method approved under § 676.13;

(3) Determines 75 percent of the average cost of attendance;

(4) Subtracts from 75 percent of the average cost of attendance the computed EFC for each income category; (Seventy-five percent of the average cost of attendance minus EFC may not be less than zero.)

(5) Multiplies the remainder by the number of eligible students in that income category;

(6) Adds the amounts obtained in all categories;

(7) Subtracts from that sum Pell Grants received by students at that institution in the base year, State Student Incentive Grants, and 25 percent of institutional grants; and

(8) Divides the institution's total SEOG need between IY and CY based on the percentage that the institution's request for each type of grant bears to its total request.

The following charts show the income categories and calculations.

(e) *IY State increase.*

(1) For any year the Secretary increases IY awards to institutions in a State ("IY State increase") if the combined IY conditional guarantees of all institutions in that State are less than the State's IY apportionment under § 676.3(a).

(2) The Secretary calculates an institution's IY State increase according to the following formula—

Institution's IY State increase = its IY State shortfall/IY State shortfalls of all institutions in the State × SEOG IY funds available for shortfall

(3) As used in the formula in paragraph (e) of this section—

(i) "SEOG IY funds available for State shortfall" is calculated by subtracting from the State IY apportionment, the IY conditional guarantees of all institutions in the State.

(ii) An institution's "IY State shortfall" is calculated by subtracting from an institution's IY State fair share its IY conditional guarantee.

(iii) An institution's "IY State fair share" is calculated as follows—

Institution's IY State fair share = its SEOG IY need/SEOG IY need of all institutions in the State applying for SEOG funds × State apportionment for SEOG IY

(f) *IY national increase.* (1) For any year the Secretary will further increase IY awards to institutions ("IY national increase") if the sum of the IY conditional guarantees and IY State increases awarded to institutions is less than the SEOG IY appropriation for that year.

(2) The Secretary calculates an institution's IY national increase according to the following formula—

Institution's IY national increase = its IY national shortfall IY national shortfall of all institutions × SEOG IY funds available for national shortfall

(3) As used in the formula in paragraph (f)(2) of this section—

(i) "SEOG IY funds available for national shortfall" is calculated by subtracting from the SEOG appropriation the IY conditional guarantees and State increases of all institutions.

(ii) An institution's "IY national shortfall" is calculated by subtracting from its "IY national fair share", its IY conditional guarantee and State increase.

(4) An institution's "IY national fair share" is calculated as follows:

Institution's IY national fair share = its SEOG IY need/SEOG IY need of all institutions applying for SEOG funds × SEOG IY appropriation

(g) *CY national increase.* (1) For any year the Secretary will further increase awards to institutions ("CY national increase") if the sum of the CY conditional guarantees awarded to institutions is less than the SEOG CY appropriation for that year.

(2) The Secretary calculates an institution's CY national increase according to the following formula—

Institution's CY national increase = its CY national shortfall CY national shortfall of all institutions × SEOG CY funds available for national shortfall

(3) As used in the formula in paragraph (g)(2) of this section—

(i) "SEOG CY funds available for national shortfall" is calculated by subtracting from the SEOG CY appropriation the CY conditional guarantees of all institutions.

(ii) An institution's "CY national shortfall" is calculated by subtracting from its "CY national fair share", its CY conditional guarantee.

(4) An institution's "CY national fair share" is calculated as follows:

Institution's CY national fair share = its SEOG CY need/SEOG CY need of all institutions applying for SEOG funds × SEOG CY appropriation

(h) No institution may receive more IY or CY SEOG funds than it requests.

(20 U.S.C. 1070b–3)

§ 676.8 Institutional agreement.

(20 U.S.C. 1070b et seq. and 1094)

§ 676.9 Student eligibility.

*(1) Is a regular student;

(2) Is enrolled or accepted for enrollment in an eligible program as an undergraduate student at that institution;

*(3)(i) Is a U.S. citizen or National;

(ii) Is a permanent resident of the U.S.;

(iii) Provides evidence from the Immigration and Naturalization Service that he or she is in the United States for other than a temporary purpose with the intention of becoming a citizen or permanent resident; or

(iv) Is a permanent resident of the Trust Territory of the Pacific Islands or the Northern Mariana Islands;

*(4) Has financial need;

*(5) Is maintaining satisfactory progress in the course of study he or she is pursuing according to the standards and practices of that institution;

*(6) Does not owe a refund on a Pell Grant, Supplemental Grant or State Student Incentive Grant received to meet the cost of attending that institution; and

*(7) Is not in default on any National Defense/Direct Student Loan, Guaranteed Student Loan, or Parent Loans for Undergraduate Students (PLUS) received to meet the cost of attending that institution.

*(b) *Member of a religious order—financial need.* The Secretary considers that a member of a religious order (an order, community, society, agency, or organization) who is pursuing a course of study at an institution of higher education has no financial need if that religious order—

(1) Has as its primary objective the promotion of ideals and beliefs regarding a Supreme Being;

(2) Requires its members to forego monetary or other support substantially beyond the support it provides; and

(3)(i) Directs the member to pursue the course of study; or

(ii) Provides subsistence support to its members.

(c) *Selection.* (1) An institution may use not more than 10 percent of its allocation to award SEOGs to eligible students who are enrolled as less than half-time students.

(2) An institution must make SEOG funds reasonably available (to the extent of available funds) to all eligible students who demonstrate financial need.

(3) The institution's selection procedures must be—

(i) Uniformly applied;

(ii) In writing; and

(iii) Maintained in the files of the student financial assistance office.

(4) The institution must maintain on file all SEOG applications for the period specified in § 676.19(c)(2).

*(d) *Determination of satisfactory progress.*

(1) If an institution determines at the beginning of a payment period that a student is not maintaining satisfactory progress, but reverses itself BEFORE the end of the payment period, the institution may pay an SEOG to the student for the entire payment period.

(2) If an institution determines at the beginning of a payment period that a student is not maintaining satisfactory progress, but reverses itself AFTER the end of the payment period, the institution may NOT pay the student an SEOG for that payment period OR make adjustments in subsequent financial aid payments to compensate for the loss of aid for that period.

*(e) *Overpayment of grants.* Conditions under which an institution may pay an SEOG to a student who is overpaid a grant:

(1) *Overpayment of a Pell Grant.* If an institution makes an overpayment of a Pell Grant to a student, it may continue to make SEOG payments to that student if—

(i) The student is otherwise eligible; and

(ii) It can eliminate the overpayment in the award period in which it occurred by adjusting the subsequent Pell Grant payments for that award year.

(2) *Overpayment of a Pell Grant due to institutional error.* If the institution makes an overpayment of a Pell Grant as a result of its own error and can not correct it as specified in subparagraph (1) of this paragraph, it may continue to make payments to a student if the student—

(i) Is otherwise eligible; and

(ii) Acknowledges in writing the amount of overpayment and agrees to repay it in a reasonable period of time.

(3) *Overpayment of an SEOG.* An institution may continue to make SEOG payments to a student who receives an overpayment on an SEOG if—

(i) The student is otherwise eligible; and

(ii) It can eliminate the overpayment by adjusting financial aid payments (other than Pell Grants) in the same award period in which the overpayment occurred.

(4) *Definition.* Overpayment of a grant means that a student's grant payments are greater than the amount he or she is entitled to receive.

*(f) *Default on loans.* Conditions under which an institution may pay an SEOG to a student who is in default on loans made for attendance at that institution:

(1) *Guaranteed loan and Parent Loans for Undergraduate Students.* An institution may pay an SEOG to a student who is in default on a Guaranteed Student Loan or a PLUS if the Secretary (for a Federally insured loan) or a guarantee agency (for a loan insured by that guarantee agency) determines that the student has made satisfactory arrangements to repay the defaulted loan.

(2) *National Defense/Direct Student Loan.* An institution may pay an SEOG to a student who is in default on a National Defense/Direct Student Loan made at that institution if the student has made arrangements, satisfactory to the institution, to repay the loan.

*(g) *Bankruptcy.* The Secretary does not consider a loan made under the National Defense Student Loan, National Direct Student Loan, Guaranteed Student Loan, or Parent Loans for Undergraduate Student Program that is discharged in bankruptcy to be in default for purposes of this section.

*(h) *GSL/PLUS—Reliance on student's statement.* An institution, in determining whether a student is in default on a loan made under the Guaranteed Student Loan Program or the PLUS program, may rely upon the student's written statement that he or she is not in default unless the institution has information to the contrary.

(20 U.S.C. 1070b-1)

§ 676.11 Allowable cost of attendance.

(a) *General.* (1) Except as provided in paragraphs (d) and (e) of this section, a student's cost of attendance means—

(i) The tuition and fees charged to a full-time student for an academic year by the institution he or she is attending as determined under paragraph (b) of this section;

(ii) An allowance for room and board expenses for an academic year, as determined under paragraph (c) of this section;

(iii) A reasonable allowance determined by the institution for books and supplies for an academic year;

(A) The cost of travel between the student's residence and the institution; and

(B) The cost of travel required for completion of a course of study;

(v) A reasonable allowance determined by the institution for miscellaneous personal expenses for an academic year;

(vi) A reasonable allowance determined by the institution for an academic year for expenses related to study abroad for students enrolled in an academic program which normally includes a formal program of study outside the United States;

(vii) A reasonable allowance determined by the institution for expenses for an academic year related to child care for a student's dependent children; and

(viii) A reasonable allowance determined by the institution for a handicapped student's expenses for an academic year related to his or her handicap, if these expenses are not provided for by any other assisting agency or program. This allowance may include expenses related to special services, transportation, equipment and supplies.

(2) If another agency or program provides assistance for any expenses related to a student's handicap, thereby reducing the student's costs, the institution shall document such assistance as part of the student's financial aid record.

(ii) Whether the student is enrolled on a full-time or less than full-time basis.

(20 U.S.C. 1089)

(b) *Tutition and fees.* (1) An institution shall determine the tuition and fees charged a full-time student by calculating—

(i) The actual amount charged the full-time student for tuition and fees for an academic year; or

(ii) The average amount it charges full-time students for tuition and fees for an academic year.

(2) If an institution establishes its tuition and fee charges on a residency requirement basis (e.g. In-State and Out-of-State) and elects to calculate an average tuition and fee charge, it shall establish a separate average charge for each different residency based classification.

(3) An institution may determine a separate average charge for any other distinct classification upon which it bases tuition and fee charges.

(4) An institution shall determine the tuition and fees charged a less than full-time student by—

(i) Calculating the actual amount it charges the student for tuition and fees for an academic year; or

(ii) Reducing the amount it calculated under paragraphs (b) (1), (2), or (3) of this section to reflect the less than full-time enrollment of that student.

(20 U.S.C. 1089)

(c) *Room and board.* (1) The institution shall calculate a student's room and board allowance as follows—

(i) For a student who has no dependents and lives with his or her parent(s), an allowance of $1,100;

(ii) For a student who has no dependents and lives in institutionally owned or operated housing—

(A) The actual amount charged the student for room and board for an academic year; or

(B) A standard allowance based on the average amount it charges most of its student residents for room and board for an academic year;

(iii) For a student who has no dependents and does not live with his or her parent(s) or in institutionally owned or operated housing, a standard allowance determined by the institution for room and board for an academic year; or

(iv) For a student who has dependents, an allowance determined by the institution for room and board for an academic year based upon expenses incurred by the student and his or her dependent(s).

(2) For purposes of this section, a spouse is considered a dependent.

(20 U.S.C. 1089)

(d) *Attendance costs for students in correspondence study programs.* The cost of attendance for a student enrolled in a correspondence study program means—

(1) Actual tuition and fees charged to the student for an academic year;

(2) A reasonable allowance determined by the institution for books and supplies for an academic year, if required for the completion of the program; and

(3) If incurred in fulfilling a required period of residential training, expenses for—

(i) Room and board; and

(ii) Travel between the student's residence and the institution.

(20 U.S.C. 1089)

(e) *Attendance costs for students whose program length exceeds the academic year at institutions using clock hours.* The cost of attendance for a student enrolled in an institution measuring progress in clock hours who is charged tuition and fees for a program whose length exceeds the length of the academic year at the institution, is determined by adding—

(1) Tuition and fees×clock hours in the academic year÷clock hours in the program plus

(2) Room and board and other applicable allowances determined under paragraphs (a) and (c) of this section.

(f) *Adjustments.* The institution may, in individual cases, adjust a student's cost of attendance if the cost of attendance calculated under paragraphs (a) through (e) of this section is not a reasonable approximation of the student's actual costs.

(20 U.S.C. 1089(e))

(g) *Required documentation.* An institution must be able to justify and document the cost of attendance figures established under this section.

(20 U.S.C. 1089)

[46 FR 6327, Jan. 19, 1981]

***§ 676.12 Expected family contribution.**

(a) *Dependent students.* In determining the amount a dependent student and his or her spouse and parents are expected to contribute to the student's cost of attendance, the financial aid administrator must consider—

(1) Any serious illness in the family. (Family members include the student, the student's parents and spouse, and any other persons the parents may claim as exemptions under the Internal Revenue Code);

(2) The number of the parents' dependent children;

(3) The number of the parents' dependent children attending institutions of higher education;

(4) Tuition costs of dependent children attending elementary and secondary schools; and

(5) Any other circumstances that could affect the ability of the student, the student's spouse, and the student's parents to contribute to his or her cost of attendance.

(b) *Independent students.* In determining the amount an independent student and spouse are expected to contribute to the student's cost of attendance, the financial aid administrator must consider—

(1) Any serious illness in the family. (Family members include the student, his or her spouse, and any other persons the student or spouse may claim as exemptions under the Internal Revenue Code);

(2) The number of the student's dependent children;

(3) The number of the student's dependent children attending institutions of higher education;

(4) Tuition costs of dependent children attending elementary and secondary schools; and

(5) Any other circumstances that could affect the ability of the student or spouse to contribute to the student's cost of attendance.

(c) *Special determination of dependent student-parent relationship.* (1) The student financial aid administrator must determine whether the relationship between a student and his or her parents makes it unreasonable to expect the parents to contribute to the student's cost of attendance, regardless of their ability to do so, if requested by a student who does not—

(i) Live with his or her parents;

(ii) Visit his or her parents for periods longer than typical for other adult family members; or

(iii) Receive gifts from his or her parents more valuable than those typically given to other adult nondependent offspring.

(2) Before determining that it is unreasonable for a parent of a dependent

student to contribute to the student's attendance costs, the financial aid administrator must determine whether the student's parents are, in fact, willing to contribute toward those costs.

(3) The student financial aid administrator must make that determination part of the institution's written record.

(d) *Native American students.* To determine a Native American's expected family contribution, an institution may not consider the following as income or assets of the student or his or her family:

(1) Awards made under the Distribution of Judgment Funds Act (25 U.S.C. 1401 et seq.) or the Alaska Native Claims Settlement Act (43 U.S.C. 1601 et seq.).

(2) Property that may not be sold or encumbered without the consent of the Secretary of the Interior.

(3) Any other property held in trust for the student or his or her family by the U.S. Government.

(e) *Annual determinations.* An institution must determine a student's need at least annually.

(20 U.S.C. 1070b-2)

***§ 676.13 Approved need analysis systems.**

(a) An institution must use a Secretary approved need analysis system or calculation method in complying with the requirements in § 676.12 (expected family contribution).

(b) *Preapproved systems for dependent students.* The Secretary has approved the following systems for dependent students:

(1) The method of computing an expected family contribution used in the Pell Grant Program (34 CFR Part 690).

(2) The income tax system if adjusted to reflect the number of the parents' dependent children who are attending institutions of higher education. The expected family contribution produced under this system is the sum of—

(i) The money the student is reasonably able to contribute;

(ii) The amount of Federal income tax paid by the student's parents;

(iii) 5% of the parents' net assets in excess of $17,000 if there are no farm or business assets; or

(iv) 5% of the parents' net assets in excess of $50,000 if there are farm and business assets. However, no more than $17,000 may be deducted for assets other than farm and business assets.

(c) *Criteria for other systems for dependent students.* (1) The Secretary approves other need analysis systems for dependent students that are properly submitted (see paragraph (e)), if the system produces expected family contribution figures that—

(i) Increase incrementally as the parents' financial strength, measured in constant dollars, increases;

(ii) Are equal for families of equal financial strength; and

(iii) Are within $50 of the expected family contribution figures in 75% of the sample cases supplied by the Secretary.

(2) The Secretary computes the sample cases by:

(i) Deducting from the sum of the parents' adjusted gross income and nontaxable income—

(A) The amount of Federal income taxes and social security taxes;

(B) An 8% allowance on total income for State and local taxes; and

(C) A family maintenance allowance (excluding the student during the academic year) using Department of Labor estimates at a low standard of living;

(ii) Adding to this remainder, 12% of the net market value of the parents' assets, after deducting a standard asset reserve; and

(iii) Applying a rate schedule that the Secretary will publish annually with the sample cases.

(3) (i) In developing sample cases, the Secretary selects cases where the main wage earner is 45 years of age.

(ii) The Secretary does not select cases that involve medical and dental expenses, casualty and theft losses, housekeeping allowances, farm or business assets, more than one family member attending a postsecondary institution as an undergraduate, social security or veteran's benefits, or any unusual circumstances.

(4) In comparing figures from systems submitted for approval with figures from sample cases, the Secretary

treats an expected parental contribution of less than zero as zero.

(5) In order to insure measurement in constant dollars, the Secretary revises sample case figures for inflation annually by adjusting—

(i) Deductions for family maintenance;

(ii) The standard deduction from assets; and

(iii) The rate of contribution from income and assets.

(d) *Systems for independent students.* The Secretary approves the following systems for independent students:

(1) The method of computing an expected family contribution used in the Pell Grant program (34 CFR Part 690).

(2) The systems of need analysis for independent students published by those organizations approved for dependent students under paragraph (c).

(e) *Application procedures for system approval.* (1) An organization or individual wishing to have a system for dependent students approved must also submit a system for independent students. Both systems must be submitted to the Secretary by June 30.

(2) The Secretary lists approved systems in the FEDERAL REGISTER by the following September 1.

(3) Applications for approval must include—

(i) Information the Secretary needs to determine whether or not the system meets the requirements of paragraph (c); and

(ii) The expected family contribution amounts produced by that system for sample cases.

(f) *Duration of approval.* (1) There is no specified expiration date for need analysis systems for dependent students approved under paragraph (b).

(2) An institution may use the need analysis systems for dependent and independent students approved under paragraphs (c) and (d) to determine student eligibility and amount of assistance under Campus Based Programs for an academic year that begins—

(i) No earlier than the following June 1; or

(ii) No later than 12 months after that June 1 date.

(g) *Adjustments.* The institution, in individual cases, may further adjust expected family contributions computed according to one of the approved systems if—

(1) The student financial aid administrator believes the expected family contribution does not accurately reflect the student's (or parent's) ability to contribute; and

(2) The institution documents all adjustments in writing with an accompanying explanation and makes them part of the institution's records.

(42 U.S.C. 2754)

§ 676.14 Coordination of student financial aid programs, award amount, and overaward.

(a) *Coordinating official.* An institution must appoint a coordinating official for its SEOG and other Federal and non-Federal student financial aid programs.

(b) *Overaward prohibited, general award.* (1) An institution may not award an SEOG to a student if the SEOG, when combined with all other resources, exceeds the student's financial need. The institution, however, does NOT violate this rule if—

(i) The student receives additional funds after the institution awards aid, and total resources exceed his or her financial need by $200 or less by the end of the academic year; or

(ii) The student earns more money from employment than the institution anticipated when it awarded the SEOG, and it treats the earnings in accordance with paragraph (c) (prevention of overaward).

(2) A student's financial need may not exceed his or her cost of attendance.

(3) If a student's resources exceed his or her need by more than $200, and the excess is not from employment, the overaward is the amount that exceeds the $200.

(c) *Prevention of overaward by treatment of earnings.* An institution must take the following steps when it learns that an SEOG recipient has earned, or will earn, more than $200 over his or her financial need:

(1) It must decide whether the student needs the money to pay for nec-

essary additional educational costs, unanticipated when it awarded financial aid to the student. If the student does, no further action is necessary.

(2) If the student's earnings still exceed need by $200 or more after the institution subtracts any additional costs, it must cancel any unpaid loan or grant (other than Pell Grants) to avoid exceeding need by more than $200.

(3) If the student's earnings still exceed his or her need by more than $200 after the institution takes the steps required in the two preceding subparagraphs, and the student is enrolled for the next academic year, the institution must use the amount that exceeds $200 as—

(i) A resource to help pay the student's cost of attendance in the following year; or

(ii) A substitute for the student's expected family contribution ("EFC") for the current year unless a GSL of PLUS is used for that purpose.

(4) If the student's earnings still exceed his or her need by more than $200 after the institution takes the steps required in subparagraphs (1) and (2), and the student is NOT enrolled for the next academic year, no further action is necessary.

(d) *Resources.* The Secretary considers that "resources" include, but are not limited to, any—

(1) Funds the student is entitled to receive from a Pell Grant, regardless of whether the student applies for it;

(2) Waiver of tuition and fees;

(3) Scholarship or grant, including an SEOG or athletic scholarship;

(4) Fellowship or assistantship;

(5) Insurance programs for the student's education, including any social security educational benefits not included in computing EFC;

(6) GSL or PLUS as indicated under paragraph (e);

(7) Long-term loans, including NDSL but excluding GSL and PLUS, made by the institution;

(8) Net earnings from employment including any part of an independent student's net earnings not included as part of the student's EFC. ("Net earnings" means gross earnings minus taxes and job related costs); and

(9) Veterans benefits (except that part included as part of the student's EFC).

(e) *Treatment of Guaranteed Student Loans (GSL) and Parent Loans for Undergraduate Students (PLUS).* (1) A student may use a GSL or a PLUS as a substitute for his or her expected family contribution.

(2) However, if the loan amounts under one or both of these programs exceeds the student's expected family contribution, the Secretary considers the excess to be a resource.

(f) *Administrative responsibility.* (1) An institution is responsible ONLY for the resources it—

(i) Makes available to its students;

(ii) Knows about; or

(iii) Can reasonably anticipate at the time it awards SEOG funds to the student.

(2) An institution must take reasonable steps to stay informed about the earnings of a student employed outside the institution.

(g) The provisions of paragraph (b) of this section are retroactive to October 12, 1976.

(20 U.S.C. 1070b—1070b-3)

§ 676.15 Coordination with BIA grants.

*(a) To determine the amount of a Supplemental Grant for a student who is also eligible for a Bureau of Indian Affairs (BIA) education grant, an institution must prepare a package of student aid—

(1) From resources other than the BIA education grant the student has received or is expected to receive; and

(2) That is consistent in type and amount with packages prepared for students in similar circumstances who are not eligible for a BIA education grant.

*(b)(1) The BIA education grant, whether received by the student before or after the preparation of the student aid package, supplements that package.

(2) No adjustment may be made to the student aid package as long as the total of the package and the BIA education grant is less than the institution's determination of that student's financial need.

*(c)(1) If the BIA education grant, when combined with other aid in the package, exceeds the student's need, the excess must be deducted and may be deducted only from the other assistance, not the BIA education grant.

(2) The institution must deduct the excess in the following sequence: loans, work-study awards, and grants other than Pell Grants. However, the institution may change the sequence if requested by a student and the institution believes the change benefits the student.

*(d) To determine the financial need of a BIA-eligible student, a financial aid administrator is encouraged to consult with area officials in charge of BIA postsecondary financial aid.

(20 U.S.C. 1070b-1)

§ 676.16 Payment of grant.

(a)(1) An institution using a semester, trimester, or quarter system must pay each term a portion of a Supplemental Grant awarded for a full academic year.

(2) The institution determines the amount paid each term by the following fraction:

$$\frac{\text{SEOG}}{\text{N}}$$

Where SEOG=total SEOG award and N=the number of semesters, trimesters, or quarters in that year.

(3) If the total SEOG award is to a student attending less than a full academic year, the institution determines the amount of each payment by the following fraction:

$$\frac{\text{SEOG}}{\text{R}}$$

Where SEOG=total SEOG award and R=the number of semesters, trimesters, or quarters remaining in the academic year.

(b)(1) An institution NOT using a semester, trimester, or quarter system must pay a Supplemental Grant at least twice during an academic year.

(2) The institution must make one payment at the beginning and another at the midpoint of the academic year.

(3) The institution may not pay more than half the award before the midpoint payment.

(c)(1) Within each payment period, an institution may pay the student at such time and in such amounts as it determines best meets the student's needs.

(2) It may pay the student directly by check or by crediting his or her account with the institution. However, if it credits the account, the institution must give the student a receipt.

(d) Only one payment is necessary if the total amount the institution awards a student under the Campus Based Programs is less than $301.

(e) A 6 month training program that prepares students for gainful employment in a recognized occupation equals a full academic year for purposes of disbursement.

(f) Before making the first SEOG payment for any year, an institution must get written acceptance of the grant amount from the student and give the student a statement explaining—

(1) The nature and sources of other financial aid made available through the institution; and

(2) That payment of the SEOG depends upon the student's—

(i) Maintaining satisfactory progress in his or her course of study, according to the institution's prescribed standards; and

(ii) Remaining an eligible student.

(g) A correspondence student must submit his or her first completed lesson before receiving an SEOG payment.

(h)(1) An institution may not pay a Supplemental Educational Opportunity Grant unless the student files a statement of educational purpose in which the student declares that he or she will use the grant solely for educational expenses in connection with attendance at the institution.

(2) The Secretary considers the following statement as satisfying this requirement.

Statement of Educational Purpose.

I declare that I will use any funds I receive under the Supplemental Grant

80-113 O—82——30

Program for expenses connected with attendance at
(Name of institution) ————————————
(Dated) ————————————
(Signature) ————————————

(i) If an institution computes a student's need using estimated data submitted before January 1 of the previous award year, the institution may not pay the student an SEOG unless it verifies that information.

(U.S.C. 1070b, 1091)

***§ 676.17 Federal interest in allocated funds.**

Except for funds received for the administrative cost allowance (see § 676.18(b)), funds received by an institution under the SEOG program are held in trust for the intended student beneficiaries. Funds may not be used or hypothecated (i.e., serve as collateral) for any other purpose.

(20 U.S.C. 1070b—1070b-3)

§ 676.18 Use of funds.

(a) *General.* Funds allocated to an institution under the SEOG program may be used only to—

(1) Make grants to eligible students;

(2) Transfer to the institution's CWS program (see § 676.21); and

(3) Carry out the activities described in paragraph (b).

(b) *Administrative cost allowance.* An institution participating in the SEOG program is entitled to an administrative cost allowance.

(1) The amount of the allowance equals—

(i) Five (5) percent of the first $2,750,000 of the institution's expenditures in an award year under the CWS, SEOG, and NDSL programs; plus

(ii) Four (4) percent of its expenditures which are greater than $2,750,000 but less than $5,500,000; plus

(iii) Three (3) percent of its expenditures in excess of $5,500,000.

(2) However, for the purpose of calculating the allowance in paragraph (b)(1) of this section, CWS expenditures made under the Community Service Learning program (§ 675.28) or NDSL loans that are assigned to the Secretary under section 463(a)(6)(B) of the Higher Education Act are not included.

(3) An institution must use its administrative cost allowance to offset its costs of administering the Pell Grant, CWS, SEOG, and NDSL programs. Administrative cost also include the expenses incurred for carrying out the student consumer information services requirements of Subpart C of the Student Assistance General Provisions, 34 CFR Part 668.

(4) An institution may not charge any administrative expenses against its SEOG IY allocation for an award year unless it awards initial grants to students for that year. Similarly it may not charge any administrative expenses against its CY allocation for an award year unless it awards continuing grants to students for that year.

(c)(1) An institution may use funds allocated to it for initial and continuing year awards in any manner the institution determines best suits the purposes of the program.

(2) An institution must report initial year expenditures and continuing year expenditures separately on the Fiscal Operations Report required under § 676.19(b).

(d) An institution may use up to 10 percent of its SEOG allocation to make awards to less than half-time eligible students.

(20 U.S.C. 1096; 20 U.S.C. 1070b et seq.)

§ 676.19 Fiscal procedures and records.

*(a) *Fiscal procedures.* (1) In administering its SEOG program, an institution must establish and maintain an internal control system of checks and balances that insures that no office can both authorize payments and disburse funds to students.

(2) A separate bank account for SEOG funds is not required. However an institution must notify any bank in which it deposits SEOG funds of all accounts in that bank in which it deposits Federal funds. The institution may give this notice by either—

(i) Including in the name of the account the fact that Federal funds are deposited; or

(ii) Notifying the bank in writing of the accounts in which it deposits Fed-

eral funds. The institution must retain a copy of this notice in its files.

(20 U.S.C. 1070b; 20 U.S.C. 1232c)

(b) *Records and reporting.* (1) An institution must establish and maintain on a current basis financial records that reflect all program transactions. The institution must establish and maintain general ledger control accounts and related subsidiary accounts that identify each program transaction and separate those transactions from all other institutional financial activity.

(2) The institution must also establish and maintain program and fiscal records that—

(i) Identify each student's account and status including separation of initial and continuing grant amounts;

(ii) Show the eligibility of each student aided under the program;

(iii) Show the amount of need and how the need was met for each student; and

(iv) Identify the administrator who determined the need.

(3) Each year an institution must submit a Fiscal-Operations Report plus other information the Secretary requires. The institution must comply with requirements to insure the information reported is accurate and must submit it on the form and at the time specified by the Secretary.

(c) *Retention of records.* (1) *Records.* Each institution must keep intact and accessible records of the receipt and expenditure of Federal funds, including all accounting records and original and supporting documents necessary to document how the funds are spent.

*(2) *Period of retention.* Except for audit questions, an institution must keep records for an award year for five years after it submits its Fiscal-Operations Reports for that year.

*(3) *Microfilm copies.* An institution may substitute microfilm copies for original records in meeting the requirements of this section.

*(4) *Audit questions.* An institution must keep records in any claim or expenditure questioned by Federal audit until resolution of any audit questions. However, the institution does not have to retain records beyond 5 years if the actions taken by the United States to recover funds are barred by the Federal statute of limitation in 28 U.S.C. 2415(b).

*(d) *Audits—Federal.* An institution must give the Secretary, the Comptroller General of the United States, or their duly authorized representatives access to the records specified in paragraphs (c) (1) and (2) and to any other pertinent books, documents, papers, and records.

*(e) *Audits—Non-Federal.* (1) An institution must audit, or have audited under its direction, SEOG transactions to determine at a minimum—

(i) The fiscal integrity of financial transactions and reports; and

(ii) If those transactions are in compliance with the applicable laws and regulations.

(2) The audits must be performed in accordance with the Education Department's "Audit Guide" for student financial aid programs.

(3) The institution must have an audit performed at least once every two years unless the Secretary approves a longer interval.

(4) Each audit must cover the entire period of time since the last audit.

*(f) *Audit reports.* The institution must submit audit reports to its local regional office of the Education Department's Office of Inspector General. It must give the Secretary and the Inspector General access to records or other documents necessary to the audit's review.

(42 U.S.C. 1070b; 1232c)

§ 676.20 Maintenance of effort.

(a) For each award year it receives an SEOG allocation, an institution must spend from its own scholarship and student financial aid program at least one-third its aid program expenditures for the three award years preceding the latest of the following:

(1) The effective date of any agreement required by section 443 of the College Work-Study Program (42 U.S.C. 2753) or section 407 of the Educational Opportunity Grants Program (20 U.S.C. 1067) that was in effect on June 30, 1973.

(2) The award year the institution received its first CWS allocation.

(3) The award year the institution received its first Educational Opportunity Grant Program allocation (20 U.S.C. 1061-1067, 1069).

(4) The award year the institution received its first SEOG allocation if it did not participate in the Educational Opportunity Grant Program during the 1972-1973 award year.

(b) The Secretary may waive the maintenance of effort requirements for an award year because of the following special circumstances:

(1) Fund withdrawals from outside sources (Public appropriations are not considered outside sources for public institutions).

(2) An enrollment decline if the institution continues to spend from its own scholarship and student financial aid program the average amount it spent per student during the three-year base period.

(3) Voluntary withdrawal as a GSL lender. The Secretary waives that portion of the failure that equals one-third the amount of loans the institution made as a lender during the three-year base period. However, to have this portion waived, the institution must arrange alternate sources of financing for its students at least equal to the amount the Secretary waives.

(4) Termination as a GSL lender by the Secretary.

(i) The Secretary waives, for the year the institution is terminated as a lender, the portion of the failure that equals one-third the amount of loans the institution made as a lender during the three-year base period.

(ii) The Secretary also waives, for succeeding years, the portion of the failure that equals one-third of the amount of loans the institution made as a lender during the three-year base period if the institution arranges alternate sources of assistance for its students at least equal to the amount the Secretary waives.

(5) The Secretary considers that an institution has provided alternate sources of assistance for its students if it provides the assistance under a written agreement between the funding source and the institution.

(c) An institution, to obtain a waiver, must submit to the Secretary—

(1) A request for a waiver; and

(2) A description of circumstances justifying the waiver.

(d) An institution's "own scholarship and student financial aid program" includes—

(1) Any expenditures of its own funds for scholarships, grants, loans, tuition waivers, fee waivers, and fee remissions;

(2) The institution's employment of its graduate and undergraduate students, whether or not they are eligible for the SEOG or CWS programs; and

(3) Any funds donated to the institution for student financial aid if the institution chooses the recipients and the award amounts. However, the institution may not claim funds from Federal sources as part of its "own scholarship and student financial aid program."

(e) (1) According to an institution's stated practices, scholarships and other student financial aid given to faculty members' dependents or to institution employees may be considered as either—

(i) Student financial aid; or

(ii) Employee benefits.

(2) Fellowships and assistantships count as financial aid unless it is the institution's stated practice to consider the holders faculty members.

(3) Alternatives in subparagraphs (e)(1) and (2) of this section apply to both the base year period and current expenditures. Any change must have the Secretary's written approval.

(20 U.S.C. 1094)

§ 676.21 Transfer of funds.

(a) An institution may transfer up to 10% of its allocation for an award year from its SEOG program to its CWS program and vice versa. The institution must use the funds, when transferred, according to the requirements of the program to which they are transferred.

(b) An institution may transfer SEOG funds without regard to whether they were allocated for initial or continuing grants.

(c) An institution may use CWS funds transferred to the SEOG program for initial or continuing grants, as the institution sees fit.

(d) An institution must report any funds transferred on the Fiscal-Operations Report required under § 676.19(b).

(e) An institution shall transfer back to the CWS program any funds unexpended at the end of the award year that it transferred to the SEOG program from the CWS program.

(20 U.S.C. 1095)

§ 676.22 Duration of student eligibility.

(a) A student is eligible to receive a Supplemental Grant for the period of time needed to complete the first undergraduate baccalaureate course of study being pursued by that student.

(20 U.S.C. 1070b-1)

§ 676.23 Types of grant awards.

(a) An institution may award only one initial grant to a student. The maximum duration of an initial grant is one academic year.

(b) However, if a student receives an initial grant from one institution and transfers to another, the Secretary considers any Supplemental Grant awarded by the second institution to be a continuing grant.

(20 U.S.C. 1070b)

§ 676.24 Amount of grant.

(a) As a general rule, a Supplemental Grant awarded for an academic year equals the amount the institution determines necessary for a student to continue his or her studies. However, no grant may be awarded for a full academic year that is—

(1) Less than $200; nor

(2) More than $2,000.

(b) If a student is enrolled for less than a full academic year, the institution reduces the grant awarded for that period in proportion to the length of the period of attendance compared to the length of the full academic year.

APPENDIX A—STANDARDS FOR ACCEPTABLE REFUND POLICIES BY PARTICIPATING SCHOOLS

AUTHORITY: Title IV, Part B, of the Higher Education Act of 1965, as amended (20 U.S.C. 1071-1087-4), unless otherwise noted.

SOURCE: 44 FR 53868, Sept. 17, 1979, unless otherwise noted. Redesignated at 45 FR 77369, Nov. 21, 1980.

Subpart A—Purpose and Scope

§ 682.100 The Guaranteed Student Loan Program.

(a) The Guaranteed Student Loan Program (GSLP) makes low interest loans available to students to pay for their costs of attending postsecondary schools. Lenders loan their own funds, and the Federal Government or a guarantee agency insures against loss. The program has two parts: guarantee agency programs and the Federal Insured Student Loan Program (FISLP).

(1) State agencies or private nonprofit agencies guarantee loans and are reimbursed by the Secretary for part or all of the insurance claims they pay to lenders. Guarantee agency programs must meet certain Federal requirements, but there may be considerable variation among programs in such areas as loan maximums and student eligibility.

(2) The FISLP operates in States not served by guarantee agencies and in certain prescribed circumstances in which a guarantee agency program does not serve all eligible students in a State. The Secretary directly insures lenders against losses on FISLP loans.

(b) *Participation in the GSLP.* (1) Banks, savings and loan associations, credit unions, pension funds, insurance companies, schools, and State agencies may be lenders. The Student Loan Marketing Association and some State agencies purchase and hold loans and function as secondary markets.

(2) Most colleges, universities, and graduate and professional schools and many vocational, technical, and correspondence schools are eligible to participate as educational institutions.

(3) Students who meet certain requirements, including enrollment at a participating school, may borrow. Information for students about the GSLP is available on request from the Department.

(4) All lenders, schools, and students must meet certain requirements in order to participate in the GSLP. These regulations contain all the eligibility requirements for the FISLP and Federal eligibility requirements for participation in guarantee agency programs. Each guarantee agency may establish additional requirements within these Federal limits.

(c) *Repayment.* The student who borrows under the GSLP is obligated to repay the lender the full amount borrowed, plus interest. Generally the Secretary pays the interest while the student is in school and during certain other periods. The student pays the interest during the time he or she is repaying the loan. When a student leaves school or is enrolled less than half-time, a grace period begins. After the grace period, which may last from 9 to 12 months, the student generally begins repayment. In some cases repayment may be deferred for a time, but the student still is responsible for repaying the entire loan amount plus interest. The student's obligation to repay is cancelled only if the student dies or becomes totally and permanently disabled or if the loan is discharged in bankruptcy.

(d) *Default.* If a student defaults on a loan, the Secretary or the guarantee agency pays the lender the amount of its loss. The student then owes the debt to the Secretary or the guarantee agency. The Secretary or the guarantee agency actively attempts to collect the debt.

(20 U.S.C. 1071 to 1087-4)

§ 682.101 Guarantee agency programs.

(a) The Secretary pays Federal interest benefits and special allowance to lenders on guarantee agency program loans. The Secretary also pays a GSLP borrower's loan obligation if the borrower dies or becomes totally and permanently disabled or if the loan is discharged in bankruptcy.

(b) The Secretary pays 80 percent of a guarantee agency's default losses under a reinsurance agreement. If the guarantee agency meets additional requirements, the Secretary pays up to 100 percent of the agency's default

losses, depending on its default experience.

(c) The Secretary encourages State agencies and private nonprofit agencies to establish adequate loan insurance programs. Federal loan advances are available to help start or strengthen an agency's reserve fund, which backs its loan guarantees. Additional Federal advances are available to help pay insurance claims. Administrative cost allowances are also available to the agencies.

(d) To operate as a guarantee agency under the GSLP and to qualify itself and its lenders for these benefits, an agency's program must meet the requirements under Subparts B, C, D, and F.

(20 U.S.C. 1071, 1072, 1078-1, 1082, 1087, 1087-1)

§ 682.102 Federal Insured Student Loan Program (FISLP).

(a) *Where does the FISLP operate?* The specific conditions under which the FISLP may operate in a State are given in § 682.500. In general, the FISLP is available—

(1) To all lenders in a State if there is no guarantee agency program; and

(2) To specific students and lenders who do not have reasonable access to the guarantee agency program operating in their State.

(b) *Payments to lenders.* Lenders qualify for the payment of Federal interest benefits and special allowance on FISLP loans. The Secretary pays a borrower's loan obligation if the borrower dies or becomes totally and permanently disabled or if the loan is discharged in bankruptcy. The Secretary also pays the lender's insurance claim if the borrower defaults.

(c) To qualify for Federal insurance and for interest and special allowance benefits, the lender must meet certain requirements established by law and these regulations.

(20 U.S.C. 1071 to 1087-4)

§ 682.103 Applicability of subparts of this regulation.

Subpart B contains general provisions that are applicable to all GSLP participants. In addition, guarantee agency programs are subject to Subparts C, D, and F, and the FISLP is subject to Subparts C, E, F, and G. Schools are specifically addressed in Subpart F.

(20 U.S.C. 1071 to 1087-4)

(b) At least 900 clock hours of training for a program at a school using clock hours; or

(c) Eighteen months for a correspondence program.

Act: Title IV, Part B of the Higher Education Act of 1965, as amended (20 U.S.C. 1071 *et seq.*).

Allowable Costs of Attendance: (a) *General.* (1) Except as provided in paragraphs (d) and (e), a student's cost of attendance means—

(i) The tuition and fees charged to a full-time student for an academic year by the institution he or she is attending as determined under paragraph (b);

(ii) An allowance for room and board expenses for an academic year, as determined under paragraph (c);

(iii) A reasonable allowance determined by the institution for books and supplies for an academic year;

(iv) A reasonable allowance determined by the institution for transportation for an academic year. This allowance may include—

(A) The cost of travel between the student's residence and the institution; and

(B) The cost of travel required for completion of a course of study;

(v) A reasonable allowance determined by the institution for miscellaneous personal expenses for an academic year;

(vi) A reasonable allowance determined by the institution for an academic year for expenses related to study abroad for students enrolled in an academic program which normally includes a formal program of study outside the United States;

(vii) A reasonable allowance determined by the institution for expenses for an academic year related to child care for a student's dependent children; and

(viii) A reasonable allowance determined by the institution for a handicapped student's expenses for an academic year related to his or her handicap, if these expenses are not provided for by any other assisting agency or program. This allowance may include expenses related to special services, transportation, equipment and supplies.

(2) If another agency or program provides assistance for any expenses related to a student's handicap, thereby reducing the student's costs, the institution shall document such assistance as part of the student's financial aid record.

(3) For purposes of this section, a handicapped student is a student who meets the definition contained in section 602(1) of the Education of the Handicapped Act. Accordingly, a handicapped student is a student who is mentally retarded, hard of hearing, deaf, speech impaired, visually handicapped, seriously emotionally disturbed, or orthopedically impaired, or is otherwise health impaired or has specific learning disabilities which require special education and related services.

(4) The institution shall take into account when determining a student's cost of attendance—

(i) The period for which the loan is intended; and

(ii) Whether the student is enrolled on a full-time or less than full-time basis.

(20 U.S.C. 1089)

(b) *Tuition and fees.* (1) An institution shall determine the tuition and fees charged a full-time student by calculating—

(i) The actual amount charged the full-time student for tuition and fees for an academic year; or

(ii) The average amount it charges full-time students for tuition and fees for an academic year. If the institution selects this option, it must determine an average cost for each of the following categories of students:

(A) Undergraduate students;

(B) Graduate students; and

(C) Professional students.

(2) If an institution establishes its tuition and fee charges on a residency requirement basis (e.g. In-State and Out-of-State) and elects to calculate an average tuition and fee charge, it shall establish a separate average charge for each different residency based classification.

(3) An institution may determine a separate average charge for any other distinct classification upon which it bases tuition and fee charges.

(4) An institution shall determine the tuition and fees charged a less than full-time student by—

(i) Calculating the actual amount it charges the student for tuition and fees for an academic year; or

(ii) Reducing the amount it calculated under paragraphs (b) (1), (2), or (3) of this section to reflect the less than full-time enrollment of that student.

(20 U.S.C. 1089)

(c) *Room and board.* (1) The institution shall calculate a student's room and board allowance as follows—

(i) For a student who has no dependents and lives with his or her parent(s), an allowance of $1,100;

(ii) For a student who has no dependents and lives in institutionally owned or operated housing—

(A) The actual amount charged the student for room and board for an academic year; or

(B) A standard allowance based on the average amount it charges most of its student residents for room and board for an academic year;

(iii) For a student who has no dependents and does not live with his or her parent(s) or in institutionally owned or operated housing, a standard allowance determined by the institution for room and board for an academic year; or

(iv) For a student who has dependents, an allowance determined by the institution for room and board for an academic year based upon expenses incurred by the student and his or her dependent(s).

(2) For purposes of this section, a spouse is considered a dependent.

(d) *Attendance costs for students in correspondence study programs.* The cost of attendance for a student enrolled in a correspondence study program means—

(1) Actual tuition and fees charged to the student for an academic year;

(2) A reasonable allowance determined by the institution for books and supplies for an academic year, if required for the completion of the program; and

(3) If incurred in fulfilling a required period of residential training, expenses for—

(i) Room and board; and

(ii) Travel between the student's residence and the institution.

(20 U.S.C. 1089)

(e) *Attendance costs for students whose program length exceeds the academic year at institutions using clock hours.* The cost of attendance for a student enrolled in an institution measuring progress in clock hours who is charged tuition and fees for a program whose length exceeds the length of the academic year at the institution, is determined by adding—

(1) Tuition and fees × clock hours in the academic year ÷ clock hours in the program plus

(2) Room and board and other applicable allowances determined under paragraphs (a) and (c).

(f) *Required documentation.* An institution must be able to justify and document the cost of attendance figures established under this section.

Grace period. (a) A 9- to 12-month period before the borrower enters the repayment period. Unless a student is enrolled in a correspondence study program, the grace period begins on the day the student ceases to be at least a half-time student at a participating school. (a) A school determines who will receive a loan and the amount of the loan; or

(b) The lender has the school verify the identity of the borrower or complete forms normally completed by the lender.

A school that has been approved by the Committee must, in order to remain an eligible school, become accredited within 3 years after the Secretary has designated a nationally recognized accrediting or State approval agency for the type of school applying for eligibility.

(ii) If enrolled or accepted for enrollment in a vocational school, the stu-

dent must be attending neither elementary nor secondary school and have the ability to benefit from the training offered, as required under the definition of "Vocational school" in § 682.200.

(iii) If enrolled or accepted for enrollment in a school outside the United States, the student must be a National of the United States; and

(2) Meets one of the following qualifications:

(i) Is a National of the United States.

(ii) Is a permanent resident of the United States.

(iii) Is in the United States for other than a temporary purpose and can provide evidence from the Immigration and Naturalization Service of his or her intent to become a permanent resident.

(iv) Is a permanent resident of the Trust Territory of the Pacific Islands or the Northern Mariana Islands; and

(3) If enrolled in a flight school program at a vocational school or an institution of higher education,

(i) Plans to pursue or is pursuing a full-time program leading to commercial flight ratings;

(ii) Has completed ground school training or is taking it concurrently with flight training;

(iii) Holds a private pilot's certificate or has sufficient flight hours to qualify for such certificate; and

(iv) Holds at least a Class-II medical certificate; and

(4) Except as provided in paragraph (c), is not in default on any National Defense or Direct Student Loan made by the school in which the student is enrolled or is accepted for enrollment; and

(5) Except as provided in paragraph (c) of this section, is not in default on any GSLP loan received for attendance at that school; and

(6) Except as provided in paragraph (d) of this section, does not owe a refund on a Pell Grant, a Supplemental Grant, or a State Student Incentive Grant received for attendance at the school in which the student is enrolled or is accepted for enrollment.

(b) In determining whether a student is in default on a Guaranteed Student Loan, a school may rely on the student's written statement that he or she is not in default, unless the school has information to the contrary.

(c) A student who is in default on either a National Defense or Direct Student Loan or a Guaranteed Student Loan which was received for attendance at the same school may receive a Guaranteed Student Loan only under the following conditions:

(1) *Guaranteed Student Loan.* A student who is in default on a Guaranteed Student Loan may be eligible for a Guaranteed Student Loan if the Secretary or a guarantee agency (for a loan insured by that guarantee agency) determines that the student has made satisfactory arrangements to repay the defaulted loan.

(2) *National Defense or Direct Student Loan.* A student who is in default on a National Defense or Direct Student Loan may be eligible for a Guaranteed Student Loan if the student has made arrangements, satisfactory to the school, to repay the loan.

(3) The Secretary does not consider a loan made under the National Defense Student Loan, National Direct Student Loan, Guaranteed Student Loan, or Parent Loans for Undergraduate Students Program that is discharged in bankruptcy to be in default for purposes of this section.

(d) A student who receives overpayment on a grant may receive a Guaranteed Student Loan under the following conditions:

(1) *Overpayment of a Basic Grant.* If the student is overpaid on a Basic Grant, that student may still be eligible for a Guaranteed Student Loan if—

(i) The student is otherwise eligible; and

(ii) The overpayment can be eliminated in the award period in which it occurred by adjusting the subsequent Basic Grant payments for that award period.

(2) *Overpayment of a Basic Grant due to school error.* If the student is overpaid as a result of school error, and the overpayment cannot be eliminated by adjusting subsequent Basic Grant payments in the award year, that student may still be considered

eligible for a Guaranteed Student Loan if—

(i) The student is otherwise eligible; and

(ii) The student acknowledges in writing the amount of the Pell Grant overpayment and agrees to repay it in a reasonable period of time.

(3) *Overpayment on a Supplemental Grant.* If the student is overpaid on a Supplemental Grant, that student may still be considered eligible for a Guaranteed Student Loan if—

(i) The student is otherwise eligible; and

(ii) An adjustment in subsequent financial aid payments (other than Pell Grants) eliminates the overpayment in the same award year in which it occurred.

(e) For purposes of this part—

(1) "Overpayment of a grant" means that a student received payment of a grant greater than the amount he or she was entitled to receive;

(2) " Pell Grant" means a grant authorized under Title IV-A-1 of the Higher Education Act of 1965;

(3) "National Defense Student Loan" means a loan made under Title II of the National Defense Education Act;

(4) "National Direct Student Loan" means a loan made under Title IV-E of the Higher Education Act of 1965;

(5) "State Student Incentive Grant" means a grant authorized under Title IV-A-3 of the Higher Education Act of 1965; and

(6) "Supplemental Grant" means a grant authorized under Title IV-A-2 of the Higher Education Act of 1965.

§ 682.202 Permissible charges to students.

(a) *Interest*—(1) *Rate.* Exclusive of any insurance premium, the maximum rate of interest per year that may be charged a student on the unpaid principal balance of any GSLP loan may not exceed 7 percent. The unpaid principal balance of a loan may include capitalized interest under circumstances described in paragraph (a)(3) of this section.

(2) *Method of calculation.* The lender shall calculate the interest from the date of disbursement of funds to the borrower. In calculating the interest, the lender may use either of the following methods:

(i) The "Approximate Time-Ordinary Interest" method; or

(ii) The "Exact Time-Exact Interest" method. Use of the "Banker's Rule" ("Exact Time-Ordinary Interest") is prohibited because this method results in an actual rate in excess of the allowable maximum rate of interest.

(3) *Capitalizing interest*—(i) *General.* (A) "Capitalization" means increasing the unpaid principal of a loan through the addition of accrued interest to the previously unpaid principal balance. This paragraph defines those conditions under which capitalization on a FISLP loan is authorized, for purposes of the special allowance, Federal interest benefits, and a borrower's liability to a lender, and thus the amount of the lender's loss on an insurance claim.

(B) *Guarantee agency programs.* For loans insured under guarantee agency programs, a lender may add accrued interest and unpaid insurance premiums to the borrower's unpaid principal balance as authorized by guarantee agency policy.

(ii) *Instances in which interest on a FISLP loan may be capitalized.* "Capitalization" may take place in the following instances:

(A) If interest has accrued during the in-school or grace periods for a nonsubsidized loan and capitalization is authorized by promissory note.

(B) If interest has accrued during a period of authorized deferment for a nonsubsidized loan.

(C) If interest has accrued during a period of forbearance for a loan.

(D) If interest has accrued during the period from the date the first repayment installment was required until it was made. In cases (A)-(C) a lender may add the accrued interest to the principal only on the date repayment of principal is required to begin or resume. In case (D) a lender may add the accrued interest to the principal only on the date repayment of principal actually begins.

(4) *Payment*—(i) *For subsidized loans.* A borrower is not liable for any portion of the interest on a loan that is payable by the Secretary. The lender may not collect or attempt to collect that portion of the interest from the borrower.

(ii) *For nonsubsidized loans.* Interest is normally payable by the borrower in installments over the life of the loan. However, a lender may permit a borrower to postpone payment of interest at certain times as described in paragraph (a)(3)(ii) of this section or under a guarantee agency's policy. This accrued interest may either be paid when payment of principal begins or resumes or may be capitalized.

(b) *Insurance premium.* (1) The term "insurance premium" covers those charges made by the guarantee agency or the Secretary to the lender to insure the lender of a GSLP loan against losses it may suffer if the borrower defaults or is adjudicated a bankrupt on his or her loan. The insurance premium may also be used by the guarantee agency or the Secretary to cover costs incurred in the administration of the applicable loan insurance program. Premiums may not be retained by the lender to cover the costs of making a loan or for any other purpose.

(2) Specific rules on insurance premiums, including the rate that may be charged the lender and passed on to the borrower, the method of calculation, refund requirements, etc., are contained in § 682.401(b)(12), for loans insured under State or private nonprofit loan insurance programs and § 682.506, for FISLP loans.

(c) *Late charges.* To the extent provided in the promissory note and permitted by State law, the lender may require that the borrower pay a late charge if the borrower fails to pay any or all of a required installment payment within 10 days after its due date or fails to provide written evidence that verifies eligibility for authorized deferment of the payment. The late charge may not exceed 5 cents for each dollar of each installment due or $5 for each installment, whichever is less.

(d) *Collection charges*—(1) *Permissible charges.* If provided in the note, the lender may also require that the borrower pay the lender for certain reasonable costs incurred by the lender or its agent in collecting any installment not paid when due. These costs may include attorney's fees, court costs, telegrams, and long-distance phone calls.

(2) *Non-permissible charges.* No charges other than those authorized by this section may be passed on to the borrower, either directly or indirectly. Examples of charges that are not permitted are as follows:

(i) Normal collection costs associated with preparing letters or notices or making personal contacts or local telephone calls.

(ii) Fees charged by a servicing or collection agency, to the extent they exceed permissible charges.

(iii) Loan origination fees.

§ 682.203 Affidavit or statement of educational purpose.

(a) (1) No loan may be insured under this program unless the student affirms or declares that he or she will use the loan proceeds solely for costs of attendance at the school the student is or will be attending.

(2) The student may satisfy this requirement by filing either—

(i) A notarized affidavit; or

(ii) A written statement.

(3) The statement or the affidavit must be in a form approved by the Secretary.

(b) the student must file the affidavit or statement with the lender. The lender shall retain a copy of the affidavit or statement as required in § 682.408(a) or § 682.519(a).

§ 682.204 Treatment of refunds by lenders.

(a) A lender shall treat a payment of a borrower's refund received from a school as a credit against the amount owed by the borrower on the GSLP loan.

(b) If a lender receives from a school a refund payment on a loan that is no

longer held by that lender, the lender shall—

(1) Transmit the amount of the refund payment to the holder to whom it assigned the loan, with an explanation of the payment's source; and

(2) Provide simultaneous written notice to the borrower that a payment has been transferred to the new holder.

(20 U.S.C. 1082)

§ 682.205 Prohibited transactions.

(a) (1) No points, premiums, payments, or additional interest of any kind may be paid or otherwise extended to any eligible lender or other party in order to—

(i) Secure funds for making GSLP loans; or

(ii) Induce a lender to make loans to the students of a particular school or to any particular category of students.

(2) The following are examples of transactions which, if entered into for the purposes described in paragraph (a)(1) (i) or (ii) of this section, are prohibited:

(i) Cash payments by or on behalf of a school made to a lender or other party.

(ii) The maintaining of a compensating balance by or on behalf of a school with a lender.

(iii) Payments ostensibly made for other purposes.

(iv) Payments by or on behalf of a school to a lender of servicing costs on loans that the school does not own.

(v) Payment by or on behalf of a school to a lender of unreasonably high servicing costs on loans that the school does own.

(vi) Purchase by or on behalf of a school of stock of the lender.

(b) Except when purchased by the Student Loan Marketing Association or an agency of any State functioning as a secondary market or in other circumstances approved by the Secretary, notes, or any interest in notes, shall not be sold or otherwise transferred at discount if the underlying loans were made—

(1) By a school; or

(2) To students at a school by a lender having common ownership with that school.

(c) Except to secure a loan from the Student Loan Marketing Association or an agency of a State functioning as a secondary market or in other circumstances approved by the Secretary, a school, or a lender with respect to a loan made to a student of a school having common ownership with the lender, may not pledge a loan made under the GSLP as security for any loan bearing aggregate interest and other charges in excess of the sum of 7 percent plus the rate of the then most recently prescribed special allowance under § 682.301.

(d) The prohibitions described in paragraphs (a), (b), and (c) of this section apply to any school or lender which would be a party to the proscribed transactions.

(e) The performance by a school of substantial functions or responsibilities normally performed by a lender which results in the school "originating" loans made by the lender is not a prohibited transaction.

(f) *Warranty.* (1) Nothing in this section shall preclude a buyer of loans made by a school from obtaining a warranty from the seller of those loans.

(2) The warranty may cover future reductions by the Secretary or a guarantee agency in computing the amount of insurable loss, if any, on default claims filed on the loans where the reductions are attributable to an act or failure to act of the seller or previous holder.

(3) The warranty shall not cover matters for which a purchaser is charged with responsibility under this Part, such as due diligence in collecting loans.

(g) Section 440(d) of the Act provides that any person who knowingly and willfully makes an unlawful payment to an eligible lender as an inducement to make, or to acquire by assignment, a loan insured under the GSLP shall, upon conviction thereof, be fined not more than $1,000 or imprisoned not more than one year, or both.

Subpart C—Federal Payments of Interest and Special Allowance

§ 682.300 Payment of interest benefits.

(a) *General.* The Secretary pays to a GSLP lender a portion of the interest on a loan on behalf of an otherwise eligible borrower. This payment is known as interest benefits.

(b) *Borrower eligibility.* (1) To qualify for interest benefits the borrower shall submit an application to the lender containing a statement from the borrower's school that certifies—

(i) The borrower's estimated cost of attendance; and

(ii) The borrower's estimated financial assistance.

(2) For the GSLP borrower whose loan was disbursed prior to November 1, 1978, eligibility for interest benefits was established by the law in force at the time the loan was disbursed.

(c) *Lender's report.* To receive payment of interest benefits, a lender shall submit periodic reports to the Secretary. These reports must be in a form prescribed by the Secretary. Based on these reports, the Secretary determines the amount of interest benefits to pay the lender.

(d) *What interest may be paid?* Payment of interest benefits on a loan is limited to—

(1) The interest on the unpaid principal that accrues prior to the beginning of the repayment period for the loan. The repayment period for a GSLP loan begins on the day after the last day of the grace period, whether or not that date is scheduled by the mutual agreement of the lender and the borrower and whether or not repayment actually begins at that time;

(2) The interest that accrues on the unpaid principal during any period in which the borrower has an authorized deferment; and

(3) For loans made or for which a binding commitment was made prior to December 15, 1968, an amount equivalent to 3 percent per year on the unpaid principal amount during the repayment period (excluding any deferment period).

(e) *What interest cannot be paid?* Payment of interest benefits *cannot* include—

(1) Any interest on interest added to principal, except in cases in which interest may be capitalized as provided for in § 682.202(a);

(2) Any interest for which the borrower is not otherwise liable; or

(3) Any interest that is paid on behalf of the borrower by a guarantee agency.

(f) (1) *Termination of interest benefits.* The Secretary's obligation to pay interest benefits on a loan generally terminates upon either—

(i) Determination of the borrower's death;

(ii) Determination of the borrower's total and permanent disability;

(iii) Adjudication of the borrower as a bankrupt; or

(iv) Default by the borrower.

(2) If the borrower dies or becomes totally and permanently disabled prior to the beginning of the repayment period, the Secretary's obligation to pay interest benefits on the loan terminates not later than 120 days following the lender's receipt of a request for a death or disability cancellation.

(20 U.S.C. 1078, 1082)

§ 682.301 Special allowance payments to lenders.

(a) *General.* The Secretary pays a special allowance to lenders on all GSLP loans. The special allowance is equal to a percentage of the average unpaid balance of principal, including capitalized interest, for all GSLP loans a lender has held during a 3-month period. The 3-month periods end (1) March 31; (2) June 30; (3) September 30; and (4) December 31 of each year.

(b) *Lender's reports.* To receive the special allowance payment, a lender shall submit periodic reports to the Secretary stating the average unpaid balance of principal for all its GSLP loans. These reports must be in a form prescribed by the Secretary.

(c) *How will the rate of special allowance be determined?* (1) The percentage rate for the special allowance for a 3-month period is determined by—

(i) Subtracting 3.5 percent from the average of the bond equivalent rates of the 91-day Treasury bills auctioned during the 3-month period;

(ii) Rounding the resulting percent upward to the nearest one-eighth of one percent; and

(iii) Dividing the resulting percent by 4.

(2) After the close of each 3-month period, the Secretary announces the rate of the special allowance for that period.

(d) *How does the lender determine the average unpaid balance of principal?* (1) There are two methods a lender may use to determine the average unpaid balance of principal for purposes of the special allowance:

(i) *The average quarterly balance method.* Add the unpaid balance of principal of all loans outstanding on the first day of the 3-month period and the unpaid balance of principal of all loans outstanding on the last day of the period and divide by 2.

(ii) *The average daily balance method.* Add the unpaid balance of principal of all loans outstanding on each day of the 3-month period and divide by the number of days in that period.

(2) The lender may not change its method of determining the average unpaid balance of principal without the prior approval of the Secretary.

(3) For the purpose of this determination, a loan is considered outstanding if—

(i) The borrower has not repaid the loan;

(ii) The lender has not received payment on a claim for loss on the loan; and

(iii) The lender has not been advised that the Secretary or a guarantee agency has finally refused a claim for loss on the loan.

(20 U.S.C. 1082, 1087-1)

§ 682.302 Payment of interest benefits and special allowance to a lender that makes multiple installment loans.

(a) *General.* The Secretary pays a lender that meets special criteria interest benefits and special allowance on the entire approved amount of a GSLP loan, even though only a portion of the loan has actually been paid to a borrower. For purposes of this payment, the interest benefits and special allowance begin to accrue on the date of disbursement of the first installment of the loan.

(b) *Which lenders are eligible for these payments?* (1) A lender is eligible to receive the special interest and special allowance on a multiple installment loan if the lender—

(i) Is not a school or State agency;

(ii) Has made a binding commitment to make the entire amount of the loan; and

(iii) Is approved to receive these payments by the Secretary.

(2) To be approved by the Secretary, the lender must—

(i) Submit an application on a form provided or approved by the Secretary;

(ii) Agree to disburse the loan in installments as prescribed in paragraph (c) of this section;

(iii) Have been making GSLP loans for at least six months;

(iv) Not have had its lending status limited, suspended, or terminated by the Secretary or a guarantee agency during the three-year period prior to the date of its application; and

(v) Have made, or expect to make within a 12-month period, GSLP loans qualifying for interest benefits amounting to at least one-fourth of one percent of its total assets or $100,000, whichever is less. The 12-month period must include the date on which the lender makes application for approval.

(3) If the Secretary determines that a lender that is making multiple installment loans under this section is not properly administering the disbursement of the loans, the Secretary withdraws his or her approval for the lender to receive the special payments of interest benefits and special allowance.

(c) *Multiple installment disbursement procedures.* A lender shall disburse multiple installment loans in accordance with the following requirements:

(1) Disbursement must be in two or more installments.

(2) No installment can exceed one-half of the loan.

(3) The interval between the first and second installment must be at least one-third of the enrollment period for which the loan is made.

However, if the lender determines that the student needs the second installment sooner for the cost of attendance, the lender may disburse the second installment sooner. The lender must document in its records the reason for making an earlier disbursement. For purposes of this paragraph, the period of enrollment may not exceed 12 months.

(d) *Termination of special payments.* The Secretary's obligation to pay interest benefits and special allowance on the undisbursed portion of a multiple installment loan terminates on the date the lender determines that the borrower—

(1) Is no longer enrolled at least half-time at a participating school; or

(2) No longer desires undisbursed loan funds.

(20 U.S.C. 1078, 1082)

§ 682.303 Penalty interest payments to lenders.

(a) *General.* If the Secretary has not authorized the United States Department of the Treasury to pay either interest benefits or special allowance within 30 days after receipt of an accurate, timely and complete request for payment from any lender, the Secretary pays that lender an increased payment known as penalty interest.

(b) *How is the amount of penalty interest determined?* (1) Penalty interest is the daily interest that accrues on the special allowance and interest benefit payments otherwise due to the lender. The daily interest is computed at—

(i) The daily rate of 7 percent; plus

(ii) The annual rate of the special allowance for the 3-month period for which the interest benefits and special allowance are being paid.

(2) The Secretary pays penalty interest for—

(i) The 31st day after receipt of the request for payment or the 31st day after the final day of the period (or periods) covered by the request, whichever is later; and

(ii) Each succeeding day until the Secretary authorizes payment. The day on which payment is authorized is also counted.

(20 U.S.C. 1087-1)

Subpart D—Guarantee Agency Programs

§ 682.400 Agreements between a guarantee agency and the Secretary.

(a) The Secretary enters into agreements with a guarantee agency, enabling the agency to participate in the GSLP, if the Secretary determines that the guarantee agency program meets the requirements of this subpart. Separate agreements, based on various requirements, are necessary for the agency to receive some or all of the benefits available to it.

(b) *Types of agreements.* There are six agreements. Specific requirements for each agreement, and additional requirements for receiving some benefits, are described in this subpart.

(1) *Basic agreement.* A guarantee agency must have a basic agreement to participate in the GSLP in any way. Under this agreement—

(i) Borrowers whose loans are insured may qualify for Federal interest benefits that are paid to the lender on the borrower's behalf;

(ii) Lenders may receive special allowance and penalty interest payments and, through the guarantee agency, death, disability, and bankruptcy claim payments;

(iii) The guarantee agency may apply for the primary administrative cost allowance, and for the agreements listed below.

(2) *Federal advances for reserve fund agreement.* A guarantee agency must have this agreement to receive Federal advances to help establish or strengthen the reserve fund that backs the agency's loan guarantees.

(3) *Additional Federal advances for claim payments agreement.* A guarantee agency must have this agreement to receive Federal advances to pay insurance claims.

(4) *Reinsurance agreement.* A guarantee agency must have a reinsurance agreement to receive reimbursement of 80 percent of its losses on default claims.

(5) *Supplemental reinsurance agreement.* A guarantee agency, with this agreement, receives reimbursement of up to 100 percent of its losses on default claims.

(6) *Secondary administrative cost allowance agreement.* A guarantee agency establishes this agreement by applying for and receiving the secondary administrative cost allowance.

(c) *Failure to comply with agreements.* If the Secretary finds that a guarantee agency has made incomplete or incorrect statements in connection with an agreement, or has failed to comply with an agreement or with applicable Federal law or regulations, the Secretary takes actions necessary to protect the interests of the United States. These actions may include—

(1) Withholding payments to the guarantee agency;

(2) Requiring reimbursement of payments; or

(3) Suspending or terminating an agreement.

(d) *Remedial actions.* (1) (i) The Secretary or the guarantee agency may terminate any agreement upon 60 days written notice.

(ii) The Secretary terminates an agreement only under circumstances described in paragraph (c) of this section.

(iii) Termination does not affect obligations incurred under the agreement before the effective date of the termination.

(2) The Secretary's suspension or termination of an agreement, requirement of reimbursement, or withholding of payments is not final until the guarantee agency has been given reasonable notice of the intended action and an opportunity for a hearing. The Secretary withholds payments or suspends an agreement prior to giving notice and opportunity for a hearing only if the Secretary finds this emergency action necessary to prevent substantial harm to Federal interests.

(e) The Secretary's execution of an agreement does not indicate acceptance of any current or past standards or procedures used by the agency.

(f) All the agreements are subject to subsequent changes in the GSLP law or regulations.

(20 U.S.C. 1072, 1078, 1078-1, 1082, 1087, 1087-1)

§ 682.401 Basic agreement.

(a) *General.* (1) The basic agreement is required for all participation by a guarantee agency in the GSLP. In this agreement, the guarantee agency assures the Secretary that its program meets the requirements of paragraph (b) of this section and agrees to maintain the administrative and fiscal standards of paragraph (c) of this section.

(2) The basic agreement shall contain other provisions, and be supported by any material, required by the Secretary.

(b) *Program requirements.* The guarantee agency shall ensure, through its policies and the requirements that it imposes on participating lenders, schools, and students, that its program meets the requirements of this paragraph.

(1) *Aggregate loan limits.* The aggregate insured unpaid principal amount for all GSLP loans made to a student may not exceed—

(i) $7,500 to an undergraduate student; or

(ii) $15,000 to a graduate or professional student, including loans made to that student for undergraduate study.

(2) *Annual amounts.* (i) The maximum loan amount authorized for any one academic year must be at least $1,000, but not more than $2,500 to an undergraduate student and $5,000 to a graduate or professional student. Exceptions to this rule for certain loans are contained in paragraph (b)(3) of this section.

(ii) If the program insures loans to half-time students, its loan maximum must be at least $500 for a half-time student in any academic year.

(iii) A guarantee agency does not violate paragraph (b)(2)(i) or (ii) of this section if it makes the maximum loan amounts listed in those paragraphs applicable to either of the following periods:

(A) A period that does not exceed 12 months; or

(B) A period in which the borrower earns the credits required by the borrower's school to advance in academic standing, as normally measured on an

academic year basis (for example, from freshman to sophomore).

(iv) In no case may the amount of a loan exceed the student's estimated cost of attendance less estimated financial assistance.

(3) *Special rules for a loan made by a State lender or a loan made or originated by a school.* The maximum loan amount shall be further limited to—

(i) The lesser of $2,500 or half the estimated cost of attendance, for a loan made by a State lender or made or originated by a school to a student who—

(A) Is enrolled in the first academic year of undergraduate study; and

(B) Was not previously enrolled in an undergraduate program; and

(ii) $1,500 for a loan made or originated by a school to a student who is enrolled in the first academic year of undergraduate study and was not previously enrolled in an undergraduate program, unless the loan is to be disbursed in two or more installments. None of the installments may exceed one-half of the loan, and the interval between the first and second installments must be at least one-third of the academic period for which the loan is intended. However, a loan that is to be made for a single academic period of less than 5 months is not subject to these requirements. For purposes of this paragraph, all loans made within a period of 90 days will be considered a single loan.

(4) *Student eligibility.* (i) A student in any year of study at a participating school shall be eligible for a loan.

(ii) Loans must be available to any student for at least 6 academic years of study or the equivalent.

(5) *Student responsibilities.* (i) The student shall promptly notify the lender of any change of address.

(ii) The student shall give the lender, as part of the loan application process—

(A) An affidavit or statement, described in § 682.203, that the loan will be used for the cost of attendance;

(B) Information from the student that provides a basis for determining that the student qualifies as an eligible student;

(C) Information from the school that provides a basis for determining that the student qualifies as an eligible student; and

(D) Information concerning the student's outstanding GSLP loans.

(6) *Disbursement requirements.* (i) The lender shall disburse the loan funds by means of a check payable to the borrower or—if authorized by the borrower in writing, jointly to the borrower and the school that he or she is to attend. The check must require the personal endorsement of the borrower. For this purpose, a check is a draft drawn on a bank and payable on demand and deposit of the check by the borrower in his or her own account at a bank or other financial institution constitutes endorsement.

(ii) The borrower must personally endorse the check and may not authorize anyone else to endorse it on his or her behalf.

(iii) Neither a lender nor a school may obtain a borrower's power of attorney or other authorization to endorse a check on behalf of a borrower.

(iv) The lender may not disburse loan funds earlier than is reasonably necessary to meet the borrower's cost of attendance for the period for which the loan is intended.

(7) *School notification requirements.* For each loan insured, as a condition of insurance, the school that certified the borrower's enrollment shall be notified of the insurance, the amount of the loan, and the name of the lender.

This notification may be made either—

(i) By the lender or the guarantee agency informing the school of these facts no later than 30 days after the initial disbursement of the loan; or

(ii) By the lender sending all loan checks to the school for delivery to the borrower.

(8) *Commencement of repayment.* (i) Except for a borrower enrolled in a correspondence course or as provided in paragraph (b)(8)(iii) of this section, the borrower's repayment period begins no earlier than nine months nor later than one year after the date the borrower ceases to be at least—

(A) A full-time student, if the guarantee agency restricts its program to full-time students; or

(B) A half-time student, if the guarantee agency insures loans to part-time students.

(ii) *Exception for a correspondence student.* The repayment period begins not earlier than nine months nor later than one year after whichever of the following occurs first:

(A) The borrower completes the program.

(B) The borrower falls 60 days behind the due date for a scheduled assignment, according to the schedule required in § 682.604. However, the school may permit one restoration to in-school status for a student who falls 60 days behind the due date for a particular assignment if the student establishes in writing a desire to continue in the program and an understanding that the required lessons must be submitted on time.

(C) The expiration of a 60-day period following the latest allowable date established by the school for completing the program in the schedule required under § 682.604.

(iii) A borrower may request and be granted a repayment schedule that begins prior to the end of the established grace period. In this event, a borrower may not further utilize the 9- to 12-month grace period.

(iv) If conditions that justify a deferment of repayment exist at the expiration of the grace period, the deferment period commences at the expiration of the grace period. Regardless of when a deferment period begins, repayment of the loan begins or resumes after the deferment period is over without any additional grace period.

(9) *Length of repayment period.* In general, the lender must allow the borrower at least 5 years but not more than 10 years to repay a loan, calculated from the beginning of the repayment period. The borrower shall, however, fully repay the loan within 15 years after it is made. There are exceptions, however, to these rules:

(i) If the borrower receives a deferment or has been granted forbearance under procedures approved by the guarantee agency, the periods of deferment or forbearance are not counted in the 5-, 10-, and 15-year periods.

(ii) If the minimum annual repayment required in paragraph (b)(9)(v) of this section would result in complete repayment of the loan in less than 5 years, the borrower is not entitled to the full 5-year period.

(iii) During the grace period, the borrower may request and be granted by the lender a repayment period of less than 5 years. At any time and without the necessity of lender agreement, the borrower may have the total repayment period extended to a minimum of 5 years.

(iv) *Prepayment.* The borrower may prepay the whole or any part of the loan at any time without penalty.

(v) *Minimum annual payment.* During each year of the repayment period, the borrower's payments to all holders of his or her GSLP loans must total at least $360 or the unpaid balance of all the loans including interest, whichever amount is less. There are, however, exceptions to this rule:

(A) If the borrower and lender agree, the amount paid may be less.

(B) If both the borrower and his or her spouse have GSLP loans, their combined annual payment must meet this requirement. The provisions of paragraphs (b)(9)(v)(A) and (B) of this section may not result in an extension of the 10- and 15-year repayment period maximums, unless forbearance has been granted under procedures approved by the guarantee agency.

(10) *Deferment.* Once the repayment period begins principal payments are postponed during specified periods and under conditions described in § 682.508.

(11) *Interest.* (i) Exclusive of any insurance premium, the maximum interest on the unpaid principal balance of a loan may not exceed 7 percent. The unpaid principal balance of a loan may include capitalized interest to the extent authorized by the guarantee agency.

(ii) The borrower shall not be liable for any portion of the interest that is payable by the Secretary, and the lender may not collect or attempt to collect that portion from the borrower.

(12) *Insurance premiums:* (i) The guarantee agency may charge an insurance premium to the lender on each loan. This insurance premium may be used only to insure loans and

to cover costs incurred by the guarantee agency in the administration of its loan insurance program. The lender may pass this charge on to the borrower.

(ii) *Rate.* The insurance premium may not exceed one percent per year of the unpaid principal balance of the loan, excluding interest or other charges that may have been added to the principal.

(iii) *Refund requirements.* The length of time for which the premium is charged determines whether a refund must be made.

(A) If the insurance premium is charged for a period extending no longer than 1 year after the borrower's anticipated graduation date, the premium need not be refunded to the borrower even if the borrower graduates or withdraws from school, defaults, dies, becomes totally and permanently disabled, or is adjudicated a bankrupt prior to the anticipated graduation date.

(B) If the insurance premium is charged in advance for a period extending beyond 1 year after the anticipated graduation date, the insurance premium must be refunded to the borrower as required in paragraph (b)(12)(iv) of this section.

(iv) *Computation of refund.* (A) If the borrower graduates or withdraws from school before the anticipated graduation date, the amount of any insurance premium attributable to the repayment period shall be recomputed to take into account the declining principal balance of the loan. Any refund due the borrower as a result of this computation must be treated as prepayment of the insurance premium for later periods, if any premium will be required, or as a repayment of principal.

(B) If a borrower defaults, the amount of any insurance premium attributable to subsequent periods must be credited first to accrued interest and then to the principal balance of the loan.

(C) If the borrower prepays the entire unpaid balance of the loan, the amount of any insurance premium attributable to subsequent periods of two or more years must be refunded to the borrower.

(13) *Insurance liability.* The guarantee agency must insure at least 80 percent of the unpaid principal balance of each loan insured.

(14) *Guarantee agency administration.* In the case of a State loan insurance program, the program shall be administered by a single State agency, or by one or more private nonprofit institutions or organizations under supervision of a single State agency. For this purpose, "supervision" includes setting policies and procedures for, and having full responsibility for, the operation of the program.

(15) *Loan assignment.* A loan may be assigned only to—

(i) An eligible lender; or

(ii) The guarantee agency, in the case of a borrower's default, death, total and permanent disability, or adjudication as a bankrupt.

"Assigned" means any kind of transfer, including transfer as security.

(c) *Administrative and fiscal standards required of the guarantee agency*—(1) *Establishment of procedures.* To enter into a basic agreement, the guarantee agency shall establish administrative and fiscal procedures that the Secretary may require to ensure proper administration of the agency's loan insurance program.

(2) *Dissemination of standards and procedures.* The guarantee agency shall establish and disseminate to concerned parties its standards and procedures for—

(i) School and lender participation in its program;

(ii) Limitation, suspension, or termination of school and lender participation;

(iii) Approval of forbearance;

(iv) Timely filing of default, death, disability, and bankruptcy claims by lenders; and

(v) Due diligence in making, servicing and collecting loans.

(3) *Due diligence.* The guarantee agency shall ensure that due diligence, including resort to litigation as appropriate, will be exercised by lenders in making, servicing, and collecting loans. The guarantee agency also shall exercise due diligence, including resort to litigation as appropriate, in collecting loans on which default claims have

been paid. "Due diligence" is defined in § 682.200.

[44 FR 53868, Sept. 17, 1979, as amended at 45 FR 42581, June 24, 1980. Redesignated at 45 FR 77369, Nov. 21, 1980]

§ 682.402 Death, disability, and bankruptcy payments.

(a) *Loans made prior to December 15, 1968.* If a borrower who received a loan covered by a reinsurance agreement prior to December 15, 1968 dies or becomes totally and permanently disabled, the Secretary reimburses the agency under the provisions of the reinsurance agreement. The agency is not required to seek to recover the amount of its loss from the borrower or the borrower's estate.

(b) *Loans made after December 14, 1968.* (1) If a borrower who received a loan after December 14, 1968 dies or becomes totally and permanently disabled, the Secretary cancels the borrower's obligation by paying the lender the amount owed. If a borrower is adjudicated a bankrupt, the Secretary pays the amount owed. The Secretary cancels these loans whether the holder of the loan is a lender or the guarantee agency.

(2) Any further reference in this section to death and disability claims relates only to loans made after December 14, 1968. Reference to bankruptcy claims relates to all loans, whenever they were made.

(c) The procedures in § 682.514 for determining whether a borrower has died, is totally and permanently disabled, or has been adjudicated a bankrupt, and for handling the loans of such borrowers, apply to guarantee agency programs with the following modifications:

(1) The references to the Secretary in §682.514(a) and (c)(2) shall be understood to mean the guarantee agency if the loan is held by a lender.

(2) References to the FISLP shall be understood to mean the guarantee agency program.

(3) References to the lender shall be understood to mean the guarantee agency if the loan is held by a guarantee agency.

(d) No death, disability, or bankruptcy claim may be paid if the loan is not considered insurable by the guarantee agency or if a default claim for that loan previously has been disapproved by the guarantee agency.

(e) *Claim procedures for loans held by a lender*—(1) *Claim submission.* (i) The lender shall submit evidence that the borrower has died, become totally and permanently disabled, or been adjudicated a bankrupt to the guarantee agency. The agency shall return to the lender any submission that is not accurate and complete.

(ii) After determining that a claim is valid the guarantee agency may pay the lender the amount authorized by paragraph (e)(2) of this section. The Secretary periodically reimburses the guarantee agency for these payments.

(2) *Amount of claim payment.* The Secretary determines the amount of the loss to be paid the lender according to the standards used to determine claim payments under the FISLP. These are found in § 682.517 (a)(2)(ii) and (3), and (b), with the following modifications:

(i) References to FISLP insurance shall be understood to mean guarantee agency insurance.

(ii) Paragraph (b)(1)(ii) of § 682.517 shall be understood to mean the period prescribed by the guarantee agency.

(iii) References to the Secretary shall be understood to mean the guarantee agency in paragraphs (b)(1) (iii) and (iv) of § 682.517.

(f) *Claim procedures for loans held by the guarantee agency.*

(1) The Secretary pays a death, disability, or bankruptcy claim on a loan held by the guarantee agency after payment of a default claim to the lender only if—

(i) The borrower dies, becomes totally and permanently disabled, or is adjudicated a bankrupt within 15 years of the date the loan was made, exclusive of periods of deferment or periods of forbearance granted by the lender that extend the 15-year period;

(ii) The guarantee agency has not written off the loan as uncollectible; and

(iii) The guarantee agency exercised due diligence in the collection of the loan until the borrower died, became

totally and permanently disabled, or was adjudicated a bankrupt.

(2) *Amount of claim payment.* (i) The Secretary pays the guarantee agency the amount owed on the loan, including accrued interest. The Secretary pays interest that accrues for a period of up to 60 days from the date the guarantee agency determines that the borrower is dead, totally and permanently disabled, or adjudicated a bankrupt until the guarantee agency submits the claim to the Secretary. The amount of the payment is reduced by the amount of any reinsurance claim paid by the Secretary for the loan, less any subsequent reimbursement to the Secretary from amounts collected from or on behalf of the borrower.

(ii) If the guarantee agency receives any payments from or on behalf of the borrower on a loan on which the Secretary paid a bankruptcy claim, the guarantee agency shall submit 100 percent of these payments to the Secretary.

(3) If a loan that the Secretary has paid as a bankruptcy claim under this paragraph is not discharged in bankruptcy it will be treated as a default. The guarantee agency shall pay to the Secretary the difference between the amount received from the Secretary as a bankruptcy claim and the amount it would have received as a default claim. In determining the difference, the guarantee agency shall take into account any payments made by or on behalf of the borrower that the agency would have retained on a default claim but submitted to the Secretary under paragraph (f)(2)(ii) of this section.

(20 U.S.C. 1082, 1087)

§ 682.403 Federal advances for reserve fund.

(a) *General—(1) State guarantee agencies.* The Secretary may make an advance to a State guarantee agency to help establish or strengthen the reserve fund that backs the agency's loan guarantees.

(2) *Private nonprofit guarantee agencies.* The Secretary may make an advance to one or more private nonprofit guarantee agencies that operate in a State if, for a fiscal year—

(i) There is no State guarantee agency that has a basic agreement; and

(ii) The Secretary consults the chief executive officer of the State and finds it unlikely that the State will have a student loan insurance program that year.

(3) The Secretary may make an advance both to a State guarantee agency and to one or more private nonprofit guarantee agencies if the Secretary finds that the advances are necessary so that students in each participating school have access to a guarantee agency program.

(b) *Application.* The guarantee agency must apply to the Secretary in order to receive the advance. The application must be submitted in the manner and contain the information that the Secretary requires.

(c) *Formula for State's allotment.* The amount available for each State is determined according to the formula in section 422(b) (2) and (3) of the Act.

(d) *Method and prerequisites for payment.* (1) The Secretary advances a smaller amount for a State than the maximum authorized if the Secretary finds that the maximum amount is not needed. The Secretary bases this finding on the expected demand for loans in the State and other relevant factors.

(2) To receive an advance the guarantee agency must demonstrate to the Secretary that, unless the advance is made, the agency will be unable to assure its lenders that it could guarantee all eligible loans that lenders intend to make within the next two years. In evaluating a request for an advance, the Secretary will consider—

(i) The extent to which the reserve fund is currently committed to back loan guarantees; and

(ii) The likelihood that the additional advance will result in greater loan accessiblity for eligible students. This demonstration is not required of an agency for the first two years of its operation if the agency first entered into a basic agreement after September 30, 1976 or was not carrying on an active loan insurance program on that date.

(e) *Matching requirement.* The agency must match an advance by the Secretary with an equal amount from

non-Federal sources, which may include the unencumbered non-Federal portion of a reserve fund. The term "unencumbered non-Federal portion" is defined in section 422(a)(2) of the Act.

(f) *Terms and conditions of advance.* The Secretary makes the advance on terms and conditions specified in an agreement between the Secretary and the guarantee agency that includes the following provisions:

(1) The guarantee agency shall maintain a separate account within its reserve fund, to which it shall credit the advance (and required matching funds) plus other sums that are—

(i) Appropriated by a State for loan insurance purposes;

(ii) Received by the guarantee agency as loan insurance premiums;

(iii) Received by the guarantee agency through gift, grant, or other means for loan insurance purposes;

(iv) Collected on defaulted loans, including reinsurance payments by the Secretary; or

(v) Derived from investment of these funds.

(2) The fund to which advances are credited may be used only to—

(i) Guarantee loans to students covered by the guarantee agency program;

(ii) Pay insurance claims;

(iii) Refund overpayment of insurance premiums; or

(iv) Repay advances or reinsurance payments made by the Secretary.

However, there is one exception to this rule: Loan insurance premiums and interest or investment earnings of the fund may also be used for payments necessary for the proper administration of the guarantee agency's program.

(3) Loan insurance premiums may not be used to provide lenders with a greater yield or for making incentive payments to lenders.

(4) The guarantee agency shall invest the fund only in low-risk securities, and shall exercise the judgment and care in this investment that persons of prudence exercise in the permanent disposition of, rather than speculation with, their own funds.

(5) The Secretary may require the guarantee agency to repay part or all of the advance when the Secretary finds that the funds advanced are no longer required for the guarantee agency to maintain an adequate reserve. In making this finding, the Secretary considers—

(i) The maturity and solvency of the reserve fund; and

(ii) The agency's requirements for new loan guarantees, based on its prior experience.

(20 U.S.C. 1072, 1082)

§ 682.404 Additional Federal advances for claim payments.

(a) *General*—(1) *State guarantee agencies.* To the extent that funds are appropriated by Congress for this purpose, the Secretary makes an advance to a State guarantee agency that has a reinsurance agreement. The advance may be used only to pay insurance claims.

(2) *Private nonprofit guarantee agencies.* (i) The Secretary may make an advance to one or more private nonprofit guarantee agencies in a State in a fiscal year only if the agency has a reinsurance agreement and, for that fiscal year—

(A) The State does not have a guarantee agency program; and

(B) The Secretary consults the chief executive officer of the State and finds it unlikely that the State will have such a program that year.

(ii) A private nonprofit agency shall—

(A) Agree to establish at least one office in the State with sufficient staff to handle written and telephone inquiries from students, eligible lenders, and other persons in the State;

(B) Agree to encourage maximum commercial lender participation within the State, and to conduct periodic visits to at least the major lenders within the State;

(C) Agree that its insurance will not be denied any student because of his or her choice of schools or lack of need; and

(D) Certify that it is not an eligible educational institution and that it does not have substantial affiliation with an eligible educational institution.

(b) *Application.* The guarantee agency must apply in order to receive an initial advance. The application must be submitted as prescribed by the Secretary. A subsequent advance does not require an additional application by the agency but does require submission of the data required to compute the amount of the advance.

(c) *Number of payments.* (1) *Established agencies.* (i) If the guarantee agency, before October 12, 1976 was actively carrying on a program for which it had a basic agreement in effect, an advance may be made to that agency for each of three consecutive calendar years.

(ii) The agency may request the date of the first advance. The Secretary authorizes the subsequent advances for payment on the same day of the year that the initial advance was made.

(iii) An additional advance may be made to a private nonprofit agency only if the agency continues to qualify under paragraph (a) of this section.

(2) *New agencies.* (i) If the guarantee agency enters into a basic agreement on or after October 12, 1976, or if the agency was not actively carrying on a program covered by a basic agreement on or before that date, an advance may be made to that agency for each of five consecutive calendar years.

(ii) The guarantee agency may request the date of the first advance. The Secretary authorizes the subsequent advances for payment on the same day of the year that the initial advance was made.

(iii) An additional advance may be made to a private nonprofit agency only if the agency continues to qualify under paragraph (a) of this section.

(d) *Amount of advance.* The amount of the advance is determined according to the formula in section 422(c)(2) of the Act.

(e) *Terms and conditions of the advance.* The Secretary makes an advance on terms and conditions specified in an agreement between the Secretary and the guarantee agency that includes the following:

(1) The guarantee agency shall maintain a separate account within its reserve fund to which it shall credit the advance.

(2) The guarantee agency shall use the earnings, if any, on investment of the advance only for paying insurance claims.

(3) The guarantee agency shall repay the advance when the total amount advanced exceeds 20 percent of the guarantee agency's outstanding insurance obligation. The guarantee agency shall repay the excess over 20 percent to the Secretary at the beginning of the next fiscal year. For this purpose, a guarantee agency's "outstanding insurance obligation" is the total principal amount of loans covered by the agency's basic agreement minus—

(i) The total principal amount of loans that have been fully repaid by the borrower, the guarantee agency, or the Secretary; and

(ii) Loans that have been cancelled.

In the case of a private nonprofit guarantee agency, these amounts are determined separately for each State for which the agency has received an advance under this section.

(20 U.S.C. 1072, 1082)

§ 682.405 Federal reinsurance agreement.

(a) The Secretary may enter into a reinsurance agreement with a guarantee agency that has a basic agreement. Under a reinsurance agreement, the Secretary will reimburse the guarantee agency for 80 percent of its losses on GSLP loans. This agreement is a prerequisite for the supplemental reinsurance agreement under which the Secretary reimburses the guarantee agency for up to 100 percent of its losses.

(1) *Definition of losses.* In this section, "losses" means the amount the agency pays a lender for a default claim minus payments made by, or on behalf of, the borrower after the lender's claim is paid and before the Secretary reimburses the agency. Losses may include unpaid principal and accrued interest.

(2) *Exclusion.* Death and disability claims on loans made after December 14, 1968, are not covered by the reinsurance agreement. Claims on loans to borrowers adjudicated bankrupt also are not covered. Those claims are paid under § 682.402.

(b) The Secretary will enter into a reinsurance agreement only if the agreement would be consistent with any State laws or regulations, and agreements between lenders and the guarantee agency, regarding the maintenance of the guarantee agency's reserve fund.

(c) The Secretary may find that there is a Federal interest in other aspects of the guarantee agency's operations and may review those operations in deciding whether to enter into or extend a reinsurance agreement.

(d) In deciding whether to enter into or extend a reinsurance agreement, or, if an agreement has terminated, whether to make a subsequent agreement, the Secretary may consider the adequacy of—

(1) The lenders' and the guarantee agency's efforts to collect defaulted loans; and

(2) The guarantee agency's efforts to provide GSLP loans for all eligible borrowers.

(e) Losses on loans that are covered by a reinsurance agreement and were outstanding when the reinsurance agreement was entered into are covered by the agreement only if the default occurs after that time or, if later, after the effective date of the agreement.

(f) *Terms and conditions.* The agreement must contain terms and conditions that the Secretary finds necessary to promote the purposes of the GSLP and to protect the United States from unreasonable loss, including the following terms and conditions:

(1) The guarantee agency shall assure the Secretary that, for every reinsurance claim it submits—

(i) The terms of the loan comply with all Federal requirements;

(ii) All reasonable efforts have been made by the lender that submitted the default claim to collect the loan;

(iii) The loan was in default before the lender was paid for the claim; and

(iv) The agency will make all reasonable efforts to collect the loan after the Secretary pays the reinsurance claim.

(2) The Secretary prescribes the documentation required to receive payment, and the manner in which payment is made. The Secretary may subtract amounts owed by the guarantee agency from amounts owed to the guarantee agency.

(3) An amount equal to each reinsurance payment shall be credited promptly by the agency to its reserve fund.

(4) Payments made by the borrower to the guarantee agency on a defaulted loan after the Secretary has paid a reinsurance claim on that loan may be applied first to reduce either the principal or interest owed. The borrower's payments may be applied to other charges, such as late charges or attorney's fees, only after the repayment of all principal and interest. If the borrower's repayment schedule or actual payments result in payments that are too small to pay the interest as it accrues, the guarantee agency shall review the borrower's financial situation at least every six months. If feasible, the agency shall adjust the distribution of each payment between principal and interest so that the principal will be paid within a reasonable time.

(5) The guarantee agency shall pay the Secretary an equitable share of any payment made by or on behalf of a defaulted borrower after the Secretary has reimbursed the agency.

(6) Unless the Secretary approves otherwise, the guarantee agency shall submit the Secretary's equitable share of borrower payments to the Secretary within 60 days of its receipt of the payments.

(7) There is no other subrogation of the United States to the rights of the guarantee agency on any loan that is subject to this agreement.

(8) Nothing in a reinsurance agreement shall be construed to keep a lender from granting forbearance to a borrower under published criteria of the guarantee agency.

(g) The "Secretary's equitable share" of borrower payments is defined in section 428(c)(6) of the Act, and is calculated for a complete fiscal year.

(1) The term "overhead" used in that definition includes space and utilities costs.

(2) By December 31 of the succeeding fiscal year, the guarantee agency must submit to the Secretary, in a manner prescribed by the Secretary, information concerning its total borrower payments received and its total administrative costs of collection of loans and preclaims assistance for default prevention incurred during the fiscal year. If this submission shows that the guarantee agency has not paid all of the "Secretary's equitable share" of borrower payments to the Secretary for the fiscal year, the guarantee agency must at that time pay the additional amount due to the Secretary.

(20 U.S.C. 1078, 1082)

§ 682.406 Supplemental Federal reinsurance.

(a) The Secretary may enter into a supplemental reinsurance agreement annually with a guarantee agency that has a reinsurance agreement and that meets the conditions of this section.

(b) *Amount of supplemental reinsurance payments.* (1) The Secretary reimburses a guarantee agency having supplemental reinsurance for 100 percent of its losses, with the following exceptions:

(i) *When reinsurance claims paid by the Secretary to a guarantee agency for any fiscal year reach 5 percent of the "amount of loans in repayment" at the end of the preceding fiscal year.* In this event, the Secretary's reinsurance liability on a claim subsequently paid for that fiscal year will be 90 percent of the amount of the unpaid principal balance plus accrued interest.

(ii) *When reinsurance claims paid by the Secretary to a guarantee agency for any fiscal year reach 9 percent of the "amount of loans in repayment" at the end of the preceding fiscal year.* In this event, the Secretary's reinsurance liability on a claim subsequently paid for that fiscal year will be 80 percent of the amount of the unpaid principal balance plus accrued interest.

(2) *Exception for a new guarantee agency.* For a guarantee agency that entered into a basic agreement after September 30, 1976, or was not actively carrying on a program covered by a basic agreement on October 1, 1976, the Secretary pays 100 percent of its losses for five consecutive fiscal years beginning with the first year of its operation. The Secretary monitors programs of this type and, if an agency does not prudently administer its program, the Secretary may determine that it does not continue to qualify for this exception.

(c) *Definitions.* (1) "Losses" is defined in § 682.405(a).

(2) For purposes of this section, the "amount of loans in repayment" means the original principal amount of all loans insured by the agency minus—

(i) The original principal amount of loans on which—

(A) The borrower has not yet reached the repayment period;

(B) Payment in full by the borrower has been made; or

(C) The borrower was in deferment status at the time repayment was scheduled to begin, and remains in deferment status; and

(ii) The amount paid by the agency for insurance claims on loans.

(d) *Program requirements.* To enter into a supplemental reinsurance agreement, a guarantee agency program must meet the following conditions:

(1) *Annual amounts.* The maximum annual loan amount must be $2,500 for an undergraduate student, and $5,000 for a graduate or professional student, who is carrying at least a half-time workload in an academic year.

(2) *Aggregate loan limits.* The agency shall insure an aggregate unpaid principal amount of $7,500 for an undergraduate student or $15,000 for a graduate or professional student. The $15,000 limit includes loans made to the borrower prior to the borrower's becoming a graduate or professional student.

(3) *Extent of insurance.* The agency shall insure 100 percent of the unpaid principal of loans made by lenders under its program.

(4) *School eligibility.* Except in the case of correspondence schools, the agency's eligibility criteria for schools may not be more stringent than those of the FISLP. However, the agency may exclude a school if—

(i) The school's eligibility is limited, suspended, or terminated by the Sec-

retary under Part 168, or by the agency under comparable standards and procedures; or

(ii) There is a State constitutional prohibition affecting a school's eligibility.

(5) *Out-of-State schools.* The agency shall insure loans made to students who are legal residents of the State where the agency operates, but who attend out-of-State schools. In insuring these loans, the agency shall not impose any restrictions not applicable to legal residents of the State who attend in-State schools.

(6) *School lender provisions.* (i) The agency shall provide that a school may be a lender under reasonable criteria unless—

(A) The school's lending eligibility has been limited, suspended or terminated by the Secretary under § 682.611 or Subpart G of these regulations or by the agency under comparable criteria and procedures; or

(B) There is a State constitutional prohibition affecting the school's lending eligibility.

(ii) The agency may not insure loans made by school lenders that are not located in the geographic area that the agency serves.

(7) *Reports.* The agency shall agree to report to the Secretary by July 1 of each year regarding—

(i) Its school lender eligibility criteria;

(ii) Its procedures for the limitation, suspension, and termination of school lenders;

(iii) A list of all schools that applied for lender eligibility in the preceding 12 months, and a summary of the actions taken on the applications; and

(iv) A list of all eligible school lenders under the agency's program.

(e) *Terms and conditions.* The supplemental reinsurance agreement will contain, at a minimum, the following terms and conditions, in addition to other provisions of the basic agreement or the reinsurance agreement that the Secretary includes:

(1) *Adherence to qualifying standards.* The agency shall assure that the program requirements of paragraph (d) of this section are continuously met.

(2) *Reports and records.* The agency shall make reports and keep records that the Secretary reasonably requires. It shall give the Secretary access to those records to verify their correctness.

(3) *Application of payments.* If a borrower makes payments on a loan after the Secretary has paid a reinsurance claim on that loan, the agency shall return to the Secretary an equitable share of the payments. The "Secretary's equitable share" is defined in section 428(c)(6) of the Act and is calculated for a complete fiscal year.

(i) The term "overhead" used in that definition includes space and utilities costs.

(ii) By December 31 of the succeeding fiscal year, the guarantee agency must submit to the Secretary, in a manner prescribed by the Secretary, information concerning its total borrower payments received and its total administrative costs of collections of loans and preclaims assistance for default prevention incurred during the fiscal year. If this submission shows that the guarantee agency has not paid all of the "Secretary's equitable share" of borrower payments to the Secretary for the fiscal year, the guarantee agency must at that time pay the additional amount due to the Secretary.

(4) An agreement is renewed only if the agency's program complies with all the terms of the agreement and all pertinent provisions of these regulations.

(5) Before the Secretary pays a supplemental reinsurance claim, the guarantee agency must give the Secretary a statement of its "amount of loans in repayment" at the end of the preceding fiscal year. The method for determining this amount is given in paragraph (c)(2) of this section.

(20 U.S.C. 1078, 1078-1)

§ 682.407 Administrative cost allowances for guarantee agencies.

(a) *General.* To the extent that funds are appropriated by Congress in any fiscal year for this purpose, the Secretary may make payments to a guarantee agency having a basic agree-

ment for the primary and secondary administrative cost allowances.

(1) *Total payments.* Payments of allowances to a guarantee agency for any fiscal year made under paragraphs (b) and (c) of this section do not exceed, for each allowance, one-half of 1 percent of the total principal amount of loans for which the guarantee agency issued insurance during that fiscal year.

(i) If the amount appropriated for any fiscal year is insufficient to pay all guarantee agencies the full amounts for which they would otherwise be eligible, payments to all agencies are proportionately reduced.

(ii) In the event of such an insufficiency, if additional funds become available for making payments for that fiscal year, additional payments are distributed on the same basis as they were reduced.

(2) *Application.* The guarantee agency shall submit an application for each allowance to the Secretary by January 1 of the fiscal year for which it is requesting the allowance. The application must contain information and assurances that the Secretary reasonably requires, including the following—

(i) Information showing the agency's ability to collect loans and provide preclaim assistance to its lenders, including descriptions of staff size and activities in these areas;

(ii) An estimate of the costs that will be eligible for payments under this section (categorized by the types of costs listed in paragraph (a)(3)(i) of this section);

(iii) Assurances that sufficient administrative and fiscal procedures, including an annual independent audit or, if a State guarantee agency is subject to State audit procedures not under its control, a biennial independent audit, will be used to ensure that the administrative allowances are used in accordance with the provisions of this section, and that the audit report will be made available to the Secretary on request;

(iv) Assurances that the guarantee agency will furnish any further information, including estimates, that the Secretary may reasonably require to carry out the provisions of this section;

(v) For the primary allowance application only, an estimate of the total amount of new loan volume expected to be insured during the fiscal year; and

(vi) For the secondary allowance only, assurance that the agency's program—

(A) Meets all the requirements for a supplemental reinsurance agreement; and

(B) Insures loans for students who are not legal residents of the State, but who are attending participating schools in the State other than correspondence schools, without imposing any restrictions not imposed on legal residents of the State who attend schools in the State other than correspondence schools.

(3) *Definitions.* (i) The terms "administrative costs of promotion of commercial lender participation", "administrative costs of collection of loans" and "administrative costs of preclaim assistance for default prevention," as used in paragraphs (b) and (c) of this section, are defined in section 428(f)(3) of the Act.

(ii) The term "overhead costs" used in those definitions includes space and utilities costs.

(b) *Primary allowance*—(1) *Basic qualification.* The agency must have a basic agreement.

(2) *Use of funds.* The primary allowance must be used by the agency to meet administrative costs not taken into account by the agency under the formula for determining the "Secretary's equitable share" of borrower payments made after the Secretary has paid reinsurance claims to the agency.

(i) Except as provided in paragraph (b)(2)(ii) of this section for new agencies, each guarantee agency that receives payments under this paragraph shall apply the payments according to the following distribution—

(A) Not less than one-fourth toward the administrative costs of promotion of commercial lender participation;

(B) Not less than one-half toward the administrative costs of collection of loans and of preclaim assistance for default prevention; and

(C) The balance toward other administrative costs related to the student loan insurance program of the guarantee agency.

(ii) If a guarantee agency enters into a basic agreement after September 30, 1977, or was not actively carrying on its insurance program on October 1, 1977—

(A) The spending minimum described in paragraph (b)(2)(i) of this section, for the administrative costs of collection of loans and preclaim assistance for default prevention does not apply during the first twelve months in which the agency is eligible to receive the advance; and

(B) The spending minimum for these costs is 20 percent of the total primary allowance for each of the next two fiscal years.

(c) *Secondary allowance.* (1) Payment of the secondary allowance is made in addition to payment of the primary allowance.

(2) *Basic qualification.* The agency must have a reinsurance agreement.

(3) *Use of funds.* These payments may be used by the agency only to meet administrative costs of promotion of commercial lender participation, administrative costs of collection of loans, administrative costs of preclaim assistance for default prevention, and other administrative costs related to the student loan insurance program of the guarantee agency. Also, these payments must be used to meet only administrative costs not taken into account by the agency under the formula for determining the "Secretary's equitable share" of borrower payments made after the Secretary has paid reinsurance claims to the agency.

(4) The Secretary's payment of the secondary allowance establishes an agreement between the Secretary and the guarantee agency with respect to the assurances contained in the application.

[44 FR 53868, Sept. 17, 1979, as amended at 45 FR 42581, June 24, 1980. Redesignated at 45 FR 77369, Nov. 21, 1980]

§ 682.408 Records, reports, and inspection requirements for guarantee agency programs.

(a) *Records.* (1) A guarantee agency shall keep the records specifically required by this section and the records necessary to make reports required by this subpart. The guarantee agency shall retain records for each loan for at least five years after the loan is paid in full or has been determined to be uncollectible. For the purposes of this section, the term "paid in full" includes loans paid by the Secretary on account of the borrower's death, permanent and total disability, or discharge in bankruptcy. These records must be as complete and accurate as is necessary to document fully the agency's reports.

(2) The guarantee agency shall require participating lenders to keep records on guaranteed loans as prescribed by the Secretary. These shall include complete and accurate records of each loan account, showing each transaction and affording ready identification of the borrower's status. A lender shall retain records of a loan for at least five years from the date the loan has been paid in full by the borrower or the lender has been reimbursed for a loss on the loan by the guarantee agency. The Secretary may, in particular cases, require the retention of records beyond this 5-year minimum period.

(3) Guarantee agencies and lenders may store records in microfilm or computer format. However, the lender or guarantee agency holding a promissory note shall retain the actual note until the loan is paid in full or determined by the guarantee agency to be uncollectible. When repayment is complete, the lender or guarantee agency shall return the actual note to the borrower and retain a copy for the prescribed period. If a loan is written off as uncollectible, the original note need not be retained, but a copy must be retained for the prescribed period.

(b) *Reports.* (1) The agency shall submit reports to the Secretary upon request concerning the status of its reserve funds, and the operations of its loan insurance program.

80-113 O—82——32

(2) The agency shall submit to the Secretary, at least annually, a report of the total insured loan volume and default volume and rate on all loans insured after December 31, 1976, and on loans insured earlier if data is available, for each of the following categories of lenders:

(i) Schools.

(ii) State or private nonprofit direct lenders.

(iii) Commercial financial institutions (banks, savings and loan associations, or credit unions).

(iv) All other types of institutions or agencies. Loan volume and default data shall be reported according to the category of original lender, not subsequent holder. If a guarantee agency operates in more than one State, a separate report must be submitted for each State of operation.

(3) The agency shall submit to the Secretary its application forms, promissory notes, regulations, and statements of procedures and standards—including standards for due diligence and timely claims filing—as well as other materials that substantially affect the operation of the agency's program, whenever requested to do so by the Secretary and whenever changes or new materials are proposed. The Secretary reviews these materials for administrative and fiscal sufficiency and for conformance to statutory and regulatory provisions.

(4) Lenders shall submit to the agency the information necessary for the agency to complete its reports to the Secretary.

(5) The agency shall submit, or require its lenders to submit, upon the Secretary's request, information the Secretary needs to determine the amount of interest and special allowance to be paid on the agency's insured loans.

(c) *Inspections.* (1) A guarantee agency shall give the Secretary, or other agencies of the government designated by the Secretary, access to its records in order to assure the accuracy of the reports described in paragraph (b) of this section.

(2) A guarantee agency shall provide in its agreement with a lender or in its statements of procedures that the lender shall give the Secretary, or other agencies of the government designated by the Secretary, and the agency access to the lender's records in order to assure the accuracy of the reports required under paragraphs (b) (4) and (5) of this section.

(20 U.S.C. 1072, 1078, 1082)

Subpart E—Federal Insured Student Loan Program

§ 682.500 Circumstances under which loans may be insured under the FISLP.

(a) The Secretary may insure all loans made by lenders located in a State in which—

(1) No guarantee agency program is operating; or

(2) A guarantee agency program is operating but is not reasonably accessible to students who meet the agency's residency requirements.

(b) The Secretary may insure loans made by a lender located in a State where a guarantee agency operates a program that is reasonably accessible to students who meet the residency requirements of that program only under the following conditions:

(1) The Secretary may insure loans to those students who do not meet the agency's residency requirements.

(2) The Secretary may insure all loans made by a lender if the lender is not able to obtain the insurance of the guarantee agency for at least 80 percent of the loans the lender intends to make over a 12-month period because of the agency's residency requirements.

(3) The Secretary may insure further loans to a student, with the approval of the guarantee agency, if that student has previously received a FISLP loan from the same lender that has not been repaid.

(4) If the Secretary finds that—

(i) No single guarantee agency program is reasonably accessible to students at one school, as compared to students at other schools over a comparable period of time; and

(ii) Insuring loans made in the State to students attending that school would significantly increase the access of students at that school to GSLP loans, the Secretary may insure loans

made to those students by a lender in that State. This paragraph would apply if—

(A) The guarantee agency in a State did not recognize a school as being eligible but the school was eligible under the FISLP; or

(B) A majority of the persons enrolled at the school met the conditions of student eligibility for FISLP loans, but were not recognized as eligible students under the guarantee agency program.

(c) For purposes of paragraphs (a) and (b) of this section, a lender is considered to be located in the same State as a school if the lender—

(1) Has a relationship with the school such that the school will be considered to have originated loans made to students at that school;

(2) Has a majority of its voting stock held by the school; or

(3) Has common ownership or management with the school and more than 50 percent of the loans made by that lender are made to students at that school.

(d) As a condition for insuring loans under the FISLP, the Secretary may require the lender to submit evidence that the conditions described in this section exist.

(e) The Secretary only denies loan insurance, because of this section, to a school lender which has entered into an agreement with the Secretary under § 682.601 if the Secretary first determines that all eligible students at that school who make a conscientious effort to obtain a loan from another lender will find a loan to be reasonably available. For purposes of this paragraph, the determination of loan availability is based on studies and surveys which the Secretary considers satisfactory.

(20 U.S.C. 1071, 1073)

§ 682.501 Extent of Federal insurance under the FISLP.

(a) *General rule.* Except as provided in paragraph (b) of this section, the Secretary's insurance liability of any FISLP loan is 100 percent of the unpaid balance of principal and, to the extent permitted under § 682.517, accrued interest.

(b) *Special provisions for State lenders.* (1) Except as described in paragraph (b)(2) of this section, for loans insured after the date described in paragraph (b)(4) of this section, the Secretary's insurance liability is less than 100 percent under the following conditions:

(i) *When all default claims paid by the Secretary to a State lender for any fiscal year reach 5 percent of the "amount of loans in repayment" at the end of the preceding fiscal year.* In this event, the Secretary's insurance liability on a claim subsequently paid for that fiscal year will be 90 percent of the amount of the unpaid principal balance plus accrued interest.

(ii) *When all default claims paid by the Secretary to a State lender for any fiscal year reach 9 percent of the "amount of loans in repayment" at the end of the preceding fiscal year.* In this event, the Secretary's insurance liability on a claim subsequently paid for that fiscal year will be 80 percent of the amount of the unpaid principal balance plus accrued interest.

(2) The potential reduction in insurance liability does not apply to a State lender during the first Federal fiscal year of its operation as a lender under the FISLP, and during each of the four succeeding fiscal years.

(3) For purposes of this section, the "amount of loans in repayment" means the original principal amount of all loans insured by the Secretary minus—

(i) The original principal amount of loans on which—

(A) The borrower has not yet reached the repayment period;

(B) Payment in full by the borrower has been made; or

(C) The borrower was in deferment status at the time repayment was scheduled to begin, and remains in deferment status; and

(ii) The amount paid by the Secretary for insurance claims on loans.

(4) The applicable date for purposes of paragraph (b) of this section is—

(i) The 90th day after the adjournment of the next regular session of the legislature of the State in which the lender is operating that convenes after October 12, 1976; or

(ii) The date one year from that 90th day if the primary source of lending capital for the lender is the sale of bonds, and the constitution of the State in which the lender is operating prohibits a pledge of the State's credit as security against the bonds.

(5) For purposes of this paragraph, payments by the Secretary on a loan that the original lender assigned to a subsequent holder are considered payments made to the original lender.

(20 U.S.C. 1075)

§ 682.502 The application to be a lender under the FISLP.

(a) *General.* To participate in the FISLP, a lender must submit an application to the Secretary. The Secretary responds to the lender's request to participate in the FISLP within 30 days of receipt of an application.

(b) *Criteria for evaluating an application.* In determining whether to enter into an insurance contract with an applicant and what the terms of that contract should be, the Secretary may consider the following criteria:

(1) Whether the applicant is capable of complying with these regulations as they apply to lenders.

(2) Whether the applicant is capable of implementing adequate procedures for making, servicing and collecting loans.

(3) If the applicant has had prior experience with a similar Federal, State or private nonprofit student loan program, the amount and rate of loans that are currently delinquent or in default under that program.

(4) The financial resources of the applicant.

(5) In the case of a school that is seeking approval as a lender, its accreditation status with the preferred condition being accreditation.

(c) The Secretary may require an applicant to submit sufficient materials with its application so that the Secretary may fairly evaluate it in accordance with these criteria.

(d) *Denial of participation.* (1) If the Secretary decides not to approve the application for an insurance contract, the reason for the decision is included in the Secretary's response.

(2) The Secretary provides an opportunity for the lender to meet with a designated Department official if the lender wishes to appeal the Secretary's decision.

(3) However, the Secretary need not explain the reasons for the denial, or grant the lender an opportunity to appeal, if the lender submits its application within 6 months of a previous denial.

(20 U.S.C. 1082)

§ 682.503 The FISLP lender insurance contract.

(a) *Approval of insurance contract.* (1) If the Secretary approves a lender's application to be a FISLP lender, the Secretary and the lender sign an insurance contract. No loan is insured unless covered by an insurance contract.

(2) In general, under an insurance contract the lender agrees to comply with all laws, regulations and other requirements applicable to its participation as a lender in the FISLP, and the Secretary agrees to insure each eligible FISLP loan held by the lender against the borrower's default, death, total and permanent disability, or bankruptcy.

(3) The Secretary's insurance liability is the amount of unpaid principal and interest, except for certain loans made by a State lender as provided in § 682.501(b).

(4) The contract may contain a limit on the duration of the contract and the number or amount of FISLP loans a lender may make or hold.

(b) (1) Except as otherwise approved by the Secretary, an insurance contract with a school lender shall limit the loans made by that school lender which will be covered by Federal loan insurance to those made to students—

(i) Who are in attendance at that school; or

(ii) Who are in attendance at other schools under the same ownership or who are employees, or dependents of employees, of that school lender or those other schools, under circumstances the Secretary considers appropriate for insurance.

(2) A limit imposed under paragraph (a)(4) of this section on a school lender which makes loans to students in attendance at other schools under

the same ownership, or to employees or dependents of employees of those other schools, may be imposed on a school-by-school basis.

(20 U.S.C. 1079, 1082)

§ 682.504 Issuance of Federal loan insurance.

(a) *Application for insurance.* A lender having an insurance contract shall submit an application to the Secretary for Federal loan insurance on each intended loan that the lender determines to be eligible for insurance. The application shall be on a form prescribed by the Secretary. The Secretary notifies the lender whether the loan is or is not insurable and the amount of the insurance. No disbursement on a loan made prior to the Secretary's approval of that loan is insurable.

(b) *Conditions of insurance coverage.* The Secretary issues FISLP insurance in reliance on the implied representations of the lender that all requirements for the initial insurability of the loan have been met. As described in § 682.517, the continuance of the FISLP insurance is conditioned upon compliance by all holders of the loan with these regulations. The delegation of functions to a servicing agency or another party does not relieve the lender of its responsibilities in the making, servicing, and collection of a FISLP loan.

(20 U.S.C. 1079, 1082)

§ 682.505 Limitations on maximum loan amounts.

(a) *Annual amounts.* The Secretary does not insure a loan that would exceed the student's estimated cost of attendance for the academic period for which the loan is intended less estimated financial assistance awarded for that period. In addition, the total amount a student may borrow in any academic year of study may not exceed—

(1) $2,500, to a student who has not successfully completed a program of undergraduate study, but no more than—

(i) The lesser of $2,500 or half the estimated cost of attendance, for a loan made by a State lender or made or originated by a school to a student who—

(A) Is enrolled in the first academic year of undergraduate study; and

(B) Was not previously enrolled in an undergraduate program.

(ii) $1,500, for a loan made or originated by a school to a student who is enrolled in the first academic year of undergraduate study and was not previously enrolled in an undergraduate program, unless the loan is to be disbursed in two or more installments. None of the installments may exceed one-half of the loan, and the interval between the first and second installments must be at least one-third of the academic period for which the loan is intended. However, a loan that is to be made to cover the expenses of a single academic period of less than 5 months is not subject to these requirements. For purposes of this paragraph, all loans made within a period of 90 days will be considered a single loan; and

(2) $5,000, to a graduate or professional student.

(b) *Aggregate loan limits.* The Secretary does not insure a loan in an amount which, together with the unpaid principal amount of all other GSLP loans to the student, would result in an aggregate loan amount in excess of—

(1) $7,500, in the case of any undergraduate student; or

(2) $15,000, in the case of any graduate or professional student, including loans for undergraduate study.

(c) *Limitation on loan to a student enrolled in a correspondence course.* The Secretary does not insure a loan to a student pursuing a correspondence course which exceeds the amount of the contract price of the course. If a correspondence course includes a period of required resident training, the Secretary insures additional loan amounts to cover the estimated cost of attendance for that portion of the course.

(20 U.S.C. 1075, 1078, 1079, 1082)

§ 682.506 Insurance premiums.

(a) *General.* The Secretary charges each lender an insurance premium for each loan that is insured.

(b) *Rate.* The rate of the insurance premium is one-fourth of one percent per year of the loan principal, excluding interest or other charges that may have been added to the principal.

(c) *Method of calculation.* (1) The lender shall calculate the insurance premium on the basis of the number of months beginning with the month following the month that funds are disbursed to the borrower and ending 12 months after the borrower's anticipated date of graduation from the school for attendance at which the loan is sought.

(2) *For multiple installments.* In cases where the lender disburses the loan in multiple installments, the insurance premium is calculated for each disbursement from the month following the month that the disbursement is made.

(d) *Method of payment.* (1) The Secretary may bill the lender for the insurance premium, or may require the lender to pay the insurance premium at the time of disbursement. At the Secretary's discretion, the Secretary may collect the insurance premium by offsetting it against amounts payable by the Secretary to the lender.

(2) Insurance coverage on a FISLP loan ceases to be effective when the lender fails to pay the insurance premium within 60 days of the date payment is due. The Secretary may, however, excuse late payment of an insurance premium, and reinstate the insurance on a loan, if the Secretary is satisfied that—

(i) The loan is not in default and the borrower is not delinquent in making installment payments; or

(ii) The loan is in default, or the borrower is delinquent, under circumstances where the borrower has entered the repayment period without the lender's knowledge.

(e) *Collection from borrowers.* The lender may pass along the cost of the insurance premium to the borrower in the form of a one-time charge. The lender may bill the borrower for the insurance premium or may deduct the amount from the loan proceeds. The lender must clearly identify to the borrower the amount of insurance premium and the method of calculation.

(f) *Refund provisions.* The premium is not refundable by the Secretary, and is not refunded by the lender to the borrower, even if the borrower graduates or withdraws from school, defaults, dies, becomes totally and permanently disabled, or is adjudicated a bankrupt prior to the anticipated graduation date.

(20 U.S.C. 1077, 1079, 1082)

§ 682.507 Repayment of loans.

(a) *Commencement of repayment.* (1) Except for a borrower enrolled in a correspondence course, or as provided in paragraph (a)(3) of this section, a borrower's repayment period begins not earlier than 9 months nor later than one year after the date the borrower ceases to be at least a half-time student at a participating school. This 9–12 month period is commonly called the "grace period."

(2) *Exception for a correspondence student.* The repayment period begins not earlier than 9 months nor later than one year after whichever of the following occurs first:

(i) The borrower completes the program.

(ii) The borrower falls 60 days behind the due date for a scheduled assignment, according to the schedule required in § 682.604. However, the school may permit one restoration to in-school status for a borrower who falls 60 days behind the due date for a particular assignment if the borrower establishes in writing a desire to continue in the program and an understanding that the required lessons must be submitted on time.

(iii) The expiration of a 60-day period following the latest allowable date established by the school in the schedule required under § 682.604 for completing the program.

(3) A borrower may request and be granted a repayment schedule that begins prior to the end of the established grace period. In this event, a borrower may not further utilize the grace period.

(4) If conditions that justify a deferment of repayment exist at the expiration of the grace period, the deferment period commences at the expiration of the grace period. Regardless of

when a deferment period begins, repayment of the loan begins or resumes after the deferment period is over, without any additional grace period.

(b) *Length of repayment period.* In general, a lender shall allow a borrower at least 5 years, but not more than 10 years, to repay a loan, calculated from the beginning of the repayment period. The borrower shall, however, fully repay a loan within 15 years after it is made. There are exceptions, however, to these rules:

(1) If the borrower receives an authorized deferment or has been granted forbearance, as described in § 682.512(c), the periods of deferment or forbearance are excluded from determinations of the 5-, 10-, and 15-year periods.

(2) If the minimum annual repayment required in paragraph (d) would result in complete repayment of the loan in less than 5 years, the borrower is not entitled to the full 5-year period.

(3) During the grace period, the borrower may request and be granted by the lender a repayment period of less than five years. At any time and without the necessity of lender agreement the borrower may have the total repayment period extended to a minimum of five years.

(c) *Prepayment.* The borrower may prepay the whole or any part of a loan at any time without penalty.

(d) *Minimum annual payment.* (1) During each year of the repayment period, a borrower's payments to all holders of his or her GSLP loans must total at least $360 or the unpaid balance of all loans, including interest, whichever amount is less. There are, however, two exceptions to this rule:

(i) If the borrower and the lender agree, the amount paid may be less.

(ii) If both the borrower and his or her spouse have GSLP loans, their combined annual payment must meet this requirement.

(2) The provisions of paragraphs (d)(1) (i) and (ii) of this section may not result in an extension of the 10- and 15-year repayment period maximums, unless forbearance has been approved under § 682.512(c).

(e) *Borrower failure to enroll on at least a half-time basis.* If a lender disburses a FISLP loan and later learns that the borrower has not been or will not be a student enrolled on at least a half-time basis at a participating school during the period for which the loan was intended, the lender shall—

(1) Cease billing the Secretary for interest payments on the borrower's behalf, since no further interest benefits on that loan are payable;

(2) Notify the borrower that full payment of the loan is immediately due. If necessary, the lender may allow the borrower to repay the loan in installments; and

(3) Attempt to collect from the borrower the amount of any interest already paid on the borrower's behalf by the Secretary and offset any amount collected on the lender's next billing for Federal interest benefits.

(f) *Repayment schedule agreement.* When a lender learns that a borrower is no longer enrolled at a participating school on at least a half-time basis, the lender must promptly contact the borrower to establish the precise terms of repayment. The repayment schedule may provide for substantially equal installment payments or for installment payments that increase in amount over the repayment period. If a graduated repayment schedule is established, it may not provide for any single installment that is more than 3 times greater than any other installment.

(g) *Supplemental repayment agreement.* (1) For a loan made by a school lender, the lender and the borrower may enter into an agreement supplementing the regular repayment schedule agreement under paragraph (f) of this section. Under a supplemental repayment agreement, the lender agrees that the borrower is deemed to meet the terms of the regular repayment schedule as long as the borrower makes payments in accordance with a separate schedule. However, the regular schedule must provide for equal installments.

(2) The purpose of a supplemental repayment agreement is to extend the 10- and 15-year repayment period maximums and to permit a lender to offer a borrower a repayment schedule based on other than equal or graduated payments. For example, a supple-

mental repayment agreement may base the amount of the borrower's payment on the borrower's income.

(3) The agreement and separate schedule must contain terms that the Secretary believes do not unduly burden the borrower and do not subject the Secretary to undue liability. A lender and borrower may not enter into a supplemental repayment agreement unless the lender has obtained the Secretary's prior approval of its terms.

(4) The borrower may not insist upon the establishment of a supplemental repayment agreement. The lender may not insist upon the establishment of a supplemental repayment agreement unless the borrower's written consent to enter into an agreement of this type was obtained by the lender at the time the loan was made.

(5) A lender may assign a loan subject to a supplemental repayment agreement only if the buyer agrees to accept the loan subject to the terms of the supplemental agreement.

(6) For purposes of the special allowance, interest benefits during a deferment period, and the determination of the amount of loss on an insurance claim, the unpaid principal balance of the loan is based on the regular repayment agreement.

(20 U.S.C. 1077, 1078, 1079, 1082)

§ 682.508 Deferment.

(a) *Borrower eligibility.* (1) Once the repayment period has commenced, a borrower is entitled to have periodic installment payments of principal deferred during authorized periods and during the six months (post-deferment grace period) after the completion of each such period or combination of periods. Except as provided in paragraph (e)(4) of this section, a period of authorized deferment begins when the condition entitling a borrower to deferment first exists. Interest accrues and is payable by the borrower during the deferment and post-deferment grace periods unless the borrower was determined to be eligible for Federal interest benefits when the loan was made. The borrower shall provide to the lender all documentation required to establish eligibility for a specific type of deferment.

(2) A deferment cannot be denied by a lender when the borrower meets the eligibility criteria, even though the borrower may be delinquent, but not in default, in making required installment payments. The 120- or 180-day period required to establish a default does not run during the deferment and post-deferment grace periods. When the post-deferment grace period expires, a borrower resumes any delinquent status that existed when the deferment period began.

(3) A borrower whose loan is in default is not eligible for a deferment unless the borrower has made satisfactory arrangements with the lender to bring the account current.

(b) *Authorized deferments.* Deferment is authorized during periods when a borrower is engaged in at least one of the following activities:

(1)(i) Full-time study at a participating school, unless the borrower is not a national of the United States and is pursuing a course of study at a school not located in a State; or

(ii) Full-time study at a school which meets the definition of an institution of higher education or a vocational school and is operated by an agency of the Federal government (e.g., the service academies), unless the borrower is not a national of the United States and is pursuing a course of study at a school not located in a State.

(2) Study under an eligible graduate fellowship program, as described in paragraph (c) of this section.

(3) Up to 3 years of active duty service in the United States Armed Forces or of service as an officer in the Commissioned Corps of the United States Public Health Service.

(4) Up to 3 years of volunteer service under the Peace Corps Act.

(5) Up to 3 years of service as a full-time volunteer under Title I of the Domestic Volunteer Service Act of 1973 (ACTION programs).

(6) Up to 3 years of full-time volunteer service which the Secretary has determined is comparable to service referred to in paragraphs (b)(4) and (b)(5) of this section for a tax-exempt organization, as described in paragraph (d) of this section.

(7) Conscientiously seeking but unable to find full-time employment

in the United States over a single period of up to twelve months, as described in paragraph (e) of this section.

(8) Pursuing a course of study under a rehabilitation training program for disabled individuals, as described in paragraph (f) of this section.

(9) Up to 2 years of service as an intern, as described in paragraph (g) of this section.

(10) Up to 3 years during which the borrower is temporarily totally disabled, as described in paragraph (h) of this section, or during which the borrower is unable to secure employment because he or she is caring for a spouse who is temporarily totally disabled, as described in paragraph (i) of this section.

(c) *Graduate fellowship deferment.* To qualify for a deferment for study under a graduate fellowship program, a borrower shall provide the lender with a statement from an official of the borrower's fellowship program certifying that—

(1) The fellowship program—

(i) Provides sufficient financial support to graduate fellows to allow for full-time study for at least six months;

(ii) Requires, prior to the award of that financial support, a written statement from each applicant which explains the applicant's objectives; and

(iii) Requires a graduate fellow to submit periodic reports, projects, or other evidence of the graduate fellow's progress; and

(2) The borrower—

(i) Holds at least a baccalaureate degree conferred by an institution of higher education;

(ii) Is engaged in full-time study, that may be independent of an educational or cultural institution, in an academic or professional subject area for which the borrower has shown an interest and ability; and

(iii) Has been recommended by an institution of higher education for acceptance into the graduate fellowship program.

(d) *Full-time volunteer service for a tax-exempt organization deferment.* To qualify for a deferment for full-time volunteer service for a tax-exempt organization comparable to volunteer service in the Peace Corps or full-time volunteer service in a program administered by the ACTION agency, a borrower shall provide the lender with a statement from an official of the borrower's volunteer program certifying that—

(1) The borrower serves in an organization which is exempt from taxation under Section 501(c)(3) of the Internal Revenue Code of 1954;

(2) The borrower provides service to low-income persons and their communities to assist them in eliminating poverty and poverty-related human, social, and environmental conditions;

(3) The borrower's compensation does not exceed the compensation received by a full-time volunteer in the Peace Corps or in a program administered by the ACTION agency. Compensation includes a subsistence allowance, necessary travel expenses and stipends;

(4) The borrower, as part of his or her duties, does not give religious instruction, conduct worship services, engage in religious proselytizing, or engage in fundraising to support religious activities; and

(5) The borrower has agreed to serve on a full-time basis for a term of at least one year.

(e)(1) *Basic eligibility for an unemployment deferment.* (i) For purposes of this section, full-time employment involves at least 30 hours of work per week and is expected to last at least 3 months.

(ii) A borrower is entitled to the deferment whether or not he or she has been previously employed. If previously employed, the borrower is entitled to a deferment regardless of the circumstances under which the employment ended.

(iii) An unemployment deferment is not justified if the borrower has sought employment only in kinds of positions or at salary and responsibility levels for which he or she feels qualified by virtue of education or previous experience.

(2) *Submission of request.* To receive an unemployment deferment, a borrower shall submit a request for the deferment in writing to the holder of the loan. To continue the deferment for more than 6 months, the borrower shall submit a second request by the

end of that 6-month period. Each request must be signed and dated and contain the following:

(i) A statement from the borrower describing his or her conscientious search of full-time employment.

(ii) The borrower's latest permanent home address and, if applicable the borrower's latest temporary address.

(iii) Certification that the borrower has registered with a public or private employment agency, if one is accessible, specifying its name and address.

(iv) The borrower's agreement to notify the lender promptly when he or she becomes employed full-time.

(3) *Lender's approval or disapproval of request.* (i) The lender must review the borrower's request and notify the borrower of its decision within one month after receipt of the request.

(ii) The lender may rely upon the written statements provided by the borrower, unless the lender has information to the contrary.

(iii) If the lender is satisfied that the borrower has conscientiously searched for full-time employment and otherwise meets the requirements for an unemployment deferment, the lender shall approve the request.

(iv) If the borrower's request does not justify an unemployment deferment, the lender may grant the borrower forbearance if authorized under § 682.512.

(4) *When the unemployment deferment begins:* An unemployment deferment begins—

(i) On the date that the lender approves the request; or

(ii) On a date not in excess of 60 days prior to the lender's approval if the unemployment existed at the earlier date.

(5) *When the unemployment deferment ends:* An unemployment deferment ends on the earliest of—

(i) The date the lender learns that the borrower has become employed full-time;

(ii) One month after the date when a certification of unemployment deferment eligibility is due from the borrower but has not been received; or

(iii) 12 months after the commencement of the deferment period.

(f) *Rehabilitation training program deferment.* (1) To qualify for this deferment—

(i) The borrower must either be receiving or be scheduled to receive services under a program designed to rehabilitate disabled individuals; and

(ii) The borrower's rehabilitation program must meet the Secretary's criteria for approval.

(2) *Criteria for the Secretary's approval of rehabilitation training programs.* The Secretary approves a rehabilitation training program if the organization providing rehabilitation services to the borrower—

(i) Is licensed, approved, certified or otherwise recognized as providing rehabilitation training to disabled individuals by any of the following agencies—

(A) A State vocational rehabilitation agency;

(B) A State agency for drug abuse treatment;

(C) A State agency for mental health services;

(D) A State agency for alcohol abuse treatment; or

(E) The Veterans Administration; and

(ii) Provides or has agreed to provide that borrower with services for his or her rehabilitation under a rehabilitation plan that is—

(A) Written;

(B) Individualized to meet the borrower's needs;

(C) Specific as to the date on which the services to the borrower are expected to end; and

(D) Structured in a way that requires a substantial commitment by the borrower to his or her rehabilitation, The Secretary considers a substantial commitment by the borrower to be a commitment of time or effort that would normally prevent an individual from engaging in full-time employment either because of the number of hours that he or she must devote to rehabilitation or because of the nature of his or her rehabilitation. For the purpose of this paragraph, full-time employment involves at least 30 hours of work per week.

(3) *Qualification for a rehabilitation training program deferment.* (i) To obtain a rehabilitation training defer-

ment, a borrower shall provide the lender with evidence that he or she qualifies for the defement, in a form approved by the Secretary. The evidence must include—

(A) The statement of the provider of the rehabilitation services certifying that the borrower either is receiving or is scheduled to receive rehabilitation training services from the provider; and

(B) A statement from an agency described in paragraph (e)(2)(i) of this section certifying that the provider from which the borrower is receiving services or is scheduled to receive services meets the requirements of paragraph (e)(2) of this section with respect to that borrower.

(ii) On receipt of the properly completed request, the lender shall grant the borrower a deferment.

(4) *When the rehabilitation training program deferment begins.* The rehabilitation training deferment begins—

(i) In the case of a borrower who is actually receiving rehabilitation services under an approved program on the date specified in the borrower's rehabilitation plan as the beginning date for his or her receipt of services through that program, but no earlier than November 1, 1978; or

(ii) In the case of a borrower who is requesting deferment based on being scheduled to receive rehabilitation services under an approved program, on the date that the borrower provides the lender with a properly completed request.

(5) *When the rehabilitation training program deferment ends.* Unless the borrower re-establishes his or her eligibility to continue a deferment by repeating the request procedure described in paragraph (3), the rehabilitation program deferment ends on the earliest of the following dates:

(i) In the case of a borrower who was granted deferment based on being scheduled to receive rehabilitation services under an approved program, the date the borrower informs the lender that he or she no longer plans to receive rehabilitation services; or

(ii) In the case of a borrower who was granted deferment based on being scheduled to receive rehabilitation services under an approved program, the date three months from the date the borrower submitted a request for a rehabilitation deferment; or

(iii) The date the borrower ceases rehabilitation training; or

(iv) The date specified in the borrower's rehabilitation plan as the date on which rehabilitation services to the borrower are anticipated to end; or

(v) The date twelve months from the date the borrower begins receiving services.

(g) *Internship deferment.* To qualify for an internship deferment, a borrower shall provide the lender with evidence that he or she is serving in an eligible internship, after obtaining a baccalaureate or professional degree, which the Secretary has determined is required to receive professional recognition required to begin professional practice or service. The Secretary has determined that medical residency is an example of such an internship.

(h) *Borrower's temporary total disability deferment.* (1) To qualify for this deferment the borrower shall give the lender an affidavit of a qualified physician stating that the borrower is temporarily totally disabled.

(2) For purposes of this section, a borrower who is "temporarily totally disabled" is one who, by reason of injury or illness, cannot be expected to be able to attend school or to be gainfully employed during an extended period of time needed to recover from such an injury or illness.

(i) *Deferment for a borrower whose spouse is temporarily totally disabled.* In order to qualify for this deferment the borrower shall give the lender—

(1) An affidavit of a qualified physician stating that the borrower's spouse is temporarily totally disabled. For purposes of this section a spouse who is "temporarily totally disabled" is one who, by reason of injury or illness, cannot be expected to be gainfully employed during an extended period of time needed to recover from such injury or illness and who during that period requires continuous nursing or other similar services; and

(2) A statement from the borrower certifying that he or she is unable to secure employment because he or she is providing this care.

§ 682.509 Due diligence in making and disbursing a loan.

(a) *General.* (1) The loan-making process includes the processing of necessary forms, the approval of a borrower for a loan, the determination of the loan amount, the explanation to a borrower of the borrower's responsibilities under the loan, the completion by the borrower of the promissory note, and the disbursement of the loan proceeds.

(2) Except as may be authorized by the Secretary, a lender may not delegate its loan-making functions except to a school with whom the lender has an origination relationship. If an origination relationship exists, the lender may rely in good faith upon statements of the borrower contained in the loan application, but may not rely upon statements made by the school in the application. A non-school lender which does not have an origination relationship with a school may rely in good faith upon statements of both the borrower and the school which are contained in the application. A school lender may rely in good faith upon statements made by the borrower in the loan application.

(b) *Processing of forms.* Before making a loan, a lender must, subject to paragraph (a)(2) of this section, determine that all required forms have been accurately completed by the borrower, the school, and the lender. A lender must not ask the borrower to sign any form before all information requested of the borrower on that form has been supplied.

(c) *Approval of borrower and determination of loan amount.* (1) A lender may make a loan only to an eligible student. To the extent authorized in paragraph (a)(2) of this section, the lender may make this determination based on the information provided by the school and the borrower on the application form.

(2) In determining the amount of the loan to be made, within the limitations of § 682.505, the lender should review the data on cost of attendance, and on other amounts of financial aid that have been awarded to the student for the intended loan period, which is provided on the application form. In no case may the loan amount exceed the student's estimated cost of attendance for the academic period for which the loan is intended less estimated financial assistance.

(d) *Borrower interview.* (1) Before making an initial loan to a student, a lender should meet personally with the student in order to ensure that the student understands his or her rights and responsibilities under the loan.

(2) In particular, the lender should explain to the student that the loan must be repaid and that the loan funds may only be applied toward educational expenses.

(e) *Promissory note.* (1) The lender shall obtain from the borrower an executed promissory note for each loan as proof of the borrower's indebtedness.

(2) The Secretary periodically makes an approved promissory note form available to FISLP lenders. Except as specified in paragraph (e)(3) of this section, a lender, without the Secretary's prior approval, may not add any clauses to, or modify any of the provisions of, the most current promissory note provided by the Secretary.

(3) At the lender's option the following provision may be included in the promissory note: "The maker agrees to execute a repayment schedule not later than 120 days prior to the beginning of the repayment period."

(4) The lender must give the borrower a copy of each executed note.

(f) *Security and endorsement.* (1) A FISLP loan must be made without security.

(2) With one exception, a FISLP loan must be made without endorsement. If a borrower is a minor and cannot under applicable local law create a legally binding obligation by his or her own signature, a lender may require an endorsement by another person on the borrower's FISLP note. For purposes of this paragraph, "endorsement" means a signature of any party—other than the borrower—who is to assume either primary or secondary liability on the note.

(g) *Loan disbursement.* (1) A lender may not disburse a loan prior to the is-

suance of the insurance commitment by the Secretary. The lender shall disburse loan funds by means of a check payable to the borrower or, if authorized by the borrower in writing, jointly to the borrower and the school that he or she is to attend. The check must require the personal endorsement of the borrower. Deposit of the check in the borrower's account at a bank or other financial institution constitutes endorsement for purposes of this paragraph.

(i) Unless the borrower attends a school not in a State or if the lender is also a school, a lender shall mail the check to the school, to the attention of the school official named on the loan application for delivery to the borrower. The lender may not mail the check to the school earlier than is reasonably necessary to meet the cost of attendance for the period for which the loan is made and in no case, without the Secretary's approval, earlier than 30 days prior to the date on which the student is scheduled to enroll.

(ii) If a borrower is attending a school located outside a State (a foreign school), the lender must send the check to the borrower directly. Within 30 days of the disbursement, the lender must notify the school of the amount of the loan insured.

(iii) A school lender may not disburse a loan to a student earlier than is reasonably necessary to meet the cost of attendance for the period for which the loan is made. If a student fails to enroll at that school during the academic period for which the loan was made, the Secretary pays subsequent insurance, interest benefits, and special allowance claims only on amounts disbursed to the student that are reasonably necessary for travel from the student's residence to the school.

(2) Neither a lender nor a school may obtain a borrower's power of attorney or other authorization to endorse a disbursement check on behalf of a borrower. The borrower shall personally endorse the check and may not authorize anyone else to endorse it on his or her behalf.

(3) For purposes of the FISLP, a check is a draft drawn on a bank and payable on demand.

(4) *Late disbursements.* (i) Under certain circumstances a lender, with the prior approval of the Secretary, may disburse a FISLP loan after a borrower has ceased to be enrolled on at least a half-time basis or after the expiration date of the insurance commitment.

(ii) Approval of late disbursements may be granted only when the Secretary is satisfied that the loan proceeds will be used for the educational expenses of the period of enrollment for which the loan was made.

(iii) If the lender, after receiving the Secretary's prior approval, makes a late disbursement, the lender shall give notice of that approval to the school at the time it sends the loan check to the school.

§ 682.510 Due diligence in servicing a loan.

(a) *Borrower inquiries.* A lender shall respond on a timely basis to written inquiries and other communications from a borrower and any endorser of a loan.

(b) *Conversion of a loan to repayment status.* (1) (i) When a lender learns that a borrower is no longer enrolled at a participating school on at least a half-time basis, the lender shall promptly contact the borrower in order to establish the terms of repayment.

(ii) If the lender has exercised the option of including the provision authorized by § 682.509(e)(3) in the promissory note, it must provide a repayment schedule to the borrower not later than 150 days prior to the beginning of the repayment period.

(2) When establishing repayment terms, the lender should take into consideration the financial obligations and the current and potential income of the borrower. The lender should design a repayment schedule that retires the loan obligation as soon as possible, as permitted under § 682.507,

without leading to default caused by the borrower's inability to make payments.

(3) Terms of repayment must be established by using an ED Form 1171 (Promissory Note-Installment), or a similar instrument, that is provided to the borrower and made a part of, and subject to the terms of, the borrower's original promissory note. A disclosure statement consistent with Federal Regulation Z, Truth-in-Lending, is an acceptable repayment schedule. The borrower's signature is not required on the instrument.

(4) The lender shall retain the original promissory note until the loan is paid in full. Within 30 days, the lender shall give the borrower the original promissory note and the repayment instrument.

(20 U.S.C. 1080, 1082, 1085)

§ 682.511 Due diligence in collecting a loan.

(a) *General.* (1) A lender must exercise due diligence in the collection of a FISLP loan with respect to both a borrower and any endorser. In order to exercise due diligence, a lender, except as provided in paragraph (a)(2) of this section, shall implement the following procedures when a borrower fails to honor his or her payment obligation.

(2) Paragraphs (b) through (f) of this section, shall not apply—

(i) After it has been determined, or while a lender is seeking to have a determination made, that a borrower has died, become totally and permanently disabled, or been adjudicated a bankrupt, as set forth in § 682.514; or

(ii) After it has been determined that any of the conditions for filing a default claim without previous collection efforts exist, as set forth in §§ 682.515 and 682.517(e).

(b) *Initial delinquency.* (1) When a borrower is delinquent in making a payment, the lender shall remind the borrower within 15 working days of the date the payment was due by means of a letter, notice, telephone call, or personal contact. If payments do not begin or resume, the lender must attempt to contact both the borrower and any endorser at least 3 more times at regular intervals during the rest of the 4-month period that started on the due date of the delinquent payment. These contacts should become progressively more forceful in tone.

(2) If the lender has exercised the option of including the provision authorized by § 682.509(e)(3) in the promissory note, and the lender has complied with § 682.510(b)(1)(ii), the lender shall follow the procedures in paragraph (b)(1) of this section to attempt to cure a borrower's delinquency in executing the repayment schedule.

(c) *Skip-tracing assistance.* Whenever a lender does not know the borrower's current address, even while the borrower is in school, the lender shall attempt to locate the borrower through normal commercial collection techniques, including contacting any endorser or other individuals named on the borrower's loan application. If these efforts are unsuccessful, the lender shall attempt to learn the borrower's current address through use of the Department's skip-tracing assistance. The Secretary does not pay insurance on a default claim if the lender did not know the borrower's address but failed to request this skip-tracing assistance. If the lender obtains knowledge of the borrower's address prior to filing a default claim, the lender must attempt to contact the borrower.

(d) *Pre-claim assistance.* When a borrower is 60 days delinquent in making payment, or executing a repayment schedule in accordance with a provision in the promissory note authorized by § 682.509(e)(3), the lender must request pre-claim assistance from the Department. This pre-claim assistance consists of a series of letters being sent to the borrower, urging the borrower to contact the lender and begin or resume payments. The Secretary does not pay insurance on a default claim if the lender failed to request this pre-claim assistance.

(e) *Final demand letter.* A lender must send a final demand letter to the borrower and any endorser at least 30 days before the lender files a default claim. The lender must allow the borrower or endorser at least 30 days to respond to the final demand letter. However, a lender need not send a

final demand letter to a borrower or endorser whose address is unknown.

(f) *Litigation.* (1) If the borrower's loan is in default and the lender determines that the borrower or endorser has the ability to repay the loan, the lender may bring suit against the borrower or the endorser to recover the amount of the unpaid principal and interest together with reasonable attorney's fees. Prior to bringing suit the lender shall—

(i) Obtain the Secretary's approval. A lender may seek the Secretary's approval to bring suit in anticipation that the lender's collection efforts will be unsuccessful. The Secretary will normally approve a lender's request to bring suit if the Secretary is satisfied that the borrower or endorser has the ability to repay the loan and that the collection efforts required by this section have been, or will be, made prior to the lender's bringing suit;

(ii) Notify the borrower or endorser that the Secretary's approval to bring suit has been obtained, and that suit will be brought unless the borrower or endorser cures the default; and

(iii) Indicate to the borrower or endorser that the lender will seek a judgment under which the borrower or endorser will be legally liable for payment of reasonable attorney's fees and court costs in addition to the unpaid principal and interest. The lender shall mail the notice to the borrower or endorser by certified mail, return receipt requested.

(2) The lender may bring suit if the borrower or endorser does not meet the terms of the lender's demand for payment within 10 days following the date of delivery of the notice to the borrower or endorser indicated on the receipt.

(3) A lender may first apply the proceeds of any judgment against its reasonable attorney's fees and court costs, whether or not the judgment provides for these fees and costs.

(20 U.S.C. 1080, 1082, 1085)

§ 682.512 Forbearance.

(a) The Secretary encourages a lender under the FISLP to grant forbearance for the benefit of a borrower in order to prevent a borrower from defaulting on his or her payment obligations. "Forbearance" means permitting the temporary cessation of payments, allowing an extension of time for making payments, or accepting smaller payments than were previously scheduled. A lender may grant forbearance under paragraph (b) or (c) of this section whenever poor health or other personal problems affect the borrower's ability to make scheduled payments. If payments of interest are forborne they may be added to the principal amount of the loan obligation on the date that repayment begins or resumes or at the end of the period of forbearance.

(b) A lender may grant forbearance on terms that are consistent with the minimum annual payment requirement and the 10 and 15-year limitations on length of repayment if the lender and the borrower agree in writing to the new terms.

(c) A lender may also grant forbearance for a period of up to one year at a time on terms that are inconsistent with the minimum annual repayment requirement and the 10 and 15-year limitations on length of repayment if the lender complies with these requirements:

(1) The lender must reasonably believe that the borrower intends to repay the loan but is currently unable to make payments in accordance with the terms of the loan note. The lender shall state the basis for its belief in writing and maintain that statement in its loan file on that borrower.

(2) Both the borrower and an authorized official of the lender shall sign a written agreement of forbearance.

(3) If the agreement between the borrower and lender provides for postponement of all payments, the lender shall contact the borrower at least every 3 months during the period of forbearance in order to remind the borrower of the outstanding obligation to repay.

(20 U.S.C. 1080, 1082)

§ 682.513 Assignment of a FISLP loan.

(a) *General.* A FISLP note may not be assigned except to another eligible lender. In this section "seller" means any kind of assignor, "buyer" means

any kind of assignee, and "assignment" means any kind of transfer, including assignment as security.

(b) *Procedure.* (1) A FISLP note assigned from one lender to another must be subject to a blanket endorsement together with other FISLP notes being assigned or must individually bear effective words of assignment. Either the blanket endorsement or the note must be signed and dated by an authorized official of the seller.

(2) The buyer must—

(i) Notify the Secretary of the assignment if the right to receive interest benefits and special allowance payments has been assigned; and

(ii) Ensure that the borrower is notified if the assignment results in the borrower being required to make installment payments, or direct other matters connected with the loan, to a party other than the party whom the borrower dealt with before the assignment. The buyer must include in the notice to the borrower a clear statement of all the borrower's rights and responsibilities which arise from the assignment of the loan, including a statement regarding the consequences of making payments to the seller or any prior holder of the loan, subsequent to receipt of the notice.

(c) (1) *Risks assumed by the buyer.* Upon acquiring a FISLP loan, a new holder assumes responsibility for the consequences of any previous violation of applicable statutes or regulations or the terms of the note. A FISLP note is not a negotiable instrument, and a subsequent holder is not a holder in due course. If the borrower has a valid legal defense that could be asserted against the original holder, the borrower can also assert the defense against the new holder. If the new holder files a default claim on a loan, the Secretary denies the default claim if there was a legal defect affecting the initial validity or insurability of the loan and to the extent of the borrower's legal defenses. Furthermore, when a new holder files a claim on a FISLP loan, it must provide the Secretary with the same documentation that would have been required of the original lender.

(2) *Special additional rules for assignment of loans made or originated by a school.* The buyer shall not be entitled to rely upon the statements provided by a school in the making or origination of a loan by the school. In addition, the Secretary considers any unpaid tuition refund that was due to the borrower under § 682.608 before the assignment from a school that made or originated the loan as having been paid to the subsequent holder on the borrower's behalf.

(d) *The Secretary's approval.* (1) The approval of the Secretary is required prior to the assignment of a note to any eligible lender which has not entered into a FISLP insurance contract with the Secretary. The Secretary approves such an assignment only if the Secretary is satisfied that one of the parties to the assignment will comply with all the requirements applicable to lenders under the GSLP regulations.

(2) Any arrangement where the loan is assigned to an eligible lender that would hold the loan in trust must receive the Secretary's prior approval. A lender that holds a loan as a trustee assumes responsibility for complying with all applicable statutory and regulatory requirements imposed on a holder of a loan.

(e) *Warranty.* (1) Nothing in this section precludes the buyer of a FISLP loan from obtaining a warranty from the seller covering certain future reductions by the Secretary in computing the amount of insurable loss, if any, on a claim filed on the loan.

(2) The warranty may only cover reductions which are attributable to an act or failure to act of the seller or other previous holder.

(3) The warranty may not cover matters that the buyer is responsible for under the GSLP regulations.

[44 FR 53868, Sept. 17, 1979, as amended at 45 FR 42581, June 24, 1980. Redesignated at 45 FR 77369, Nov. 21, 1980]

§ 682.514 Death, disability, and bankruptcy.

(a) *Death.* (1) If a borrower dies, the borrower's obligation to make any further payments of principal and interest on a FISLP loan is cancelled.

(2) The lender may not attempt to collect on the loan from the borrower's estate or any endorser.

(3) The lender may make a determination that the borrower has died on the basis of a death certificate or other proof of death which is acceptable under applicable State law. If a death certificate or other acceptable proof of death is not available, the borrower's obligation on the loan is cancelled only upon a determination by the Secretary on the basis of other evidence that the Secretary finds conclusive.

(4) The lender shall return to the sender any payments received from the estate of the borrower or paid on behalf of the borrower after the date of death.

(b) *Disability.* (1) If a borrower is determined to be totally and permanently disabled, the borrower's obligation to make any further payments of principal and interest on a FISLP loan is cancelled. A borrower is not considered totally and permanently disabled on the basis of a condition that existed prior to his or her loan application unless the borrower's conditions has substantially deteriorated since he or she submitted the loan application.

(2) After being notified by the borrower or the borrower's representative that the borrower claims to be totally and permanently disabled, the lender may not attempt to collect on the loan from the borrower or any endorser. The lender shall promptly request that the borrower or his or her representative obtain a certification from a physician who is a doctor of medicine or osteopathy and legally authorized to practice, on a form provided by the Secretary, that the borrower is totally and permanently disabled. If the form is not submitted to the lender within 60 days of the date the lender requested it, the lender may resume collection unless the physician has notified the lender that a longer period of time is required to make the determination.

(3) If the lender receives a certification from a physician, as described in paragraph (b)(2) of this section, that the borrower is totally and permanently disabled, the lender must return to the borrower any payments that it may have received from or on behalf of the borrower after being notified that the borrower claims to be totally and permanently disabled.

(c) *Bankruptcy.* (1) If a borrower has been adjudicated a bankrupt, the Secretary will assume the borrower's liability for unpaid principal and interest.

(2) Once a lender determines that a borrower has been adjudicated a bankrupt, the lender may not attempt to collect on the loan and must file a bankruptcy claim with the Secretary.

(3) The lender may determine that a borrower has been adjudicated a bankrupt upon receipt of notice of the first meeting of creditors from the bankruptcy court.

(4) If the loan obligation is not discharged in bankruptcy, the Secretary shall treat the claim as a default claim. The lender shall not be required to repurchase the loan.

(20 U.S.C. 1082, 1087)

§ 682.515 Cessation of lender collection activity in certain cases.

(a) Whether or not a FISLP loan has entered the repayment period or the borrower is eligible for deferment, a lender shall cease collection activity on the loan, and file a default claim with the Secretary within 60 days, after the lender determines that any of the following conditions exist:

(1) The school in which the borrower enrolled terminated its teaching activities involving that borrower during the academic period covered by the loan.

(2) The Secretary—

(i) Has instituted an action to limit, suspend, or terminate the eligibility of the school in which the borrower was enrolled for the academic period covered by the loan, or the eligibility of any lender that has held the loan; and

(ii) Has directed that a claim be filed on the loan.

(3) (i) A school or a lender is the subject of a lawsuit or Federal administrative proceeding and the Secretary determines that the proceeding involves allegations that, if proven, would entitle the borrower to refuse to repay all or a portion of the loan, or to obtain a judgment to recover payments made on the loan; and

80-113 O—82——33

(ii) The Secretary has directed that a claim be filed on the loan.

(b) (1) If the Secretary finds that a determination made by a lender under this section is correct, the Secretary pays the default claim as otherwise provided for under these regulations.

(2) If the Secretary finds that the lender's determination is not correct, the Secretary refuses payment and the lender shall resume normal collection activity on the loan.

(c) A lender may not, as a result of a default claim filed with the Secretary under this section, make a report to any credit bureau or other third party concerning the borrower's failure to repay his or her loan.

(20 U.S.C. 1080, 1082)

§ 682.516 Procedures for filing claims.

(a) A lender may file an insurance claim for any of the following reasons:

(1) The loan is in default. A loan is not in default until the 120-day or, if applicable, the 180-day period, described in the definition of "default" in § 682.200, has elapsed. The 120- or 180-day period begins as follows:

(i) If the borrower fails to make an installment payment when due, the 120- or 180-day period begins the day after the due date of that installment.

(ii) (A) If the lender has exercised the option (under § 682.509(e)(3)) of including a provision in the promissory note which requires the borrower to execute a repayment schedule not later than 120 days prior to the beginning of the repayment period, and the borrower has not executed a schedule by that date, despite compliance by the lender with § 682.510(b)(1)(ii), the 120-day period begins 120 days prior to the beginning of the repayment period.

(B) If the lender has exercised the option under § 682.509(e)(3) but sends the borrower the repayment schedule later than 150 days prior to the beginning of the repayment period, but prior to the beginning of the repayment period, the 120-day period begins 30 days after the lender actually sends the borrower the repayment schedule.

(iii) If the lender has not exercised the option of including a provision in the promissory note which requires the borrower to execute a repayment schedule not later than 120 days before the beginning of the repayment period, and the borrower cannot be located or, by the beginning of the repayment period, has not executed a schedule sent to him or her by the lender, the 120 or 180-day period begins on the first day of the repayment period.

(iv) If the borrower enters the repayment period without the lender's knowledge, the 120 or 180-day period begins on the day the lender discovers that the borrower has entered the repayment period.

(2) Any of the conditions for filing a default claim without collection efforts exist, as set forth in §§ 682.515 and 682.517(e).

(3) The borrower has died.

(4) The borrower is totally and permanently disabled.

(5) The borrower has been adjudicated a bankrupt.

(b) *Filing a claim application.* A lender shall file an insurance claim on a form provided by the Secretary. The lender shall attach to the claim all documentation that the Secretary may require. Failure to submit the required documentation may result in a claim not being honored. The Secretary may also deny a claim that is not filed on time.

(c) *Documentation required for all FISLP claims.* The Secretary requires the following documentation for all claims:

(1) The original promissory note.

(2) The loan application.

(3) A payment history, as described in § 682.519(a)(1)(ix), if any payments have been made.

(4) A collection history, as described in § 682.519(a)(1)(x), if the loan has entered the repayment period.

(d) *Assignment of note.* The Secretary's payment of a claim is contingent upon receipt of an assignment to the United States of America of all right, title, and interest of the lender in the note underlying the claim. The lender shall agree to reimburse the Secretary for any overpayments of interest or special allowance that the Secretary may have made for the loan.

(e) *Specific procedures applicable to the individual claim categories.* A lender must also comply with the fol-

lowing requirements for filing default, death, disability, and bankruptcy claims:

(1) *Default claims.* (i) Unless a lender has notified the Secretary that it has filed suit against the defaulted borrower, after obtaining the Secretary's approval for the suit, it must file a default claim with the Secretary within 90 days after the loan has been determined to be in default, or the lender has determined that any of the conditions for filing a default claim without collection efforts exist, as set forth in §§ 682.515 and 682.517(e). If the loan is in default under circumstances where the borrower has entered repayment without the lender's knowledge, the 90-day period for filing begins after the 120 or 180-day default period following the lender's discovery that the borrower has entered the repayment period.

(ii) In addition to the documentation required for all claims, the lender must submit with its default claim the following:

(A) The repayment schedule.

(B) A collection history, as described in § 682.519(a)(1)(x).

(C) A copy of the final demand letter, if required under § 682.511.

(D) The original or a copy of all personal correspondence addressed to or from, or on behalf of, the borrower relevant to the amount owed by the borrower, whether that correspondence involved the original lender, a subsequent holder, or an independent servicing agency.

(E) Evidence of the lender's requests to the Department for pre-claim assistance and, if a request was required under § 682.511(c), skip-tracing assistance.

(F) For a loan made by a school lender, whether or not the claim is filed by the school, a statement indicating whether the borrower enrolled at the school for the academic period for which the loan was intended and, if not, the amount of the loan that was reasonably necessary for the borrower's travel from his or her residence to the school.

(iii) If the lender files a default claim on a loan and subsequently receives a notice of the first meeting of creditors in the borrower's bankruptcy, the lender shall promptly forward that notice to the Department. The lender may not file a proof of claim with the bankruptcy court in this situation.

(2) *Death claims.* A lender shall file a death claim with the Secretary within 60 days after the lender determines that a borrower is dead. In addition to the documentation required for all claims, the lender shall submit with its death claim those documents which formed the basis for its determination of death.

(3) *Disability claims.* A lender shall file a disability claim with the Secretary within 60 days after it receives a certification from a licensed physician that a borrower is totally and permanently disabled. In addition to the documentation required for all claims, the lender shall submit with its disability claim a copy of the certification.

(4) *Bankruptcy claims.* A lender shall file a bankruptcy claim with the Secretary within 60 days after the lender receives a notice of the first meeting of creditors in a borrower's bankruptcy proceeding. In addition to the documentation required for all claims, the lender shall submit with its claim to the Secretary the following:

(i) The repayment schedule, if the loan has entered into the repayment period.

(ii) An assignment to the United States of America of its proof of claim.

(iii) All pertinent documents sent to or received from the bankruptcy court.

(iv) A statement of any facts of which the lender is aware that may form the basis for an objection to the bankrupt's discharge or an exception to the discharge.

§ 682.517 Determination of amount of loss on claims.

(a) The amount of loss to be paid on a claim depends upon the type of claim involved.

(1) *Default claims.* The amount of loss to be paid on a default claim depends upon the date the Department received the application for insurance

commitment on the loan. If the application was received—

(i) Prior to July 1, 1972, or between August 19, 1972, and February 28, 1973, the amount of loss to be paid on the claim shall be equal to the unpaid balance of the original principal loan amount disbursed; or

(ii) Between July 1 and August 18, 1972, or after February 28, 1973, the amount of loss to be paid on the claim shall be equal to the unpaid balance of the principal and interest. The unpaid principal amount of the loan may include capitalized interest.

(2) *Death and total and permanent disability claims.* The amount of loss to be paid on a death or disability claim depends upon the date the loan was disbursed. If the loan was disbursed—

(i) Prior to December 15, 1968, the amount of loss to be paid on the claim shall be equal to the unpaid balance of the original principal loan amount disbursed, or

(ii) After December 14, 1968, the amount of loss to be paid shall be equal to the unpaid balance of the principal and interest. The unpaid principal amount may include capitalized interest.

(3) *Bankruptcy claims.* The amount of loss to be paid on these claims shall be equal to the unpaid balance of the principal and interest. The unpaid principal amount of the loan may include capitalized interest.

(b) *Payment of insured interest.* (1) When FISLP insurance covers unpaid interest, the payment on an approved claim covers the unpaid interest that accrues during the following periods:

(i) Before the beginning of the repayment period for a loan that does not qualify for Federal interest benefits, whether or not the accrued interest was added to the principal amount of the loan on the date upon which repayment of the first installment of principal fell due.

(ii) During the period before the claim is filed, not to exceed the period permitted under paragraph (e) of § 682.516 for filing the claim.

(iii) During a period not to exceed 30 days following the return of the claim to the lender by the Secretary for additional documentation necessary for the claim to be approved by the Secretary.

(iv) During the period required by the Secretary to approve the claim and to authorize payment.

(2) When FISLP insurance covers unpaid interest, the Secretary also pays the unpaid interest that accrues during other periods which are tied to the type of claim involved:

(i) The payment on a default claim covers unpaid interest that accrues through the date of default.

(ii) The payment on a bankruptcy claim covers unpaid interest that accrues before the receipt by the lender of the notice of the first meeting of creditors from the bankruptcy referee.

(iii) The payment on a death claim covers unpaid interest that accrues before the lender determines that the borrower is dead.

(iv) The payment on a disability claim covers unpaid interest that accrues before the lender receives a certification from a physician that the borrower is totally and permanently disabled.

(c) *Factors affecting the insurability of a loan.* (1) In determining whether to approve an insurance claim for payment, the Secretary considers legal defects affecting the initial validity or insurability of the loan.

(2) The Secretary also deducts from a claim any amount that is not a legally enforceable obligation of the borrower except to the extent that the defense of infancy applies.

(3) The Secretary further considers whether all holders of the loan have complied with the requirements of the FISLP regulations, including those concerned with the making, servicing, and collecting of a loan, the timely filing of a claim, and the submission of documents with a claim.

(4) The Secretary does not pay a death, disability, or bankruptcy claim for a loan after a default claim for that loan has been disapproved by the Secretary.

(d) *Special rules for a loan acquired by assignment.* If a claim is filed by a lender that obtained a loan by assignment, that lender is not entitled to any payment under this section greater than that to which a previous holder would have been entitled. In

particular, the Secretary deducts from the claim any amounts that are attributable to payments made by the borrower to a prior holder of the loan before the borrower received proper notice of the assignment of the loan.

(e) *Special rules for loans made by school lenders.* (1) If the loan for which a claim is filed was originally made by a school and the claim is filed by that school, the Secretary deducts from the claim—

(i) An amount equal to any unpaid refund that the school owes the borrower under § 682.608; or

(ii) An amount attributable to any portion of the program of study that the student was unable to complete because the school terminated its teaching activities during the period of time for which the student obtained a FISLP loan. If this situation occurs, the lender shall immediately file a default claim with the Secretary. The Secretary reimburses the lender in an amount which bears the same ratio to the total amount of the claim as the amount of the educational services that the student received before the school terminated its teaching activities bears to the total services which the student would have received, during the period for which the loan was obtained, had the school not terminated its teaching activities.

(2) If the loan for which a claim is filed was originally made by a school but the claim is filed by another lender that obtained the note by assignment, the Secretary deducts from the claim—

(i) An amount equal to any unpaid refund that the school owed the borrower under § 682.608 prior to the assignment of the loan to a subsequent holder;

(ii) An amount attributable to any portion of the program of study that the student was unable to complete because the school terminated its teaching activities during the period of time for which the student obtained a FISLP loan. If this situation occurs, the lender shall immediately file a default claim with the Secretary. The Secretary reimburses the lender in an amount which bears the same ratio to the total amount of the claim as the amount of the educational services that the student received before the school terminated its teaching activities bears to the total services which the student would have received, during the period for which the loan was obtained, had the school not terminated its teaching activities.

(f) *Special rules for a loan originated by a school.* For purposes of this section, a loan which is originated by a school shall be treated in accordance with paragraph (e)(1) of this section as if it were a loan made and still held by a school.

(g) *Circumstances under which defects in claims may be cured or excused.* (1) The Secretary may permit a lender to cure certain defects in a specified manner as a condition for payment of a default claim.

(2) The Secretary may excuse certain defects—

(i) If the holder submitting the default claim satisfies the Secretary that the defect did not contribute to the default or prejudice the Secretary's attempt to collect on the loan from the borrower; or

(ii) If the defect arose while the holder submitting the default claim was holding the loan but the Secretary had previously found that the holder had procedures in effect sufficient to ensure that such a defect would not normally arise.

(3) The Secretary may also excuse certain defects if the Secretary is satisfied that—

(i) The defect arose while the loan was held by another lender;

(ii) The assignment of the loan was an arm's length transaction;

(iii) The present holder did not know of the defect at the time of the assignment; and

(iv) (A) The present holder could not have become aware of the defect through an examination of the loan documents; or

(B) The present holder had relied on a finding by the Secretary that the lender holding the loan when the defect arose had procedures in effect sufficient to ensure that such a defect would not normally arise.

(20 U.S.C. 1080, 1082)

§ 682.518 The Secretary's collection efforts after payment of a default claim.

After paying a default claim on a FISLP loan, the Secretary attempts to collect from the borrower and any valid endorser in accordance with the Federal Claims Collection Standards (4 CFR Parts 101-105). The Secretary attempts collection of all unpaid principal and accrued interest, except in the following situations:

(a) *The borrower has a valid defense on the loan.* In this situation, the Secretary refrains from collection against the borrower or endorser to the extent of any defense that either may have.

(b) *A school owes the borrower a refund for the period covered by the loan.* In this situation, the Secretary refrains from collection to the extent of the unpaid refund calculated under § 682.608 if the borrower assigns to the Secretary the right to receive the refund and the borrower agrees in writing to pay the Secretary the remaining portion of his or her indebtedness on the loan.

(c) *The school attended by the borrower closed during the academic period covered by the loan.* (1) In this situation, the Secretary refrains from collection against the borrower or endorser to the extent that the borrower would have had a defense on the loan if the loan was—

(i) Made by the school;

(ii) Part of the same transaction as the student's enrollment at the school; and

(iii) Paid to the school in consideration for the educational services that were to be provided by the school.

(2) As a condition of this forgiveness the borrower must—

(i) Assign to the Secretary the right to receive any refund that the school owes the borrower under § 682.608; and

(ii) Agree in writing to pay the Secretary the remaining portion of his or her indebtedness on the loan.

(d) *A school or lender is the subject of a lawsuit or Federal administrative proceeding.* In this situation, if the Secretary determines that the proceeding involves allegations that, if proven, would provide the borrower with a full or partial defense on the loan, then the Secretary may suspend collection activity on all or part of a loan until the proceeding ends. The Secretary suspends collection activity only for so long as the Secretary believes that the proceeding is being energetically prosecuted in good faith and that the allegations that relate to the borrower's defense are reasonably likely to be proven. When a final resolution is reached, the Secretary collects from the borrower to the extent appropriate.

(e) *A school or lender is the subject of a limitation, suspension, or termination action by the Secretary.* In this situation, if the Secretary determines that the final outcome of the action could provide the borrower with a full or partial defense on the loan, then the Secretary may suspend collection activity pending the final resolution of the action. When a final resolution is reached, the Secretary collects from the borrower to the extent appropriate.

(f) *The borrower dies, becomes totally and permanently disabled, or has the FISLP loan discharged in bankruptcy.* In this situation, the Secretary terminates all collection activity against the borrower. If the borrower dies or becomes totally and permanently disabled the Secretary also terminates all collection activity against any valid endorser. However, if the borrower's obligation is discharged in bankruptcy the Secretary continues to attempt to collect the loan from any valid endorser.

(20 U.S.C. 1080, 1082)

§ 682.519 Records, reports, and inspection requirements for FISLP lenders.

(a) *Records.* (1) A lender shall keep complete and accurate records of each FISLP loan which it holds. The records must be organized in a way that permits ready identification of the current status of each loan. The required records include—

(i) The loan application;

(ii) The original promissory note, including the repayment instrument, until it is paid, after which a copy is required;

(iii) The repayment schedule;

(iv) A record of each disbursement of loan proceeds;

(v) Notices of changes in a borrower's address and status as at least a half-time student;

(vi) Evidence of the borrower's eligibility for a deferment;

(vii) The documents required for the exercise of forbearance;

(viii) Documentation of the assignment of the loan;

(ix) A payment history showing the date and amount of each payment received from or on behalf of the borrower, and the amounts attributable to principal and interest;

(x) A collection history showing the date and subject of each communication with the borrower or endorser for collection of a delinquent loan; and

(xi) Any additional records as specifically required by these regulations which are necessary to document the validity of an insurance claim or to make any reports required by the Secretary under these regulations.

(2) (i) A lender shall retain the records required for each loan for not less than 5 years following the date the loan is repaid in full by the borrower or the lender is reimbursed on a claim. However, in particular cases the Secretary may require the retention of records beyond this minimum period.

(ii) The lender may store records in microfilm or computer format. However, the holder of a promissory note must retain the original note and repayment instrument until the loan is fully repaid. At that time the lender shall return the original note and repayment instrument to the borrower, and retain copies for the prescribed period.

(b) *Reports.* A lender shall submit reports to the Secretary at the time and in the manner the Secretary may reasonably require, including but not limited to the following:

(1) The Lender's Manifest for FISLP loans.

(2) The Lender's Request for Payment of Interest on Student Loans.

(3) The Lender's Annual Report on Guaranteed Student Loans Outstanding.

(c) *Inspections.* Upon request, a lender shall afford the Secretary, the Comptroller General of the United States, and any of their authorized representatives access to its records in order to assure the correctness of its reports.

Subpart F—Requirements, Standards, and Payments for Participating Schools

§ 682.600 Participation agreement between an eligible school and the Secretary.

(a) *General.* Participation of a school in the GSLP means that the school's students are eligible to receive GSLP loans. To participate in the GSLP, under either the FISLP or a guarantee agency program, a school must—

(1) Establish its basic eligibility as an institution of higher education or vocational school, as defined in § 682.200, through certification by the Division of Certification and Program Review, Office of Postsecondary Education, Department of Education; and

(2) Enter into a written agreement with the Secretary. The agreement must be signed by an appropriate official of the school on a form provided by the Secretary.

(b) *Terms of the agreement.* In the agreement, the school promises to comply with the applicable provisions of—

(1) The Act and the GSLP regulations;

(2) 34 CFR Part 668 (General Provisions Relating to Student Assistance Programs); and

(3) 34 CFR Part 686 (Student Consumer Information Services).

(c) *Time to respond.* The Secretary responds to a school's request for an agreement to participate in the GSLP within 30 days after receiving the request.

(d) *Denial or limitation of participation.* (1) If the Secretary decides not to approve a request for an agreement or approves only limited participation in the GSLP by the school, the reason for the decision is included in the response.

(2) The Secretary provides an opportunity for the school to meet with a designated Department official, if the school wishes to appeal a decision involving either—

(i) Denial of an agreement for participation; or

(ii) Approval of an agreement that limits the school's participation.

(3) The Secretary does not, however, grant an opportunity for appeal or give reasons for denying the participation, or approving only the limited participation, of a school if the school submits its request within 6 months of a previous denial or limited approval.

(e) *Change in ownership or form of control.* A GSLP participation agreement automatically terminates when a school changes its ownership or form of control. The termination is effective at the time the change occurs. A new agreement must be signed and approved by the Secretary for the school to participate under the new ownership or form of control.

(f) *Foreign schools.* A school outside the States shall be required to comply with the provisions of these regulations only to the extent determined by the Secretary.

[44 FR 53868, Sept. 17, 1979. Redesignated at 45 FR 77369, Nov. 21, 1980, and amended at 45 FR 86300, Dec. 30, 1980]

§ 682.601 Agreement between the Secretary and a school that makes or originates loans.

(a) *General.* A school must have an agreement with the Secretary in order to make or originate GSLP loans under either the FISLP or a guarantee agency program. The definition of orgination is in § 682.200.

(b) *Terms of the agreement.* An agreement to allow a school to either make or originate loans contains the following terms:

(1) The school will not make or originate loans which would be outstanding to more than 50 percent of its undergraduates in attendance at that school on at least a half-time basis. An exception to this rule, however, is contained in paragraph (d) of this section.

(2) The school will inform any undergraduate student who has not previously obtained a loan that was made or originated by the school and who seeks to obtain such a loan that he or she must first make a good faith effort to obtain a loan from a commerical lender.

(3) (i) The school will not make or originate a loan for an academic period to a student described in paragraph (b)(2) of this section until the student provides the school with evidence of denial of a loan by a commercial lender for the same academic period. Evidence acceptable for this purpose is described in paragraph (c) of this section.

(ii) In determining whether a school has complied in good faith with this requirement, the Secretary may take into consideration any patterns reflected by the letters of denial or students' sworn statements referred to in paragraph (c) of this section that indicate that the school has not given sufficient counseling to students to first seek loans from a commercial lender. An example of an unacceptable pattern would be if all denials of loans to a school's students were made by a small number of lenders.

(4) The school will not make or originate a loan for an academic year in excess of the lesser of $2,500 or half the estimated cost of attendance to a student who—

(i) Is in the first academic year of study as an undergraduate; and

(ii) Was not previously enrolled in an undergraduate program.

(5) Loans that the school makes or originates will be disbursed in multiple installments in accordance with the disbursement requirements in § 682.401(b)(3)(ii) and § 682.505(a)(1)(ii) if—

(i) The loan amount exceeds $1,500 for the academic year;

(ii) The borrower is in the first academic year of study as an undergraduate; and

(iii) The borrower was not previously enrolled in an undergraduate program.

(c) *Establishing a loan denial by a commercial lender.* (1) To ensure under paragraph (b)(2) of this section that a student has sought and been denied a loan from a commercial lender for an academic period, the school shall obtain from the student—

(i) A written statement from a commercial lender indicating that the lender denied the student a loan for that academic period; or

(ii) The student's sworn statement indicating both the refusal of a loan by a commercial lender and that lend-

er's refusal to provide a written statement of the denial.

(2) If the student's sworn statement is used to establish the denial of a loan, that statement must include—

(i) The name of the lender that denied the loan;

(ii) The approximate date on which the loan was denied;

(iii) The name of the official who communicated the denial to the student; and

(iv) The student's signature. The statement must be signed by the student in the presence of a notary or other person who is legally authorized to administer oaths or affirmations and who does not take part in the recruiting of students for enrollment at the school. The notary or other person must sign the statement and, if appropriate, affix his or her seal or stamp.

(3) The refusal of a lender to make a loan to a student for the entire amount requested by the student constitutes a denial of a loan, if the school determines that the student is eligible for a loan of that amount. If the denial is based upon the student's inability to obtain the entire amount requested, the school may either—

(i) Make or originate a loan to that student for the entire amount; or

(ii) Supplement the loan that the commercial lender is willing to make with a second loan to the student.

(d) *Waiver of the 50 percent lending limit.* A school may request a waiver of the 50 percent lending limit under paragraph (b)(1) of this section if adherence to that limit would create a substantial hardship to the school's present or prospective students. The Secretary determines whether to grant the school a waiver after considering the following:

(1) The extent to which the school provides, and expects to continue providing, educational opportunities to economically disadvantaged students, as measured by the percentage of these students enrolled at the school who—

(i) Fall within the "low-income family" category used by the Bureau of the Census;

(ii) Would not be able to enroll, or continue their enrollment, at that school without a GSLP loan made or originated by the school; and

(iii) Would not be able to obtain a comparable education at another school.

(2) The extent to which the school offers academic programs that—

(i) Are unique in the geographical area the school serves; and

(ii) Would not be available to some students if the school adhered to the 50 percent lending limit.

(3) The quality of the school's—

(i) Management of student financial assistance programs; and

(ii) Conformance with sound business practices.

(e) *Schools that previously made or originated loans.* A school that is making or originating loans on the effective date of these regulations shall enter into an agreement with the Secretary in order to continue this activity. The agreement must be submitted within 90 days of that effective date.

§ 682.602 Providing information to prospective students.

(a) *General.* (1) A school shall present each of its prospective students with a complete and accurate statement containing information about the school. The statement must be in written form and must be presented to the prospective student prior to the time that he or she becomes obligated to pay the school any tuition or fees.

(2) The statement provided by the school must include information pertaining to—

(i) The school's current academic or training programs in which the student has expressed interest;

(ii) The school's faculty in those programs; and

(iii) The school's facilities relating to those programs.

(b) *Providing employment data.* In addition to the information required by paragraph (a) of this section, a school that offers programs or courses of study designed to prepare students for a particular vocational, trade or career field (e.g., truck driving, teach-

ing or pharmacy) shall provide a prospective student in that field with a written statement regarding the employment of students previously enrolled in those programs or courses.

(1) The employment information must include data regarding the percentage of previously enrolled students who entered positions of employment directly related to their enrollment at the school and data regarding the average starting salaries of those students.

(2) The school may provide the prospective student with the most recent comparable regional or national statistical student employment data in lieu of the information about the school's own students if—

(i) After reasonable effort, the school cannot obtain meaningful data on the employment of its own students; or

(ii) The data the school possesses regarding its own students is more than 3 years old and cannot, after a reasonable effort, be updated.

(3) To the extent that information is available, the school should provide a prospective student with information regarding the long range prospects for employment in the particular vocational, trade or career field that the student intends to prepare for at the school.

(20 U.S.C. 1082, 1085, 1088f-1)

§ 682.603 [Reserved]

§ 682.604 Correspondence school schedule requirements.

(a) *General.* A school offering a course of study by correspondence shall establish a schedule for submission of lessons by its students. This schedule must be given to a prospective student prior to that person's enrollment.

(b) *Information in the schedule.* The school shall include the following information in its schedule:

(1) The number of lessons in the course.

(2) The intervals at which lessons are to be submitted.

(3) The date by which the course is to be completed.

(4) The period of time within which any resident training must be completed.

(c) *Additional requirements.* The schedule must conform to the requirements set forth in paragraph (a)(3)(ii) of the definition of "vocational school" in § 682.200.

(20 U.S.C. 1082)

§ 682.605 Certifications by a participating school in connection with a student loan application.

A school shall accurately and completely fill out its portion of a student's loan application. The information requested of the school pertains to the following:

(a) The student's eligibility for a loan determined in accordance with § 682.201.

(b) The student's estimated cost of attendance for the period for which the loan is sought.

(c) The student's estimated financial assistance for the period for which the loan is sought.

(20 U.S.C. 1077, 1078, 1085, 1088f)

§ 682.606 Administrative cost allowance to participating schools.

(a) *General.* The Secretary pays an administrative cost allowance to a participating school when funds for this purpose are appropriated by Congress. The administrative cost allowance payment is based on the number of students enrolled at the school who receive a GSLP loan during the award period.

(b) *How the amount of payment is determined.* (1) If funds are sufficient, each school is paid not more than $10 for each student who receives a GSLP loan for a period of enrollment beginning in an award period.

(2) If appropriated funds for any fiscal year are insufficient to pay the full $10, payments are proportionately reduced.

(3) If additional funds become available for any fiscal year in which payments were reduced, the allowances are proportionately increased.

(c) *Student count.* For purposes of determining the number of GSLP borrowers enrolled at a school, no student

can be counted more than once in the same award period.

(d) *Award period.* For the purpose of this section, "award period" means a 12-month period beginning on July 1 of each calendar year.

(e) *Use of the administrative cost allowance funds.* A school that receives an administrative cost allowance payment shall use those funds first to provide consumer information in accordance with 34 CFR Part 686, Student Consumer Information Services, and then to pay for additional costs of administering student financial aid programs under Title IV of the Higher Education Act of 1965.

(f) *Applying for the administrative cost allowance.* To receive the administrative cost allowance payment, a school must submit an application on a form and within the time limit prescribed by the Secretary. The school submits the application only in a fiscal year when funds to make the payment have been appropriated by Congress.

§ 682.607 The student's loan check.

(a) *Purpose.* This section establishes rules for how a school must process a student's GSLP loan check. The school must also comply with any rules for processing a loan check contained in 34 CFR Part 668 (General Provisions for Student Assistance Programs). The rules in this section do not apply to a loan issued by a school lender if the student is attending the school that made the loan.

(b) *General.* (1) Except in the case of a loan check for a student attending a school outside a State (a foreign school), a check issued by a FISLP lender is sent directly to the school where the student is enrolled or will be enrolling.

(2) A loan check issued by a lender under a guarantee agency program may also be sent directly to the school where the student is enrolled or will be enrolling.

(3) A loan check that is sent directly to the school is payable either jointly to the school and the student or only to the student.

(4) Generally, the school may only release a check to a student who has maintained eligibility for the loan by enrolling or continuing enrollment on at least a half-time basis. Exceptions to this rule are contained in paragraphs (f) and (g) of this section.

(c) *A check made payable to the student.* When a school receives a loan check that is payable to one of its students, the school shall process the check as follows:

(1) If the school receives the check after the student enrolls for the academic period for which the loan is intended, the school must promptly deliver the check to the student.

(2) If the school receives the check before the student enrolls for the academic period for which the loan is intended, the school must hold the check and deliver it to the student at the time of the student's enrollment. If after receiving a check for a student, the school determines that the student has not enrolled as expected, the school must return the check to the lender within 30 days of this determination.

(d) *A jointly payable check.* When a school receives a loan check that is made jointly payable to the school and the student, the school shall process the check as follows:

(1) If the school receives the check after the student enrolls for the academic period for which the loan is intended, the school must either—

(i) Endorse the check on its own behalf and deliver it to the student; or

(ii) Obtain the student's endorsement, and—

(A) Retain that portion of the loan proceeds that the student currently owes the school for educational costs as described in paragraph (e) of this section; and

(B) Promptly give the remaining funds to the student.

(2) If the school receives the check before the student enrolls for the academic period for which the loan is intended, the school must hold the check until the student enrolls and then follow the procedures described in paragraph (d)(1) of this section. If after receiving a check for a student, the school determines that the student has not enrolled as expected, the school must return the check to the lender within 30 days of this determination.

(e) *Retaining student loan proceeds.* A school may only retain loan proceeds covering costs of attendance owed to the school over that part of the academic year for which substantially all of the school's students have been billed, unless the student requests in writing that the school retain additional loan proceeds in order to assist in budgeting his or her funds for the remainder of the academic year.

(f) *Processing a late disbursement check.* (1) For purposes of this paragraph, a loan check is considered a late disbursement check if the school receives the student's loan check from the lender either—

(i) After the expiration of the academic period for which the loan was intended (the expiration date of the insurance commitment); or

(ii) Prior to the expiration of the academic period for which the loan was intended but after the student ceased to be enrolled at the school on at least a half-time basis.

(2) If the late disbursement check is accompanied by a notice from the lender that the late disbursement has been approved by the Secretary or the appropriate guarantee agency, the school shall follow the applicable procedure described in paragraph (c) or (d) of this section.

(3) If the late disbursement check is not accompanied by the notice described in paragraph (f)(2) of this section, the school shall—

(i) Return the check to the lender within 30 days of its determination that one of the conditions described in paragraph (f)(1) of this section exists;

(ii) Send with the check—

(A) A notice that one of the conditions described in paragraph (f)(1) of this section exists; and

(B) If applicable, information concerning the student's date of withdrawal and costs of attendance owed the school for the period the student was enrolled on at least a half-time basis;

(iii) Advise the student that the lender may, in accordance with § 682.509(g)(4) or similar rules established by the guarantee agency, redisburse funds for the student's costs of attendance incurred before the existence of one of the conditions described in paragraph (f)(1) of this section.

§ 682.608 Refund policy.

(a) *General.* (1) A school shall have a fair and equitable refund policy under which it will make a refund of unearned tuition, fees and room and board charges to a student who receives a GSLP loan and—

(i) Does not enroll for the academic period for which the loan was intended; or

(ii) Does not complete the academic period for which a loan was made.

(2) The school shall state its refund policy clearly in writing. The school shall include in its refund policy the procedure a student would follow to obtain a refund.

(3) The school shall provide the written statement containing its refund policy to a prospective student prior to the student's acceptance for initial enrollment. The school shall also make its refund policy known to currently enrolled students. It the school changes its refund policy, the school shall ensure that all students are made aware of the new policy.

(b) *Fair and equitable refund policy.* A school's refund policy is fair and equitable if that policy conforms with—

(1) The requirements of applicable State law; and

(2)(i) Specific refund standards set by the school's nationally recognized accrediting agency and approved by the Secretary;

(ii) If no such standards exist, other specific refund policy standards, either contained in Appendix A to this Part or set by another association of institutions of postsecondary education and approved by the Secretary.

§ 682.609 Determining the date of a student's withdrawal.

(a) *Purpose.* This section establishes rules for how a school must determine the date (to include day, month and year) on which a student withdraws from the school for the purpose of—

(1) Calculating the amount of a refund due the student; and

(2) Reporting that the student has left the school.

(b) *The withdrawal date.* The school shall establish the date of a student's withdrawal as follows:

(1) Generally, the student's withdrawal date is the earlier of—

(i) The date the student notifies the school of his or her withdrawal; or

(ii) The date the school determines that a student has withdrawn.

Paragraphs (b)(2) and (b)(3) of this section contain additional rules applicable to particular situations.

(2) If the student has not returned to school at the expiration of a leave of absence approved under paragraph (c) of this section, the student's withdrawal date is the date of the first day of the leave of absence.

(3) If the student is enrolled in a program of study by correspondence, the student's withdrawal date is normally 60 days after the due date of a required lesson that the student failed to submit in accordance with the schedule for lessons established by the school under § 682.604. However, if the student establishes in writing, within the 60-day period, a desire to continue in the program and an understanding that the required lessons must be submitted on time, the school may grant that student a restoration to in-school status. However, the school may not grant the student more than one restoration to in-school status on this basis.

(c) *Leaves of absence.* A student who is absent from school and who has been granted a leave of absence by the school, in accordance with this paragraph, is not considered to have withdrawn from school for purposes of this section. A school may grant a leave of absence to a student provided—

(1) The student has made a written request to be granted a leave of absence;

(2) The leave of absence involves no additional charges by the school to the student;

(3) The leave of absence does not—

(i) Exceed 60 days; or

(ii) Exceed six months if either of the following circumstances exists:

(A) The school is not a correspondence school and the school's next period of enrollment after the start of the leave of absence would begin more than 60 days after the first day of the leave of absence; or

(B) The absence is requested because of the student's medically determinable condition. In this case, the student must provide the school with a recommendation from a physician for a leave of absence longer than 60 days; and

(4) The student has not previously been granted a leave of absence by the school. Additional leaves of absence for a student must be approved by the Secretary.

(20 U.S.C. 1082, 1088f-1(a)(2))

§ 682.610 Payment of a refund to a lender.

(a) *General.* (1) By applying for a GSLP loan, a student authorizes the school to pay directly to the lender that portion of his or her refund from the school that is allocable to that loan.

(2) A school shall pay that portion of the student's refund that is allocable to a GSLP loan to—

(i) The original lender; or

(ii) A subsequent holder, if the loan has been transferred and the school knows the new holder's identity.

(3) When the school pays refund monies to a lender on behalf of a student, the school shall provide simultaneous written notice to a student of this action.

(b) *Calculating what portion of the refund to allocate to the loan.* (1) In determining what portion of a student's refund for an academic period is allocable to a GSLP loan received by the student for the same academic period, the school must make provision for the refund requirements of other forms of financial assistance which the student has received.

(2) Except as may be otherwise provided in 34 CFR Part 668 (General

Provisions for Student Assistance Programs), the portion of the refund that is determined to be allocable to the GSLP loan must not be less than the amount derived using the following formula:

$$\frac{\text{Portion of refund allowable to GSLP loan}}{\text{Total refund}} = \frac{\text{Amount of GSLP loan}}{\text{Estimated cost of attendance, as defined in § 682.200}}$$

(c) *Timely payment of refund.* A school shall pay each refund that is due in accordance with the following:

(1) Within 40 days after the date of the student's withdrawal from the school, as determined in accordance with § 682.609(b); or

(2) In the case of a student who does not return to school at the expiration of an approved leave of absence (see § 682.609(c)), within 40 days after the last day of that leave of absence.

(d) *Transition requirements.* In the event of a school's closure, termination, or suspension of operations, or change in ownership, the school or its successors shall make provision for compliance with the requirements of this section with regard to students who obtained loans for periods of attendance at the school prior to the school's change in status.

(20 U.S.C. 1082, 1088f-1(a)(2))

§ 682.611 Termination of a school's lending eligibility.

(a) *General.* The Secretary terminates a school's eligibility to make GSLP loans, under the FISLP or a guarantee agency program, if the school reaches the 15 percent limit on loan defaults described in paragraph (b) of this section.

(b) *The 15 percent limit.* (1) The Secretary terminates a school's eligibility to make GSLP loans if, during each of the two most recent consecutive one-year periods for which data is available, the total amount of loans described in paragraph (b)(1)(i) of this section equals or is greater than 15 percent of the total amount of loans described in paragraph (b)(1)(ii) of this section.

(i) The original principal amount of loans the school has ever made that went into default during that period.

(ii) The original principal amount of all loans the school has ever made, including loans in deferment status, that—

(A) Were in repayment status at the beginning of that period; or

(B) Entered repayment status during that period.

(2) In making the determination required by this section, the Secretary considers the status of all loans made by the school, whether the loans are held by the school or a subsequent holder.

(c) *Exception based on hardship.* The Secretary does not terminate a school's lending eligibility under paragraph (a) of this section if the Secretary determines that the termination would result in a hardship condition for the school or its students. The Secretary makes this determination if the school shows that—

(1) Termination is not justified in light of recent improvements the school has made in its collection capabilities that will cause the school's loan delinquency rate to improve within the next year. Examples of these improvements include the following:

(i) Adopting more efficient collection procedures.

(ii) Employing increased collection staff; or

(2) Termination would cause a substantial hardship to the school's current or prospective students based on—

(i) The extent to which the school provides, and expects to continue to provide, educational opportunities to economically disadvantaged students, as measured by the percentage of students enrolled at the school who—

(A) Fall within the "low-income family" category used by the Bureau of the Census;

(B) Would not be able to enroll, or continue their enrollment, at that school without a GSLP loan from the school; and

(C) Would not be able to obtain a comparable education at another school.

(ii) The extent to which the school offers academic programs that—

(A) Are unique in the geographical area the school serves; and

(B) Would not be available to some students if they could not obtain loans from the school.

(iii) The quality of improvements the school has made in its—

(A) Management of student financial assistance programs; and

(B) Conformance with sound business practices.

(d) *Termination procedures.* The Secretary does not terminate the lending eligibility of a school under this section until the school has been notified of the impending action and has had an opportunity for a hearing.

(1) *The termination notice.* A Department official designated by the Secretary begins a termination action by sending a notice to the school. The notice is sent by certified mail with a return receipt requested. In the notice, the designated official—

(i) Informs the school of the intent to terminate the school's lending eligibility because of the school's default experience;

(ii) Specifies the proposed effective date of the termination as the next October 1;

(iii) Informs the school that it has 15 days to do the following—

(A) Submit any written material it wants considered in determining whether its lending eligibility should be terminated under paragraph (a) of this section, including written material in support of a hardship exception under paragraph (c) of this section; or

(B) Request a hearing to show why the school should not be terminated.

(2) *If a hearing is not requested.* If the school does not request a hearing but submits written material, the designated official considers that material and notifies the school as to whether the termination action will be taken.

(3) *The hearing.* The designated official schedules the date and place of a hearing for a school that has requested a hearing. The date of the hearing is at least 15 days from the date that the designated official received the request.

(i) A presiding officer (defined in § 682.701) conducts the hearing.

(ii) The presiding officer considers all written material presented before the hearing and any other material presented during the hearing.

(iii) The presiding officer determines if termination of the school's lending eligibility is warranted.

(4) *Review of a termination of a school's lending eligibility.* The decision of the presiding officer, or of the designated official, in the event that the school has submitted written material but has not requested a hearing, is subject to review by the Secretary.

(e) *Reinstatement of lending eligibility.* (1) A school that has its lending eligibility terminated under this section may not make further GSLP loans unless it has entered into a new lending agreement with the Secretary under § 682.601.

(2) A new agreement may not take effect until at least one year after a school's lending eligibility has been terminated under this section.

(f) *Schools under the same ownership.* If a school makes loans to students in attendance at other schools under the same ownership, the Secretary may make the determinations required by this section by—

(1) Treating all the schools as one; or

(2) Treating each school on a school-by-school basis.

[44 FR 53868, Sept. 17, 1979, as amended at 45 FR 42581, June 24, 1980. Redesignated at 45 FR 77369, Nov. 21, 1980]

§ 682.612 Records, reports, and inspection requirements for participating schools.

(a) *General.* (1) Each school shall establish and maintain proper administrative and fiscal procedures and all necessary records, as set forth in these regulations and 34 CFR Part 668 (the General Provisions for Student Assistance Programs), in order to—

(i) Protect the rights of students;

(ii) Protect the United States from unreasonable risk of loss due to defaults; and

(iii) Comply with any specific requirements in these regulations and 34 CFR Part 668.

(2) Each school shall submit such reports, as prescribed by the Secretary,

as are necessary to comply with these regulations and 34 CFR Part 668. This requirement includes the timely completion and submission of the Student Confirmation Report (SCR).

(3) When a school becomes aware of a change in the enrollment status of a student who has received a GSLP loan because that student has graduated, withdrawn or ceased to be enrolled at least half-time, the school should report the change directly to the lender if—

(i) The enrollment change is one that would normally be reported on the next SCR; and

(ii) The school does not expect to submit its next SCR to the Secretary within the next 60 days.

(b) *Loan record requirements.* In addition to records required by 34 CFR Part 668, for each loan received by its students a school shall maintain a record of—

(1) The name of the student borrower;

(2) The name of the lender;

(3) The amount of the loan;

(4) The period for which the loan is intended;

(5) The data used to construct an individual student budget or the school's itemized standard budget used in calculating the student's estimated cost of attendance;

(6) The amount of tuition and fees paid by the student for that period;

(7) The date the student pays those tuition and fees;

(8) The date the school receives each loan check, if the loan check is disbursed through the school and the school itself is not the lender;

(9) The date the school gives each loan check to the student, unless disbursement is made directly to the student by a lender;

(10) The date the school endorses each loan check, if the school is a copayee;

(11) The date(s) of disposition of the loan proceeds, if the school is a copayee and the student endorses the check before the school does; and

(12) A record of the student's job placement, if the school provides employment placement service and the student has used the service.

(c) *Retention requirement for records and reports.* (1) Unless otherwise directed by the Secretary, the school shall keep all records required under these regulations for 5 years, following the date a student—

(i) Graduates;

(ii) Withdraws; or

(iii) Fails to enroll on at least a half-time basis for an academic period for which a GSLP loan was received.

(2) Unless otherwise directed by the Secretary, the school shall also keep, for 5 years after their completion, copies of reports and other forms utilized by the school related to GSLP loans.

(3) In the event of the closure, termination, suspension or change of ownership of a participating school, that school or its successor must make provision for the retention of the records and reports required by these regulations and for access to these records and reports for purposes of paragraph (d) of this section.

(4) Records and reports may be kept on microfilm or computer format.

(d) *Federal audits.* For purposes of audit and examination, the school shall give the Secretary, the Comptroller General of the United States, or any of their duly authorized representatives access to records required by these regulations and by Part 668 and to any other pertinent books, documents, papers and records.

(e) *Non-Federal audits.* (1) The school shall, in conformance with 34 CFR Part 668, audit or have audited under its direction, all of the school's GSLP transactions to determine a minimum—

(i) The fiscal integrity of financial transactions and reports; and

(ii) Whether the transactions are in compliance with the applicable laws and regulations.

(2) Audits shall be performed in accordance with the Department of Education's "Audit Guide for the Guaranteed Student Loan Program."

(3) The school shall have an audit performed at least once every two years. Each audit must cover the entire period of time that elapsed since the last audit that was performed.

(4) The school shall submit the audit report to the appropriate regional office of the Department of Education's Audit Agency for review.

Subpart G—Limitation, Suspension, or Termination of Lender Eligibility Under the Federal Insured Student Loan Program

§ 682.700 Purpose and scope.

(a) This subpart establishes rules for the limitation, suspension, or termination of the eligibility of an otherwise eligible lender to participate in the FISLP. These rules apply to a lender that violates any provision of the FISLP statute or any regulation, special arrangement, agreement, or limitation prescribed under the FISLP.

(b) This subpart does not apply to a determination that an organization fails to meet the definition of "lender" in § 682.200, nor to a school's loss of lending eligibility due to its default experience under § 682.611.

(c) This subpart also does not apply to administrative action by the Department of Education based on any alleged violation of—

(1) Title VI of the Civil Rights Act of 1964, which is governed by 34 CFR Parts 100 and 101;

(2) Title IX of the Education Amendments of 1972 (relating to sex discrimination), which is governed by 34 CFR Part 106; or

(3) The Family Educational Rights and Privacy Act of 1974 (Sec. 438 of the General Education Provisions Act, as amended) which is governed by 34 CFR Part 99.

(20 U.S.C. 1080, 1082, 1088f-1)

§ 682.701 Definitions of terms used in this subpart.

Designated ED official: An official of the Department to whom the Secretary has delegated the responsibility for initiating and pursuing limitation, suspension, and termination procedures.

Limitation: The continuation of a lender's eligibility, subject to compliance with special conditions set by the Secretary as a result of a limitation or termination proceeding.

Presiding officer: An impartial person who has no prior involvement with the facts giving rise to a limitation, suspension or termination proceeding, and who is selected by the Secretary to conduct a hearing.

Suspension: The removal of a lender's eligibility for a specified period of time or until the lender meets certain requirements.

Termination: The removal of a lender's eligibility for an indefinite period of time.

(20 U.S.C. 1080, 1082, 1088f-1)

§ 682.702 Effect on prior participation.

Limitation, suspension, or termination proceedings do not affect a lender's responsibilities, or rights to benefits and claim payments, that are based on the lender's prior participation in the program, except as provided in § 682.709.

(20 U.S.C. 1080, 1082, 1088f-1)

§ 682.703 Informal compliance procedure.

(a) If the Secretary receives a complaint, or other information that the Secretary believes to be reliable, indicating that a lender may be violating applicable laws, regulations, special arrangements, agreements, or limitations, the Secretary may give the lender a reasonable opportunity to—

(1) Respond to the complaint or other information;

(2) Show that the matter has been corrected; or

(3) Submit an acceptable plan to correct the violation and prevent its recurrence.

(b) Limitation, suspension or termination procedures need not be delayed during the informal compliance procedure under paragraph (a) of this section if the Secretary believes—

(1) The delay would harm the FISLP; or

(2) The informal compliance procedure would not correct the alleged violation.

(20 U.S.C. 1080, 1082, 1088f-1)

§ 682.704 Emergency action.

(a) The Secretary, through a designated ED official, may take emergency action to stop issuing insurance com-

80-113 O—82——34

mitments to a lender if the designated ED official—

(1) Receives information, which the official believes to be reliable, that the lender is violating applicable laws, regulations, special arrangements, agreements, or limitations;

(2) Determines that immediate action is necessary to prevent the likelihood of substantial losses by the Federal Government or students; and

(3) Determines that the likelihood of loss outweighs the importance of following the procedures for limitation, suspension, or termination.

(b) The designated ED official begins an emergency action by notifying the lender, by certified mail with return receipt requested, of the action and the reasons for it. The effective date of the action is the date that the notice is mailed.

(c) An emergency action does not exceed 30 days unless a limitation, suspension, or termination proceeding is begun before that period expires. In that event, the emergency action may be extended until the completion of the proceeding, including any appeal that may be made to the Secretary.

(d) If a limitation, suspension, or termination proceeding is begun, the Secretary provides the lender, upon request, an opportunity to demonstrate that the emergency action is unwarranted.

(20 U.S.C. 1080, 1082, 1088f-1)

§ 682.705 Suspension proceedings.

(a) *Scope and consequences.* A suspension removes a lender's eligibility under the FISLP for a period of time. That period does not exceed 60 days from the effective date of the suspension unless—

(1) The lender and the designated ED official agree to an extension, if the lender has not requested a hearing; or

(2) The designated ED official begins a limitation or termination proceeding.

(b) *Procedure.* (1) The designated ED official begins a suspension proceeding by sending a notice to the lender by certified mail with return receipt requested. In the notice, the designated ED official—

(i) Informs the lender of the Secretary's intent to suspend the lender's eligibility, cites the consequences of that action, and identifies the alleged violations on which that action is based;

(ii) Specifies the proposed effective date of the suspension, which is at least 20 days after the date of mailing of the notice of intent;

(iii) Informs the lender that the suspension will not take effect on the date specified in the notice if the designated ED official receives, at least five days before that date, a request for a hearing or written material showing why the suspension should not take place; and

(iv) Asks the lender to voluntarily correct the alleged violation(s).

(2) If the lender does not request a hearing but submits written material the designated ED official considers that material and notifies the lender that—

(i) The proposed suspension is dismissed; or

(ii) The suspension is effective as of a specified date.

(3) If the lender requests a hearing by the time specified in paragraph (b)(1)(iii) of this section the designated ED official sets the date and place. The date is at least 15 days after the designated ED official receives the request. No suspension takes place until a hearing is held.

(4) A presiding officer conducts the hearing and a written record of the hearing is made.

(5) At the hearing, the presiding officer shall consider any written material presented before the hearing and all other evidence presented during the hearing.

(6) If the presiding officer concludes that the suspension is warranted, the presiding officer issues an initial decision suspending the lender's eligibility.

(7) The Secretary reviews the initial decision of the presiding officer and issues a final decision. The Secretary adopts the initial decision unless it is clearly unsupported by the evidence.

(c) Notice of the suspension is promptly mailed to the lender. The suspension takes effect either on the date that the initial decision notice is mailed to the lender or on the original

proposed effective date stated in the notice of intent, whichever is later.

(d) If the designated ED official begins a limitation or termination proceeding before the suspension period ends, the suspension period may be extended until the completion of that proceeding, including any appeal to the Secretary.

(20 U.S.C. 1080, 1082, 1088f-1)

§ 682.706 Limitation or termination proceedings.

(a) *Scope and consequences.* A limitation or termination either—

(1) Limits in a specified manner the eligibility of a lender to participate in the FISLP; or

(2) Removes the eligibility of a lender to make any new FISLP loans.

(b) *Procedure.* (1) The designated ED official begins a limitation or termination proceeding, whether or not a suspension proceeding has begun, by sending the lender a notice by certified mail with return receipt requested. In the notice, the designated ED official—

(i) Informs the lender of the Secretary's intent to limit or terminate the lender's eligibility, cites the consequences of that action, identifies the alleged violations on which that action is based, and in the case of a limitation states the limits which may be imposed;

(ii) Specifies the proposed effective date of the limitation or termination, which is a least 20 days after the date of mailing of the notice of intent;

(iii) Informs the lender that the limitation or termination will not take effect on the date specified in the notice if the designated ED official receives, at least 5 days before that date, a request for a hearing or written material showing why the limitation or termination should not take place; and

(iv) Asks the lender to voluntarily correct the alleged violation(s).

(2) If the lender does not request a hearing but submits written material the ED official considers that material and notifies the lender that either—

(i) The proposed action is dismissed;

(ii) Limitations are effective as of a specified date; or

(iii) The termination is effective as of a specified date.

(3) If the lender requests a hearing by the time specified in paragraph (b)(1)(iii) of this section the designated ED official sets the date and place. The date is at least 15 days after the designated ED official receives the request. No proposed limitation or termination takes place until after a hearing is held.

(4) A presiding officer conducts the hearing, and a written record of the hearing is made.

(5) At the hearing the presiding officer shall consider any written material presented before the hearing and all other evidence presented during the hearing.

(6) If the presiding officer concludes that limitation or termination is warranted the presiding officer issues an initial decision that limits or terminates the lender's eligibility.

(7) If a termination action is brought against a lender, and the presiding officer believes a limitation to be more appropriate, the presiding officer may issue a decision imposing one or more limitations on a lender rather than terminating its eligibility.

(c) *Expedited hearings.* With the approval of the presiding officer and the consent of the designated ED official and the lender any time schedule specified in this section may be shortened.

(20 U.S.C. 1080, 1082, 1088f-1)

§ 682.707 Initial and final decisions.

(a) The presiding officer issues an initial decision in any limitation, suspension, or termination proceeding based on findings of fact and conclusions of law. The presiding officer shall base findings of fact only on evidence considered at the hearing and matters given official notice. The presiding officer's initial decision is mailed promptly to the lender.

(b) In a suspension proceeding, the Secretary reviews the presiding officer's initial decision and issues a final decision. The Secretary adopts the initial decision unless it is clearly unsupported by the evidence.

(c) (1) In a limitation or termination proceeding, the presiding officer's initial decision automatically becomes the Secretary's final decision 20 days after it is issued unless, within that 20-

day period, the lender or designated ED official appeals the decision to the Secretary.

(2) Within a period of time specified by the Secretary the appealing party may submit additional written material including exceptions to the initial decision, proposed findings and conclusions, and supporting briefs and statements. The Secretary sets a time by which the opposing party shall respond. Any party submitting material to the Secretary shall provide a copy to each party that participated in the hearing.

(3) The presiding officer's initial decision limiting or terminating the lender's eligibility does not take effect pending the appeal, unless the Secretary determines that a stay of the effective date would seriously and adversely affect the FISLP or students.

(4) After an appeal the Secretary issues a final decision affirming, modifying, or reversing the initial decision, including a statement of reasons for the Secretary's decision.

(20 U.S.C. 1080, 1082, 1088f-1)

§ 682.709 Effect of suspension or termination proceeding.

After the effective date of a lender's suspension or termination, the Secretary does not insure new loans made by that lender. Also, the Secretary may prohibit the lender from making further disbursements on a loan for which an insurance commitment already has been issued.

(20 U.S.C. 1080, 1082, 1088f-1)

(b) A limit on the number or total amount of FISLP loans a lender may make to students at a particular school; and

(c) Other reasonable requirements or conditions.

(20 U.S.C. 1080, 1082, 1088f-1)

§ 682.711 Reimbursements, refunds, and offsets.

(a) The Secretary, designated ED official, or presiding officer may require a lender to take reasonable corrective action to remedy a violation of applicable laws, regulations, special arrangements, agreements, or limitations.

(b) The corrective action may include payment to the Secretary or to designated recipients of any funds that the lender improperly received, withheld, disbursed, or caused to be disbursed. Corrective action may, for example, relate to—

(1) Interest benefits, special allowance, or other claims paid by the Secretary; or

(2) Required refunds to students, in the case of a school lender.

(c) If a final decision requires a lender to reimburse or make any payment to the Secretary, the Secretary may offset these claims against any benefits or claims due the lender.

(20 U.S.C. 1080, 1082, 1088f-1)

§ 682.712 Reinstatement after termination.

(a) A lender whose eligibility has been terminated may file a request for reinstatement of its eligibility. This request may not, however, be filed within 18 months of the effective date of the termination.

(b) The reinstatement request must be in writing and must show that the lender has corrected the violation(s) on which its termination was based and meets all qualifications for eligibility.

(c) A school lender whose eligibility as a participating school has been terminated under 34 CFR Part 668, General Provisions for Student Assistance Programs, may not be reinstated as a FISLP lender until it is reinstated as a participating school. However, the school may request reinstatement as both a school and a lender at the same time.

(d) The Secretary, within 60 days of receiving the reinstatement request—

(1) Grants the request;

(2) Denies the request; or

(3) Grants the request subject to limitations.

(e) (1) If the Secretary denies the lender's request or allows reinstatement subject to limitation(s) the lender, upon request, will be granted an opportunity, including a meeting, to show why it should be fully reinstated.

(2) A lender that is reinstated with limitations may participate in the FISLP under the limitations pending this appeal.

(20 U.S.C. 1080, 1082, 1088f-1)

Appendix A—Standards for Acceptable Refund Policies by Participating Schools

For purposes of § 682.608(b), the Secretary considers guidelines VI, VII, and VIII of the following document to be acceptable elements of a fair and equitable school refund policy. The document, which is reproduced in its entirety for the convenience of the reader, was developed by the National Association of College and University Business Officers. The document does not affect a school's obligation to comply with other Department of Education regulations.

Policy Guidelines for Refund of Student Charges

(I) *The governing board of the institution should review and approve the schedule of all institutional charges and refund policies applicable to students.* The pricing of services and refund policies have important consequences to students, parents, the institution, and society; as such, pricing and refund policies should receive board attention and approval.

(II) *Institutions should seek consumer views in the process of establishing and amending charge and refund structures.* Decisions regarding institutional funds are ultimately the sole responsibility of the institution's legally designated fund custodians. However, consumer concerns do affect decision making, and involving consumers in decision making related to charges and refunds is a desirable approach for assessing student needs and creating public awareness of institutional requirements.

(III) *Institutions should publish a current schedule of all student charges, a statement of the purpose for such charges, and related refund policies, and have them readily available free of charge to current and prospective students.* Students and parents have a right to know what charges they will be expected to pay and what will or will not be refunded. They also have a right to know what services accompany payment of the charges. Informational materials published free for students and prospective students are ideal for this purpose.

(IV) *Institutions should clearly designate all optional charges as "optional" in all published schedules and related materials. Clearly, charges that are mandatory and charges that are optional must be plainly differentiated in all printed materials.* Also, the institution should state clearly in its schedule if a charge is optional for some students but required for others. Statements accompanying the schedule may include institutional endorsements of the optional program or service.

(V) *Institutions should clearly identify charges and deposits that are nonrefundable as "nonrefundable" on all published schedules.* Institutions determine on an individual basis which of their charges are refundable or non-refundable. In general, admission fees, application fees, laboratory fees, facility and student activity fees, and other similar charges are not refundable. These fees are generally charged to cover the cost of activities such as processing applications and other student information, reserving academic positions, and establishing the limits of institutional programs and services, reserving housing space, and otherwise setting the fixed costs of the institution for the coming academic periods.

Institutions determine on an individual basis which of their deposits are refundable or nonrefundable. Some deposits will be nonrefundable or will be credited to a student's account (e.g., tuition deposits). Others are refundable according to the terms of the deposit agreement (e.g., deposits for breakage).

(VI) *Institutions should refund housing rental charges, less a deposit, so long as written notification of cancellation is made prior to a well-publicized date that provides reasonable opportunity to make the space available to other students.* Written notification on or before the beginning of the term of the contract is necessary to ensure utilization of housing units. During the term of the contract, room charges are generally not refundable. However, based on the program offered, space availability, debt service requirements, State and local laws, and other individual circumstances, institutions may provide for some more flexible refund guideline for housing.

(VII) *Institutions should refund board charges in full, less a deposit, if written notification of cancellation is made prior to a well-publicized date that falls on or before the beginning of the term of the contract. Subsequent board charges should be refunded on a pro rata basis less a withdrawal fee.* It is reasonable to make a refund for those goods and services not consumed. The withdrawal charge should reflect that portion of an institution's costs that are fixed for the term of the contract.

(VIII) *The institutional tuition refund policy for an academic period should include the following minimum guidelines:*

A. *The institution should refund 100 percent of the tuition charges, less a deposit fee, if written notification of cancellation is made prior to a well-publicized date that falls on or before the first day of classes.*

B. *The institution should refund at least 25 percent of the tuition charge if written notification of withdrawal is made during the first 25 percent of the academic period.* It is reasonable to refund tuition charges on a sliding scale if a student withdraws from his or her program prior to the end of the first 25 percent of the academic period unless state law imposes a more restrictive refund policy.

(IX) *The institution should assess no penalty charges where the institution, as opposed to the student, is in error. The institution should make refunds in cases where the institution has assessed charges in error.* Penalty charges, such as those involving late registration fees, change of schedule fees, late payment fees, should not be assessed if it is determined that the student is not responsible for the action causing the charge to be levied.

(X) *Institutions should advise students that any notifications of withdrawal or cancellation and requests for refund must be in writing and addressed to the designated institutional officer.* A student's written notification of withdrawal or cancellation and request for a refund provides an accurate record of transactions and also ensures that such request will be processed on a timely basis. Acceptance of oral requests is an undesirable practice.

(XI) *Institutions should pay or credit refunds due on a timely basis.* The definition of "timely basis" should include the time required to process a formal student request for refund, to process a check if required, and to allow for mail delivery, when necessary. If an institution has a policy that a refund of an inconsequential amount will not be made, this policy should be published in part of all materials related to refund policies.

(XII) *Institutions should publicize, as a part of their dissemination of information on charges and refunds, that an appeals process exists for students or parents who feel that individual circumstances warrant exceptions from published policy. The informational materials should include the name, title, and address of the official responsible.* Although charges and refund policies should reflect extensive consideration of student and institutional needs, it will not be possible to encompass in these structures the variety of personal circumstances that may exist or develop. Institutions are required to provide a system of due process to their students, and charges and refund policies are legitimately a part of that process. Students and parents should be informed regularly of procedures for requesting information concerning exceptions to published policies.

by the institution he or she is attending as determined under paragraph (b);

(ii) An allowance for room and board expenses for an academic year, as determined under paragraph (c);

(iii) A reasonable allowance determined by the institution for books and supplies for an academic year;

(iv) A reasonable allowance determined by the institution for transportation for an academic year. This allowance may include—

(B) The cost of travel required for completion of a course of study;

(v) A reasonable allowance determined by the institution for miscellaneous personal expenses for an academic year;

(viii) A reasonable allowance determined by the institution for a handicapped student's expenses for an academic year related to his or her handicap, if these expenses are not provided for by any other assisting agency or program. This allowance may include expenses related to special services, transportation, equipment and supplies.

(2) If another agency or program provides assistance for any expenses related to a student's handicap, thereby reducing the student's costs, the institution shall document such assistance as part of the student's financial aid record.

(3) For purposes of this section, a handicapped student is a student who meets the definition contained in section 602(1) of the Education of the Handicapped Act. Accordingly, a handicapped student is a student who is mentally retarded, hard of hearing, deaf, speech impaired, visually handicapped, seriously emotionally disturbed, or orthopedically impaired, or is otherwise health impaired or has specific learning disabilities which require special education and related services.

(4) The institution shall take into account when determining a student's cost of attendance—

(i) The period for which the loan is intended; and

(ii) Whether the student is enrolled on a full-time or less than full-time basis.

(20 U.S.C. 1089)

(b) *Tuition and fees.* (1) An institution shall determine the tuition and fees charged a full-time student by calculating—

(i) The actual amount charged the full-time student for tuition and fees for an academic year; or

(ii) The average amount it charges full-time students for tuition and fees for an academic year.

(2) If an institution establishes its tuition and fee charges on a residency requirement basis (e.g., In-State and Out-of-State) and elects to calculate an average tuition and fee charge, it shall establish a separate average charge for each different residency based classification.

(3) An institution may determine a separate average charge for any other distinct classification upon which it bases tuition and fee charges.

(4) An institution shall determine the tuition and fees charged a less than full-time student by—

(i) Calculating the actual amount it charges the student for tuition and fees for an academic year; or

(ii) Reducing the amount it calculated under paragraphs (b)(1), (2) or (3) of this section to reflect the less than full-time enrollment of that student.

(20 U.S.C. 1089)

(c) *Room and board.* (1) The institution shall calculate a student's room and board allowance as follows—

(i) For a student who has no dependents and lives with his or her parent(s), an allowance of $1,100;

(ii) For a student who has no dependents and lives in institutionally owned or operated housing—

(A) The acutal amount charged the student for room and board for an academic year; or

(B) A standard allowance based on the average amount it charges most of its student residents for room and board for an academic year;

(iii) For a student who has no dependents and does not live with his or her parent(s) or in institutionally owned or operated housing, a standard allowance determined by the institution for room and board for an academic year; or

(iv) For a student who has dependents, an allowance determined by the institution for room and board for an academic year based upon expenses incurred by the student and his or her dependent(s).

(2) For purposes of this section, a spouse is considered a dependent.

(20 U.S.C. 1089)

(d) *Attendance costs for students in correspondence study programs.* The cost of attendance for a student enrolled in a correspondence study program means—

(1) Actual tuition and fees charged to the student for an academic year;

(2) A reasonable allowance determined by the institution for books and supplies for an academic year, if required for the completion of the program; and

(3) If incurred in fulfilling a required period of residential training, expenses for—

(i) Room and board; and

(ii) Travel between the student's residence and the institution.

(20 U.S.C. 1089)

(e) *Attendance costs for students whose program length exceeds the academic year at institutions using clock hours.* The cost of attendance for a student enrolled in an institution measuring progress in clock hours who is charged tuition and fees for a program whose length exceeds the length of the academic year at the institution, is determined by adding—

(1) Tuition and fees × clock hours in the academic year ÷ clock hours in the program plus

(2) Room and board and other applicable allowances determined under paragraphs (a) and (c).

(f) *Required documentation.* An institution must be able to justify and document the cost of attendance figures established under this section.

(5) The payment period for an eligible part-time student shall be calculated as follows:

(i) Determine the length of time it would take a full-time student in the program to complete one academic year or a program of less than one academic year, as appropriate.

(ii) The first payment period is the period of time in which the part-time student completes half the work (in credit or clock hours) he or she is scheduled to complete in the period referred to in paragraph (d)(5)(i) of this section.

(iii) The second payment period begins when the first payment period ends and ends when the student completes the other half of the work that he or she was scheduled to complete in the period referred to in paragraph (d)(5)(i) of this section.

(iv) Each subsequent payment period begins when the previous period ends and ends when the part-time student completes—

(A) Half the work he or she is scheduled to complete during the period of time referred to in paragraph (d)(5)(i) of this section, or

(B) The remaining hours of his or her educational program whichever is completed first.

(6) If an RDS institution chooses to have more than two payment periods in an academic year or in a program of less than an academic year, the rules set forth in paragraphs (d)(2) through (d)(5) of this section shall be modified to reflect the number of payment periods. For example, if an institution chooses to have three payment periods for an academic year, each payment period shall correspond, for a full-time student, to one-third of the academic year.

(e) *Payment period for an institution using the Regular Disbursement System that uses academic terms.*

(1) For an RDS institution that uses semesters, trimesters, quarters or other academic terms, the payment period is the semester, trimester, quarter or other academic term.

(2) If a student's progress is measured in clock hours, a student may not be paid for a subsequent payment period until he or she finishes the hours of the previous payment period for which the student has already been paid.

(f) *Payment period for an institution using the Alternate Disbursement System.* A payment period for an institution participating in the Pell Grant program under the Alternate Disbursement System (ADS institution) shall be calculated as follows:

(1) If an ADS institution uses semesters, trimesters, quarters or other academic terms and measures progress in credit hours, the payment period is the semester, trimester, quarter or other academic term.

(2) If an ADS institution measures progress in clock hours, or measures progress in credit hours but does not use academic terms, it shall have at least two payment periods. The payment periods shall be calculated as follows:

(i) If the student's academic year is within one award year and the student's educational program is at least one academic year—

(A) The first payment period is the period of time in which the student completes the first half of his or her academic year, and

(B) The second payment period is the period of time in which the student completes the second half of his or her academic year.

(ii) If the student's academic year is NOT within one award year or the student's educational program is LESS than a full academic year—

(A) The first payment period is the period of time in which the student completes the first half of the hours he or she is scheduled to complete within the award year, and

(B) The second payment period begins when the first payment period ends and ends when the student completes all hours he or she was scheduled to complete between the beginning of the second payment period and June 30.

(iii) A student with incompleted hours for the second payment period of any award year may complete them during the following award year. In this case, if the student's educational program is more than an academic year, the first payment period of the new award year begins when the student finishes all carried over hours for which he or she was paid.

(1) Is a regular student.

(2) Is enrolled as at least a half-time undergraduate student at an institution of higher education;

(3) Is enrolled in an eligible program as a regular student, as defined in § 690.3; and

(4)(i) Is a U.S. citizen or National,

(ii) Is a permanent resident of the U.S.,

(iii) Provides evidence from the Immigration and Naturalization Service that he or she is in the United States for other than a temporary purpose with the intention of becoming a citizen or permanent resident, or

(iv) Is a permanent resident of the Trust Territory of the Pacific Islands, or the Northern Mariana Islands.

(b) A member of a religious order, community, society, agency or organization who is pursuing a course of study in an institution of higher education will be considered as having an expected family contribution of at least $2,401 if that religious order—

(2) Requires its members to forego monetary or other support substantially beyond the support it provides; and

(3)(i) Has directed the member to pursue the course of study, or

(ii) Provides subsistence support to its members.

(20 U.S.C. 1070a)

§ 690.5 Duration of student eligibility.

A student is eligible to receive a Pell Grant for the period of time required to complete the first undergraduate baccalaureate course of study being pursued by that student.

(20 U.S.C. 1070a)

§ 690.6 Pell Grant payments from more than one institution.

A student will not be entitled to receive Pell Grant payments concurrently from more than one institution or from the Secretary and an institution.

(20 U.S.C. 1070a)

§ 690.7 Institutional eligibility.

(a)(1) An institution of higher education is eligible to participate in the Pell Grant Program if it—

(i) Meets the appropriate definition set forth in 34 CFR 668, Subpart A,

(ii) Enters into a program participation agreement with the Secretary, and

(iii) Complies with that agreement and with the applicable provisions of 34 CFR Part 668 of this title, "Student Assistance General Provisions."

(2) If an institution becomes eligible during an award year, a student enrolled and attending that institution will be eligible to receive a Pell Grant for the payment period during which the institution became eligible and any subsequent payment period.

(b)(1) An institution of higher education becomes ineligible to participate in the Pell Grant Program if it no longer meets the applicable definition set forth in Part 668 of this title, or if its eligibility is terminated under the procedures set forth for terminating institutions in Part 668 of this title.

(2) If an institution becomes ineligible during an award year, an eligible student who was attending the institution and who submitted a valid SER to the institution, or to the Secretary if the institution participates under the Alternate Disbursement System (ADS), before the date the institution became ineligible, will be paid a Pell Grant for that award year for—

(i) The payment period that the student completed before the institution became ineligible, and

(ii) The payment period in which the institution became ineligible.

(c) An institution participating in the program under ADS which becomes ineligible must provide the Secretary with the name and enrollment status of each student who applied for and was determined eligible for a Pell Grant who was attending the institution when its eligibility was terminated.

(d) An institution participating in the program under the Regular Disbursement System which becomes ineligible must supply to the Secretary—

(1) The name and enrollment status of each eligible student who, during the award year, submitted a valid SER to the institution before it become ineligible.

(2) The amount of funds paid to each Pell Grant recipient for that award year.

(3) The amount due to each student eligible to receive a Pell Grant through the end of the payment period; and

(4) An accounting of the Pell Grant expenditures for that award year to the date of termination.

(20 U.S.C. 1070a)

§ 690.8 Consortium agreements.

(a) A consortium agreement is a written agreement between at least two institutions which enables an enrolled student in an eligible program at one institution to take courses at other institutions which apply towards his or her certificate or degree at the first institution.

(b) If two eligible institutions have entered into a consortium agreement, the institution at which the student is enrolled and expects to receive a degree or certificate calculates and pays the student's Pell Grant. However, if the student is attending an institution *other* than the institution at which he or she is enrolled and expects to receive a degree, the institution at which the student is actually in attendance may pay the student's Pell Grant if both institutions agree in writing to that arrangement.

(c) The institution which calculates and pays the student a Pell Grant must take into account courses taken by the student at both institutions in determining the student's enrollment status and cost of attendance.

(20 U.S.C. 1070a)

§ 690.9 Determination of enrollment status under special circumstances.

(a) Non-credit remedial courses.

(1) When calculating a student's enrollment status, neither the institution nor the Secretary may count any course in a program of instruction leading to a high school diploma or the recognized equivalent of a high school diploma, even if the course is necessary to enable the student to complete the degree or certificate program.

(2) Except as provided in paragraph (a)(1) of this section, in determining a student's enrollment status, the institution and Secretary will include any non-credit remedial course in which the student is enrolled. If a non-credit remedial course is not measured by clock or credit hours, the institution must determine the equivalent number of clock or credit hours which should be included for that work. A non-credit remedial course is a course of study for which no credit is given toward a certificate or degree and which is designed to increase the ability of the student to pursue an undergraduate course of study leading to that certificate or degree.

(b) Combination of regular and correspondence study.

(1) If—in addition to regular coursework—an eligible student takes correspondence courses from either his or her own institution or another institution under a consortium agreement with the student's institution, the correspondence work may be included in determining the student's enrollment status.

(2) Except as noted in subparagraph (3), the correspondence work that will be included is that amount of work which—

(i) Applies toward the student's degree or certificate or is remedial work necessary for the student to proceed in his or her course of study;

(ii) Is completed within the period of time required for regular course work; and

(iii) Does not exceed the amount of the student's regular course work.

(3) Notwithstanding paragraph (b)(2)(iii), a student who would be a half-time student based solely on his or her correspondence work will be considered a half-time student unless the calculation in subparagraph (b)(2) indicates a greater status.

(20 U.S.C. 1070a)

§ 690.10 Administrative cost allowance to participating schools.

(a) The Secretary will pay to each participating institution an amount equal to $5 per award year for each student who receives a Pell Grant at that institution for that year.

(b) All funds an institution receives under this section must be used solely for the institution's costs of administering the Pell Grant, Supplemental Educational Opportunity Grant, College Work-Study and National Direct Student Loan programs.

(a) An applicant may request a recomputation of his or her expected family contribution if he or she believes a clerical or arithmetic error has occurred, or if the information submitted was inaccurate when the application was signed.

(b) A request for recomputation must be made on an approved form and must be received by the Secretary no later than the annual deadline unless the recomputation is necessary because of a request made by the Secretary to verify information.

(a) The effective incomes of (1) the student and his or her spouse, and (2) the student's parent(s).

(b) The number of family members in the household of the student's parent(s).

(20 U.S.C. 1070a(a)(3)(B)(ii))

§ 690.32 Special definitions.

For purposes of this subpart:

"Assets" means cash on hand, including amounts in checking and savings accounts, trusts, stocks, bonds, other securities, real estate, home (if owned), income producing property, business equipment, and business inventory.

However, for Native American students, the following shall not be considered as an asset of the student or his or her family in determining the expected family contribution:

(a) Any property received under the Distribution of Judgment Funds Act (25 U.S.C. 1401, et seq.) or the Alaska Native Claims Settlement Act (43 U.S.C. 1601, et seq.),

(b) Any property that may not be sold or encumbered without the consent of the Secretary of Interior, or

(c) Any other property held in trust for the student or his family by the United States Government.

"Business assets" means property that is used in the operation of a trade or business, including real estate, inventories, buildings, machinery and other equipment, patents, franchise rights, and copyrights.

"Dependent of the student's parents" means:

(a) The student,

(b) Any of the student's dependent children,

(c) Dependent children of the student's parents including those children who have been determined as to be "dependent students" when applying for Title IV student assistance, and

(d) Other persons (except the student's spouse) who live with and receive more than one-half of their support from the parents and will continue to receive more than half of their support from the parents.

"Dependent student" means any student who does not qualify as an independent student as defined in § 690.42(a).

"Dependent student offset" means (a) an offset from the effective income of a dependent student and his or her spouse to meet the basic needs of the student and spouse, plus (b) the portion of negative parental discretionary income that will not be used to offset the normal contribution from parental assets.

"Effective family income" and "effective income of the student and spouse" are described in §§ 690.33 and 690.33a, respectively.

(20 U.S.C. 1070a(a)(3)(B)(iii))

"Employment expense offset" means an allowance to meet expenses relating to employment when both parents are employed or when one parent qualifies as a surviving spouse or as head of a household under section 2 of the Internal Revenue Code.

(20 U.S.C. 1070a(a)(3)(B)(ii)(V))

"Family size offset" means an allowance to meet the subsistence expenses of a family, including food, shelter, clothing, and other basic needs. This offset is derived from the "Weighted Average Thresholds at the Low Income Level," as developed by the Social Security Administration.

"Farm assets" means any property owned and used in the operation of a farm for profit, including real estate, livestock, livestock products, crops, farm machinery, and other equipment inventories. A farm is not considered to be operated for profit if crops or livestock are raised mainly for the use of the family, even if some income is derived from incidental sales.

"Federal income tax" means (a) the tax on income paid to the U.S. Government under chapter 2 of the Internal Revenue Code, or (b) the tax on income paid to the Governments of Puerto Rico, Guam, American Samoa, the Virgin Islands, the Northern Mariana Islands, or the Trust Territory of the Pacific Islands under the laws applicable to those jurisdictions, or (c) the comparable taxes paid to the central government of a foreign country.

"Legal guardian" means an individual who has been appointed by a court to be a legal guardian of a person and who is specifically required by the court to use his or her own financial resources to support that person.

(20 U.S.C. 1070a(a)(3)(B)(iii))

"Medical expenses" means unreimbursed medical and dental expenses, except premiums for medical insurance, that may be deducted under section 213 of the Internal Revenue Code that were paid in 1980, unless the student files an application with the Secretary under the provisions of § 690.39. In that case the expenses reported are those paid in 1981.

"Net assets" means the current market value at the time of application of the assets included in the definition of "assets" minus the outstanding liabilities (indebtedness) against those assets.

"Parent" means the student's mother, father or legal guardian. An adoptive parent is considered to be the student's mother or father.

80-113 O—82——35

§ 690.33 Effective family income.

(a) Effective family income is the annual adjusted family income minus the Federal income tax paid or payable for the year that adjusted gross income is used in the calculation of the student's Pell Grant.

(b) "Annual adjusted family income" means, except as provided in paragraphs (c), (d), (e), (f), and (g) of this section, and § 690.39—

(1) The sum received in 1980 by the student's parents from—

(i) Adjusted gross income, as defined in section 62 of the Internal Revenue Code;

(ii) Investment income upon which no Federal income tax need be paid. An example of such income is the interest on municipal bonds; and

(iii) Other income upon which no Federal income tax is paid. Examples of such income include child support payments, income from income maintenance programs such as welfare benefits, and Social Security benefits;

(2) Any Social Security benefits paid to the student in 1980; and

(3) One-half of any veteran's benefits to be paid to the student under chapters 34 and 35 of the United States Code for the 1981–82 award period.

(c) For a Native American student, the annual adjusted family income does not include the income received by the student's parents under the Distribution of Judgment Funds Act (25 U.S.C. 1401, et seq.) or the Alaska Native Claims Settlement Act (43 U.S.C. 1601, et seq.).

(d) For a student whose parents are divorced or separated, the following procedures apply for reporting a parent's income to determine the annual adjusted family income—

(1) Report only the income, as described in paragraph (b) of this section, of the parent with whom the student resided for the greater portion of the 12-month period preceding the date of the application.

(2) If the preceding criterion does not apply, report only the income of the parent who provided the greater portion of the student's support for the 12-month period preceding the date of application.

(3) If neither of the preceding criteria apply, report only the income of the parent who provided the greater support for the period commencing January 1, 1980 and ending 12 months prior to the date of application.

(e) If either of the parents have died, the student shall report only the income of the surviving parent. If both parents have died, the student shall not report any parental income.

(f) The following rule applies if either a parent whose income is taken into account under paragraph (d) of this section, or a parent who is a widow or widower and whose income is taken into account under paragraph (e) of this section, has remarried. The income of that parent's spouse shall be included in determining the student's annual adjusted family income if, in either 1980 or 1981, the student—

(1) Has received or will receive financial assistance of more than $1,000 in either of those years from that spouse, or

(2) Has lived or will live for more than six weeks in either of those years in the home of the parent and that spouse.

(g) The annual adjusted family income does not include any student financial assistance except those veteran's benefits cited in paragraph (b)(3) of this section.

(20 U.S.C. 1070a(a)(3)(B))

§ 690.33a Effective student income.

(a) Effective student income is the annual adjusted income of the student (and spouse for a married student) minus the Federal income tax paid or payable for the year that adjusted gross income is used in the calculation of the student's Pell Grant. However, if estimated income is used, as provided by paragraph (f) of this section, estimated Federal income taxes will not be subtracted in determining the effective student income.

(b) "Annual adjusted income of the student and spouse" means, except as provided in paragraphs (c), (d), (e) and (f) of this section, and § 690.39—

(1) The sum received in 1980 by the student and spouse from—

(i) Adjusted gross income, as defined in section 62 of the Internal Revenue Code;

(ii) Investment income upon which no income tax need be paid. An example of such income is the interest on municipal bonds; and

(iii) With the exception of Social Security benefits for the student, other income upon which no Federal income tax is paid. Examples of such income include child support payments, and income from income maintenance programs such as welfare benefits.

(c) For a Native American student, the annual adjusted income of the student and spouse does not include the income received by the student or spouse under the Distribution of Judgment Funds Act (25 U.S.C. 1401, et seq.) or the Alaska Native Claims Settlement Act (43 U.S.C. 1601, et seq).

(d) If a student who is divorced or separated, or if his or her spouse has died, the spouse's income shall not be considered in determining the "annual adjusted income of the student and spouse".

(e) The annual adjusted income of the student and spouse does not include any student financial assistance.

(f) If a student estimates that his or her income plus the income of his or her spouse, in the period of June 1, 1981 through May 31, 1982, will not exceed 60 percent of effective student income for 1980, effective student income will be the income estimated for that period. Estimated income includes only the income categories listed in paragraph (b).

(20 U.S.C. 1070a(a)(3)(B))

§ 690.34 Computation of the expected family contribution for a dependent student from the effective family income.

The expected family contribution for a dependent student from effective family income is calculated as follows:

(a) Determine the parents' discretionary income by deducting the following offsets from the effective family income:

(1) A family size offset in the amount specified in the following table:

FAMILY SIZE OFFSETS

Family members	Amount
2	$5,000
3	6,050
4	7,700
5	9,050
6	10,250
7	11,350
8	12,550
9	13,750
10	14,850

Plus $1,150 for each additional family member over 10.

In determining the family size, the following rules apply—

(i) If the parents are not divorced or separated, family members include the student's parents, and the dependents of the student's parents.

(ii) If the parents are divorced or separated and not remarried, family members include the parent whose income is included in computing the effective family income and that parent's dependents.

(iii) If the parents are divorced and the parent whose income is included in computing the effective family income has remarried, or if the parent was a widow or widower who has remarried, family members also include, in addition to those people referenced in paragraph (a)(1)(ii) of this section, the new spouse and any dependents of the new spouse if that spouse's income is included in determining the effective family income.

(2) An unusual expense offset equal to the amount by which the sum of unreimbursed medical and dental expenses exceeds 20 percent of the effective income of the parents. The expenses that may be reported are those expenses paid by the student's parents during 1980, unless the student files an application with the Secretary under the provisions of § 690.39. In that case, the expenses reported will be those paid in 1981. The expenses of both parents are included only if the incomes of both are subject to inclusion in determining the effective family income. Similarly, a stepparent's expenses are included only if his or her income was subject to inclusion.

(3) An employment expense offset in the amount specified as follows—

(i) If both parents were employed in the year for which their income is reported and both have their incomes reported in determining the expected family contribution, use the lesser of $1500 or 50 percent of the earned income (income earned by work) of the parent with the lesser earned income.

(ii) If a parent qualifies as a head of household as defined in section 2 of the Internal Revenue Code, use the lesser of $1500 or 50 percent of his or her earned income. The earned income figure to be used in all cases is that figure for 1980 unless the student files an application with the Secretary under the provisions of § 690.39. In that case, the figure to be used is the one for 1981.

(4) An educational expense offset equal to the tuition paid by the student's parents for dependent children, other than the student, enrolled in elementary or secondary school. The tuition which may be reported is the tuition paid in 1980 unless the student files an application with the Secretary under the provisions of § 690.39. In that case, the tuition reported will be that paid in 1981.

(b) If the parents' discretionary income is a positive amount, multiply it by 10.5 percent to determine the expected contribution from the effective family income. If the parent's discretionary income is negative, there is no expected contribution from the effective family income.

(20 U.S.C. 1070a(a)(3)(B))

[46 FR 5322, Jan. 19, 1981, as amended at 46 FR 16823, Mar. 13, 1981]

§ 690.34a Computation of the expected family contribution for a dependent student from the effective student income.

The expected family contribution for a dependent student from effective student income is calculated as follows:

(a) Determine the student's discretionary income by deducting from the effective student income the relevant dependent student offset.

(1) If the parental discretionary income is positive, the offset is as follows:

DEPENDENT STUDENT OFFSETS

Single student	$2,650
Married student	3,850

(2) If the parental discretionary income is negative, the relevant offset in paragraph (1) is increased by the amount of that negative parental discretionary income minus any amount of the negative parental discretionary income that will be used as an offset against the contribution from parental assets in § 690.35(d).

(b) If the student's discretionary income is a positive amount, multiply it by one of the following figures to determine the expected contribution from effective student income:

(1) 75 percent for the single dependent student, or

(2) 25 percent for the married dependent student.

(c) If the student's discretionary income is negative, there is no expected contribution from the effective student income.

(20 U.S.C. 1070a(a)(3)(B))

[46 FR 5322, Jan. 19, 1981, as amended at 46 FR 16823, Mar. 13, 1981]

§ 690.35 Computation of the expected contribution from parental assets.

The expected contribution from parental assets is determined in the following manner:

(a) If the net assets do not include farm or business assets, deduct an asset reserve of $25,000 from the net assets.

(b) If the net assets include farm or business assets as defined in § 690.32, deduct an asset reserve from the net assets as follows—

(1) If farm or business assets are less than farm or business debts, deduct an asset reserve of $25,000 from the net value of all assets.

(2) If farm or business assets exceed farm or business debts, and the net value of non-farm and non-business assets is *$25,000 or more,* deduct an asset reserve of,

(i) $25,000 from non-farm and non-business assets, and

(ii) $25,000 from farm and business assets.

(3) If farm or business assets exceed farm or business debts and the net value of non-farm and non-business assets is *less than $25,000*, deduct an asset reserve of $50,000 from the net value of all assets.

(4) If the result obtained in paragraphs (b)(1), (2)(ii), or (3) is a negative amount, it shall be changed to zero.

(c) Normally the expected contribution from parental assets equals five percent of the remainder obtained in paragraph (a) or (b).

(d) However, if the calculation of discretionary income required by § 690.34(a) produces a negative number, the expected contribution from parental assets, calculated under paragraph (c) of this section, shall be reduced by the amount of that negative discretionary income, or by the amount obtained in paragraph (c) of this section, whichever is less.

(e)(1) If the student's parents are separated, or divorced and not remarried, only the assets of the parent whose income is included in computing annual adjusted family income shall be considered.

(2) However, if that parent has remarried, or if the parent was a widow or widower who has remarried, and the parent's spouse's income is also included under § 690.33, the assets of that parent's spouse shall also be included.

(20 U.S.C. 1070a(a)(3)(B))

§ 690.36 Computation of the expected contribution from effective family income and parental assets, adjusted for the number of family members enrolled in programs of postsecondary education.

(a) For each grant, the amount expected from effective family income as determined in § 690.34(b) is added to the amount expected from parental assets as determined in § 690.35.

(b)(1) For each grant, the combined expectation determined in paragraph (a) of this section is adjusted in the following manner for the number of family members who will be attending, on at least a half-time basis, a program of postsecondary education during the award period for which Pell Grant assistance is requested:

Number of family members enrolled in programs of postsecondary education	Expected contribution per student from combined contributions

(3) If the married dependent student is separated, only his or her assets shall be considered.

(20 U.S.C. 1070a(a)(3)(B))

§ 690.38 Computation of the total expected family contribution.

For each grant the total expected family contribution is the sum of—

(a) The expected contribution from the effective family income and parental assets as determined in § 690.36,

(2) A parent or stepparent whose 1980 income from work must be reported under § 690.33 has been unable to pursue normal income-producing activities for at least 10 weeks during 1981 because of the occurrence—in 1980 or 1981—of (i) a disability, or (ii) a natural disaster,

(3) A parent or stepparent whose income must be reported under § 690.33 received unemployment compensation or nontaxable income in 1980 and had a complete loss for at least 10 weeks in 1981 of one of those benefits. Types of nontaxable benefits would include Social Security benefits, welfare, court ordered child support, etc.

(4) The parent(s) of the student have become separated or divorced after the student submitted his or her application. (20 U.S.C. 1070a(a)(3)(B)(iii))

§ 690.43 Effective family income.

(a) Effective family income is the annual adjusted family income minus the Federal income tax paid or payable for the year that adjusted gross income is used in the calculation of the student's Pell Grant.

(b) "Annual adjusted family income" means, except as provided in paragraphs (c), (d), and (e) of this section and § 690.48—

(1) The sum received in 1980 by the student and spouse from—

(i) Adjusted gross income, as defined in section 62 of the Internal Revenue Code;

(ii) Investment income upon which no Federal income tax is paid. An example of such income is the interest on municipal bonds; and

(20 U.S.C. 1070a(a)(3) (B) and (C))

§ 690.44 Computation of the expected family contribution for an independent student from the effective family income.

The expected family contribution for the independent student from ef-

fective family income is calculated as follows:

(a) Determine discretionary income by deducting the following offsets from the effective family income.

(1) A family size offset in the amount specified in the following table.

FAMILY SIZE OFFSETS

Family members	Amount
1	$3,850
2	5,000
3	6,050
4	7,700
5	9,050
6	10,250
7	11,350
8	12,550
9	13,750
10	14,850

Plus $1,150 for each additional family member over 10.

In determining the family size, the following rules apply—

(i) Family members normally include the student and spouse and their dependents.

(ii) However, if the student is divorced or separated, the spouse (ex-spouse) and his or her dependents are not counted in the family size.

(2) An unusual expense offset equal to the amount by which the sum of unreimbursed medical and dental expenses exceeds 20 percent of effective family income. The expenses that may be reported are those expenses paid by the student and spouse in 1980, unless the student files an application with the Secretary under the provisions of § 690.48. In that case, the expenses reported will be those paid in 1981. The expenses of both the student and spouse are included only if the incomes of both are subject to inclusion in determining the effective family income.

(3) An employment expense offset in the amount specified as follows—

(i) If both the student and spouse were employed in the year for which their income is reported and both have their incomes reported in determining the expected family contribution, use the lesser of $1500 or 50 percent of the earned income (income earned by work) of the person with the lesser earned income.

(ii) If a student qualifies as a head of household as defined in section 2 of the Internal Revenue Code, use the lesser of $1500 or 50 percent of his or her earned income.

The earned income figure to be used in all cases is that figure for 1980, unless the student files an application with the Secretary under the provisions of § 690.48. In that case the figure to be used is the one for 1981.

(4) An educational expense offset equal to the tuition paid by the student and spouse for dependent children enrolled in elementary or secondary school. The tuition that may be reported is the tuition paid in 1980, unless the student files an application with the Secretary under the provisions of § 690.48. In that case the tuition reported will be that paid in 1981.

(20 U.S.C. 1070a(a)(3)(B))

(b) If the discretionary income is a positive amount, multiply it by one of the following figures to determine the expected family contribution from the effective family income of the student and spouse:

(1) 75 percent for the single independent student with no dependents; or

(2) 25 percent for the independent student with one or more dependents (including a spouse).

If the discretionary income is negative, there is no expected family contribution from effective family income.

(20 U.S.C. 1070a(a)(3)(C))

[46 FR 5325, Jan. 19, 1981, as amended at 46 FR 16823, Mar. 13, 1981]

§ 690.45 Computation of the expected contribution from the assets of the independent student (and spouse).

(a)(1) Normally, the expected contribution from the net assets of the single independent student with no dependents equals 33 percent of the amount of those assets.

(2) However, if the calculation of discretionary income required by § 690.44(a) produces a negative number, the expected contribution from the student's assets calculated under paragraph (a)(1) of this section

shall be reduced by the amount of that negative discretionary income, or the amount obtained in paragraph (a)(1) of this section, whichever is less.

(b) For an independent student with dependents, the expected contribution from the assets of the student (and spouse) is determined in the following manner:

(1) If the net assets do not include farm or business assets, deduct an asset reserve of $25,000 from the net assets.

(2) If the net assets include farm or business assets as defined in § 690.32, deduct an asset reserve from the net assets as follows—

(i) If farm or business assets are less than farm or business debts, deduct an asset reserve of $25,000 from the net value of all assets.

(ii) If farm or business assets exceed farm or business debts, and the net value of non-farm and non-business assets is *$25,000 or more,* deduct an asset reserve of,

(A) $25,000 from non-farm and non-business assets, and

(B) $25,000 from farm and business assets.

(iii) If farm or business assets exceed farm or business debts and the net value of non-farm and non-business assets is *less than $25,000,* deduct an asset reserve of $50,000 from the net value of all assets.

(iv) If the result obtained in paragraphs (b)(2)(i), (2)(ii)(B), or (2)(iii) of this section is a negative amount, it shall be changed to zero.

(3) Normally, the expected contribution from the net assets of the independent student with dependents equals five percent of the remainder obtained in paragraph (b)(1) or (2) of this section.

(4) However, if the calculation of discretionary income required by § 690.44(a) produces a negative number, the expected contribution from the student's (and spouse's) assets calculated under paragraph (b)(3) of this section shall be reduced by the amount of that negative discretionary income, or the amount obtained in paragraph (b)(3) of this section, whichever is less.

(5) If the married independent student with dependents is separated, only his or her assets shall be considered.

(20 U.S.C. 1070a(a)(3) (B) and (C))

§ 690.46 Computation of the total expected contribution from the income and assets of the independent student (and spouse), adjusted for the number of family members enrolled in programs of postsecondary education.

(a) For each grant, the amount expected from family income as determined in § 690.44 is added to the amount expected from assets as determined in § 690.45.

(b) For each grant, the combined expectation determined in paragraph (a) of this section is adjusted in the following manner for the number of family members who will be attending, on at least a half-time basis, a program of postsecondary education during the award period for which Pell Grant assistance is requested:

Number of family members enrolled in programs of postsecondary education	Expected contribution per student from combined contributions
1	100 percent of the contribution determined in paragraph (a).
2	70 percent of the contribution determined in paragraph (a).
3	50 percent of the contribution determined in paragraph (a).
4 or more	40 percent of the contribution determined in paragraph (a).

Family members are those persons referenced in § 690.44(a)(1).

(a) A student may submit an application to the Secretary for determination of his or her expected family contribution using income data from 1981 for effective family income if—

(1) The student was employed full-time in 1980 (at least 35 hours per week for a minimum of 30 weeks

during 1980) and is no longer employed full-time,

(2) A spouse whose 1980 income from work must be reported under § 690.43 has lost his or her job for at least 10 weeks during 1981,

(3) The student or spouse whose 1980 income from work must be reported under § 690.43 has been unable to pursue normal income-producing activities for at least 10 weeks during 1981 because of the occurrence—in 1980 or 1981—of (i) a disability or (ii) a natural disaster,

(4) The student or spouse whose income must be reported under § 690.43 received unemployment compensation or nontaxable income in 1980 and had a complete loss for at least 10 weeks in 1981 of one of those benefits. A nontaxable benefit, for purposes of this paragraph, must be paid by a public or private agency, a company, or a person because of a court order. Types of nontaxable benefits would include Social Security benefits, welfare, court ordered child support, etc. They would not, however, include veterans educational benefits under chapters 34 and 35 of the United States Code,

(5) The student has become separated or divorced after he or she submitted his or her application,

(6) A spouse whose 1980 income must be reported under § 690.43 has died after the submission of an earlier application for 1981 or 1982, or

(7) The student's last surviving parent with whom the student has or will have a dependency relationship according to § 690.42 has died.

(b) For an application submitted under paragraph (a), the student shall include the effective family income already received for 1981 and an estimate of the effective family income to be received for the remainder of that year.

(c) A student may submit a revised application to reflect changes in asset amounts reported on the previously submitted application if the student or his or her spouse has suffered a loss of or damage to assets resulting from a natural disaster in an area that has been declared a national disaster area by the President of the United States.

(c) A student attending an institution participating in the Pell Grant Program under the ADS has an additional ten days to submit the SER to

the Secretary: June 10 for those who enroll before May 1, and July 10 for those who enroll on or after May 1.

(a) When funds are not available to satisfy all payments, the Secretary calculates a Scheduled Pell Grant at less than full funding by—

(1) Determining the maximum grant award at full funding for that award year. The maximum grant award is the maximum Pell Grant authorized for the award year without regard to an applicant's expected family contribution or cost of attendance;

(2) Subtracting from that amount, the applicant's expected family contribution; and

(3) Reducing the remainder, based on the applicant's expected family contribution, according to the table in paragraph (b) of this section.

(c) If the amount appropriated for an award year exceeds the amount needed for making payments under paragraph (a) of this section, the Secretary shall pay the excess to each eligible student in proportion to the degree that the student's award was reduced in accordance with paragraph (b) of this section.

(d) If the amount appropriated for an award year is less than the amount needed for making grants under para-

graph (a) of this section, the Secretary shall reduce each amount determined under paragraph (a) of this section according to the following formula:

Scheduled Pell Grant at Pro-Rata Reduction equals amount determined in paragraph (a) of this section times appropriations available for Pell Grants divided by appropriation needed to fund Pell Grants under paragraph (a) of this section.

(e) At less than full funding, the Secretary will pay a Pell Grant to a full time student for a full academic year in an amount which is the lowest of:

(1) The amount calculated in paragraph (a), (c) or (d) of this section, as appropriate;

(2) The appropriate cost of attendance limitation; or

(3) The difference between the student's cost of attendance and expected family contribution.

(f) Notwithstanding paragraph (e) of this section, no payment may be made if

(1) The student's award is less than $50; or

(2) The student's Scheduled Pell Grant at full funding is less than $200.

(20 U.S.C. 1070a)

§ 690.64 Maximum Pell Grant as percentage of cost of attendance.

Notwithstanding § 690.62 and § 690.63, in any award year—

(a) If the maximum grant for that award year is $1,900 or less, no grant may exceed 50 percent of the recipient's cost of attendance;

(b) If the maximum grant for that award year is at least $1,901, but not more than $2,099, no grant may exceed 55 percent of the recipient's cost of attendance;

(c) If the maximum grant for that award year is at least $2,100, but not more than $2,299, no grant may exceed 60 percent of the recipient's cost of attendance; and

(d) If the maximum grant for any award year is at least $2,300, but not more than $2,599, no grant may exceed 65 percent of the recipient's cost of attendance.

(20 U.S.C. 1070a)

§ 690.65 Calculation of a Pell Grant for a payment period.

(a) At those institutions using semesters, trimesters, quarters, or other academic terms and measuring progress by credit hours, a student's Pell Grant for each payment period is calculated as follows:

(1) Determine his or her enrollment status for the term.

(2) Based upon that enrollment status, determine his or her annual award from the Payment Schedule (full-time students), or one of the Disbursement Schedules (part-time students), as appropriate.

(3) Divide the amount determined in subparagraph (2) by the number of terms in an academic year if those terms are of equal length.

(4) If those terms are not of equal length, determine that portion of the award derived in subparagraph (2) which reflects the proportion of the academic year represented by that term. However, a payment for any term may not exceed 50 percent of the award determined in subparagraph (2). To insure this, payments for unequal terms must be adjusted if necessary.

(b) At those institutions which measure progress by clock hours or which measure progress by credit hours or units but do not use semesters, trimesters, quarters or other academic terms, a student's Pell Grant for each payment period is calculated by:

(1) Determining the student's Scheduled Pell Grant; and

(2) Multiplying the Scheduled Pell Grant by:

The number of credit or clock hours the student is expected to take in a payment period divided by the number of credit or clock hours that a full-time student would take in an academic year.

(b) Notwithstanding paragraphs (a) and (b) of this section—

(1) A student may not receive a Pell Grant if the amount which the student would receive, projected on the basis of a full academic year, would be less than either $200 at full funding or $50 at less than full funding; and

(2) The amount of a student's award for an award period may not exceed

his or her Scheduled Pell Grant award for that award year.

(20 U.S.C. 1070a)

§ 690.66 Calculation of a Pell Grant for a payment period which occurs in two award periods.

A student who enrolls in a payment period which is scheduled to occur in two award years shall be paid in accordance with the following rules—

(a)(1) The entire payment period will be considered to occur within one award year.

(2) The institution will determine the award year in which the payment period will be placed.

(3) The determination made in paragraph (a)(2) of this section must be the same for all Pell Grant recipients for all payment periods (in a program) which begin on the same day.

(4) If the institution places the payment period in the first award year, it must pay the student with funds from the first award year.

(5) If the institution places the payment period in the second award year, it must pay the student with funds from the second award year.

(b) The institution may not make a payment which will result in the student receiving more than his or her Scheduled Pell Grant award for that award year.

(c)(1) If a term-based institution offers a series of mini-sessions which occurs in two award years, the combined sessions will be treated as one term. A student may not receive more than one term's award for completing any combination of these sessions.

(2) For such mini-sessions, a term-based institution must determine the student's enrollment status for the entire term. That enrollment status will be based upon—

(i) The total number of credits enrolled for in all sessions if that number is known when the award is calculated, or

(ii) A projected number of credits based upon the credits enrolled for in the first session, if the number of credits to be taken in subsequent sessions is unknown when the award is calculated.

(20 U.S.C. 1070a)

§ 690.67 Transfer student: attendance at more than one institution during an award period.

(a) If a Pell Grant recipient withdraws from one institution and enrolls at a second in the same award year, the student must submit an SER to the second institution or to the Secretary for an institution participating in the program under ADS.

(b) The second institution (or the Secretary for ADS schools) calculates the student's award according to § 690.65.

(c) The second institution (or the Secretary for ADS schools) pays a Pell Grant for only that portion of the award year in which the student is enrolled at that institution. The grant must be adjusted to ensure that the student does not exceed the Scheduled Pell Grant for that award year.

(d) A transfer student must repay any amount received in an award year which exceeds the Scheduled Pell Grant.

(20 U.S.C. 1070a)

§ 690.68 Correspondence study.

A student, enrolled in a program of study by correspondence will be paid according to the following procedures:

(a) The institution prepares a written schedule for submission of lessons. This schedule must reflect a work load of at least 12 hours of preparation per week. It is used to determine the length of the program.

(b) The student's Pell Grant for an award year is calculated by:

(1) Determining the Scheduled Pell Grant according to §§ 690.62 or 690.63, whichever is appropriate, taking into account § 690.64, and

(2) Multiplying the Scheduled Pell Grant by the lesser of the following fractions:

½ or the hours of preparation in the award year divided by the hours of preparation in the academic year.

(This procedure insures that students in a program of study by correspondence are paid as half-time students.)

(d) A student will receive two equal payments for an award year. The first payment will be made after the stu-

dent has submitted 25 percent of the lessons scheduled for the award year.

(e) The final payment will be made after the student has submitted 75 percent of the lessons scheduled for the award year.

Subpart G—Administration of Grant Payments—Regular Disbursement System

SOURCE: 45 FR 86401, Dec. 30, 1980, unless otherwise noted.

§ 690.71 Scope.

This subpart deals with program administration by an institution of higher education that has entered into an agreement with the Secretary to calculate and pay Pell Grant awards.

(20 U.S.C. 1070a)

§ 690.72 Institutional agreement—Regular Disbursement System (RDS).

(a) The Secretary may enter into an agreement with an institution of higher education under which the institution will calculate and pay Pell Grants to its students. The agreement will be on a standard form provided by the Secretary and will contain the necessary terms to carry out this part.

(b) The Secretary will send a Payment Schedule for each award year to an institution that has entered into an agreement under paragraph (a) of this section.

(20 U.S.C. 1070a)

§ 690.73 Termination of agreement—Regular Disbursement System.

(a) Termination by the Secretary. The Secretary may terminate the agreement with an institution by giving—

(1) 30 days written notice; or

(2) Less than 30 days written notice if it is necessary to prevent the likelihood of a substantial loss of funds to the Federal government or to students.

(b) Information provided. The institution must provide the following information to the Secretary if the Secretary terminates the agreement:

(1) The name and enrollment status of each eligible student who submitted a valid SER to the institution before the termination date;

(2) The amount of funds the institution paid to Pell Grant recipients for the award year in which the agreement is terminated;

(3) The amount due to each student eligible to receive a Pell Grant through the end of the award year; and

(4) An accounting of Pell Grant expenditures to the date of termination.

(c) Termination by the institution. The institution may terminate the agreement by giving the Secretary written notice. The termination becomes effective on June 30 of that award year. The institution must carry out the agreement for the remainder of the award year.

(d) Termination because of a change in ownership which results in a change of control. The agreement automatically terminates when an institution changes ownership which results in a change of control. The Secretary will enter into an agreement with the new owner if the institution complies with requirements set forth in Subpart B of the Student Assistance General Provisions (34 CFR Part 668).

(e) If an agreement is terminated, the institution's eligibility as discussed in § 690.7 is not terminated but the Secretary will pay an institution's students ONLY if the institution enters into an ADS agreement (See § 690.92.).

(20 U.S.C. 1070a)

§ 690.74 Advancement of funds to institutions.

The Secretary will advance funds for each award year, from time to time, to RDS institutions, based on his or her estimate of the institution's need for funds to pay Pell Grants to its students.

(20 U.S.C. 1070a)

§ 690.75 Determination of eligibility for payment.

(a) An institution may pay a Pell Grant to a student only after it determines that the student—

(1) Meets the eligibility requirements set forth in § 690.4;

(2) Is maintaining satisfactory progress in his or her course of study;

(3) Is not in default on any National Defense/Direct Student Loan made by that institution or on any Guaranteed Student Loan or Parent Loan for Undergraduate Students (PLUS) received to meet the cost of attendance at that institution; and

(4) Does not owe a refund on a Pell Grant, a Supplemental Grant or a State Student Incentive Grant received to meet the cost of attending that institution.

(b)(1) Before making any payment to a student, the institution must confirm that he or she continues to meet the criteria set forth in paragraph (a) of this section.

(2) However, if an eligible student submits an SER to the institution and becomes ineligible before receiving a payment, the institution must pay the student only the amount which it determines could have been used for educational purposes before the student became ineligible.

(c) If an institution determines at the beginning of a payment period that a student is not maintaining satisfactory progress, but reverses itself BEFORE the end of the payment period, the institution may pay a Pell Grant to the student for the entire payment period.

(d) If an institution determines at the beginning of a payment period that a student is not maintaining satisfactory progress, but reverses itself AFTER the end of the payment period, the institution may neither pay the student a Pell Grant for that payment period nor make adjustments in subsequent Pell Grant payments to compensate for the loss of aid for that period.

(e) Conditions under which students who are overpaid grants may continue to receive Pell Grants are are follows:

(1) Overpayment of a Pell Grant. If an institution makes an overpayment of a Pell Grant to a student, it may continue to make Pell Grant payments to that student if (i) the student is otherwise eligible; and (ii) it can eliminate the overpayment in the award year in which it occurred by adjusting the subsequent Pell Grant payments for that award year.

(2) Overpayment of a Pell Grant due to institutional error. In addition to the exception provided in paragraph (e)(1) of this section, if the institution makes an overpayment of Pell Grant to a student as a result of its own error, it may continue to make payments to that student if;

(i) The student is otherwise eligible, and

(ii) The student acknowledges in writing the amount of overpayment and agrees to repay it in a reasonable period of time.

(3) Overpayment on a Supplemental Grant. An institution may continue to make Pell Grant payments to a student who receives an overpayment on a Supplemental Grant if:

(i) The student is otherwise eligible, and

(ii) It can eliminate the overpayment by adjusting subsequent financial aid payments (other than Pell Grants) in the same award year in which it occurred.

(f) An institution, in determining whether a student is in default on a loan made under the Guaranteed Student Loan Program or the PLUS Program, may rely upon the student's written statement that he or she is not in default unless the institution has information to the contrary.

(g) Conditions under which students who are in default on loans made for attendance at that institution may receive Pell Grants are as follows:

(1) Guaranteed Student Loans and Parent Loans for Undergraduate Student (PLUS). An institution may pay a Pell Grant to a student who is in default on a Guaranteed Student Loan or a PLUS Loan if the Secretary (for federally insured loans) or a guarantee agency (for a loan insured by that guarantee agency) determines that the student has made satisfactory arrangements to repay the defaulted loan.

(2) National Defense/Direct Student Loan. An institution may pay a Pell Grant to a student who is in default on a National Defense/Direct Student Loan made at that institution, if the student has made arrangements, satisfactory to the institution, to repay the loan.

80-113 O—82——36

(3) The Secretary does not consider a loan made under the National Defense Student Loan, National Direct Student Loan, Guaranteed Student Loan, or Parent Loans for Undergraduate Students Program which is discharged in bankruptcy to be in default for purposes of this section.

(h) For purposes of this section, an overpayment of a grant means that a student received payment of a grant greater than the amount he or she was entitled to receive.

(20 U.S.C. 1070a)

[45 FR 86401, Dec. 30, 1980, as amended at 46 FR 6331, Jan. 21, 1981]

§ 690.76 Frequency of payment.

(a) In each payment period, an institution may pay a student at such times and in such installments as it determines will best meet the student's needs.

(b) Only one payment is required if a portion of an academic year occurring within one award year is less than three months.

(c) The institution may pay funds due a student for any completed period in one lump sum. The student's enrollment status will be determined according to work already completed.

(20 U.S.C. 1070a)

§ 690.77 Verification of information on the SER—withholding of payments.

(a)(1) The Secretary may require that a student verify the information submitted on the application and included on the SER, by submitting appropriate documentation to the institution or to the Secretary.

(2) The Secretary may also require that the institution withhold payment of a student's grant until the institution or the Secretary determines that the student has supplied the correct information.

(b) If an institution believes that any information on the SER used in calculating the student's expected family contribution is inaccurate, or if the application is chosen by the Secretary for verification, the institution must request that the student verify the information on the SER.

(c) The Secretary will establish and publish—

(1) Procedures to be used in verifying information for selected students ("Validation Procedures"), and

(2) The conditions under which payments will be made for these students.

(d)(1) If a student makes a correction which results in a change in his or her expected family contribution, the student must submit the SER to the institution, and the institution must recalculate the student's award based on the verified SER. Any overpayment must be repaid by the student.

(2) If the documentation requested by the institution under this section does not verify the information on the SER, or if the student does not correct the SER, the institution must forward the student's name, social security number and other relevant information to the Secretary in accordance with the procedures referenced in paragraph (c) of this section.

(e) A student corrects an SER by—

(1) Providing accurate information on the SER;

(2) Getting the appropriate signatures on the SER; and

(3) Re-submitting the SER to the Secretary.

(f) If an institution has documentation which indicates that the information used to calculate the student's expected family contribution on the SER is inaccurate, it may not pay a Pell Grant for any award year until the student corrects the error or verifies the data.

(g) If an institution believes, but cannot document, that inaccuracies exist on the SER, it may not withhold payments unless authorized by the Secretary. These cases must be forwarded to the Secretary.

(h)(1) If the Secretary requests documentation, the student must comply within a time period set by the Secretary.

(2)(i) If the student provides the requested documentation on time, he or she will be eligible for Pell Grant payments based upon the verified SER.

(ii) If the verified SER is submitted to the institution after the appropriate deadline as specified in § 690.61, but within an established time period to be determined by the Secretary, the student may be paid only up to the

amount withheld because of the verification process.

(3) If the student does not provide the requested documentation within the established time period—

(i) The student will forfeit the Pell Grant for the award year,

(ii) Any grant payments received must be returned to the Secretary, and

(iii) No further Pell Grant applications will be processed for that student until documentation has been provided or the Secretary decides there is no longer need for documentation.

(20 U.S.C. 1070a)

§ 690.78 Method of disbursement—by check or credit to student's account.

(a) The institution may pay a student either directly by check or by crediting his or her account with the institution. The institution must notify the student of the amount of money he or she can expect to receive, and how he or she will be paid.

(b)(1) The institution may not make a payment to a student for a payment period until the student is registered for that period.

(2) The earliest an institution can directly pay a registered student is 10 days before the first day of classes of a payment period.

(3) The earliest an institution can credit a registered student's account is 3 weeks before the first day of classes of a payment period.

(c) The institution must return to the Pell Grant account any funds paid to a student who, before the first day of classes—

(1) Officially or unofficially withdraws, or

(2) Is expelled.

(d)(1) If an institution pays a student directly, it must notify him or her when it will pay the Pell Grant award.

(2) If a student does not pick up the check on time, the institution must keep that check for 15 days after the date the student's enrollment for that award year ends.

(3) If the student has not picked up the check at the end of the 15 day period, the institution may credit the student's account for any amount owed to it for the award year.

(4) A student forfeits the right to receive the proceeds of the check if he or she does not pick up the check by the end of the 15 day period.

(5) Notwithstanding paragraph (d)(4) of this section, the institution may, if it chooses, pay a student who did not pick up the check, through the next payment period.

(20 U.S.C. 1070a)

§ 690.79 Educational purpose statement.

(a) An institution may not pay a Pell Grant unless the student files a statement of educational purpose with the institution in which the student declares that he or she will use Pell Grant funds solely for educational expenses connected with attendance at the institution.

(b) The Secretary considers the following statement as satisfying this requirement.

Statement of Educational Purpose

I declare that I will use any funds I receive under the Pell Grant program solely for expenses connected with attendance at

(20 U.S.C. 1090)

§ 690.80 Recovery of overpayments.

(a)(1) The student is liable for any overpayment made to him or her.

(2) Also, the institution is liable for an overpayment it makes to a student if the regulations indicate that the payment should not have been made. The institution must restore those funds to the Pell Grant account even if it cannot collect the overpayment from the student.

(b) If an institution makes an overpayment for which it is not liable, it must help the Secretary recover the overpayment by—

(1) Making a reasonable effort to contact the student and recover the overpayment; and, unsuccessful,

(2) Providing the Secretary with the student's name, social security number, amount of overpayment, and other relevant information.

(20 U.S.C. 1070a)

§ 690.81 Recalculation of a Pell Grant award.

(a) Change in expected family contribution. (1) If the student's expected family contribution changes the institution must recalculate the Pell Grant Award.

(2) Except as provided in § 690.77(h)(ii), the institution must adjust the award and pay the student the amount he or she is entitled to for the award year if the expected family contribution is recalculated because of—

(i) A clerical or arithemetic error under § 690.15, or

(ii) Extraordinary circumstances which affect the expected family contribution under § 690.39 and § 690.48.

(3) If a student's expected family contribution is recalculated because of a correction of the information requested under § 690.12 or § 690.77, the student's Pell Grant for the award year must be adjusted. Where possible, the adjustment must be made within the same award year.

(4) If the recalculation takes place in a subsequent award year, the student will be

(i) Eligible to receive payment unless prohibited under the provisions of § 690.77(h) and

(ii) Required to return any overpayment at the time of recalculation.

(b) Change in enrollment status.

(1) If an institution decides that a student's enrollment status has changed during a payment period, it may (but is not required to) establish a policy under which the student's award may be recalculated.

(2) If such a policy is established, it must apply to all students.

(3) If a student's award is recalculated, the institution determines the total amount the student is entitled to for the entire payment period by taking into account—

(i) The portion of the payment period at the original enrollment status;

(ii) The portion of the payment period at the new enrollment status; and

(iii) Any change in the student's cost of attendance.

(20 U.S.C. 1070a)

§ 690.82 Fiscal control and fund accounting procedures.

(a)(1)(i) An institution must receive and process all Pell Grant funds through one identifiable bank account.

(ii) This account may be an existing one (preferably one maintained for Federal funds) if the institution maintains adequate accounting records to account for the Pell Grants funds separately from the other funds in that account.

(iii) At no time may the Pell Grant funds in this bank account be less than the balance indicated in the institution's accounting records for these funds.

(2) The institution must account for the receipt and expenditure of Pell Grant funds in accordance with generally accepted accounting principles.

(b) A separate bank account for Pell Grant funds is not required. However, the institution must notify any bank in which it deposits Pell Grant funds of all accounts in that bank in which it deposits Federal funds. This notice can be given by either:

(i) Including in the name of the account the fact that Federal funds are deposited therein; or

(ii) Sending a letter to the bank listing the accounts in which Federal funds will be deposited. A copy of this letter must be retained in the institution's files.

(c) Except for funds received under § 690.10, funds received by an institution under this part are held in trust for the intended student beneficiaries and may not be used or hypothecated for any other purpose.

It must keep these records for five years after it submits an accounting of each award year's funds to the Secretary.

(2) An accounting of each award year's funds occurs when the institution submits to the Secretary the June 30 Progress Report for that award year. The June 30 Progress Report (ED Form 255-3) is the report on which an institution reports to the Secretary the total amount of money it has expended in the Pell Grant Program during an award year and the total number of Pell Grant recipients at that institution during that award year.

(c) The institution must keep records involved in any claim or expenditure questioned by Federal audit until resolution of any audit questions.

(a) *Allotment of funds for initial awards.* From the sums appropriated under section 415A(b)(1) of the Act for any fiscal year, the Secretary will allot to each State an amount which bears the same ratio to these sums as the number of students in attendance as at least half-time students at institutions of higher education in the State bears to the total number of students in attendance in all the States.

(b)—(c) [Reserved]

(1) A student's expected family contribution; or

(2) The student's relative need, defined as the difference between a student's cost of education and his expected family contribution; or

(3) The student's or where relevant, the student's parents' income.

(b) A student will be considered by the Secretary to have substantial financial need under a State program (1) which determines need by evaluating only the student's expected family contribution if that student's expected family contribution is not more than $2,800; or (2) which determines relative need by evaluating the difference between the student's cost of education and his expected family contribution if that difference is at least $90; or (3) which determines need by evaluating the student's, and where relevant, the student's parents' income if the student's net income does not exceed $20,000, or, where relevant, if the parents' net income does not exceed $20,000; or (4) which determines need in accordance with standards other than those specifically listed in paragraph (a) of this section if the amount of need determined in accordance with the standard is reasonably comparable to the amount of need that would be determined under the standards listed in paragraph (a) of this section.

(c) A State program which provides for the selection of recipients on the basis of criteria which do not qualify under the provisions of paragraph (b) of this section, may, nevertheless, be approved, pursuant to section 415C(b)(4) of the Act, if the State demonstrates, to the satisfaction of the Secretary, that the program provides for the selection of recipients on the basis of substantial financial need.

(20 U.S.C. 1070c-2)

§ 692.8 Approval of State criteria for determining expected family contribution.

(a) *Dependent students.* The Secretary will approve the criteria of a State program which uses an expected family contribution in determining whether a dependent student has substantial financial need if the State takes into consideration at least the following factors in determining the amount of income and net assets that should reasonably be made available to the student, the student's spouse and the student's parents for meeting the student's cost of education:

(1) Any serious family illness;

(2) The number of dependent children of the student's parents;

(3) The number of these dependent children attending institutions of higher education; and

(4) Other circumstances which may affect the ability of the student and the student's parents to contribute toward the cost of the student's education.

(b) *Independent or self-supporting student.* The Secretary will approve the criteria of a State program which utilizes an expected family contribution in determining whether an independent or self-supporting student has substantial financial need if the State takes into consideration at least the following factors when calculating that portion of the income and net assets of the student and the student's spouse which should reasonably be made available for meeting the student's cost of education:

(1) Any serious illness in the student's family;

(2) The number of dependent children of the student;

(3) The number of those dependent children attending institutions of higher education; and

(4) Other circumstances which may affect the ability of the student or the student's spouse to contribute toward the cost of the student's education.

(1) Systems of need analysis published by the American College Testing Program and the College Scholarship Service,

(2) The method of calculating an expected family contribution used in the Pell Grant Program (34 CFR Part 690), or

(3) For dependent students only, the expected family contribution may be determined according to the Income Tax System. This is calculated as an amount equal to the sum of (i) the income tax paid by the parents of the student, (ii) 5 percent of the parents' net assets in excess of $12,500, or $25,000 if such assests include farm or business assets, except that no more than $12,500 may be deducted from non-farm and non-business assets, and (iii) any amount the student is reasonably able to contribute.

(d) The Secretary will approve any other need analysis system or method of calculation which produces an expected family contribution reasonably comparable to a system described in paragraph (c) of this section.

(20 U.S.C. 1070c-2)

§ 692.9 Maintenance of effort.

The amount of funds expended by the State for the non-Federal portion of awards made under this program for each fiscal year shall represent an additional expenditure for that year by that State over the amounts, if any, expended by the State for grants to all students attending institutions of higher education during the second fiscal year preceding the fiscal year in which the State initially received funds under this program.

(20 U.S.C. 1070c-2(b)(4))

§ 705.1 General rule.

Except as otherwise provided in these regulations, every portion of every meeting of the NCER will be open to public observation.

§ 705.2 Grounds for closing meetings.

(a) The NCER may by record vote close any portion of any meeting if it properly determines that an open meeting:

(1) Is likely to disclose matters that (i) are specifically authorized under criteria established by Executive Order to be kept secret in the interests of national defense or foreign policy and (ii) are in fact properly classified pursuant to the Executive Order;

(2) Is likely to relate solely to the internal personnel rules and practices of the Department (ED);

(3) Is likely to disclose matters specifically exempted from disclosure by statute (other than 5 U.S.C. 552): *Provided,* That the statute (i) requires in such a manner as to leave no discretion on the issue that the matters be withheld from the public, or (ii) establishes particular criteria for withholding or refers to particular types of matters to be withheld;

(4) Is likely to disclose trade secrets and commercial or financial informa-

(8) Is likely to disclose information contained in or related to examination, operating, or condition reports prepared by, on behalf of, or for the use of an agency responsible for the regulation or supervision of financial institutions;

(9) Is likely to disclose information, the premature disclosure of which would (i) In the case of information received from an agency which regulates currencies, securities, commodities, or financial institutions, be likely to (A) lead to significant financial speculation in currencies, securities, or commodities, or (B) significantly endanger the stability of any financial institution; or (ii) Be likely to significantly frustrate implementation of a proposed ED action, unless the ED has already disclosed to the public the content or nature of its proposed action or is required by law to make such disclosure on its own initiative before taking final action; or

(10) Is likely to specifically concern the ED participation in a civil action or proceeding, an action in a foreign court or international tribunal, or an arbitration.

(b) Such a determination must also include the NCER's consideration and determination whether the public interest merits keeping the meeting open, despite the applicability of an exemption permitting a closed meeting or portion thereof.

(c) Anyone who believes his interests may be directly affected by a portion of a meeting may request that the NCER close it to the public for any reason referred to in paragraphs (a)(5), (6), or (7) of this section. This request should be addressed to the Chief, NCER Staff at the headquarters of the ED. It will be circulated to Members of the NCER if received at least three full days before the meeting, and on motion of any Member, the NCER will determine by record vote whether to close the affected portion of the meeting.

§ 705.3 Materials relating to closed portions of meetings.

If a portion or portions of any meeting of the NCER are closed to the public under § 705.2;

(a) The General Counsel of ED shall certify, in writing to the NCER prior to any NCER vote, whether or not in his or her opinion the proposed closing of any portion or portions of a meeting or series of meetings is proper under the provisions of this subpart and of the Government in the Sunshine Act.

(b) The presiding officer of the meeting (usually the Chairman of NCER) shall furnish a statement setting forth the time and place of the meeting and the persons present.

(c) The NCER shall make a complete transcript or electronic recording adequate to record fully the proceedings of each portion of the meeting that is closed to the public.

(d) The NCER office shall maintain the General Counsel's certificate, the presiding officer's statement and the transcript or recording of the meeting for at least two years after the meeting and at least one year after the NCER completes consideration of any proposal, report, resolution, or similar matter discussed in any closed portion of the meeting.

§ 705.4 Opening of transcript of recording.

(a) Except as otherwise provided in this section, the transcript or electronic recording of every portion of every meeting closed to the public will promptly be made available on request to any member of the public in an easily accessible place. The NCER office will furnish to any member of the public on request copies of the transcript or of a transcription of the recording disclosing the identity of each speaker, and will charge for the copies or transcriptions no more than

the actual cost of duplication or transcription.

(b) The NCER will, however, withhold the transcript or recording of the discussion of any agenda item if the Chairman of the NCER or a NCER Member designated by him determines that the discussion contains information which should be withheld under the same standards as apply for closing meetings under § 705.2.

(c) The NCER will release any transcript or recording withheld under paragraph (b) of this section when the Chairman of the NCER or any person designated by him determines that the grounds for withholding it no longer apply.

(d) A request under paragraph (a) of this section should be directed in writing to the Chief, NCER Staff, ED, should clearly state what is requested, and should contain a promise to pay the costs of any duplication or transcription requested.

§ 705.5 Public announcement.

(a) Except as provided in paragraph (c) and (d) of this section, the NCER will make a public announcement of each meeting at least one week before the meeting takes place. The announcement will cover: (1) The time, place, and subject matter of the meeting; (2) what portions of the meeting, if any, are to be closed to the public; and (3) the name and phone number of the official designated to respond to requests for information on the meeting.

(b) Each such announcement will be promptly made available to selected journals and other appropriate publications. Immediately following the issuance of such an announcement it will be submitted for publication to the FEDERAL REGISTER.

(c) The announcement may be made less than a week before the meeting it announces or after the meeting only if (1) the NCER by record vote determines that agency business requires the meeting to be called on such short or after-the-fact notice and (2) a full announcement is made at the earliest practicable time.

(d) All or any portion of the announcement of any meeting may be omitted if the NCER by record vote determines that the announcement would disclose information which should be withheld under the same standards as apply for closing meetings under § 705.2.

§ 705.6 Meeting changes.

(a) The time or place of a meeting of the NCER that has been publicly announced as provided in § 705.5 may subsequently be changed, but any such change will be publicly announced at the earliest practicable time.

(b) The subject matter of any portion of any meeting of the NCER that has been publicly announced as provided in § 705.5 or the determination whether any portion of any meeting so publicly announced will be open or closed may subsequently be changed, but only when: (1) The NCER determines by record vote that agency business so requires and that no earlier announcement of change was possible, and (2) the NCER publicly announces the change and the vote of each member on the change at the earliest practicable time.

§ 705.7 Record vote.

(a) For purposes of this part of a vote of the NCER is a "record vote" if: (1) It carries by a majority of all those holding office as NCER Members at the time of the vote; (2) no proxies are counted toward the necessary majority; and (3) the individual vote of each Member present and voting is recorded.

(b) Within one day of any such record vote or any attempted record vote that fails to achieve the necessary majority under paragraph (a)(1) of this section, the NCER office will make publicly available a written record showing the vote of each member on the question.

(c) Within one day of any record vote under which any portion or portions of a NCER meeting are to be closed to the public, the NCER office will make available a full written explanation of the NCER's action and a list of all persons expected to attend the meeting, showing their affiliations.

§ 705.8 Application to NCER Committees.

(1) A project must address one or more of the following questions:

(i) To what extent may a series of jobs held by individuals be related by similarities of skills, abilities or attributes required by the jobs?

(A) The research must go beyond identifying the relatedness of various jobs.

(B) An applicant may propose to describe and explain how individual movement among various jobs is or is not related to these similarities.

(C) An applicant may propose a variety of ways that jobs can be defined and analyzed, and that the skill, ability or attribute requirements of jobs can be validly defined and assessed.

(ii) What skills, abilities or attributes enable an individual to adapt successfully to new jobs or occupations?

(A) The research must go beyond describing the many ways in which work

situations can and do differ from one another.

(B) The research must explore the reasons why individuals are or are not successful in adapting to these changes.

(C) An applicant may propose to examine any of a variety of influences on successful adaption, including, but not limited to, changes in motivational and reward systems, and changes in patterns or procedures for doing work.

(2) Research supported under this part may analyze the actual experience of individuals. In presenting the design of the study and discussing the potential utility of the findings, an applicant shall take into account the fact that actual job changes are often constrained by a number of influences, including but not limited to the structure of the labor market and realities such as labor union regulations, employer biases, such as race or sex bias, in selection and promotion decisions, license and certification requirements and structured job ladders.

(b) *Women and mathematics.* (1) The central research question to be addressed by applications under this problem area is: What are the major positive and negative factors related to the participation and achievement of women in the study of mathematics and their preferences for occupations requiring mathematical competence?

(i) An application may focus on women alone or on male-female differences in school, home, community or work settings.

(ii) The study of mathematics includes computation, comprehension, application, analysis and problem solving at any level of schooling or training. However, an applicant must not limit the study of mathematics to basic computational skill or skills with computational algorithms.

(iii) An applicant investigating participation in mathematics courses must investigate women's enrollment and retention rates in mathematics courses beyond the minimal school requirements.

(2) An applicant must propose to do one or more of the following:

(i) Identify and explain how selected cognitive, effective, educational, familial or social factors influence the achievement and participation of women in grades seven through twelve in their study of mathematics, their attitudes toward the study and usefulness of mathematics and their preferences for occupations requiring mathematical competence. An applicant must include reviews of related research and the development and testing of hypotheses based on a sound theoretical foundation.

(ii) Identify when and how women make major decisions regarding their participation in mathematics courses and occupations requiring mathematical competence.

(A) Identify and explain how major personal characteristics, social influences and characteristics of institutions such as schools and home affect those decisions.

(B) Explain how women make these decisions and how these decisions affect later occupational and educational outcomes.

(C) Decisions must include but not be limited to those made in grades seven through twelve.

(iii) Evaluate the impact of one or more programs designed to increase the participation and achievement of women in grades seven through twelve in mathematics courses or their preference for occupations requiring mathematical competence.

(A) Identify the significant characteristics of these programs, assess their effectiveness relative to each other or a control group on a variety of achievement, participation and attitude measures, and describe how these programs could be implemented in other locations, including necessary conditions for success such as staff development or other prerequisites.

(B) These programs might include intervention programs or schools where an unusually high percentage of women elect to study mathematics beyond the minimal requirements.

(3) The public administration of education at State and Federal levels.

(c) Litigation, research in support of litigation, or other legal advocacy activities.

§ 730.4 Eligibility for assistance.

Institutions of postsecondary education, combinations thereof, and other public and private educational institutions and agencies are eligible to receive assistance under this part. The fact that an applicant has been only recently established will not in itself prejudice such applicant's application.

§ 730.7 Criteria for evaluating applications.

(a) A request for funds for the continuation of a project begun in a prior fiscal year and containing an approved multi-year work plan will be given priority over an application for the initiation of a new project. Requests for continuation awards will be approved only if (1) satisfactory progress, as indicated by site visits, progress reports and other relevant data, has been made in implementing the approved work program; (2) the project, in conformity with the funding criteria against which the original proposal was evaluated, is achieving the approved goals and objectives; and (3) the project has been successful, and continues to offer promise of success, in terms of its relationship to the general goals of the Fund.

(b) An application or (in the case of the comprehensive program) a preapplication for initial assistance under this part shall be evaluated in terms of the extent to which the proposal therein:

(1) Has the potential for advancing one or more of the following general goals of the Fund:

(i) To increase the cost-effectiveness of educational services;

(ii) To achieve far-reaching improvements in postsecondary education;

(iii) To promote learner-centered improvements in postsecondary education;

(2) Represents an improvement upon, or significant departure from, existing practice;

(3) Involves processes, features, or products applicable in other postsecondary educational settings;

(4) Meets the following operational standards:

(i) Is feasible and has sound project design, including budget and evaluation plans;

(ii) Has the potential for having available financial resources for continuation beyond the period of Fund support, unless the project is self-terminating;

(iii) Gives evidence of commitment to the project, such as financial contributions, on the part of the applicant institution and any other institutions or organizations to be involved in the project;

(5) Is unlikely to be supported by other sources; and

(6) Meets one or more of the objectives of the Comprehensive Program set forth in § 730.8.

(20 U.S.C. 1221d)

[40 FR 12266, Mar. 18, 1975, as amended at 41 FR 8791, Mar. 1, 1976. Redesignated at 45 FR 77369, Nov. 21, 1980]

§ 730.8 Comprehensive Program objectives.

(a) The Comprehensive Program supports a wide range of projects which seek to improve postsecondary educational opportunities. Under this program, the Fund particularly seeks preapplications and applications which address one or more of the following objectives:

(1) Increased availability of high quality programs for all postsecondary students: Developing educational programs and services which allow currently enrolled students from groups which previously have been excluded from postsecondary educational participation to complete their educational goals;

(2) Expansion of professional education and employment for women and minorities: Increasing access to postsecondary educational institutions at the graduate level and increasing employment opportunities within postsecondary educational institutions for these populations;

(3) Expanding learning opportunities for the full-time worker: Developing new educational programs and services for workers;

(4) Increased use of active modes of learning: Using educational processes such as internships, self-directed learning, group learning, and interactive electronic technologies, which allow learners to take greater responsibility for their own learning;

(5) Greater focus on knowledge and abilities: Developing new or redefined curricular content and educational subject matter; and

(6) Improved leadership for new educational circumstances: Encouraging efforts to renew and implement the educational missions of individual institutions or systems of institutions and to improve the management of postsecondary educational institutions.

(b) Preapplications and applications which do not focus on the objectives set forth in paragraph (a) of this section are also eligible for support under the Comprehensive Program if they address significant problems in postsecondary education.

(20 U.S.C. 1221d)

§ 730.9 Targeted competitions.

The Fund may also conduct one or more targeted competitions. A targeted competition may focus on one or several problems or improvement approaches in postsecondary education. The targeted competitions may include, for example:

(a) Special Focus competitions, in which the Fund supports projects addressing a particular problem area;

(b) National Project competitions, in which the Fund supports a number of projects addressing a particular problem area and, in some cases, using similar approaches. Recipients must collaborate with other National Project recipients to disseminate results;

(c) Network competitions, in which the Fund supports projects that bring together practitioners in a specific area of concern in a continuing association to improve practice in that area; or

(d) Dissemination competitions, in which the Fund supports efforts by

grantees to disseminate project ideas and results. Applicants in these competitions are limited to grantees whose projects are in the final year of funding.

§ 730.10 Application procedures.

(a)—(b) [Reserved]

(c) A preapplication must contain the following information:

(1) A statement of the problem being addressed;

(2) A description of the specific criteria by which the success or failure of the project could be determined;

(3) A description of how the objectives are to be accomplished;

(2) A description of the proposed project, including: Its methodology; qualifications of the persons who would conduct it; its short-term and long-term objectives; its specific allocation of available funds in the form of a budget; and the resources (facilities, equipment, and supplies) that the applicant plans to devote to the project.

(3) Evidence of commitment, including an indication of (i) the nature and extent of involvement in the project on the part of the applicant institution and any other institutions or organizations to be involved in the project, and (ii), unless the project is self-terminating, expected sources of financial support after the period of Fund support has elapsed.

(e)—(g) [Reserved]

(h) No application for assistance under this part to an institution of postsecondary education shall be approved until the Fund has submitted it to the State postsecondary education commission, if there is one, established or designated pursuant to section 1202 of the Higher Education Act of 1965 in the State in which the institution is located and afforded the commission an opportunity to submit its comments and recommendations as to the application to the Fund.

§ 774.1 Educational improvement, resources, and support.

These regulations apply to the following programs authorized by Title IV of the Elementary and Secondary Education Act:

(a) Instructional Materials and School Library Resources (Part B). The basic purpose of Part B is to assist local educational agencies (LEAs) in the acquisition of necessary books, educational materials, library resources, and instructional equipment.

(b) Improvement in Local Educational Practice (Part C). The basic purpose

of Part C is to strengthen the quality of elementary and secondary education through support of locally initiated projects and activities designed to improve educational practices.

(c) Guidance, Counseling, and Testing (Part D). The basic purpose of Part D is to strengthen and expand guidance, counseling, and testing programs in elementary and secondary schools.

(Sec. 401 of the Act; 20 U.S.C. 3081)

§ 774.2 Eligibility.

Title IV is a State-administered program to benefit public and private elementary and secondary school children. A State may apply for funds under Title IV by submitting to the Secretary a plan describing its programs for Parts B, C, and D. Following approval of the plan, the Secretary awards grants for these programs to the State educational agency (SEA). The SEA then awards subgrants to an LEA—or groups of LEAs—for these programs on the basis of written project applications submitted to the SEA. The Department of the Interior may apply for title IV funds for children and teachers in elementary and secondary schools it operates for Indian children. The Department of Defense may apply for Title IV funds for children and teachers in schools it operates for overseas dependents.

(Sections 403 and 404 of the Act; 20 U.S.C. 3083 and 3084)

(2) EDGAR 34 CFR Part 77, (Definitions);

(3) The regulations in this part.

(b) If an SEA administers title IV under the provision of Title V, Part A of the Elementary and Secondary Education Act (ESEA), the regulations in 34 CFR Part 209 also apply.

Subpart B—How a State Applies for a Grant

§ 774.10 Documents the State must submit to get a grant.

(a) To receive a grant a State shall submit to, or have on file with, the Secretary—

(1) A general application that in the opinion of the Secretary satisfies the single State application requirements of title V of ESEA (section 501) and 34 CFR Part 209, or of section 435 of the General Education Provisions Act (GEPA), whichever applies; and

(2) A State plan that describes the purposes for which the funds applied for will be spent. The State plan must be detailed enough to allow the Secretary to determine whether it satisfies the requirements of the Act and these regulations. The State shall include in its plan the specific assurances and items of information listed in the appendix to this part.

(b) To receive a grant, the Department of the Interior or Department of Defense shall submit to the Secretary a program plan that describes the purposes for which the funds will be used. The program plan—

(1) Need not be submitted more often than once every three years; and

(2) Must contain the assurances and information required by the Secretary.

(Secs. 403(c) and 404(a) of the Act; 20 U.S.C. 3083(c) and 3084(a))

§ 774.11 Conditions the State must meet before submitting a plan—State Advisory council.

A State that desires to receive title IV funds shall establish a State advisory council (SAC).

(a) The SAC shall be broadly representative of the cultural and educational resources of the State, including—

(1) Teachers, principals, superintendents, and other professional employees of LEAs and private schools;

(2) Teachers from institutions of higher education;

(3) School librarians, personnel involved in operating media programs in local schools, and guidance counselors;

(4) Individuals from fields of professional competence in dealing with children needing special education because of physical or mental handicaps, specific learning disabilities, severe educational disadvantages, and limited English proficiency or because they are gifted or talented, and of professional competence in guidance and counseling; and

(5) Parents, students, and other interested members of the public.

(b) A single member of the council may represent more than one of these resources.

(c) The State's annual certification of council membership must provide the name of each member of the council, including its chairperson, as well as the specific resource or resources each member represents. In addition, the State shall retain, and furnish to the Secretary upon request, a description of the qualifications of each council member.

(d) The Secretary notifies the SEA in writing when the certification has been accepted.

(Sec. 404(b) of the Act; 20 U.S.C. 3084(b))

§ 774.12 Conditions the State must meet before submitting a plan—maintenance of effort.

(a) *General requirements.* (1) To receive Part B funds, Part C funds to conduct the Strengthening SEA Management program, or Part D funds, a State shall have expended during the preceding fiscal year for the purposes of each of these programs an amount of non-Federal funds that at least equals the amount of non-Federal funds it expended for the purposes of each of these programs during the second preceding fiscal year.

(2) The comparison of expenditures for the two years may be made on the basis of—

(i) Either the aggregate non-Federal expenditures for each of these programs made by the State, its LEAs, and the private schools in the State; or

(ii) The aggregate per student expenditures of the State, its LEAs, and private schools.

(b) *Aggregate expenditures.* The State may measure aggregate non-Federal expenditures for programs described in Part B, Part D, or in Title V, Part B, respectively, by either of the following methods:

(1) Totalling the expenditures made by the State, all its LEAs, and the private schools in the State that enroll students who will participate during the fiscal year for which funds are available or

(2) Totalling the expenditures made by the State, its LEAs that will participate in the fiscal year for which funds are available, and the private schools in the State that enroll students who will participate in the fiscal year for which funds are available.

(c) *Aggregate per student expenditures.* The State may measure aggregate per student non-Federal expenditures for programs described in Part B, Part D, or in Title V, Part B, respectively, by either of the following methods:

(1) Dividing the aggregate expenditures computed under paragraph (b)(1) of this section by the total number of students in average daily attendance (ADA)—or any other basis commonly and consistently used in a State from year to year—in all the public schools in the State and in private schools that enroll students who will participate in the fiscal year for which funds are available; or

(2) Dividing the aggregate expenditures computed under paragraph (b)(2) of this section by the total number of students in ADA—or on any other basis commonly and consistently used in the State from year to year—in public schools in LEAs that will participate in the fiscal year for which funds are available and in private schools that enroll students who will participate in the fiscal year for which funds are available.

(d) *Averaging expenditures.* (1) If non-Federal expenditures for programs described in Part B, Part D, or in Title V, Part B, depend upon a State or local appropriation that is not an annual appropriation, the State may average its non-Federal expenditures for those programs over the number of fiscal years for which the appropriation was made.

(2) A State that chooses to average its expenditures in this way shall continue to use this method for computing maintenance of effort for each fiscal year for which the State or local appropriation was made.

(3) A State that does not average its expenditures shall attribute all expenditures to the fiscal year in which they were incurred.

(e) *State's authority to exclude LEAs or children enrolled in private schools.* A State, by rule, may exclude from participation in Parts B or D—

(1) An LEA that has failed to maintain its non-Federal expenditures, if the Secretary declines to waive the State's requirement to maintain its expenditures, and if that LEA's failure to maintain its expenditures would prevent the State from complying with paragraph (a) of this section;

(2) Students enrolled in a private school that has failed to maintain its expenditures, if the Secretary declines to waive the State's requirement to maintain its expenditures, and if that private school's failure to maintain its expenditures would prevent the State from complying with paragraph (a) of this section; or

(3) An LEA, or students enrolled in a private school, that fails to submit data that the State requires to determine compliance with this section.

(f) *Collecting and maintaining data.* The SEA shall collect and maintain data—including data from private schools—that verify the State's compliance with this section or §§ 774.90–774.92 of these regulations. The State shall make these data available to the Secretary upon request.

(g) *Separate compliance.* The Secretary determines whether a State is complying with the maintenance of effort requirement separately for the programs authorized by Part B, Part D, and Title V, Part B of the Act.

(Sec. 404(a)(7) of the Act and Sec. 431(A) of GEPA; 20 U.S.C. 3084(a)(7) and 1232-1)

Subpart C—How a Grant Is Made to a State

§ 774.20 Determination of the total amount available for a State grant.

The Secretary determines for each fiscal year the total amount of Parts B, C, and D funds for which a State, an insular area, the Department of Defense and the Department of the Interior may apply.

(a) In determining the amounts for which a State—other than an insular area—may apply, the Secretary allots to each State an amount which bears the same ratio to the amounts appropriated, respectively, for Parts B, C, and D as the number of children aged five to seventeen, inclusive, in the State bears to the number of those children in all the States.

(b) In determining the amount for which an insular area may apply, the Secretary considers the number of children enrolled in the elementary and secondary schools in that insular area.

(c) In determining the amount for which the Department of Defense and the Department of the Interior may each apply, the Secretary considers the number of children enrolled in elementary and secondary schools operated by that department.

(Sec. 403 of the Act; 20 U.S.C. 3083)

§ 774.21 Reallocation of excess funds.

The Secretary may, for any fiscal year, determine that the amount of Parts B, C, or D funds made available to a State—other than an insular area—exceeds the amount of funds that the State requires to carry out projects under that part for that fiscal year. The Secretary may then reallocate these excess funds.

(Sec. 403(b) of the Act; 20 U.S.C. 3083(b))

Subpart D—How To Apply to the State for a Subgrant

§ 774.30 Documents the applicant must submit to get a subgrant.

(a) To receive a subgrant of Part B, C, or D funds, an LEA shall submit to, or have on file with, the SEA—

(1) A general application that satisfies the single LEA application requirements of title V of ESEA (section 502) and 34 CFR Part 209 or of GEPA (section 436), whichever applies; and

(2) A project application, in the form required by the SEA, that describes the purposes for which the funds will be spent. The LEA shall include in its project application sufficient detail to enable the SEA to determine whether the application satisfies the requirements of the Act and these regulations.

(b) To receive a subgrant of Part B or D funds, an LEA need not submit a project application more often than once every three years. However, an SEA may require an LEA to supplement annually its project application for Part B or D funds with the information it needs to determine whether the LEA is complying with the requirements of the Act, including:

(1) Enrollment and expenditure data needed by the SEA to determine if the State is maintaining its fiscal effort,

(2) Information needed by the SEA to determine whether the LEA is complying with the requirements dealing with the participation of private school children; and

(3) Information pertaining to any material changes in project objectives or use of funds.

(c) (1) An SEA may approve an LEA application for a multi-year part C project—subject to the availability of funds—in accordance with § 774.41 (*Multi-year part C projects*).

(2) Each year after the first year of the project, the LEA shall supplement its project application with the information the SEA requires to determine whether the LEA is making satisfactory progress toward meeting the objective of its project, and is complying with the requirements of the Act and these regulations.

(d) The Department of Defense, the Department of the Interior, or an insular area may designate administrative units to submit project applications that are consistent with the requirements of this section.

(Sec. 403(c), 404(a), and 432(a) of the Act; 20 U.S.C. 3083(c), 3084(a), and 3112(a))

§ 774.31 Provisions required in the documents.

(a) (1) In each project application it submits to the SEA, an LEA shall clearly demonstrate that it has complied with § 774.71 (*Consultation with representatives of private school students*).

(2) In each project application it submits to the Department of Defense, the Department of the Interior, or insular area, an administrative unit shall clearly demonstrate that it has complied with § 774.71.

(b) Each project application submitted by an LEA to an SEA—or by an administrative unit to an insular area or department—must include—

(1) The number of public and private school children enrolled in the schools located within its boundaries;

(2) The number of public and private school children to be served by the project;

(3) A description of how the public and private school children selected to participate were chosen;

(4) A description of when and where public and private school children will be served by the project;

(5) An explanation of any differences noted in paragraph (b)(4) of this section;

(6) An explanation of any adjustments made in per student expenditures under § 774.74 (*Expenditures*); and

(7) If required by the SEA, the names and addresses of all private schools within its boundaries.

(c) An SEA may require an LEA—or an insular area or department may require an administrative unit—to provide the information required by paragraphs (a) and (b) of this section for each fiscal year during which the LEA or administrative unit participates in Parts B, C, or D of the Act.

(Secs. 406(a), 406(b), and 432(d) of the Act; 20 U.S.C. 3086(a), 3086(b), and 3112(d))

Subpart E—How a Subgrant Is Made to an Applicant

§ 774.40 Determination of the amount of the subgrant.

(a) (1) An SEA shall make a subgrant to an LEA of Part B funds based on enrollments in public and private schools within the school districts of those agencies, adjusted to provide higher per pupil allocations to—

(i) LEAs whose tax effort for education is substantially greater than the State average tax effort for education, but whose per pupil expenditure (excluding payments made under Title I of this Act) is no greater than the average per pupil expenditure in the State; and

(ii) LEAs which have the greatest numbers or percentages of children whose education imposes a higher than average cost per child, such as children from low-income families, children living in sparsely populated areas, and children from families in which English is not the dominant language.

(2) For the purpose of computing the amount of a subgrant to an LEA selected by the SEA because of high tax effort or because of a large number or percentage of high cost children, a higher per pupil allocation means an additional per pupil amount that is at least equal to the per pupil amount the SEA awards to each LEA based on enrollment.

(3) An SEA may decline to award higher per pupil allocations to LEAs because of high tax effort only if it provides enough information in its State plan to allow the Secretary to determine that—

(i) No LEA in the State is making a substantially greater than average local tax effort; or

(ii) If any LEA in the State is making a substantially greater than average local tax effort, its per pupil expenditures exceed the State average per pupil expenditure.

Example. Assume that a State received $2,112,500 in Part B funds and that the maximum administrative allowance for Title IV is $225,000. The State chooses to use $112,500 to administer the Part B program. This amount ($112,500) is subtracted from the Part B allocation ($2,112,500) leaving $2,000,000 for LEA program funds. The State has a total enrollment of 500,000 public and private school children, and has identified as "high cost" children, those in (1) rural LEAs, and (2) bilingual children in LEAs whose enrollment is more than 10 percent bilingual. Allotting 50 percent of the $2,000,000 total ($1,000,000) on the basis of

enrollment (500,000 children) will generate $2.00 to be allotted for benefits for each child in the State. The remaining $1,000,000 might be divided by allotting 20 percent of the total grant ($400,000) to 200,000 children in LEAs that are eligible under the high tax effort factor, or an additional $2.00 per child (as much as is received under the enrollment factor). From the remaining 30 percent of the grant, the State might allocate $400,000 to 200,000 children enrolled in rural LEAs (that is, an additional $2.00 per child) and $200,000 to LEAs with 100,000 bilingual children (again, $2.00 additional per child). Note that this formula provides for the cumulation of higher per pupil allocations. For example, a child enrolled in an LEA selected under the high tax effort factor as well as one high cost factor would generate $6.00 per child.

EXAMPLE OF FORMULA MEETING PROPOSED MINIMUM REQUIREMENT

Total part B allotment—$2,112,500; State administration—$112,500

	Enrollment	High tax effort	High cost	
			Rural	Bilingual
Percent program funds	50	20	20	10
Program funds ($)	1,000,000	400,000	400,000	200,000
Number of children	500,000	200,000	200,000	100,000
Amount per child ($)	2.00	2.00	2.00	2.00
Number of LEA's	170	65	120	60

(b) An SEA shall make a subgrant of Part C funds to an LEA on an equitable, competitive basis.

(c) An SEA shall make a subgrant of Part D funds to an LEA in accordance with the distribution procedures described in the State plan. These funds may be allocated on the basis of a formula, such as student enrollment, or an equitable competition.

(Secs. 404(a)(5), 422(a), and 441(a) of the Act; 20 U.S.C. 3084(a)(5), 3102(a), and 3121(a))

§ 774.41 Multi-year Part C projects.

(a) Subject to the availability of funds, an SEA may make a commitment to an LEA to fund a particular project with Part C funds for more than one fiscal year, but for not more than five fiscal years, excluding the period during which the LEA received a planning grant for the project. A subgrant to plan a project may be for no more than one fiscal year.

(b) Before the SEA makes a commitment to multi-year funding, it shall determine that the LEA intends to adopt the project activities, if successful, as part of its regular educational program when Part C funds are no longer provided. For the purpose of this requirement, no activity that is supported by funds for which the LEA must compete against other LEAs or similar applicants may be considered part of its regular educational program.

(c) If an SEA makes a subgrant to an LEA for a particular project that has been supported by Part C funds during three preceding years, the SEA shall, in comparison to the amount of the subgrant for the third fiscal year, reduce the amount of the subgrant substantially. Similarly, if an SEA makes a subgrant of Part C funds to an LEA for a particular project for a fifth fiscal year, the SEA shall, in comparison to the amount of the subgrant for the fourth fiscal year, reduce the amount of the subgrant substantially.

(d) An LEA shall include the following information in its application for Part C funds for the fourth or fifth year of a particular project:

(1) How the LEA will compensate for the reduction of Part C funds in the fourth and fifth year of the project without reducing the project's scope and quality.

(2) How the LEA will incorporate the activities of the project into its regular educational program after Part C funds are no longer provided.

(3) How the LEA will continue to provide with Federal funds equitable benefits to private school children who participate in the project.

(e) For the purpose of applying the requirements of this section to multi-year Part C projects already in operation for three years prior to the effective date of these regulations, the SEA may consider the subgrant it makes to an LEA for school year 1979–80 to continue this type of multi-year Part C project as though it were for the third year of that project.

(Secs. 406(a) and 432(a) of the Act; 20 U.S.C. 3086(a) and 3112(a))

§ 774.42 Reallocation.

(a) An SEA may, from time to time, reallocate Part B funds from an LEA that has chosen not to participate or does not choose to expend the full amount made available to it. A reallocation of funds must be consistent with the requirements for the participation of private school children and with the procedure described in the State plan for determining the amount of subgrants for Part B.

(b) If an SEA makes subgrants of Part D funds available to LEAs on the basis of a formula, such as student enrollment, it may similarly reallocate excess Part D funds.

(Secs. 422(a) and 441(a) of the Act; 20 U.S.C. 3102(a) and 3121(a))

Subpart F—Conditions That Must Be Met by the State and Its Subgrantees

§ 774.50 Use of funds—SEAs.

(a) In a fiscal year in which the provisions of Title V of ESEA dealing with the conditions for appropriations of State administrative funds are not met—

(1) (i) A State—other than an insular area—may use to administer its State plan the larger of the following amounts—

(A) Five (5) percent of the Title IV funds received for that fiscal year, excluding any funds used for the purpose of the State's strengthening program, or

(B) $225,000.

(ii) The State shall then make available to LEAs—for purposes described in paragraph (a)(1) of this section (iii)—the remaining amount of its total Title IV allotment, after any reallocation by the Secretary. However, the SEA shall exclude from the amount made available to LEAs any amount of Part C funds to be expended for the strengthening SEA Management program or of Part D funds for State leadership in guidance, counseling, and testing.

(iii) An LEA shall use the amount made available under paragraph (a)(1)(B)(ii) of this section only to acquire instructional materials and equipment under Part B; improve local educational practices under Part C; and conduct guidance, counseling, and testing programs under Part D.

(b) In a fiscal year in which the provisions of Title V of ESEA dealing with the conditions for appropriations of State administrative funds are met, all the above requirements apply except those pertaining to State administrative funds.

(Secs. 403(a), 403(c), 404(a)(8), and 441(b) of the Act; 20 U.S.C. 3083(a), 3083(c), 3084(a)(8), and 3121(b))

§ 774.51 Use of funds—Insular Areas.

(a) In any fiscal year an insular area may use no more than $75,000 to administer its State plan.

(b) The insular area shall then use for the purposes described in paragraph (c) of this section, the remaining amount of its total Title IV allotment. However, the insular area shall exclude from the amount available for paragraph (c) of this section any amount to be expended for the Strengthening SEA Management program or for State leadership in guidance, counseling, and testing.

(c) The insular area shall use the amount made available under paragraph (b) of this section only to acquire instructional materials and equipment under Part B; improve local educational practices under Part C; and conduct guidance, counseling, and testing programs under Part D.

(d) Each insular area shall use a substantial amount of its Part B grant and its Part D grant, if distributed on a formula basis, to benefit children who have the greatest educational need.

(Secs. 403(a), 403(c), 404(a)(8), and 441(b) of the Act; 20 U.S.C. 3083(a), 3083(c), 3084(a)(8), and 3121(b))

§ 774.52 Use of Funds—Departments of Defense and the Interior.

(a) In any fiscal year the Department of the Interior may use no more than $75,000 to administer its program plan.

(b) The department shall then use the remaining amount of its total Title

IV allotment only to acquire instructional materials and equipment under Part B; improve local educational practices under Part C; and conduct guidance, counseling, and testing programs under Part D.

(c) The Department of Defense and the Department of the Interior shall use a substantial amount of its Part B grant and its Part D grant, if distributed on a formula basis, to benefit children who have the greatest educational need.

(Sec. 403(c) of the Act; 20 U.S.C. 3083(c))

§ 774.53 Use of Part C funds—SEAs, Insular Areas, and Departments of Defense and the Interior.

(a) In a fiscal year in which the provisions of Title V of ESEA dealing with the conditions for appropriations for the Strengthening SEA Management program are not met, a State—including an insular area—may use the larger of the following amounts—

(1) Fifteen (15) percent of the Part C funds received for that fiscal year; or

(2) The amount it received for Strengthening State and Local Educational Agencies for fiscal year 1973 to conduct the Strengthening SEA Management program as described in the approved State plan.

(b) In any fiscal year the Department of Defense and the Department of the Interior may not use Title IV funds for the Strengthening SEA Management program.

(c) In awarding subgrants of Part C funds, an SEA shall comply with—

(1) Section 431(b)(2) of the Act which requires that in any fiscal year in which the State receives more Part C funds than it received in fiscal year 1979, at least 50 percent of the additional amount must be used for innovatives and improved compensatory education projects;

(2) Section 432(b)(1) and (2) of the Act which require that—

(i) In fiscal year 1980 any State that receives more Part C funds than it received in fiscal year 1979 must allocate at least 5 percent of the additional amount for projects to improve school management;

(ii) In fiscal year 1981 and each succeeding fiscal year any State that receives more Part C funds than it received in fiscal year 1979 must allocate at least 10 percent of the additional amount for projects to improve school management;

(iii) The SEA may not approve a project to improve school management unless the LEA has developed its project application in consultation with a committee composed of administrators, teachers, other staff at the school, and parents whose children attend the school, and that committee has approved that project application.

(3) Section 432(c) of the Act which requires the State to expend no less than 15 percent of its Part C grant—excluding funds available for the Strengthening SEA Management program—for special projects for handicapped children. The special projects for handicapped children must be designed to meet the special educational needs of those children.

(d) In judging a competition among LEAs for Part C funds, an SEA may take into consideration which of the program purposes or activities an LEA seeks to support.

(Secs. 403(c), 404(a)(9), 431, 432(b), and 432(c) of the Act; 20 U.S.C. 3083(c), 3084(a)(9), 3111, 3112(b), and 3112(c))

§ 774.54 Use of Part C funds—supplementing Part C subgrants.

(a) An SEA may reserve a small amount of Part C funds for the purpose of supplementing its subgrants for Part C projects.

(b) Alternatively, if—after awarding all of its Part C funds for a fiscal year for Part C subgrants—the SEA determines that not all of those funds will be obligated by one or more LEAs during that grant period, the SEA may recover those funds and use them to supplement other Part C projects.

(c) An SEA that intends to supplement Part C projects in any way shall include in its State plan a description of the process and the competitive criteria it will use in considering an LEA's request for supplemental funding.

(d) If an SEA reserves funds for supplementation, it shall include the amount in its State plan.

80-113 O—82——45

(e) An SEA may not award supplementary Part C funds to enable an LEA to conduct activities beyond the scope of that LEA's approved application.

(Sec. 404(a)(5) of the Act; 20 U.S.C. 3084(a)(5))

§ 774.55 Use of Part D funds—SEA, Insular Areas, and Departments of Defense and the Interior.

(a) An SEA may use no more than 7½ percent of its Part D grant for any fiscal year for State leadership and supervisory activities.

(b) The Departments of Defense and the Interior may not use Part D funds for State leadership and supervisory activities.

(c) If Part D funds are distributed on a competitive basis, the criteria for selection must be based on the quality of proposed projects and not the purposes for which the funds will be used.

(Secs. 441 and 442 of the Act; 20 U.S.C. 3121 and 3122)

§ 774.56 Use of Part B funds—LEAs.

(a) Subject to the requirements dealing with the participation of private school children, an LEA that receives a subgrant of Part B funds shall have complete discretion in selecting which of the program purposes it wishes to support with those funds.

(b) Subject to the requirements dealing with the participation of private school children, an LEA may, when acquiring instructional materials and equipment with Part B funds, concentrate upon meeting the educational needs of children in one or more of the schools within its boundaries.

(c) When selecting instructional materials and equipment, an LEA that receives higher per pupil allocations of Part B funds due to the presence of a large number or percentage of children whose education imposes a higher than average per pupil cost shall consider the special educational needs of those children.

(d) The LEA shall make available to all children attending a school, all the instructional materials and equipment acquired with Part B funds and placed in that school.

(Secs. 421 and 422 of the Act; 20 U.S.C. 3101 and 3102)

§ 774.57 Use of Part C funds—LEAs.

(a) An LEA that receives a subgrant of Part C funds shall use those funds primarily for activities that will improve its own educational practices. This means that an LEA that receives a subgrant of Part C funds—

(1) May not transmit those funds to another LEA to pay the costs of the other LEA's project unless the LEA that receives the subgrant is acting as the agent for a consortium (of which it is a member) whose joint project application for Part C funds has been approved by the SEA;

(2) May not use those funds to disseminate training materials or project information to the representatives of children enrolled in schools outside the LEA, except in response to a specific request;

(3) Shall give priority to requests for training received from the representatives of children enrolled in schools within its own boundaries;

(4) May not use those funds to provide training to the representatives of school children enrolled in a school located in another State.

(b) In connection with the educational practices it has either developed or adopted with Part C funds, an LEA may, in response to a specific request, use Part C funds within the State to—

(1) Disseminate training materials and project information—including evaluation results—to representatives of children enrolled in public and private schools outside its boundaries;

(2) Provide technical assistance and training to the representatives of children enrolled in public and private schools outside its boundaries; and

(3) Attend meetings to describe its project to representatives of children enrolled in public and private schools outside its boundaries.

(c) An LEA may not use Part C funds for the purposes described in paragraph (b) of this section unless the SEA specifically approves. Before approving, the SEA must determine—

(1) That the educational practices developed or adopted by the LEA with Part C funds—

(i) Are successful in that LEA, as shown by data that clearly demonstrate significant improvement of its educational practices;

(ii) Have been installed in the schools within the LEA's boundaries (or are in the process of being installed in accordance with a plan approved by local school authorities) where appropriate and feasible;

(iii) Are being adequately supported, irrespective of the source of funds, for the benefit of children enrolled in public and private schools within the LEA boundaries; and

(2) That the amount of Part C funds to be used for the purposes described in paragraph (a) of this section is reasonable considering the extent to which—

(i) The educational practices developed or adopted by the LEA with Part C funds have already been installed in the schools within the LEA's boundaries;

(ii) There is a demand for demonstrations of the educational practices elsewhere in the State.

(d) In any fiscal year the amount of Part C funds an LEA may use under paragraph (b) of this section to demonstrate educational practices outside its boundaries may not exceed the amount of funds, irrespective of the source, the LEA uses to support those educational practices within its boundaries.

Example: To *operate* the program for public and private school children within its boundaries the LEA determines that the following amounts will be needed:

ESEA Title IV-C	$2,000
Other Federal	3,000
LEA	1,000
Total	6,000

To *demonstrate* the program outside its boundaries for the benefit of public and private school children, the maximum amount available is: $6,000. The maximum amount of the Title IV-C grant would be: $8,000.

NOTE: If this grant is for the fourth year of funding, the total amount would have to be substantially less than the ESEA Title IV-C grant for the third year. Likewise, the grant for the fifth year would have to be substantially less than that for the fourth year.

(e) An SEA shall not make a subgrant of Part C funds to a consortium of LEAs or to an LEA that contains more than one school district within its boundaries to disseminate information or provide technical assistance concerning educational practices unless those uses of Part C funds are consistent with the requirements of this section. For example, Part C funds may not be used by one LEA within a consortium to disseminate information or provide technical assistance concerning educational practices that LEA has developed or adopted with Part C funds to another member of the consortium unless the SEA determines that the requirements of paragraph (c) of this section are met.

(Sec. 431(a) of the Act; 20 U.S.C. 3111(a))

§ 774.58 Use of Part D funds—LEAs.

Subject to the requirements dealing with the participation of private school children, an LEA that receives a subgrant of Part D funds shall have complete discretion in selecting which of the Part D program purposes it wishes to support with those funds.

(Sec. 442 of the Act; 20 U.S.C. 3122)

§ 774.59 Allowable costs—Part B.

(a) Expenditures of Part B funds for instructional equipment may include the cost of raw or processed materials, or component parts to be made into finished products, as well as the cost of making or assembling the instructional equipment.

(b) No administrative costs, except those properly incurred by SEAs, are allowable under Part B of the Act unless the SEA approves a special indirect cost rate for use by LEAs.

(Secs. 401 and 421 of the Act; 20 U.S.C. 3081 and 3101)

Subpart G—Administrative Responsibilities of the State and Its Subgrantees

§ 774.60 Project application review and approval by the State.

(a) An SEA shall review and approve the project applications of LEAs:

(1) According to the requirements of section 503 of Title V of ESEA, if applicable;

(2) In a manner consistent with its assurances under 34 CFR 76.102(e) of EDGAR; and

(3) According to its State plan.

(b) The Department of Defense, the Department of the Interior, or an insular area shall review the project applications of its administrative units, if applicable. The relevant Department or the insular area may approve only those applications that comply with the requirements of the Act and these regulations, as well as with the Department's program plan or the insular area's State plan.

(Sec. 404(a) of the Act; 20 U.S.C. 3084(a))

§ 774.61 Monitoring and enforcement by the State.

In each fiscal year, the SEA shall carry out a plan for monitoring and enforcing compliance by LEAs with Federal requirements according to the following standards:

(a) The purpose of monitoring shall be—

(1) To review federally funded projects to determine whether a subgrantee is complying with applicable statutes, regulations, and grant provisions; and

(2) To review project purposes, activities, and results.

(b) An SEA shall—

(1) Take into account the size, scope, and purpose of the project in determining the frequency of on-site visits;

(2) Visit each multi-year Part C project at least once during the duration of the project or the applicable State plan; and

(3) Visit a sample of all Title IV projects annually to insure the integrity of the Title IV program.

(c) (1) Within 60 days of a monitoring visit, the SEA shall provide the LEA with a written report that contains the SEA's findings.

(2) If the LEA disagrees with those findings, it may reply in writing to the SEA within 60 days of the SEA's report.

(3) The SEA shall respond in writing to the LEA within 60 days of receiving the LEA's reply.

(d) All monitoring reports, replies, and responses are public documents and shall be made available to the public by both the SEA and LEA.

(Sec. 401 of the Act and Sec. 434 of GEPA; 20 U.S.C. 3081 and 1232c)

§ 774.62 Evaluation by the State.

An SEA shall comply with the evaluation requirements of Title V of ESEA (section 501(b)(4)) or of GEPA (section 435(b)(4)), whichever applies, and evaluate, at least once every three years, the effectiveness of Parts B, C, and D of the Title IV program in that State. The purposes of the evaluation are to determine—

(a) The extent to which educational needs identified in the State plan are being met by Parts B, C, and D;

(b) The quality and effectiveness of administrative activities undertaken by the SEA under its State plan, such as project application review, technical assistance, dissemination, and project monitoring; and

(c) For Part C projects—

(1) The extent to which the educational priorities identified in the State plan are being improved in participating LEAs;

(2) The extent to which LEAs are incorporating successful practices, originally supported by Part C funds, into their regular educational programs;

(3) The extent to which Part C funds are being used for the various program activities authorized under the Act; and

(4) The extent to which the educational needs that prompted the project are still viewed as important by the LEA when Federal funding concludes.

(Sec. 435(b)(4) of GEPA; 20 U.S.C. 3141(b)(4))

§ 774.63 Evaluation by the State advisory council.

At least every three years the SAC shall evaluate and report—through the SEA to the Secretary—on the Part B, C, and D programs in that State and on all Title IV projects in the State, including those conducted for children enrolled in nonprofit private elementary and secondary schools.

These evaluations must reflect consideration of—

(a) The needs addressed by the Part B, C, and D programs and by the individual LEA projects;

(b) The objectives of the Part B, C, and D programs and of the individual LEA projects;

(c) The extent to which these objectives have been achieved;

(d) The educational improvements that have resulted from the Part B, C, and D programs and from the individual LEA projects; and

(e) In the case of a Part C project, the extent to which the educational practices associated with that project have been incorporated throughout the LEA.

(Secs. 401 and 401(b)(1) of the Act; 20 U.S.C. 3081 and 3084(b)(1))

§ 774.64 Standards for Part B.

A State shall adopt standards to be used by its LEAs—or, in case of an insular area, by its administrative units—in acquiring instructional equipment and materials under Part B of Title IV of the Act. The purpose of these standards shall be to insure that all equipment and materials acquired—

(a) Are of appropriate quality and quantity for instructional use in that LEA or administrative unit; and

(b) Will be used solely for instructional purposes.

(Sec. 421 of the Act; 20 U.S.C. 3101)

§ 774.65 Consultation procedures—Part B.

(a) In determining how Part B funds will be divided among the Part B program purposes, an SEA shall insure that a participating LEA has adopted appropriate procedures to coordinate the selection of instructional equipment and materials with the curricula carried out in that LEA's schools.

(b) These procedures shall include periodic consultation with teachers, librarians, media specialists, and other professional staff in the schools and with representatives of participating private school children. These consultations must take place before decisions are made on the expenditure of Part B funds.

(Sec. 422(b) of the Act; 20 U.S.C. 310(b))

§ 774.66 Control of instructional equipment and materials.

An LEA—or other public agency—that administers a Title IV project shall take whatever steps are necessary to insure that it maintains effective control over instructional equipment and materials acquired with Title IV funds.

(Sec. 406(c) of the Act and Sec. 436(b)(2) of GEPA; 20 U.S.C. 3086(c), 3101, and 1232e(b)(2))

§ 774.67 Audit resolution.

If an SEA administers Title IV under the authority of Part A of Title V of ESEA, the minimum standards for audit resolution contained in 34 CFR Part 209 apply.

(Sec. 509 of the Act; 20 U.S.C. 3149)

§ 774.68 Part C projects for the education of handicapped children; requirements under Part B of the Education of the Handicapped Act (EHA).

(a) An SEA shall ensure that each project for handicapped children that is funded with Title IV, Part C funds—

(1) Is under the general supervision of the persons in the SEA who are responsible for educational programs for handicapped children; and

(2) Meets the SEA's educational standards.

(b) An SEA shall ensure that all Title IV, Part C funds it awards for projects for handicapped children will be used only in a manner consistent with a goal of providing a free appropriate public education for all handicapped children. However, this paragraph does not limit the specific requirements of the Act or these regulations.

(c) Under the withholding provisions of EHA (section 616), the Secretary may withhold Part C funds available for projects for handicapped children if the Secretary determines that there has been a—

(1) Failure to comply substantially with any provision of sections 612 or 613 of EHA; or

(2) Failure in the administration of the State plan under Part B of EHA to comply with—

(i) Any provision of Part B of EHA; or

(ii) Any requirement in the approved application under Part B of an LEA or intermediate educational unit.

(d) The regulations for Part B of EHA are in 34 CFR Part 300.

(Secs. 612(6), 613(a)(2), and 616(a)(2)(B) of EHA; 20 U.S.C. 1412(6), 1413(a)(2) and 1416(a)(2)(B))

Subpart H—Participation of Children Enrolled in Private Schools

§ 774.70 Responsibilities.

(a) *General.* Section 406 of the Act provides that children enrolled in private schools are entitled to participate equitably in the purposes and benefits of the Title IV program. This subpart establishes the rules governing their participation. For the purposes of this subpart and Subpart I the term LEA includes an administrative unit of an insular area.

(b) *SEA responsibilities.* An SEA may not make a subgrant of Title IV funds that does not meet the requirements dealing with the participation of private school children. An SEA shall ensure that each LEA complies with these requirements. If an SEA carries out a Title IV project under § 774.73(d) or § 774.82(a), it shall comply with these requirements as if it were an LEA.

(c) *LEA responsibilities.* (1) An LEA shall provide children enrolled in the private schools within its boundaries genuine opportunities to participate equitably in Title IV projects. These opportunities shall be consistent with the number and needs of those children.

(2) The LEA shall maintain continuing administrative direction and control over the Title IV funds and property that benefit children enrolled in private schools.

(Sec. 406 of the Act; 20 U.S.C. 3086)

§ 774.71 Consultation with representatives of private school students.

(a) An LEA shall consult with appropriate representatives of the children enrolled in the private schools within its boundaries during all phases of the development and design of the project covered by the application, including consideration of—

(1) Which children will receive benefits under the program;

(2) How the children's needs will be identified;

(3) What benefits will be provided;

(4) How the benefits will be provided; and

(5) How the project will be evaluated.

(b) An LEA shall consult with appropriate representatives of children enrolled in private schools before the LEA makes any decision that affects the opportunities of those children to participate in the project.

(c) The LEA shall give the appropriate representatives a genuine opportunity to express their views regarding each matter subject to the consultation requirements in this section.

(Sec. 406(a) of the Act; 20 U.S.C. 3086(a))

§ 774.72 Needs; number of children; types of services.

An LEA shall determine the following matters on a basis comparable to the one it uses in providing for the participation of children attending public schools:

(a) The needs of children enrolled in the private schools.

(b) The number of those children who will participate in a project.

(c) The benefits the LEA will provide to those children.

(Sec. 406 of the Act; 20 U.S.C. 3086)

§ 774.73 Benefits.

(a) *General.* An LEA that receives a subgrant of Title IV funds shall provide to children enrolled in private schools located within its boundaries secular, neutral, non-ideological benefits that are authorized by Title IV, other than projects for improving school management.

(1) If the LEA determines that it is either unnecessary or not feasible to provide these benefits on the premises of one or more of those private schools, it shall make other arrangements for their provision to those children.

(2) These other arrangements must allow the private school children to

participate equitably in the LEA's project.

(b) *Same benefits.* If an LEA concentrates Title IV funds on a particular group, attendance area, or grade or age level, the LEA shall ensure equitable participation by children enrolled in private schools who—

(1) Have the same needs; and

(2) Are in that group, attendance area, or age or grade level.

(c) *Different benefits.* An LEA shall provide Title IV benefits to children enrolled in private schools that are different from the Title IV benefits it provides to children enrolled in public schools if the differences are necessary to meet the needs of the children enrolled in private schools. However, the Title IV benefits for the children enrolled in private schools must be comparable in quality, scope, and opportunity for participation to those provided for children enrolled in public schools.

(d) *Part B benefits.* (1) If no project under Part B of Title IV is carried out for the benefit of children enrolled in public schools within the school district of an LEA, the SEA shall make appropriate arrangements to provide benefits authorized by Part B to the children enrolled in private schools.

(2) These arrangements—which may include contracts with nonprofit private agencies or organizations—must provide Part B benefits to these children as if they were provided by the LEA within whose district the private schools are located.

(e) *Part C and Part D benefits.* Children enrolled in private schools located within the boundaries of an LEA may receive benefits authorized by Part C or D of Title IV only if:

(1) That LEA applied for and received a subgrant; and

(2) Children enrolled in the public schools within the boundaries of that LEA receive, respectively, Part C or D benefits.

(Sec. 406(a) of the Act; 20 U.S.C. 3086(a))

§ 774.74 Expenditures.

(a) Subject to paragraph (b) of this section, an LEA shall spend the same average amount of Title IV funds on a child enrolled in a private school who participates in the Title IV project as a child enrolled in a public school who participates in the project.

(b) The LEA shall spend a different average amount of Title IV funds for a child enrolled in a private school if the costs of meeting the needs of children enrolled in private schools are different from the costs of meeting the needs of children enrolled in the public schools.

(Sec. 406(b) of the Act; 20 U.S.C. 3086(b))

§ 774.75 Separate classes.

An LEA may not use Title IV funds for classes that are organized separately on the basis of school enrollment or the religion of the children if—

(a) The classes are at the same site; and

(b) The classes include children enrolled in public schools and children enrolled in private schools.

(Sec. 406(a) of the Act; 20 U.S.C. 3086(a))

§ 774.76 Funds not to benefit a private school.

(a) An LEA may not use Title IV funds to finance the existing level of instruction in a private school or to otherwise benefit the private school.

(b) The LEA shall use Title IV funds to meet the specific educational needs of children enrolled in private schools rather than—

(1) The needs of a private school, or

(2) The general needs of the children enrolled in a private school.

(Sec. 406(a) of the Act; 20 U.S.C. 3086(a))

§ 774.77 Administrative control.

(a) An LEA may place the materials or equipment acquired with Title IV funds on the premises of a private school for the period of time needed for the purpose of the project.

(b) An LEA shall insure that the materials or equipment placed on the premises of a private school—

(1) Are used only for the purposes of the Title IV program; and

(2) Can be removed from the private school without remodeling its facilities.

(c) An LEA shall remove the materials or equipment from the premises of a private school if—

(1) The materials or equipment are no longer needed for the purposes of the program or

(2) Removal is necessary to avoid use of the materials or equipment for other than Title IV purposes.

(Sec. 406(c)(1) of the Act; 20 U.S.C. 3086(c)(1))

§ 774.78 Public employees.

An LEA may use Part C or D funds to employ personnel to provide services to children enrolled in a private school only—

(a) If the personnel are public employees;

(b) If the services these persons provide are not normally provided by the private school; and

(c) To the extent necessary to provide equitable Part C or D benefits designed for children enrolled in private schools.

(Sec. 406(c)(2) of the Act; 20 U.S.C. 3086(c)(2))

§ 774.79 Separate compliance.

(a) Each SEA and LEA that participates in Title IV shall comply with the requirements of this subpart in connection with each Title IV program—Part B, C, or D—in which it participates.

(b) A determination that an SEA or LEA is not complying with the requirements of this subpart in one part of Title IV has no bearing on whether it is complying with those requirements in connection with another part.

(Sec. 406 of the Act; 20 U.S.C. 3086)

Subpart I—Section 406 Compliance Procedures

§ 774.80 Complaint procedures.

(a) Any person or organization may file with an SEA a written complaint alleging that in one or more Title IV projects children enrolled in private schools are not receiving benefits on an equitable basis. The written complaint must include a detailed statement of the facts upon which the allegation is made.

(b) The SEA shall, within 60 days of its receipt, investigate the complaint and submit to the Secretary a report stating the nature of the complaint and the actions taken to resolve it. If the SEA believes that one or more LEAs have substantially failed, or are unwilling to provide equitably for children enrolled in private schools, it shall comply with § 774.81(b).

(c) If, after the 60 day period, the SEA, an affected LEA, the person or organization making the complaint, or the Secretary believes the complaint has not been satisfactorily resolved, the Secretary may review the matter and take appropriate action. The Secretary determines when a complaint is finally resolved.

(Sec. 406 of the Act; 20 U.S.C. 3086)

§ 774.81 Waiver of section 406.

(a) The Secretary waives the requirements of Subpart H if the Secretary determines that an SEA is prohibited by State law from providing for the equitable participation of children enrolled in private schools. If an SEA believes that it is prohibited by State law from providing equitably for private school children, it shall promptly—

(1) Notify the Secretary of its belief;

(2) Provide the Secretary with a written interpretation of State law prepared by the State Attorney General or other appropriate State legal officer;

(3) Certify in its State plan—by amendment, if necessary—that it cannot, under State law, comply with the requirements of section 406 of the Act; and

(4) Refrain from approving any project application until the Secretary either—

(i) Waives the requirements of Subpart H for that State; or

(ii) Determines that, despite the provisions of State law, the SEA is able to comply with the requirements of section 406 of the Act.

(b) The Secretary may waive the requirements of Subpart H if the Secretary determines that an SEA or LEA has either substantially failed or is unwilling to provide for the equitable participation of children enrolled in private schools. If, at any time, an SEA believes that an LEA has substan-

tially failed, or is unwilling, to provide equitably for private school children, the SEA shall promptly—

(1) Notify both the Secretary and the affected LEA of its belief;

(2) Provide both with a written, detailed statement of the reasons for its belief; and

(3) Notify the affected LEA that it will not make additional subgrants to the LEA or approve project applications submitted by the LEA until the Secretary either—

(i) Waives the requirements of Subpart H for the affected LEA; or

(ii) Determines that the affected LEA is in compliance with the requirements of section 406 of the Act.

(c) A waiver under this section lasts until the Secretary determines that there is no longer any failure or inability on the part of the SEA or affected LEA to comply with the requirements of Subpart H.

(Secs. 406(d), 406(e), and 406(f) of the Act; 20 U.S.C. 3086(d), 3086(e), and 3086(f))

§ 774.82 By-pass.

(a) If the Secretary waives the requirements of section 406 for a State or one or more of its LEAs, the Secretary arranges for the equitable provision of Title IV benefits to the affected private school children. However, if the Secretary—

(1) Waives the requirements of Subpart H for one or more LEAs; and

(2) (i) Determines that the affected SEA is not, under State law, prohibited from complying with the requirements of section 406, the Secretary may offer the SEA the opportunity to make an arrangement, either directly or by contract, for the equitable provision of Title IV benefits to the affected private school children.

(ii) The SEA shall promptly notify the Secretary if it intends to make these arrangements.

(b) Pending the final resolution of a complaint or the results of any investigation which may lead to a waiver of the requirements of section 406 under § 774.81, the Secretary may withhold from the allocation of the affected State or LEA the amount needed to pay the cost of an arrangement under paragraph (a) of this section.

(c) If, after consultation with the appropriate representatives of the public and private school children—

(1) The Secretary makes an arrangement under paragraph (a) of this section, the Secretary pays the cost of that arrangement—including necessary administrative expenses—from the appropriate Title IV allotment of the affected State; or

(2) An SEA makes an arrangement under paragraph (a) of this section, the SEA shall pay the cost of that arrangement from the appropriate Title IV allotment of the affected LEA. If that arrangement requires the SEA to perform administrative activities it would not otherwise perform, it may pay the cost of those additional activities from the appropriate allotment of that LEA.

(Secs. 406(d), 406(e), and 406(g) of the Act; 20 U.S.C. 3086(d), 3086(e), and 3086(g))

Subpart J—Other Compliance Procedures Used by the Department

§ 774.90 Waivers of maintenance of effort.

Because of exceptional and unforeseen circumstances affecting one or more LEAs in a State, the Secretary may waive the maintenance of effort requirements in § 774.12, if it is equitable to do so. This waiver is effective for one fiscal year only, and may not be repeated.

(a) Examples of exceptional and unforeseen circumstances include—

(1) An unforeseen, substantial removal of property from the tax roll due to—

(i) A disaster of human or natural causes;

(ii) A government action; or

(iii) The departure of an industrial or commercial facility.

(2) An unforeseen, substantial diversion of available revenue to other purposes outside the control of the SEA or LEA due to emergency circumstances such as those resulting from a disaster of human or natural causes.

(i) The Secretary reviews each application for information that shows that the applicant plans to devote adequate resources to the project.

(ii) The Secretary looks for information that shows—

(A) The facilities that the applicant plans to use are adequate; and

(B) The equipment and supplies that the applicant plans to use are adequate.

(c) *Projects eligible under other Federal programs.*

Notwithstanding the criteria in paragraphs (b)(8)(ii) (A) and (B) of this section, the Secretary will not fund a project eligible for assistance under other Federal programs authorizing grants to support research libraries, such as the Medical Library Assistance Act of 1965 (as amended by Pub. L. 93-353), unless the application—

(1) Documents that payments under this part will not duplicate payments under other Federal programs; and

(2) Demonstrates a special need for funding under this part.

(Sec. 231 of the Act; 20 U.S.C. 1041)

[45 FR 85430, Dec. 24, 1980; 46 FR 26058, May 11, 1981]

§ 778.8 Regional balance.

The Secretary endeavors to achieve a broad and equitable geographical distribution in the allocation of funds under this part by assigning a maximum of 15 additional points to applications which, if funded, would contribute to a regional balance. These points are assigned according to the following steps:

(a) Applications will first be evaluated on the basis of selection criteria in § 778.7 and a tentative slate will be prepared of the highest rated applications which would have been funded if regional balance were not considered. (These applications are referred to as the "highest rated applications".)

(b) The Secretary will plot these highest rated applications to see their locations in terms of the following designated regional areas:

AREA

1. The New England States (Connecticut, Maine, Massachusetts, New Hampshire, Rhode Island, and Vermont).

2. New York State, Puerto Rico, and the Virgin Islands.

3. The Middle Atlantic States (Delaware, District of Columbia, Maryland, New Jersey, Pennsylvania, and West Virginia).

4. The Southeastern States (Alabama, Florida, Georgia, Kentucky, Mississippi, North Carolina, South Carolina, Tennessee, and Virginia).

5. The Great Lakes States (Indiana, Michigan, and Ohio).

6. The Midwest States (Illinois, Iowa, Minnesota, Missouri, and Wisconsin).

7. The Southwestern States (Arizona, Arkansas, Louisiana, New Mexico, Oklahoma, and Texas).

8. The Mountain Plains States (Colorado, Kansas, Montana, Nebraska, Nevada, North Dakota, South Dakota, Utah, and Wyoming).

9. The Pacific Northwest States (Alaska, Idaho, Oregon, and Washington).

10. California, Hawaii, American Samoa, and Guam.

(c) The Secretary will then assign 15 extra points to each of the three applications with the most points in each regional area which has two or fewer of the highest rated applications. For example, if the highest rated applications were all those with scores of 75 points and above, and a regional area had applications with scores of 82, 70, 62, and 55, 15 extra points would be awarded to each of the applications with 82, 70, and 62 points. The application with 55 points would not receive extra points.

(d) The Secretary may award 15 additional points, in accordance with the standards in paragraph (c), to applications to avoid causing regional areas which did not receive points under paragraph (c) to be left with two or fewer fundable applications.

(Sec. 232 of the Act; 20 U.S.C. 1041)

§ 793.2 Purpose.

The purpose of the Teacher Corps program is to strengthen the educational opportunities available to children in areas having concentrations of low income families, to encourage colleges and universities to broaden their programs of teacher preparation, and to encourage institutions of higher education and local educational agencies to improve programs of training and retraining for teachers, teacher aides, and other educational personnel.

(5) Enter into contracts or other arrangements with local educational agencies or institutions of higher education, upon approval by the appropriate State educational agency, under which provisions (including payment of the cost of such arrangements) will be made (A) to carry out programs serving disadvantaged areas in which volunteers (including high school and college students) serve as part-time tutors or full-time instructional assistants in teams with other Teacher Corps members, under the guidance of experienced teachers, but not in excess of 90 per centum of the cost of compensation for such tutors and instructional assistants may be paid from federal funds, and (B) to provide appropriate training to prepare tutors and instructional assistants for service in such programs;

(b) Arrangements with institutions of higher education to provide training for Teacher Corps members while serving in schools for local educational agencies under the provisions of this part shall provide, wherever possible, for training leading to an appropriate degree.

(c) (1) Whenever the Commissioner determines that the demand for the services of members of the Teacher Corps exceeds the number available, he shall, to the extent practicable, allocate the number of members of the Teacher Corps who are available among the States in accordance with paragraph (2).

(2) Not to exceed 5 per centum of the number of members of the Teacher Corps who are available shall be allocated to Puerto Rico, the Virgin Islands, Guam, American Samoa, and the Trust Territory of the Pacific Islands and not to exceed 5 per centum of such members shall be allocated to the elementary and secondary schools operated for Indian children by the Department of Interior, according to their respective needs. The remainder of such number of Teacher Corps members shall be allocated among the States so that the number of members available to any State shall bear the same ratio to the number being allocated as the number of children enrolled in the public and private elementary and secondary schools of that State bears to the total number of children so en-

rolled in all of the States. The number of children so enrolled shall be determined by the Commissioner on the basis of the most recent satisfactory data available to him. For purposes of this subsection, the term "State" shall not include Puerto Rico, the Virgin Islands, Guam, American Samoa, or the Trust Territory of the Pacific Islands.

(3) If the Commissioner determines that a State will not require the number of Teacher Corps members allocated to it under paragraph (2), he shall, from time to time, reallot the number not required, on such dates as he may fix, to other States in proportion to the original allocation to such States under paragraph (2), but with such proportionate number for any of such other States being reduced to the extent it exceeds the number the Commissioner determines such State needs and will be able to use for such year; and the total of such reductions shall be similarly reallocated among the States whose proportionate numbers were not so reduced.

(d) A local educational agency may utilize members of the Teacher Corps assigned to it in providing, in the manner described in section 205(a)(2) of Pub. L. 874, Eighty-first Congress, as amended, educational services in which children enrolled in private elementary and secondary schools can participate.

(e)(1) No arrangement may be entered into under the provisions of paragraph (1), (2), (3), (5), or (6) of subsection (a) of this section unless that arrangement is prepared with the participation of an elected council which shall be representative of the community in which the project subject to that arrangement is located and of the parents of the students of the elementary or secondary schools or both, to be served by such project.

(2) Each council selected pursuant to this subsection shall participate with the local educational agency or institution of higher education, or both, in the planning, carrying out, and evaluation of projects subject to arrangements under paragraphs (1), (2), (3), (5), and (6) of subsection (a) of this section.

(3) The Commissioner is authorized in each fiscal year to arrange for the payment of necessary secretarial and administration expenses of each council elected pursuant to the provisions of this subsection for the purposes of carrying out its functions under this subsection.

(f) The Commissioner shall establish procedures seeking, with respect to the Teacher Corps members enrolled after the date of enactment of the Education Amendments of 1976, [a] goal of having approximately five individuals who are at the time of enrollment, or who previously have been, employed as teachers by local educational agencies to one individual who has not been so employed. The Commissioner may waive the procedure established under this subsection if he makes a determination that there are insufficient qualified applicants to maintain the goal sought by this subsection, or that there are insufficient employment opportunities for individuals who are not so employed, and submits a report to the Congress of such a determination.

(g) Notwithstanding any other provision of law, the Commissioner shall develop and establish specific criteria for entering into arrangements under this part in order to assist applicants for assistance under this part to develop proposals to be submitted. Criteria established under this subsection shall be used by the Commissioner in selecting proposals under this title.

The State Dissemination Grants Program will make awards to support State educational agencies (SEA's) that wish to establish or enhance their dissemination activities related to utilization of the results of educational research and of new and improved knowledge, products, and practices in education. It is expected that the awards will result in several benefits to SEA's and to the national education dissemination capacity, including an:

(a) Increase in the number of practitioners who have convenient access to knowledge resources;

(b) Increase in the exchange of information between knowledge producers and knowledge users;

(c) Increase in the capacity of SEA's to facilitate knowledge utilization by their constituents through:

(1) Systematic efforts to improve generalized dissemination capacity for serving education communities within the States and

(2) Planning and short-range development efforts to establish a generalized dissemination capacity in the SEA;

(d) Increase in general understanding of effective dissemination functions in SEA's.

§ 795.4 Applicant eligibility.

(a) [Reserved]

(b) Only SEA's are eligible for grants made pursuant to this part.

(c) A State educational agency (SEA) may submit as many applications as it wishes for intra-State projects but may submit or (under paragraph (d)(1)(i) of this section) participate in only one inter-State project application.

(d)(1) With respect to inter-State projects which are to be substantially carried out by only one SEA, the SEA proposing to carry out the project shall submit an application to the Secretary which documents: (i) A commitment to participate in the project by the SEA for each State to be served by the project and (ii) the manner in which each such SEA will participate in the project.

§ 795.5 Types of awards; funding requirements.

Two types of awards will be made pursuant to this part: Capacity Building Grants and Special Purpose Grants.

(a) *Capacity Building Grants.* (1) These are awards to develop or enhance a comprehensive SEA program for the dissemination of the findings of educational research and of new and improved practices and products in education, subject to the funding requirements in paragraphs (a)(2) through (7) of this section.

(2) An SEA may take one of two approaches in its application for a Capacity Building Grant:

(i) A general approach which, from the beginning of the project, attempts to provide all potential clients with access to whatever resources they need, or

(ii) An approach which builds general capacity from a base of specialized services. For example, a project might initially serve only science teachers and gradually expand project scope to serve all education practitioners. In another case, services might initially be limited to providing only information drawn from publications but then be expanded to provide a full range of information based on documents, data, products, and practices.

(3) Applications for awards under this paragraph must contain:

(i) A comprehensive dissemination project plan which covers a three to five year period, although each award will be for a one-year grant period. References to "project" or to "project period" in connection with Capacity Building grants under this paragraph and paragraph (a) of § 795.6 refer to activities to be carried out over the three to five year period specified in the project plan required by this subparagraph;

(ii) A funding pattern which provides for the gradual increase of State support, with full State assumption of all costs at the end of the project period.

(4)(i) Funds will be awarded only to build capacity for dissemination activities which supplement current State dissemination operations. Support will not be provided for the maintenance of existing dissemination activities.

(ii) Applications must demonstrate that the proposed project will supplement the State's current dissemination activities by identifying:

(A) Relevant resources already available;

(B) How these resources will be utilized to improve dissemination services;

(C) How grant funds will be used to complement existing resources to achieve specified project objectives; and

(D) How the new dissemination program resulting from the project will be incorporated into the existing SEA structure.

(5) Proposed objectives set forth in the project plan required by paragraph (a)(3) of this section must be attainable and stated in operational terms, with reference to such elements as the type of dissemination services to be developed, the quantity of services, and the target populations to whom the services will be rendered.

(6) Each capacity building award will be for a one-year funding period, as part of the three-to-five year plan submitted by the applicant pursuant to paragraph (a)(3) of this section. Subject to the project period provided for in such plans, continuation awards may be made to a grantee depending upon the availability of funds, project performance, and continued need of the grantee for assistance under this part.

(7) Each application must show an SEA contribution, in funds or in kind, to be included from the commencement of the project, in accordance with 34 CFR Part 74.

(b) *Special purpose grants.* These are awards (generally not to exceed one year in duration) to support relatively low-cost, one-time efforts to deal with specific dissemination problems,

subject to the provisions of paragraphs (b)(1) through (3) of this section. Examples of special purpose projects include training for key staff in necessary dissemination skills and development of a comprehensive State dissemination plan.

(1) Awards shall not support the salaries of full-time professional or clerical staff.

(2) Salary cost of regular SEA staff properly attributable to the carrying out of the project will be considered an in kind SEA contribution to the project, in accordance with Part 74 of this title.

(3) Ad hoc employment of consultants or other short term personnel is an allowable expense.

(c) *Funds allocated between types of awards.* The Secretary will allocate available funds between the two types of awards described in paragraphs (a) and (b) of this section on the basis of the quantity and quality of applications received.

[40 FR 25454, June 16, 1975, as amended at 45 FR 22545, Apr. 3, 1980. Redesignated at 45 FR 77369, Nov. 21, 1980, and amended at 45 FR 86301, Dec. 30, 1980]

§ 795.6 Evaluation criteria.

Applications for assistance under this part will be evaluated in accordance with the criteria and procedures described below. The relative weight of each of the major evaluation criteria is indicated by the points assigned.
